DreamFolks launches DreamFolks Club Nagavalli Wilderness Estate in the Eastern Ghats

A members-only private club where golf, wilderness, adventure and tribal heritage meet on the Odisha–Andhra Pradesh border

Gurugram, 11 October 2026: DreamFolks Services Limited, India's leading travel and lifestyle experiences company, ***today announced the launch of DreamFolks Club Nagavalli Wilderness Estate, a private club set in the Eastern Ghats on the Odisha–Andhra Pradesh border. Spread across approximately 30 acres, including a 25-acre golf course, the Estate brings together golf, unspoilt natural landscapes, adventure and the living culture of the region.***

The launch reflects a clear shift in what luxury means to today's discerning traveller. Luxury is increasingly defined less by what people own and more by what they experience: places that are rare, stories that are authentic, and moments that cannot be replicated. DreamFolks believes this shift will only accelerate in the years ahead. Nagavalli Wilderness Estate, with its distinctive golf, access to tribal culture, natural beauty and adventure in the Eastern Ghats, offers exactly that.

The club takes its name from the Nagavalli River, which flows between the Estate and its golf course and marks the boundary between Odisha and Andhra Pradesh. Golfers can tee off on the Odisha bank and watch their ball land in Andhra Pradesh.

Away from the course, members can explore the Eastern Ghats through nature and outdoor adventure, engage with tribal traditions and performances, discover local art and craft forms, and enjoy regional cuisine rooted in the flavours of the area.

Liberatha Kallat, Founder, Chairperson and Managing Director, DreamFolks Services Limited, said, "For years, DreamFolks has been about opening doors to experiences. Today, with the launch of DreamFolks Club, we have a place of our own to welcome people into, and it begins at Nagavalli Wilderness Estate. We believe luxury today is about experiences that are meaningful, rare and deeply rooted in place. Here, the day might begin with a tee shot across a river into another state and end with the songs and stories of communities who have called these hills home for generations. It is a place best understood by being there, and we look forward to welcoming our first members to experience it for themselves."

Among the trees sit 37 cottages, twenty luxury and seventeen eco, where mornings begin with birdsong and nights end to the sound of the river. There is a spa for slow hours, a pool beneath open skies, and a multicuisine restaurant pairing regional recipes from the surrounding hills with a global menu. A hall seating 50 to 75 guests opens onto the same quiet setting, where a day's plans can easily give way to a round of golf or an evening of music under the trees.
