Debock Industries Limited which had kept their promise of starting a new revenue vertical in the most promising sector of mining. The company has recently started the process of acquiring a patch of approx. 40 acres of land situated near Kishangarh, the Marble and Grate hub of India. Now the company has Commenced mining of high-quality Granite slabs from these mines. This Land is available to Company for a lease of 99 years and as per information this land has a rich reserve of Granite. Here we want to make a note that Indian Granite is having a huge demand in the overseas market, India exports to more than 147 countries worldwide, yearly exported value of Granite is approx. $747 m, this business will always be in demand for at least next 5 decades.

The team is already in place right from acquiring of land to get right set of machinery in place and now mining.

Debock is all set for mining and exploring the local as well as overseas markets.
