Government of India

Dear Shri Kannan,

MESSAGE

It gives me immense pleasure that Dr. Datsons Labs Limited based in Mumbai is getting recognised & awarded by the Media Company Pharmaleaders Group. The timing of receiving this award is very important as Pharmaleaders is debating on two important Sessions, in a uniquely positioned full day program encompassing two themes "Make In India, Healthcare Reforms, Insurance, Innovations, Investments & Infrastructure" & Empowering India's Developing Healthcare System - Investing the Healthcare Solutions of Tomorrow in difficult Times on December, 26th, 2014 at Hotel Sahara Star, Mumbai International Airport in Mumbai, India.

The recognition to "Dr. Datsons Labs Limited" to be awarded on the important category "Transformational & Come Back Company of the year 2014" by the Jury Members reflect the innovation of the company's approach in making India proud both India as well as abroad.

It is well known that Indian Companies of late has made rapid strides in the global market as a reliable manufacturers of the pharmaceutical Products & contract manufacturing. It is commendable to note that you are the largest manufacturer of quinine salts manufacturer in the world and among the-largest controlled substances quota in India & enjoy leadership position in the Finished Dosage Forms (branded and generics).

While the Government is doing its best to propagate the message of affordable healthcare with quality medicines, Company like you should come forward & help the marginalised sections of the society where basic medicines are not available. Together we can build a stronger & healthier India.

I take this occasion to congratulate you & wish you the best in all your future projects.
