This is for your information and records.

Thanking You,

Yours faithfully,

For Ducon Infratechnologies Limited

Darshit Parikh
(Company Secretary)

Ducon secures another FGD project order in India

Thane, India, 6th May, 2019: Ducon Infratechnologies Limited (BSE:534674, NSE: DUCON), (“Ducon Infratechnologies”) an emerging technology company providing solutions in the Industrial, infrastructure & digital space to multiple business segments across varied industries announced its latest FGD order.

The Company announced that it has received a FGD order from Chloride Metals Ltd, one of India’s largest secondary lead smelter and production company for their greenfield lead metal recycling and refining project in Haldia. Under this turnkey order, Ducon will provide a complete air pollution control package including Lime FGD system along with particulate control system which will allow Chloride Metals Ltd to comply with latest global emission standards.

The Company continues to be actively involved in bidding on both power plant size and industrial size FGD projects, and remains hopeful to win some of these projects as and when they are decided.

About Ducon Infratechnologies Limited

Ducon Infratechnologies Limited (BSE: 534674, NSE: DUCON) is a technology company based in India for providing solutions in the Industrial, infrastructure & digital space to multiple business segments across varied industries. The Company diversified into FGD systems, bulk material handling systems, and Electrification & infrastructure markets through recently completed demerger process. The original IT business of the company deals with network & hardware solutions, marketing initiatives, distribution, volume procurement and end to end technical support. In the recently acquired infrastructure business, the Company offers execution of turnkey FGD systems for power & industrial boilers, bulk material handling systems and electrification projects across India and neighboring regions. The Company is led by a team of young and dynamic professionals with technical, marketing and sales know-how and has an objective to become a leading solution provider in the digital and infrastructure business sectors.
