Only 1 in 3 took up offer under PM Internship Scheme

PRESENT PICTURE. Less than 10,000 students are doing internships under the scheme

Shishir Sinha
New Delhi

A little over 30 per cent of offers made under the PM Internship Scheme (PMIS) were accepted by candidates, data from the Corporate Affairs Ministry presented in the Lok Sabha show. Currently, fewer than 10,000 students are doing internships under the scheme.

In a written response, Finance & Corporate Affairs Minister Nirmala Sitharaman said in round one of the pilot project, over 82,000 internship offers were made by partner companies to over 60,000 candidates. While 28,000 candidates accepted the offers, over 8,700 candidates joined the internship programme.

In the second round, as on July 15, partner companies made over 71,000 offers. "Currently, offers are being rolled out and interns are in the process of accepting/joining the internship," the Finance Minister said.

An analysis of the data show that in round one, while around 34 per cent of the offers were accepted, 31 per cent actually joined the internship.

In response to another question, Minister of State in the Corporate Affairs Min-

istry Harsh Malhotra said 9,453 youth are currently doing internship under the PMIS Pilot Project, with Assam leading with over 1,400 interns, followed by Uttar Pradesh with over 1,000 and Madhya Pradesh with over 680 candidates.

FINANCIAL ASSISTANCE

Though Sitharaman did not give reasons for the performance of the scheme, it is believed that candidates do not find the financial assistance very attractive. According to the Corporate Affairs Ministry, interns receive a

monthly assistance of ₹5,000 for the entire duration of the 12-month internship. Of this, while the government provides ₹4,500, partner companies are required to give a minimum of ₹500 based on the intern's attendance and related company policies regarding good conduct, etc.

Additionally, each intern would receive a one-time grant of ₹6,000 and insurance facility from the government.

As part of Budget 2024-25, the PMIS aims to provide internship opportunities to 1

crore youth in the top 500 companies in five years. Under the scheme, the company is expected to provide the person actual working experience on a skill in which the company is directly involved. At least half of the internship period would be spent in the actual work/real-life business environment.

PILOT PROJECT

Initiating the scheme, the Corporate Affairs Ministry had launched a pilot project on October 3, 2024, with a target of providing 1.25 lakh internship opportunities to the youth in one year.

The second round of the pilot commenced on January 9 this year.

"The total number of candidates who have completed their profiles and registration process under the PMIS Pilot Project is over 3.38 lakh in round I and 3.46 lakh in round II," Sitharaman said.

In response to another question, Malhotra said the Budget Estimate for FY25 had allocated ₹2,000 crore for PMIS. For the pilot project, an amount of ₹840 crore was approved.

The Revised Estimate was arrived at ₹380 crore in FY25. For FY26, an amount of ₹1,831.07 crore has been allocated.

India, UK to sign trade pact on July 24

Press Trust of India
New Delhi

Commerce and Industry Minister Piyush Goyal will accompany Prime Minister Narendra Modi to London for the signing of the free trade agreement between India and the UK on July 24, an official said on Monday.

The two countries announced the conclusion of the negotiations for the trade agreement on May 6.

The trade pact proposes to remove taxes on the export of labour-intensive products such as leather, footwear and clothing, while making imports of whisky and cars from Britain cheaper, in a bid to double trade between the two economies to \$120 billion by 2030.

PM TO VISIT UK

Prime Minister Narendra Modi will pay a four-day visit to the UK and the Maldives, beginning Wednesday, to shore up bilateral ties in the areas of trade, investment and defence.

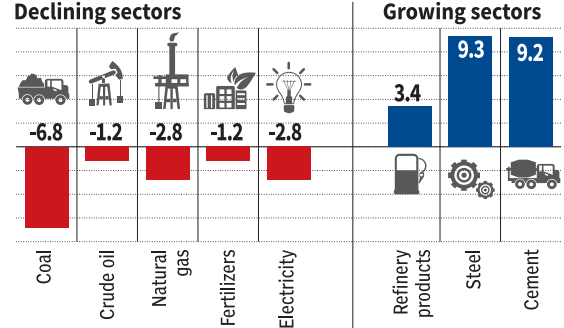

The Commerce Minister will accompany the Prime Minister during the visit, the official said.

Once the free trade agreement is signed, it will require approval from the British Parliament and India's Cabinet before it can take effect. It will take about a year for implementation after the signing of the deal.

Core sector growth slows sharply to 1.7% in June

Our Bureau
New Delhi

Mixed show (in %)

Growth of eight core infrastructure sectors dipped to 1.7 per cent in June against 5 per cent in last June. However, it improved over 1.2 per cent in May this year, government data reported on Monday.

These eight sectors — coal, crude oil, natural gas, fertilizer, electricity, refinery products, steel and cement — comprise 40.27 per cent of the weight of items included in the Index of Industrial Production (IIP).

EIGHT SECTORS

During June, coal production declined 6.8 per cent while crude oil output contracted 1.2 per cent. Natural gas and fertilizer output dipped 2.8 per cent and 1.2 per cent in June respectively. Electricity generation declined 2.8 per cent year-on-year. However, refinery products (3.4 per cent), steel (9.3 per cent) and cement (9.2 per cent) output recorded a positive growth.

During April-June this fiscal year, the eight sectors

expanded 1.3 per cent against 6.2 per cent during the same period in the last fiscal year.

TEPID GROWTH

Aditi Nayar, Chief Economist at ICRA Ltd, said that although the year-on-year growth in core output improved slightly to 1.7 per cent in June, it remained decidedly tepid with as many as five of the eight sectors recording a contraction in their output in the month.

While an elevated base weighed upon coal output, excess rain in the latter half of June 2025 impacted electricity generation, she said.

Encouragingly, the output of the cement and steel sectors rose by a robust 9.2-9.3 per cent in June, although this was supported by a favourable base in the case of the former.

The growth in volumes of these segments has been quite healthy in Q1 FY2026, which implies that the construction sector is poised to record a robust GVA growth in the quarter.

"Given the subdued growth in core output, ICRA expects the IIP growth to print at 1.5-2.5 per cent in June," she said. The data for industrial growth will be out on July 28.
