Press Release

Dhanuka Agritech Limited

Dhanuka Agritech Limited to introduce new products "Conika" and "Cover"

Dhanuka Agritech Limited ("the Company") in tie up with Hokko Chemicals, Japan has got registration of its product "Conika" from Central Insecticides Board. Conika is a new, exclusive, 9(3) product, which is highly effective Fungicide for Paddy. It will go a long way towards improving paddy yields and farmer's profits.

The Company is also planning to introduce a new product under the brand name "Cover" in collaboration with Dupont. This new product is Rynaxypyr and will be available in liquid and granular form. It is expected that this product will contribute handsomely to the Company's Topline.

It is expected that these technologically advanced, high-efficacy products will contribute to the robust growth of Indian agriculture and farmer's profitability. Company has always focused on providing value for money, high quality products to Indian farmer. For this, we work very closely with the farmers, even in the most interior and remotest parts of India.

Company Profile:

Dhanuka Agritech Limited is engaged in the formulation and marketing of plant protection agrochemicals like insecticides, pesticides, herbicides etc. The Company has manufacturing facilities in Gurgaon (Haryana), Sanand (Gujarat) and Udhampur (Jammu and Kashmir). The Company is also in the process of setting up a new manufacturing facility in Rajasthan, which is expected to be operational in Q3FY16.
