Dear Sir,

Subject: Dynamatic Technologies Limited signs agreement with Airbus SAS

In response to your letter and our tele-conversation a few minutes back, kindly note the following:

1. Dynamatic Technologies Limited ('Dynamatic') has been supplying flap track beams to Airbus SAS ('Airbus') since 2010 for A-320 family of aircrafts as a single source supplier. These are reflected in the financial statements.
2. Today Airbus signed contract with Dynamatic to extend its production of flap track beams to A-330 as well. These will be produced in the existing facilities at Dynamatic.

A copy of press release issued by Airbus in this regard is attached for your information.

Thank you.

Yours truly
for **DYNAMATIC TECHNOLOGIES LIMITED**
