Company Secretary

Press Release

Drone Destination Unveils "World of Drones" — a first of its kind, Integrated Drone Experience Center in India

Gurugram, India, March 20, 2025 — Drone Destination Limited proudly announces the launch of the **World of Drones**, the world's first integrated Drone Experience Centre. Located in Bilaspur, Gurugram, India, this pioneering 12-acre facility was officially inaugurated on March 19, 2025, and promises to be a game-changer in showcasing the rapidly advancing drone technology.

The World of Drones has been created to offer a dynamic, interactive, and immersive experience for global visitors, enabling them to explore the endless possibilities that drone technology presents. As drone technology continues to evolve at an unprecedented pace, this facility is designed to provide Live Demonstrations of different types of application-based drones, showcase a modern Manufacturing & Assembly facility, an innovative Center of Excellence, a DGCA-authorised Drone Training School and a first of its kind Dronaplex (drone sports complex) featuring Drone Soccer Arena & FPV Drone Racing Circuit.

"With the rapid growth of drone technology, we saw an exciting opportunity to build a state-of-the-art facility in India that will not only showcase these advancements but also allow individuals and industries to fully engage with the technology," said Alok Sharma, Chairman of Drone Destination Limited.

The Centre will operate daily, by invitation, to allow individuals, businesses, and government bodies from around the world to discover the incredible impact and usage of drones in their respective domains and industries.

"With Government's push on future skills, we invite educational institutions to understand and leverage integration of drone technology in their curricula, providing students with both recreational and professional opportunities in this fast-growing field," added Chirag Sharma, CEO of Drone Destination Limited.

The launch of World of Drones marks a major milestone in India's drone ecosystem, driving the country's leadership in the global drone market while offering a forward-thinking space for the drone community to learn, explore, and innovate.

About Drone Destination:

Drone Destination (NSE Code – DRONE) leads India's Drone industry, providing comprehensive services from certified drone pilot training to state-of-the-art Drone-as-a-Service (DaaS) solutions. Headquartered in New Delhi, Drone Destination pioneers commercial drone operations and training across diverse sectors like agriculture and infrastructure. Notably, as the first listed Drone Company on the NSE Emerge platform, Drone Destination holds a prestigious position in the industry. The training programs set the standard, equipping aspiring pilots with safety and efficiency skills, covering regulatory compliance to advanced maneuvers.

Simultaneously, Drone Destination focuses on DaaS, delivering tailor-made solutions for agriculture spray, aerial surveying, and asset inspection services. Committed to innovation, Drone Destination empowers individuals and industries through training and DaaS offerings, shaping the future of drone technology.
