Members desiring to vote through electronic mode may refer to the detailed procedure on remote e-voting given hereunder:

INSTRUCTIONS TO SHAREHOLDERS FOR E-VOTING ARE AS UNDER:

- I. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars in this regard, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting will be provided by CDSL.
- II. The Notice calling the AGM has been uploaded on the website of the Company at <https://www.drscargomovers.com/>. The Notice can also be accessed from the websites of the Stock Exchanges i.e. National Stock Exchange of India Limited at www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL, i.e. www.evotingindia.com.
- III. The voting period begins at 9.00 A.M. on Saturday, September 27, 2025 and will end at 5.00 P.M. on Monday, September 29, 2025. During this period, shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut- off date i.e. Tuesday, 23rd September, 2025 may cast their vote electronically. The e- voting module shall be disabled by CDSL for voting thereafter.
- IV. Shareholders, who have already voted through remote e voting would not be entitled to vote at the meeting venue.
- V. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

VI. Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

WAREHOUSING SECTOR IN INDIA

The Indian warehousing market's projected growth to US\$ 34.99 billion by 2027, with a robust CAGR of 15.64%, highlights its increasing importance in the global supply chain. This expansion reflects the rising demand for efficient logistics solutions, driven by factors such as e-commerce growth, urbanization, and industrial development. Companies are likely to invest in advanced warehousing technologies and infrastructure to keep pace with this rapid growth and to meet evolving customer needs. The sector's development also underscores the significant role of warehousing in enhancing supply chain efficiency and supporting economic growth. Modern warehouse facilities and technology-driven solutions have changed the warehousing sector in India in recent years. With increased demand and supply throughout the years, the Indian warehousing industry is gaining traction. The key players are third-party logistics (third-party logistics) and e-commerce enterprises, which are growing into tier 2 and 3 cities and eventually increasing their proportion of secondary marketplaces. Businesses are transitioning to a hub-and-spoke model while also implementing technology to simplify operations, with an eye on the larger picture of ease, efficiency, and sustainability.

Key Drivers:

E-commerce Boom: The surge in online shopping has increased demand for efficient warehousing solutions.

Urbanization and Population Growth: Rapid urbanization and a growing population are driving the need for more storage and distribution facilities.

Government Initiatives: Policies like the GST (Goods and Services Tax) have streamlined logistics and warehousing processes.

Q commerce Boom: Q-commerce thrives on frequent, smaller orders compared to traditional e-commerce. This translates to a significant increase in the total number of deliveries handled by logistics companies.

D2C: The rise of D2C (direct-to-consumer) brands in India is acting as a significant growth catalyst for the logistics industry. These brands, bypassing traditional retail channels, rely heavily on efficient delivery networks to reach their customers directly. This surge in D2C shipments translates to a higher volume of deliveries for logistics companies.

Types of Warehouses:

Traditional Warehouses: Basic storage facilities used for bulk goods.

Modern Warehouses: Equipped with advanced technologies like automation, robotics, and IoT.

Cold Storage: Essential for perishable goods like food and pharmaceuticals.

Bonded Warehouses: Used for storing imported goods until customs duties are paid.

Key Locations:

Major Warehousing Hubs: Cities like Mumbai, Delhi, Bangalore, Chennai, and Hyderabad are key warehousing and logistics hubs.

Emerging Regions: Tier-2 and Tier-3 cities are becoming increasingly important due to rising regional demand and infrastructure development.

Grade A warehouses are modernized buildings created specifically to meet the needs of warehouse logistics. They feature the most up-to-date technology, superior building materials, a prime location, and a convenient traffic interchange. Grade B objects are outdated buildings that must be rebuilt to satisfy modern warehouse logistics standards.

Artificial Intelligence: The integration of digital technologies like AI and IoT is revolutionizing logistics by making operations more efficient and data-driven. AI is enabling real-time tracking, predictive analytics, and automated warehouse management, while automation—through robotics and autonomous vehicles—is boosting speed, accuracy, and overall supply chain efficiency.

Development:

- ❖ The outsourced logistics services is driving the growth of the market. Imbalance between the available resources and the consumption pattern is leading to increasing imports and exports along with a huge demand for logistics services.
- ❖ Strained trade relations of our country with few of its neighbours is compelling the manufacturers and traders to shift their manufacturing / trade hubs and thus leading to huge relocations.
- ❖ The recent shift of huge chunk of population from urbans to rurals has created new demands in the logistic industry.
- ❖ Rising demand for foreign goods in Indonesia, Thailand, and India has strengthened the trade relations with the U.S. Europe is another major region in the market. Germany, the U.K., and France are the major logistics markets.
- ❖ Transportation and logistics infrastructure is a constantly recurring priority in every new government policies. Economic reforms and government initiatives in terms of strengthening the manufacturing sector are expected to attract private investment.
- ❖ Work-from-home culture is giving new dimensions to the logistics industry.

b) Opportunities, Threats and Challenges

Opportunities:

- ❖ Emphasis on development of highways connecting various states is one such step. The GST regime is certain to expedite faster conversion of informal logistics setups to formal ones and speed up freight movement at interstate borders due to dismantling of check posts. There is a target to reduce the logistics cost in India from the present 13% -14 % of GDP to less than 0.08% - 0.09% by 2030.
- ❖ A new Logistics Division in the Department of Commerce has been established to coordinate integrated development of the sector by way of policy changes, improvement in existing procedures, identification of bottlenecks and gaps, and introduction of technology-based interventions. A concerted effort in collaboration with central line ministries and state governments is on to simplify the regulatory processes in domestic and export-import logistics.

- ❖ The Logistic market is likely to witness good market growth rising at a 9.35 % CAGR during the global forecast period (2024 – 2030).
- ❖ Launching of M-Parivahan mobile App and Pariwahan Sewa Portal.

Threats:

- ❖ Availability of goods on-line and that too cheaper variants will reduce the need to relocate goods from one to another.
- ❖ Increased work-from home and ease of work from anywhere will reduce movement of work force from one place to another.
- ❖ Increased e-commerce leads to increased packaging requirements and eventually huge consumption of packaging materials such as paper and plastic. There would be huge pressure on our forests and other natural resources. Environmentalists would definitely not support it. Further, it may be nature-detrimental and irreparable damages in store for our next generations.
- ❖ The writing is clear on the wall. The production of packaging materials consumes both natural and human resources. The application of those materials further uses more valuable resources. Finally, the disposal of packaging materials into landfills, incinerators, and, inappropriately, on the sides of countless highways and roads, waterways, seas and forests as litter, also requires the utilization of more valuable resources, most of which could have been used again, or differently. Unfortunately, Water bodies have turned into waste bins of our planet.

Challenges:

- ❖ The dilemma is that as world population increases and world-wide distribution chains become more sophisticated, the corresponding increase in the use of packaging has the potential of becoming as much a problem as a solution. In some parts of the world, some poorly informed people would prefer a significant reduction, and in some cases, elimination of packaging. This regression is based on a lack of understanding of the overall impact that packaging has upon Society.
- ❖ Actually, packaging has tremendous resource-saving potential. Clearly, over-packaging consumes too many resources. Under-packaging allows for damage and spoilage of contents, also wasting resources. The goal is “right size” and “right strength” packaging. It is the result of a holistic view that balances the proper use of resources against the environmental, social, and financial needs of packaging users and Society.
- ❖ The facts are clear. The production of packaging materials consumes both natural and human resources. The application of those materials further uses more valuable resources. Finally, the disposal of packaging materials into landfills, incinerators, and, inappropriately, on the sides of countless highways and roads, waterways, seas and forests as litter, also requires the utilization of more valuable resources, most of which could have been used again, or differently.
- ❖ The other challenges hindering its growth include high cost, underdeveloped material handling infrastructure, fragmented warehousing, presence of multiple regulatory and policy making entities, lack of seamless movement of goods across modes, and poor integration with modern information technology. These challenges, particularly the ones pertaining to procedural complexities, redundant documentations and involvement of several agencies at our ports and borders, severely dent our performance in international trade, resulting into about 70% of the delays.

Whistleblower Policy

As referred in the Directors Report and the Report on Corporate Governance, the Company has framed and adopted the Whistleblower policy that covers our directors and employees. The policy is subject to need based review and modifications, if required, from time to time. The Policy, as applicable currently, is laid hereunder and is also posted on our website www.drscargomovers.com

Scope and purpose:

DRS Cargo Movers Limited is committed to complying with the foreign and domestic laws that apply to it, satisfying the Company's Code of Conduct and particularly to assuring that business is conducted with integrity and that the Company's financial information is accurate. If potential violations of Company policies or applicable laws are not recognized and addressed promptly, both the Company and those working for or with the Company could face governmental investigation, prosecution, fines, and other penalties. That may have cascading impact and may prove fatal. Consequentially, and to promote the highest ethical standards, the Company will maintain a workplace that facilitates the reporting of potential violations of Company's policies and applicable laws. Employees must be able to raise concerns regarding such potential violations easily and free of any fear of retaliation. That is the purpose of this policy (the 'Policy' or the 'Vigil Mechanism and Whistle Blower Policy'). You are required to read this Policy and acquaint yourself with the same.

Report at the earliest - Nip at the bud

Everyone is required to report to the Company any suspected violation of any law that applies to the Company and any suspected violation of the Company's Code of Conduct. It is important that you report all suspected violations. This includes possible accounting or financial reporting violations, insider trading, bribery, harassment, discrimination in your employment etc. It is the policy of the Company that you must, when you reasonably suspect that a violation of an applicable law or the Company's Code of Conduct has occurred or is occurring, report that potential violation. Reporting is crucial for early detection, proper investigation and remediation, and deterrence of violations of Company's policies or applicable laws. You should not fear any negative consequences for reporting reasonably suspected violations because retaliation for reporting suspected violations is strictly prohibited by Company policy. Failure to report any reasonable belief that a violation has occurred or is occurring is itself a violation of this Policy and such failure will be addressed with appropriate disciplinary action, including possible termination of employment.

How & Where to Report

You must report all suspected violations to (i) your immediate supervisor; (ii) the nodal officer, i.e., the Company Secretary; at or (iii) anonymously, by sending an email to: info@drscargomovers.com

If you have reason to believe that your immediate supervisor or the Company Secretary is involved in the suspected violation, your report may be made to the Chairman of the Audit Committee at:

Chairman, Audit Committee, DRS Cargo Movers Limited, 303, Kabra Complex, 61, MG Road Secunderabad-500 003

Because you have several means of reporting, you need never report to someone you believe may be involved in the suspected violation or from whom you would fear retaliation.

Your report should include as much information about the suspected violation as you can provide. Where possible, it should describe the nature of the suspected violation; the identities of persons involved in the suspected violation; a description of documents that relate to the suspected violation; and the time frame during which the suspected violation occurred. Where you have not reported anonymously, you may be contacted for further information.

Post reporting Investigation

All reports under this Policy will be promptly and appropriately investigated, and all information disclosed during the course of the investigation will remain confidential, except as necessary to conduct the investigation and take any remedial action, in accordance with applicable law. Everyone working for or with the Company has a duty to cooperate in the investigation of reports of violations. Failure to cooperate in an investigation, or deliberately providing false information during an investigation, can be the basis for disciplinary action, including termination of employment. If, at the conclusion of its investigation, the Company determines that a violation has occurred, the Company will take effective remedial action commensurate with the nature of the offense. This action may include disciplinary action against the accused party, up to and including termination. Reasonable and necessary steps will also be taken to prevent any further violations of Company's policy.

Zero - Retaliation policy

No one may take any adverse action against any employee for complaining about, reporting, or participating or assisting in the investigation of, a reasonably suspected violation of any law, this Policy, or the Company's Code of Conduct and Ethics. The Company takes reports of such retaliation seriously. Incidents of retaliation against any employee reporting a violation or participating in the investigation of a reasonably suspected violation will result in appropriate disciplinary action against anyone responsible, including possible termination of employment. Those working for or with the Company who engage in retaliation against reporting employees may also be subject to civil, criminal and administrative penalties.

Modification

The Audit Committee or the Board of Directors of DRS Cargo Movers Limited can modify this Policy unilaterally at any time without notice. Modification may be necessary, among other reasons, to maintain compliance with national, state or local regulations and / or accommodate organizational changes within the Company.

Independent Auditor's Report

To the Members of DRS Cargo Movers Limited

(Formerly known as DRS. Cargo Movers Limited)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **DRS Cargo Movers Limited** (Formerly known as DRS. Cargo Movers Limited), which comprise the Balance Sheet as at 31st March 2025, and the Statement of Profit and Loss, and the Cash Flow Statement for the year ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by the Institute of Chartered Accountants of India. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter

During the year, pursuant to the agreement entered with DRS Dilip Roadlines Ltd , the company has taken over trade payables of Rs.613.47 Lakhs from DRS Dilip Roadlines Ltd against the loan repayment in part. (Refer Note 8.2 to the financial statements).

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significant in our audit of financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than Financial Statements (Other Information)

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in Annual report but does not include the financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the Board of Directors.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**Opinion**

We have audited the internal financial controls with reference to the financial statements of **DRS Cargo Movers Limited (Formerly known as DRS. Cargo Movers Limited)** (“the Company”) as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements to future periods are subject to the risk that the internal financial controls with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the financial statements included obtaining an understanding of internal financial controls with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.
