Ducon Infratechnologies awarded LoI for AHS package by Vedanta Limited

Thane, India, March 17, 2021: Ducon Infratechnologies Limited (BSE: 534674, NSE: DUCON), (“Ducon Infratechnologies”) one of the leading EPC (Engineering, Procurement and Construction) companies announced receipt of its latest AHS (Alumina Handling System) order.

The Company announced that it has received LoI (Letter of Intent) from Vedanta Limited, one of the world’s leading natural resources companies, for Alumina Handling System for at their Alumina Refinery, Lanjigarh, District Kalahandi, Odisha. The scope includes complete Design & Engineering, Supply, Erection and Commissioning of Alumina Handling System, for refinery expansion.

The Company continues to be actively involved in bidding for both FGD (Flue Gas Desulpharisation) and MHS (Material Handling System) projects. In the case of FGD Projects, the company is bidding directly as well as jointly with other EPC companies and remains hopeful to win some of these projects as and when they are decided.

About Ducon Infratechnologies Limited

Ducon Infratechnologies Limited (BSE: 534674, NSE: DUCON) is one of the leading EPC (Engineering, Procurement and Construction) in India providing turnkey solutions in the Industrial and infrastructure space to multiple business segments across varied industries. The Company is diversified into FGD systems, bulk material handling systems, Electrification and infrastructure markets. The Company offers execution of turnkey FGD systems for power & industrial boilers, bulk material handling systems and electrification projects across India and neighboring regions. The Company is led by a team of young and dynamic professionals with technical, marketing and sales know-how and has an objective to become a leading solution provider infrastructure business sector.
