Sharing insights on the results, Mr. Ashish Mangal, Managing Director of Dynamic Cables Limited commented:

“The growth momentum has continued this year and is expected to continue consequent to strong industry tailwinds, both in domestic and export markets. It will gain further strength with our new manufacturing plant going on stream and will start contributing from second half. The business environment has improved despite crude price volatility and geo political disruptions. We have always followed disciplined approach towards execution, expanding our market reach and strengthening our position as a trusted partner of evolving Indian power landscape. The export market is also expected to gain momentum as global macros normalise.”
