Madam,

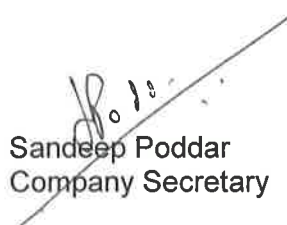

Sub : Clarification on media report titled “DRL pulls out drugs from US” in Financial Chronicle dated June 30, 2015

This is with reference to your email dated June 30, 2015 seeking clarification on the above subject.

We have initiated a voluntary recall of Divalproex. This has been done as an abundant precautionary measure by the Company, based on observations related to the products' dissolution specifications. The observations are being investigated at our end and we are confident of a satisfactory resolution at the earliest. Pending submission of the investigation report to the USFDA, we would not like to comment further at this stage.

The overall impact on the Company's financials of this development is expected to be quite insignificant.

With regards,

Sandeep Poddar
Company Secretary
