CMD's Comment on Quarter Performance

The business momentum during H1FY27 has been encouraging, particularly on the order inflow front. We received fresh orders worth ***Rs. 929 crore in Q2FY27****, taking H1FY27 inflows to* ***Rs. 1,046 crore, nearly three times the level recorded in H1FY26.*** *Our current order book, including orders received and negotiated, stands at approximately* ***Rs. 2,698 crore,*** *providing healthy revenue visibility. We are also seeing encouraging opportunities for larger, complete-system contracts across radar, electronic warfare and communication systems, supported by our investments in technology and manufacturing capabilities.*

Q2FY27 was a more normalised quarter from a revenue perspective, following the exceptionally strong execution in Q2FY26. With several programme milestones progressing and deliveries expected to pick up, ***we expect H2FY27 to be stronger than H1FY27****, supported by our healthy order pipeline and execution momentum.*

Looking ahead, ***we remain confident in our business outlook****. Strong order inflows, a healthy pipeline and continued progress in execution position us well for the remainder of the year. We remain* ***on track to achieve our full-year targets, and our FY27 guidance remains unchanged.***
