MOVE COMES AS OMCs INCUR LOSSES OF ₹600-700 CRORE A DAY

Centre trims Ujjwala LPG cylinder refills to 4 a year

● Subsidy support limited amid weak LPG consumption

SAURAV ANAND
New Delhi, June 8

THE GOVERNMENT HAS reduced the number of subsidised LPG refills available annually under the Pradhan Mantri Ujjwala Yojana (PMUY) to four from nine, as state-run oil marketing companies (OMCs) continue to incur losses of ₹600-700 crore a day despite recent fuel price hikes that have sharply reduced under-recoveries on petrol and diesel.

Addressing reporters on Monday, Additional Secretary in the petroleum ministry Praveen Mal Khanooja said under-recoveries on petrol and diesel have fallen to around ₹6 per litre and ₹30 per litre, respectively, following multiple fuel price increases since May 14. However, domestic LPG remains heavily under-priced, with OMCs currently losing about ₹700 on every cylinder sold.

"The under-recovery on

THE LPG CONUNDRUM

■ The government has undertaken multiple fuel price hikes since May 14

■ Under-recoveries on petrol and diesel have fallen to ₹6/litre and ₹30/litre, respectively, since May

■ Cumulative under-recoveries on domestic LPG rose to **₹60,000 cr** by the end of FY26

■ OMCs currently losing about **₹700** on every cylinder sold

■ Ujjwala beneficiaries will now receive a subsidy of **₹300** per cylinder on four refills annually

■ The scheme covers more than **105.8 mn** Ujjwala connections across the country

diesel is about ₹30 per litre. When you buy diesel in Delhi at ₹95, actually the balance ₹30 is borne by the company, and for petrol it is about ₹6 per litre, even now. Daily losses are still to the tune of ₹600-700 crore," Khanooja said.

According to the official, the government has decided to limit subsidy support under PMUY to four cylinders annually, in line with average household consumption of four to five cylinders a year.

Under the revised structure, PMUY beneficiaries will receive a subsidy of ₹300 per cylinder on four refills annually,

amounting to ₹1,200 per household a year. Previously, subsidy support was available on up to nine cylinders.

The latest measure follows two successive increases in domestic LPG prices. Household LPG prices were raised by ₹60 per cylinder in March and by another ₹29 this week, taking the retail price in Delhi, ₹942 in Mumbai and ₹968 in Kolkata.

As per official data, cumulative under-recoveries on domestic LPG reached ₹60,000 crore by the end of the last financial year, up from ₹41,338

crore in the previous year. To partly offset these losses, the Union Cabinet has approved ₹30,000 crore as compensation to the OMCs. The PMUY subsidy is over and above this support, with eligible beneficiaries receiving ₹300 per cylinder directly into their bank accounts, covering more than 105.8 million Ujjwala connections across the country.

The decision comes even as LPG consumption has weakened. India's LPG demand fell to 2.13 million tonnes in May, the lowest level since the Covid period, amid higher prices and pressure on household budgets.

Coal reserves sufficient, says minister

UNION MINISTER G Kishan Reddy on Monday said the Centre has adequate coal reserves to meet the requirements of power generation for 80 days.

Speaking about the achievements of the Nationalist Democratic Alliance government since 2014, Reddy also said that exploration has begun in the critical mineral blocks acquired in Argentina,

and production should commence as early as possible.

"Earlier, there used to be a shortage of coal. Now, the Government of India has coal reserves sufficient for 80 days of power generation. Since the monsoon season has begun, coal production could face disruptions due to heavy rainfall," the Union coal and mines minister told reporters in New Delhi.

"Following the directives of Prime Minister Narendra Modi, we have maintained coal reserves for 80 days." Highlighting the importance of critical minerals, Reddy said that the Centre is identifying critical mineral reserves and undertaking exploration activities. He added that auctions have also begun in areas where exploration has been completed. PTI

Exports in April-May rise 15%

FE BUREAU
New Delhi, June 8

INDIA'S EXPORTS GREW 15% on year in April-May in spite of ongoing disturbances in world trade due to the war in West Asia and tariff uncertainties, a senior official said on Monday.

In April-May of the last financial year, goods exports stood at \$76.5 billion. If the 15% growth is added to the number, the shipments are seen touching \$76.5 billion in April-May of 2026-27.

Even if oil exports are taken out of the equation, India's exports were up 11% on year in the first two months of this financial year, the official said. Due to higher crude oil prices, the earnings on petroleum product exports have seen a sharp jump. In April, petroleum product exports grew 34.66% to \$9.6 billion. Overall merchandise exports in April had grown 13.7% to \$43.5 billion.

Due to the war, India's exports to West Asia fell 28% to \$4.16 billion in April, but Singapore saw growth of 179%, Tanzania 157%, Sri Lanka 214%, Bangladesh 64%, Hong Kong 90%, Malaysia 59%, Australia 55% and Vietnam 42%.
