BENGAL TURMOIL | Banerjee alleges he suffered head injuries after being mobbed

TMC MP Kalyan attacked, a day after Abhishek assaulted

KOLKATA

TMC MP Kalyan Banerjee on Sunday alleged that he suffered head injuries after being mobbed by BJP supporters in front of a police station in West Bengal's Hooghly district.

The incident occurred when he visited the Chanditala police station to submit a memorandum protesting the arrest of TMC workers following the assembly elections. Party supremo Mamata Banerjee visited the Serampore MP's residence following the alleged incident, and accused the BJP of "murdering democracy".

While the TMC MP claimed that BJP supporters were responsible for the attack, the saffron party denied the allegation and said locals were expressing their anger against TMC leaders across the state.

The TMC MP, in a post on X, said, "Just 15 metres away from Chanditala Police Station, while I was on my way to submit a deputation, BJP-backed miscreants launched a violent attack on me. A hard object

ment can be attacked in broad daylight, in full view of the police and so close to a police station, one must ask: where is the security for ordinary party workers and supporters?" he asked.

Five arrested for attacking Abhishek

KOLKATA

Police arrested five people on Sunday in connection with an attack on Trinamool Congress (TMC) national secretary and MP Abhishek Banerjee at Sonarpur in South 24 Parganas.

Police officials stated that they conducted raids overnight after reviewing video footage from the area. Sources indicated that two of the five suspects, Joy Sengupta and Akash Gayen, are affiliated with the TMC. Authorities have registered a suo motu case regarding the incident. Sengupta's wife claimed her husband has been active in the TMC since 1998 and denied he would attack the MP. Gayen's mother stated that her son, while not actively involved in politics, was close to former TMC MLA Lovely Maitra and performed local-level work for the party. However, the TMC released a photograph of Sengupta attending rallies organised by the Bharatiya Janata Party (BJP).

Absent MLAs fuel talk of TMC rift

A scheduled meeting of newly-elected Trinamool Congress legislators, which was supposed to be chaired by party supremo Mamata Banerjee, was called off on Sunday after nearly three-fourths of the 80 MLAs failed to turn up, party sources said. TMC spokesperson Kunal Ghosh attributed the absence of MLAs to the "sudden and emergent ground situation" in the wake of Saturday's attack on TMC national general secretary Abhishek Banerjee and the subsequent alleged assault on party MP Kalyan Banerjee on Sunday.

'Samarthya must join sanskar in our education system'

Gaurav Vivek Bhatnagar
NEW DELHI:

The Bhartiya Shiksha Board (BSB), a government-recognized education board, aims to merge modern competencies like computer science with traditional Indian knowledge systems such as the Vedas and Sanskrit.

BSB's Executive Chairman Dr NP Singh, a retired IAS officer, tells Gaurav Vivek Bhatnagar of The Free Press Journal how BSB seeks to promote Indian cultural values through its curricula by aligning ancient traditional education systems and wisdom with the National Education Policy (NEP) 2020 and National Curriculum Framework (NCF) 2023.

What were the reasons behind the formation of the Bhartiya Shiksha Board when other boards exist in the country?

The Board has been set up by the Government of India with at least 50 percent members nominated by the GoI and 50 percent from the sponsor body, for selecting which pathway was laid down. The condition was that the mission of the Board will be totally charitable and aim at organic transformation of the national education system.

The objective was that the Board was being set up with the specific purpose of blending the Indian knowledge system with modern education. So we have to work within the core spirit of NEP 2020 and NCF 2023 to design our curriculum, syllabus, textbooks, pedagogy, assessment, school culture and environment.

The Board was set up in March 2019 when the Ministry of Higher Education of GoI selected Patanjali as the sponsor body. They nominated the chairman of CBSE, director of NCERT and vice-chancellors of five central universities as members of the Board. The sponsor body was also allowed to nominate academicians and administrative persons with deep knowledge of Bharat to the board.

How is the working of the BSB different?

We have to integrate the knowledge system created during the whole historical journey of Bharat - including its pre-historic period also - so

that we may be able to relate in continuum spectrum the real knowledge chain during the entire period since.

So how do you implement this requirement?

This is a challenge. So, in the textbook for each class, in each subject and each curricular area when we develop any pedagogy, we ensure that the content aligns with any knowledge system from the whole historical journey of Bharat.

What is the definition of Bharat here?

For us Bharat is Akhand Bharat, which is not restricted by any geographical boundaries, or any limitation of our boundaries of any religious faith or language. Rather, it is inclusive of the whole historical experience of Bharat.

What classes does the Board cover?

Like any other board, we also cover syllabus for classes 9 to 12. The Association of Indian Universities (AIU) has granted us equivalence to all boards. From an examination point of view our responsibility is to evaluate students from Class 10 and 12. But from the spirit point of view it is to nurture students with modern global competencies

Nearly 1,000 schools from 13 states are part of the affiliation process now... we are already publishing textbooks in five languages - Hindi, English, Marathi, Gujarati and Konkani.

Nearly 1,000 schools from 13 states are part of the affiliation process now. On average each of them has 500-600 students. In keeping with the requirements of various states, we are already publishing textbooks in five languages - Hindi, English, Marathi, Gujarati and Konkani. We will be increasing this to reach out to more and more students.

How many students and schools are now enrolled with BSB?

blended with Indian knowledge system journey.

The subconsciousness of any child is framed up to the age of 14-16. If we have to align the nurturing of the children as per the spirit envisaged in our by-laws then we have to teach children from the age of 3 onwards. So, the textbooks cover the entire spectrum for vertical progress to help them harmonise with the total journey.

How do you ensure that students from BSB are able to compete with those from other boards?

We are totally caring and cultivating all kind of capacities which are required for the 21st century challenges. The purpose of education is not only employment, it is also developing the capacity of the students to be knowledge creators and possess capacity to propose meaningful solutions for contemporary concerns.

For becoming leaders in knowledge creation and developing entrepreneurial skills, we believe in blending the vocational aspects with academics. We believe in undoing the Machiavellian impact (that prioritises stability and control over traditional orality or ethical constraints) and decolonising the consciousness of youth. For example, the western philosophy treats the earth as a "resource" while we believe in protecting it like a "mother". Therefore, we have to join the "samarthya" (capability) and "sanskar" (culture) in our education system. We have to teach them that fighting over colour, race, religion or language is now part of our philosophy and that we have always been used to assimilating varied thoughts and cultures. Saying "Bharat Mata ki Jai" is fine, but understanding Bharat first is important.

The enumeration phase of the Special Intensive Revision (SIR) of electoral rolls in Odisha, Mizoram, Sikkim, and Manipur has started, the Election Commission said on Sunday.

The poll authority had launched phase 3 of SIR in 16 states and three Union territories on May 14 in a staggered manner. During the enumeration phase which began on Saturday, Booth Level Officers (BLOs) will conduct house-to-house vi-

CBSE says OnMark portal vulnerabilities contained

PTI
NEW DELHI

The Central Board of Secondary Education on Sunday said vulnerabilities identified in the OnMark portal of its service provider have been contained and efforts are underway to rule out any other exploitable weaknesses.

"We have been closely monitoring the vulnerabilities in the OnMark portal of our service provider that are being flagged in the public domain," CBSE said in a statement posted on X.

The new Navy chief, speaking to reporters, described the regional security environment as "challenging, complex, and unpredictable" and asserted that maintaining peak operational readiness will be his highest priority.

"The Indian Navy stands vigilant to protect national interests wherever they are and is very actively deployed in a regional security environment that continues to remain challenging, complex, unpredictable, and uncertain," he told reporters.

sits to distribute, collect, and verify enumeration forms.

Electors can submit their duly filled forms either through BLOs or online.

Those whose forms are received by the Electoral Registration Officers (EROs) on or before June 28, will be included in the draft electoral rolls.

Electors who are unable to submit their enumeration forms by the deadline can still apply for registration as a new voter through Form 6 along with the prescribed declaration form during the claims and objections period.

An expert team of cybersecurity professionals has been deployed over the last few days from across various arms of the government as well as the IITs to fortify these systems, including taking them over to a more secure set-up, the board said.

"The identified vulnerabilities have been contained, and other exploitable weaknesses are being ruled out," it said.

CBSE said it was grateful to alert citizens and ethical hackers who pointed out such weaknesses and had contacted some of them directly.

NEW DELHI

Congress leader Rahul Gandhi on Sunday targeted the Centre over the CBSE OSM row, sharing a video of his interaction with a group of students and describing them as brave young Indians who asked the Modi government simple questions but received "insults instead of answers".

Asserting that the stu-

dents deserved a bright future, Gandhi said, "We will make sure they get it".

Posting the clip on his social media accounts, Gandhi described it as a "revealing chat with my fellow 'anti-national Soros agents'." Vedant

and his friends are brilliant, brave young Indians who asked CBSE and the Modi government simple questions -- but got insults instead of answers," Gandhi said in his post on X, accompanying the video.
