Subject: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Acquired the leasehold rights in land along with Building in Solan, Himachal Pradesh

In continuation to our earlier communication dated July 25, 2026 and pursuant to Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, we would like to inform you that the Company has acquired the leasehold rights in respect of Plot No. 3-A, Apparel Park-cum-Industrial Area, Katha, Baddi, Himachal Pradesh, admeasuring approximately 5,000 sq. metres, along with a building having a covered area of approximately 60,000 sq. feet, for a total consideration of INR 12.50 Crores (Excluding stamp duty of Rs. 9,65,730/- and e-Registration Fees of Rs. 2,75,940/-). This land will be utilized for setting up for expansion.

The seller is a third-party seller and does not belong to the Promoter or Promoter Group / Group Company(ies) and the transaction does not fall under the ambit of Related Party Transaction(s). None of the Promoters, Directors, Key Managerial Personnel, and / or their relative(s) are interested, whether directly / indirectly in the aforesaid matter.

The requisite disclosure as per SEBI Master Circular no. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026 dated January 30, 2026 is enclosed as Annexure A to this letter.

We would request you to please take the same in your records and oblige.

Thanking you

Yours Truly,
For D.K. Enterprises Global Limited

RAKESH KUMAR
(CHAIRMAN CUM MANAGING DIRECTOR)

 AN ISO 9001-2015 & ISO 14001-2015 CERTIFIED COMPANY

Annexure-A

Capacity addition

Sr. No.	Particulars	Details
1	Existing capacity	The Company currently operates two manufacturing facilities at Panchkula (Haryana) and Vadodara (Gujarat), engaged in the manufacture of flexible packaging laminates and pouches, self-adhesive / BOPP and specialty tapes (masking, siliconized, medical, soap banding, etc.) and paper-based packaging (printed corrugated boxes), catering primarily to FMCG, consumer-goods customers and export clients. The existing capacity is approx. Rs 140 crore. It is difficult to measure capacity in metres and kilograms, owing to the large number of products such as tape, laminate stiffener, pouches, etc.
2	Existing capacity utilization	The existing facilities are operating at moderate utilization of approximately 50% to 60% on average across the various product lines and machinery. This is due to a mismatch in the capacities of the various outputs of the different machinery and products.
3	Proposed capacity addition	In the 1st phase, the company proposes to set up a new integrated flexible packaging facility at Plot No. 3 A, Apparel Industrial Area, Katha Bhatoli-Baddi, District Solan, Himachal Pradesh. At full utilisation, the new unit is expected to add the following annual capacities: • 9-colour rotogravure printing (1300 mm): ~30 million metres • Lamination – solvent-based & solventless (1300 mm): ~20 million sq. metres • Gusseted / spouted pouch making: ~15 million pouches • Slitting / finishing: ~2,500 tons • BOPP / specialty tapes: ~500 tons The machinery has been chosen in a manner that will help improve utilisation of the present machinery and products. It will also add new product lines such as pouches. The capacity of the 1st phase is expected to be approximately Rs 90 crore. In the 2nd phase, the company has proposed to add • 5-layer Blown Film Plant • Various types of pouches • Different types of laminate • Specialized Tapes • Barrier Films The capacity of the 2nd phase is expected to be approximately Rs 80 crore. The total capacity after implementation of the 1st & 2nd phases is as below: - After Completion of 1st Phase Rs 140 Crore + Rs 90 Crore = Rs 230 Crore - After Completion of 2nd Phase Rs 230 Crore + Rs 80 Crore = Rs 310 Crore
4	Period within which the proposed capacity is to be added	The 1st Phase shall be operational by the end of this year, 2026. The Company is planning to complete the 2nd phase by the end of 2028

AN ISO 9001-2015 & ISO 14001-2015 CERTIFIED COMPANY

5	Investment required	The total estimated cost of the project is ₹1988.77 Lakhs (₹19.89 Crore), comprising land, building, plant & machinery, miscellaneous fixed assets (1st Phase). It is at an advanced stage of implementation. All financial and technical closure has been completed. Machinery will arrive within 1 month. The total estimated cost of the 2nd phase is expected to be Rs 25.00 crore.
6	Mode of financing	Internal accruals and bank finance (debt).
7	Rationale	Commercial Rationale: DKEGL currently manufactures a range of packaging products – printed corrugated boxes, specialty self-adhesive tapes (masking, siliconized, medical, etc.), laminated pouches and flexible laminates, soap banding tapes, BOPP tapes, and extrusion-coated laminates. Key customers include major FMCG and consumer goods companies such as Reckitt, ITC, Godrej, Hindustan Unilever (HUL), Cholayil, among others, as well as export clients in UAE, Saudi Arabia, Jordan, Egypt, Sri Lanka, Indonesia, Malaysia and Mozambique. This project leverages these existing customer relationships by adding new packaging formats (multi-layer films, spouted pouches) that these same clients are increasingly demanding. This mitigates market risk, as sales from the new capacity will largely be to established customers (no reliance on finding new clientele). Technical Rationale: The project's machinery selection is tailored to fill current capability gaps and reduce outsourcing: - A 9-colour rotogravure printing press (1300 mm width) with advanced automation (shaftless unwinds and Automatic Register Control) to handle high-quality, high-speed printing. - Dual lamination lines (solvent-based dry laminator and solventless laminator, both 1300 mm) to provide versatile lamination options for multi-layer laminates, ensuring all common FMCG laminate structures can be produced internally. - Pouch making line with gusseting
