Dear Sir/Madam,

**Ref: Outcome of Board Meeting – Financial Results submitted on 19<sup>th</sup> May 2026**

**Scrip Code: NSE –DUCOL**

**Subject: Clarification on Financial Results XBRL Filing of the Company**

With reference to your email dated 18/06/2026, regarding certain deficiencies observed in the XBRL filing of the financial results of Ducol Organics and Colours Limited, we submit the following clarification:

**1. Paid-up Equity Share Capital**

We acknowledge that the Paid-up Equity Share Capital in the Standalone and Consolidated XBRL filings was inadvertently reported in absolute figures instead of lakhs. The discrepancy occurred due to an inadvertent data mapping/unit selection error during the XBRL filing process.

We clarify that this error is limited to the XBRL submission and does not have any impact on the audited financial results approved by the Board of Directors and submitted to the Exchange. The XBRL filing has been reviewed, and the necessary corrections are being undertaken to ensure that the figures are appropriately reported in lakhs, as prescribed under the applicable filing requirements.

**2. Segment Details**

The Company operates in a single business segment, namely Manufacture of Other Chemical Products, which is considered the primary reportable segment in accordance with the applicable accounting standards. The disclosure relating to geographical information pertains only to revenue generated within India and outside India and is provided as secondary segment information.

Accordingly, the Company has only one reportable business segment, and the geographical disclosures do not represent separate reportable segments. Therefore, the segment information reported in the XBRL filing is consistent with the financial statements approved by the Board of Directors, and no correction or modification to the XBRL filing is required in this regard.
