ANNEXURE-“G”

Independent Reasonable Assurance Statement to UFlex Limited on their Business Responsibility & Sustainability Report (BRSR) - FY2025-26

To the Management of UFlex Limited, Noida, India

Introduction

Intertek India Private Limited ("Intertek") was engaged by UFlex Limited ("UFlex") to provide an independent reasonable assurance on its Business Responsibility & Sustainability Report (BRSR) for FY2025-26 ("the Report"). The scope of the Report comprises the reporting periods of FY2025-26. The Report is prepared by UFlex based on SEBI's (Securities and Exchange Board of India) BRSR guidelines. The assurance was performed in accordance with the requirements of International Federation of Accountants (IFAC) International Standard on Assurance Engagement (ISAE) 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information.

Objective

The objectives of this reasonable assurance exercise were, by review of objective evidence, to confirm whether any evidence existed that the sustainability related disclosures in alignment with BRSR requirements, as declared in the Report, were not accurate, complete, consistent, transparent and free of material error or omission in accordance with the criteria outlined below.

Intended Users

This Assurance Statement is intended to be a part of the Integrated Annual Report of UFlex Limited.

Responsibilities

The management of UFlex is solely responsible for the development of Report and its presentation. Management is also responsible for the design, implementation and maintenance of internal controls relevant to the preparation of the Report so that it is free from material misstatement, whether due to fraud or error.

Intertek's responsibility, as agreed with the management of UFlex, is to provide assurance and express an opinion on the data and assertions in the Report based on our verification following the assurance scope and criteria given below. Intertek does not accept or assume any responsibility for any other purpose or to any other person or organization. This document represents Intertek's independent and balanced opinion on the content and accuracy of the information and data held within.

Assurance Scope

The assurance has been provided for BRSR core and non-core disclosures with reference to SEBI's "BRSR Core - Framework for assurance and ESG disclosures for value chain" vide circular no. SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated 12 July 2023, presented by UFlex in its Report along with all other disclosures. The assurance boundary included data and information for the manufacturing units and Corporate Office of UFlex in India in accordance with SEBI's BRSR guidelines. Our scope of assurance included verification of internal control systems, data and information on BRSR Section A: General Disclosures, Section B: Management and Process Disclosures, Section C: Principle wise Performance Disclosure (Essential and Leadership Indicators) of BRSR and all disclosures reported as summarized below:

Assurance Criteria

Intertek conducted the assurance work in accordance with requirements of 'Reasonable Assurance' procedures as per the following standard:

- International Standard on Assurance Engagements (ISAE) 3000 (revised) for 'Assurance Engagements other than Audits or Reviews of Historical Financial Information'.

A reasonable assurance engagement involved assessing the risks of material misstatement of the agreed indicators/parameters whether due to fraud or error, responding to the assessed risks as necessary in the circumstances. A materiality threshold level of 5% was applied. Assessment of compliance and materiality was undertaken against the stated calculation methodology and criteria.

Limitations

We have relied on the information, documents, records, data, and explanations provided to us by UFlex for the purpose of our review.

The assurance scope excludes:

- Any disclosures beyond those specified in the Scope section above.
- Data and information falling outside the defined reporting period.
- Data pertaining to the Company's financial performance, strategy, and associated linkages articulated in the Report.
- Assertions made by the Company encompassing expressions of opinion, belief, aspiration, expectation, forward-looking statements, and claims related to Intellectual Property Rights and other competitive issues.

While we considered the effectiveness of management's internal controls when determining the nature and extent of our procedures, our assurance engagement was not designed to provide assurance on internal controls.

The procedures did not include testing controls or performing procedures relating to checking aggregation or calculation of data within software/IT systems.

Methodology

Intertek performed assurance work using risk-based approach to obtain the information, explanations and evidence that was considered necessary to provide a reasonable level of assurance. The assurance was conducted by desk reviews, visit to manufacturing units UFlex in Noida Chemical, Noida Engineering, Noida Moulding, Noida Cylinder, Noida Packaging, Noida Films and Noida Holography considering a sampling rate of 10% of the total operational sites of UFlex in India and stakeholder interviews with regards to the reporting and supporting records for the fiscal year 2026 at UFlex's corporate office in Noida. Our assurance task was planned and carried out during Feb-May 2026. The assessment included the following:

- Review of the Report that was prepared in accordance with the SEBI's BRSR guidelines.
- Review of processes and systems used to gather and consolidate data.
- Examined and reviewed documents, data and other information made available at selected UFlex's operational sites Sanand, Malanpur, Dharwad, Panipat, Udaipur, Chennai, Guwahati, Hyderabad and in corporate offices and digitally.
- Conducted physical interviews with key personnel responsible for data management at selected UFlex's operational sites and corporate office.
- Assessment of appropriateness of various assumptions, estimations and thresholds used by UFlex for data analysis.
- Review of BRSR core disclosures for the duration from 1st April 2025 to 31st March of 2026 UFlex was carried out onsite at UFlex's corporate office.
- Appropriate documentary evidence was obtained to support our conclusions on the information and data reviewed and details would be provided in a separate management report.

Conclusions

Intertek reviewed BRSR core disclosures provided by UFlex in its Report. Based on the procedures performed as

above, evidences obtained and the information and explanations given to us along with the representation provided by the management and subject to inherent limitations outlined elsewhere in this report, in our opinion, UFlex's data and information on BRSR core disclosures for the period of 01 April 2025 to 31 March 2026 included in the Report, is, in all material respects, in accordance with the with the SEBI's BRSR guidelines.

Intertek's Competence and Independence

Intertek is a global provider of assurance services with a presence in more than 100 countries employing approximately 43,500 people. 26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same approach to adapt or mitigate the risk along with its financial implications, as per the following format

At UFlex Limited, the Company periodically reviews and updates its materiality assessment to ensure that its sustainability priorities and business strategies remain aligned with the most significant environmental, social, governance, and business-related concerns relevant to the Company and its stakeholders. The materiality assessment process considers stakeholder expectations, industry developments, emerging sustainability trends, regulatory requirements, business risks, and growth opportunities across operations and the value chain.

The Company addresses identified material topics through cross-functional collaboration involving relevant business functions and leadership teams, while continuously strengthening its policies, processes, governance frameworks, and sustainability initiatives to enhance overall performance and responsible business practices.

To ensure continued relevance and effectiveness of its sustainability approach, UFlex regularly monitors evolving regulatory landscapes, market expectations, technological advancements, and stakeholder feedback. The materiality assessment is reviewed and refined periodically to incorporate these insights and support informed decision-making, risk management, and long-term value creation.

The materiality matrix presented in this report reflects the Company's assessment of key sustainability-related risks and opportunities from an India-specific operational and stakeholder perspective.

Sr. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk /opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity
1	Sustainable Product & Innovation	Opportunity	Opportunity: UFlex has identified sustainable products and innovation as a key double material topic due to increasing customer demand for recyclable, mono-material, lightweight, and circular packaging solutions. Innovation in sustainable packaging enhances competitiveness and aligns with global sustainability trends and regulatory expectations.	-	Positive: Sustainable product innovation can create new revenue streams, improve customer retention, strengthen brand reputation, and support long-term business growth through increased demand for environmentally responsible packaging solutions.
2	GHG Emissions & Decarbonization	Risk and Opportunity	Risk: Increasing climate regulations, carbon pricing mechanisms, and stakeholder expectations regarding emissions reduction may impact operational costs and compliance obligations. Opportunity: Adoption of renewable energy, energy-efficient technologies, and decarbonisation initiatives supports transition toward low-carbon operations and enhances environmental performance	UFlex focuses on renewable energy adoption, energy efficiency initiatives, process optimization, and monitoring of Scope 1 and Scope 2 emissions across operations. The Company is also implementing decarbonisation initiatives aligned with its long-term sustainability commitments.	Negative: Carbon-related regulations and energy transition costs may increase operational expenditure and compliance costs. Positive: Decarbonisation initiatives can reduce energy costs, improve operational efficiency, strengthen ESG performance, and enhance stakeholder confidence and access to sustainable business opportunities.

12	Business and Capital Allocation	Risk and Opportunity	Risk: Inefficient capital allocation, inadequate investment planning, or misalignment of financial resources may impact operational growth, sustainability investments, innovation capabilities, and long-term profitability. Opportunity: Strategic and efficient capital allocation enables UFlex to strengthen operational performance, invest in sustainable technologies and innovation, optimize business growth, and enhance long-term value creation.	UFlex mitigates risks associated with business and capital allocation through structured governance mechanisms, strategic financial planning, periodic investment reviews, risk assessment frameworks, and prudent allocation of resources toward operational efficiency, sustainability initiatives, and long-term growth opportunities.	Negative: Inefficient allocation of financial resources may lead to reduced profitability, lower return on investments, delayed growth initiatives, and financial inefficiencies. Positive: Effective capital allocation can improve operational efficiency, support innovation and sustainability investments, strengthen financial performance, and enhance shareholder value.
13	Risk Mitigation & Resilience	Risk and Opportunity	Risk: Inadequate risk management and resilience planning may expose UFlex to operational disruptions, cybersecurity incidents, supply chain interruptions, regulatory non-compliance, financial losses, and reputational damage. Opportunity: Strong resilience and enterprise risk management practices improve operational continuity, strengthen preparedness against uncertainties, and enhance stakeholder confidence.	UFlex addresses risk mitigation and resilience through enterprise risk management systems, business continuity planning, cybersecurity controls, disaster preparedness measures, internal audits, compliance monitoring, and periodic risk assessments across operations.	Negative: Failure to effectively manage risks may result in operational downtime, financial losses, compliance penalties, and reputational impact. Positive: Robust risk mitigation frameworks strengthen operational resilience, reduce business interruptions, improve decision-making, and support long-term business sustainability and stakeholder trust.

14	Tax Transparency		Risk: Lack of transparency or non-compliance in tax practices may expose UFlex to regulatory scrutiny, financial penalties, reputational risks, and legal liabilities. Opportunity: Transparent and responsible tax practices strengthen corporate governance, enhance stakeholder confidence, and demonstrate commitment to ethical business conduct and regulatory compliance.	UFlex mitigates tax-related risks through robust internal controls, compliance mechanisms, regular financial reviews, adherence to applicable tax laws and regulations, and governance oversight to ensure transparency and accountability in tax-related matters.	Negative: Tax non-compliance or inadequate transparency may result in penalties, litigation costs, and reputational damage. Positive: Strong tax governance and transparency can improve stakeholder trust, minimize compliance risks, and strengthen corporate reputation and long-term financial stability.
15	Water Use & Efficiency	Risk and Opportunity	Risk: Water scarcity, inefficient water usage, and increasing regulatory requirements related to water management may impact operational continuity, manufacturing efficiency, and environmental compliance. Opportunity: Efficient water management and conservation initiatives improve resource sustainability, operational efficiency, and environmental performance.	UFlex mitigates water-related risks through water conservation initiatives, recycling and reuse practices, rainwater harvesting systems, process optimization, wastewater treatment facilities, and Zero Liquid Discharge (ZLD) systems at major manufacturing units.	Negative: Water-related risks may increase operational costs, disrupt manufacturing processes, and lead to regulatory or compliance challenges. Positive: Water efficiency initiatives can reduce freshwater consumption, lower operational costs, improve environmental performance, and strengthen long-term resource sustainability and resilience.

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If yes, provide details of the same.

Yes, UFlex has established robust governance mechanisms to identify, disclose, and manage potential conflicts of interest involving Directors and Key Managerial Personnel (KMPs). As part of the Company’s Code of Conduct, all Directors are required to disclose their interests and any actual or potential conflict of interest at the time of onboarding and whenever there is any subsequent change. Directors and KMPs are expected to avoid situations that may result in a conflict between personal interests and the interests of the Company, and any such matters must be disclosed to the Chairman and the Board in a timely manner.

Further, transactions or matters involving interested Directors are placed before the Audit Committee and/or Board for appropriate review and approval in accordance with applicable laws and the Company’s Policy on Related Party Transactions. In such cases, the concerned Director abstains from participating in discussions and decision-making processes to ensure impartiality and transparency. UFlex also has a Whistle Blower Policy in place, which enables employees and stakeholders to report unethical behaviour, misconduct, or violations of the Code of Conduct confidentially and without fear of retaliation. These frameworks collectively reinforce UFlex commitment to ethical governance, transparency, accountability, and responsible business conduct.

The Code of Conduct and the Whistle Blower Policy can be accessed at our website at <https://www.uflexltd.com/policies.php>

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

ESSENTIAL INDICATORS

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

Particulars	FY 2025-26	FY 2024-25	Details of improvements in environmental and social Impacts
R&D	100%	100%	UFlex’s commitment to sustainability and innovation is evident in our initiatives, which encompass a wide range of projects and collaborations aimed at enhancing recyclability, reducing environmental impact, and promoting renewable energy. We are pushing the boundaries of Sustainable R&D by modifying pouching machines. These adjustments are focused on several areas: - Material reduction: Optimizing pouch designs and film usage to minimize material waste. - Energy efficiency: Implementing modifications that reduce the machine's energy consumption while maintaining production output. - Recyclable materials: Adapting the machines to handle and seal recyclable pouch materials, promoting a more circular packaging lifecycle.

Particulars	FY 2025-26	FY 2024-25	Details of improvements in environmental and social Impacts
			By implementing these sustainable practices through pouching machine modifications, UFlex has achieved significant environmental benefits throughout the packaging value chain. Here are some of our other key accomplishments and ongoing projects: - Foil Replacement Films: We’ve developed a new type of film designed to replace foil with packaging. This innovation enhances the recyclability of our products. - High-Transparency, High-Barrier Film: We’ve created a high-transparency, high-barrier film with enhanced Oxygen Transmission Rate (OTR) and Water Vapor Transmission Rate (WVTR) properties. This development supports ecofriendly food packaging and contributes to a reduced carbon footprint. - Recyclable BOPET Film: We have developed a recyclable BOPET film that uses water as a solvent, a first for the globe. This accomplishment demonstrates our dedication to developing recyclable and sustainable products. - R&D Investment: Recognizing the importance of research and development, we have made significant investments in our R&D facilities. This enhances our capabilities and reduces our reliance on external sources for innovation and product development. - Film Recycling and Biodegradable Alternatives: We have developed biodegradable products and are actively exploring opportunities in film recycling. This research is part of our commitment to reducing waste and promoting sustainability in our industry. - Collaborations with Research Institutes: We are actively collaborating with research institutes for additional green initiatives. These collaborations enable us to expand our knowledge, foster innovation, and accelerate our sustainability efforts. These initiatives reflect UFlex’s unwavering commitment to sustainability and responsible business practices. We continue to explore and implement innovative strategies to enhance our products, reduce the environmental impact, and contribute positively to the global sustainability landscape.
Capex	-	-	UFlex is committed to sustainable manufacturing practices and has implemented several key initiatives through CAPEX investments: Environmentally Friendly Plating: We’ve switched to Alkaline Copper Plating, eliminating hazardous heavy metals (like Nickel) from entering the environment via air and water pollution.

Particulars	FY 2025-26	FY 2024-25	Details of improvements in environmental and social Impacts
			2. Employee Well-being and Automation: We've introduced a new, fully automated slim plating line from K Walter, reducing employee fatigue and strain. 3. Resource Efficiency: New automation and instrumentation technology has boasted a 10% reduction in chemical and water consumption. 4. Automation for Safety and Quality: We've upgraded the etching process from manual to automated, minimizing employee exposure to hazardous chemicals. Additionally, a new, energy-efficient master lab machine will improve product quality, benefiting both UFlex and its customers. We have also invested in a new renewable energy project at our Dharwad manufacturing unit. These CAPEX initiatives demonstrate UFlex's dedication to creating a sustainable future through eco-friendly practices, employee well-being, and resource conservation.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

UFlex prioritizes sustainable sourcing by procuring materials primarily from local suppliers certified with ISO 14001 (Environmental Management) and ISO 45001 (Occupational Health & Safety), ensuring standards of environmental responsibility and workplace safety. We communicate sustainability expectations and provide guidance on ESG practices to align suppliers with UFlex's commitment to reducing environmental impact and promoting responsible sourcing.

b. If yes, what percentage of inputs were sourced sustainably?

The Company sources 48% of its total input by value in a sustainable manner.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for

Plastics (including packaging)	UFlex Limited has established processes for collection, segregation, recycling and environmentally sound disposal of post-consumer plastic packaging waste in compliance with EPR requirements under the Plastic Waste Management Rules. Plastic waste is channelized through authorized recyclers, PROs and waste management agencies for recycling, co-processing and safe disposal. The Company also focuses on improving recyclability, reducing material usage and promoting circular economy practices through sustainable packaging solutions.
E-waste	Not applicable
Hazardous waste	Not applicable
Other waste	From our Cylinder business unit, main products are Roto gravure cylinder and Flexo plates used for printing. The cylinders sold to customers can be recycled at our facility. We have a product recycling policy in which all customers intending to reuse the product can send it back to us for reuse.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

UFlex's primary product is plastic packaging, hence we are obligated under Plastic Waste Management Rules, 2016 (As amended) as Producer. All our units / plants are registered with respective Pollution Control Boards and are in compliance with these regulations.

PRINCIPLE 3: BUSINESSES SHOULD RESPECT AND PROMOTE THE WELL-BEING OF ALL EMPLOYEES, INCLUDING THOSE IN THEIR VALUE CHAINS

Employee satisfaction and well-being remain a key priority for UFlex Limited, as engaged and motivated employees contribute significantly to operational excellence, innovation, and long-term organizational growth. The Company recognizes its workforce as a valuable asset and believes that employee engagement, trust, and inclusivity are essential for building a resilient and high-performing organization.

UFLex values employee feedback and encourages open communication across all levels of the organization. To strengthen a transparent and accountable work culture, the Company has established grievance redressal and whistle-blower mechanisms through which employees and workers can raise concerns or report unethical practices without fear of retaliation. These mechanisms enable timely and effective resolution of issues and reinforce the Company's commitment to integrity and fairness.

To support employee well-being and satisfaction, UFlex provides a range of welfare and social security benefits, including medical insurance, term life insurance, ESIC benefits (where applicable), safe working conditions, learning and development opportunities, and various employee engagement initiatives. Through these efforts, the Company strives to foster a supportive, inclusive, and people-centric workplace environment.

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and workers? If yes, give details of the mechanism in brief

Permanent workers	Yes	UFlex has established a structured grievance redressal mechanism to ensure timely and fair resolution of concerns raised by employees and workers. The process is designed to promote open communication, uphold employee rights, and maintain a harmonious workplace environment. The procedure is as follows:
-------------------	-----	---

Other than permanent workers	Step 1: Informal Resolution: Employees and workers are encouraged to first address their grievances with their immediate supervisor. The supervisor is responsible for collaboratively working with the employee to resolve the issue in accordance with company policies and guidelines. Step 2: Human Resources Intervention: If the grievance remains unresolved, the employee/workers may escalate the matter to the Human Resources (HR) department. The HR team will engage with all relevant stakeholders to facilitate a fair and satisfactory resolution, in alignment with organizational policies. Step 3: Formal Grievance Procedure: In cases where the issue is not resolved through informal channels, employees may lodge a formal grievance with the concerned Business Head. If a resolution is still not achieved, the Business Head may constitute a dedicated committee to review and address the matter in detail. This multi-tiered grievance redressal system reflects UFlex's commitment to ensuring transparency, accountability, and employee well-being across all levels of the organization.

10. Health and safety management system

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such a system?

Yes, UFlex is committed to maintaining safe and healthy working conditions across all its operations. An integrated Occupational Health and Safety Management System is implemented at all locations, including manufacturing units, offices, and business segments. This system is governed by a comprehensive Environment, Health & Safety (EHS) Policy, which outlines the Company's commitment to the well-being of its employees, environmental protection, and community safety. The policy is publicly accessible at: <https://www.uflexltd.com/policies.php>.

UFlex is certified under **ISO 45001**, the international standard for Occupational Health and Safety Management Systems. This certification reflects the Company's structured approach to identifying and managing health and safety risks, preventing injuries and occupational illnesses, and driving continuous improvement in OHS performance.

By prioritizing the safety of its workforce and conducting operations responsibly, UFlex demonstrates its unwavering commitment to employee well-being, regulatory compliance, and sustainable business practices.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

UFlex employs a comprehensive approach to identify work-related hazards and assess risks through periodic safety audits, inspections, and the use of Hazard Identification and Risk Assessment (HIRA) techniques. These processes help in maintaining a safe working environment by allowing the company to implement preventive measures and avoid incidents.

Key methods include:

- HIRA for both routine and non-routine activities, conducted annually or as needed for process changes.
- Safety Audits by Cross-Functional Teams (CFT) to identify hazards and corresponding risks.
- Hazard and Operability Study (HAZOP) to assess risks related to chemical processes.
- Pre-start Safety Review (PSSR) for new processes or modifications.
- Work Permit System to control non-routine job hazards and implement appropriate control measures.
- Management of Change (MOC) applied for all changes involving Man, Machine, and Material.

Additionally, UFlex promotes a culture of safety through a Near Miss Reporting Format, encouraging employees to report potential incidents, followed by thorough investigations and corrective actions. This, alongside our comprehensive EHS Manual and SOPs, ensures the safety of all employees and workers.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks (Y/N)

Yes, At UFlex, we have established multiple channels for workers to report work-related hazards and take necessary steps to protect themselves:

- **Direct Reporting:** Workers can report hazards directly to their supervisors or designated safety officers for immediate action.
- **Incident Forms:** A system is in place where workers document potential hazards using incident forms, ensuring thorough tracking and investigation of reported hazards.
- **Safety Committee Meetings:** Regular safety committee meetings provide a platform for workers to report hazards and discuss mitigation strategies, encouraging open dialogue.
- **Safety Observation Register:** A register is maintained where workers can document and report unsafe conditions or acts, fostering proactive hazard identification.
- **Incident Management System:** Workers report incidents through a standardized format, ensuring efficient documentation and handling.
- **Regular Plant Rounds:** Daily plant rounds provide opportunities for direct interaction with workers, enabling the identification and resolution of any safety concerns.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/No)

Yes. UFlex prioritizes the health and well-being of its workforce through comprehensive initiatives that go beyond occupational safety. The Company offers Group Medical Insurance, Personal Accident Insurance, and Term Life Insurance, covering both occupational and non-occupational health needs for employees and their families. Additionally, fully equipped medical centres with qualified practitioners are established at manufacturing units to provide timely care. These efforts reflect UFlex's strong commitment to safeguarding the physical and mental well-being of its employees.

11. Details of safety related incidents, in the following format:

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

At UFlex, we are firmly committed to maintaining a safe, healthy, and supportive work environment across all our operations. Our dedicated Health and Safety Department oversees the development, implementation, and continuous improvement of safety policies and Standard Operating Procedures (SOPs) to proactively manage workplace risks. These policies are reinforced through regular safety awareness programs and clear Do's and Don'ts guidelines, ensuring that employees at all levels are well-informed and empowered to act safely. This structured, multi-channel approach fosters a strong culture of safety, accountability, and shared responsibility.

Key Measures to Ensure Occupational Health and Safety:

- **ISO 45001 Certified Safety Management System**
Implementation of an internationally recognized occupational health and safety system across all sites.
- **Comprehensive Risk Assessments**
Regular assessments such as HIRA (Hazard Identification and Risk Assessment), HAZOP (Hazard and Operability Study), chemical and fire risk evaluations, manual material handling analysis, and environmental monitoring (air quality, noise, lighting).

- **Structured Training Programs**
Mandatory training on safety practices including first aid, fire-fighting, hazardous chemical handling, emergency preparedness, work permit systems, and use of safety tools. A dedicated training centre supports ongoing education.
- **Worker Participation and Engagement**
Regular safety committee meetings, plant rounds, and toolbox talks ensure continuous engagement and feedback from frontline employees.
- **Engineering and Administrative Controls**
Installation of machine guarding, speed limit enforcement, safety alarms, interlocks, static charge dissipaters (Earth-Rite) at flammable chemical locations, and other preventive infrastructure measures.
- **Medical and Emergency Response**
On-site medical centres staffed with trained personnel provide first aid and medical consultation. Regular access to a Factory Medical Officer (FMO) ensures health support beyond occupational issues.
- **Safety Monitoring and Continuous Improvement**
Frequent safety inspections and audits to evaluate system effectiveness and close identified gaps.
- **Specialized Awareness Initiatives**
Programs focused on safety leadership, contractor safety, fire detection systems, and operational risk accountability.

13. Number of Complaints on the following made by employees and workers:

	2025-26			2024-25		
	Filed during the year	Pending resolution at the end of the year	Remarks	Filed during the year	Pending resolution at the end of the year	Remarks

14. Assessments for the year

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health & Safety Practices	100%
Working conditions	100%

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks /concerns arising from assessments of health & safety practices and working conditions.

At UFlex, we maintain a zero-compromise approach to workplace safety. All safety-related incidents are subject to thorough investigation to identify root causes and recommend corrective and preventive actions. The learnings from these investigations are shared across all sites to enable organization-wide improvements and ensure that similar incidents do not recur. The effectiveness of corrective measures is verified during routine internal safety audits and follow-up inspections.

Addressing Significant Health & Safety Risks

Significant risks or concerns identified during assessments of health and safety practices are proactively addressed through:

- Elimination of manual processes wherever possible by adopting automation, digitization, and mechanization.
- Capability building through targeted safety training and awareness initiatives.
- Enhanced supervision and monitoring to reinforce adherence to safety protocols and proactive risk identification.

Preventive and Predictive Measures Implemented During the Reporting Period:

- Department-Level 'On-the-Job' Safety Training:**
Hands-on training for operational teams to strengthen awareness and preparedness.
- Daily Toolbox Talks:**
Conducted across departments to reinforce daily safety focus and communicate job-specific risks and precautions.
- Classroom Safety Awareness Sessions:**
Structured training programs on safety procedures, equipment handling, and emergency response.
- Periodic Fire Drills and Mock Drills:**
Conducted to test emergency preparedness and improve response times.
- Implementation of PPE Matrix:**
A clearly defined Personal Protective Equipment matrix ensures appropriate and mandatory PPE usage for specific tasks and roles.

These measures reflect our ongoing commitment to continuously improving workplace safety standards, reducing risk, and protecting the health and well-being of all employees and workers across UFlex operations.

LEADERSHIP INDICATORS

1. Does the entity extend any life insurance or any compensatory package in the event of death of employees (Y/N) (B) Workers (Y/N).

- A. Employee – Yes
- B. Worker – Yes

UFlex Limited prioritizes the well-being and financial security of its employees and workers through various welfare and social security initiatives. The Company extends life insurance coverage and compensatory support in the event of the death of employees and permanent workers through term insurance plans. These plans are designed to provide financial assistance to the nominee/family members of the deceased employee or worker.

In addition, the Company provides comprehensive medical insurance coverage for employees and their families and facilitates access to benefits under the Employee State Insurance Corporation (ESIC), wherever applicable. Permanent workers are also covered under similar welfare and insurance benefits in line with the Company's employee well-being framework

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

UFlex Limited is committed to maintaining the highest standards of legal, ethical, and regulatory compliance across its operations and value chain. The Company expects all suppliers, contractors, and business partners to adhere to applicable labour laws, taxation requirements, and other statutory obligations, including timely deduction and deposit of statutory dues such as Provident Fund (PF), Employee State Insurance (ESI), Goods and Services Tax (GST), Tax Deducted at Source (TDS), and other labour welfare contributions.

To strengthen compliance across the value chain, UFlex incorporates statutory compliance requirements within contractual agreements executed with vendors, contractors, and service providers. These agreements mandate adherence to all applicable legal and regulatory provisions and require partners to maintain appropriate records and supporting documentation. The Company also undertakes periodic audits, reviews, and inspections to assess compliance by value chain partners. These assessments include verification of statutory registers, challans, payroll records, and other relevant documents to ensure compliance with labour and taxation laws. In addition, UFlex promotes the use of digital and traceable payment mechanisms to enhance transparency, monitoring, and verification of statutory payments.

Further, the Company undertakes periodic internal audits and compliance reviews through its "Heartbeat" assessment framework, which includes location-level evaluations of statutory compliance across operations and associated business partners. These reviews support the identification of compliance gaps, reinforce accountability, and facilitate timely implementation of corrective actions, wherever necessary.

Through these measures, UFlex seeks to promote responsible business conduct, protect the interests of workers engaged across its value chain, and uphold ethical and statutory compliance standards throughout its extended operations.

3. Provide the number of employees / workers having suffered high consequence work- related injury / ill-health/fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

	2025-26	2024-25	2025-26	2024-25
Employees	0	0	0	0
Workers	0	0	0	0

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)

Yes, we prioritize employee retention, offering extensions beyond retirement age, career planning, mentorship, and skill development initiatives to ensure a fulfilling work environment and seamless knowledge transfer.

5. Details on assessment of value chain partners:

	% of value chain partners (by value of business done) assessed
Health & Safety practices	69.81%
Working conditions	69.81%

6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.

UFlex is committed to extending its culture of health, safety, and responsible business conduct beyond its own operations to include its value chain partners. We proactively collaborate with our suppliers, contractors, transporters, and customers to promote and uphold high standards of Environment, Health, and Safety (EHS) across the entire value chain.

To ensure prompt resolution of any health and safety incidents and to promote continuous improvement, UFlex engages in the following initiatives:

Engagement and Monitoring:

- Supplier Audits:** Conducted on a need basis, focusing on EHS compliance. Findings and best practice recommendations are shared with suppliers to support improvement.
- Customer Communication:** Monthly EHS Newsletters are circulated to customers, highlighting best practices and safety updates.
- Training Programs:** Periodic training is conducted for suppliers, contractors, transporters, and customers, with a strong emphasis on health and safety protocols.

Key Initiatives Implemented:

- Mandatory Safety Training:**
Safety training is compulsory for all blue-collar contractor employees. Gate passes for entry are issued only upon successful completion of this training, conducted by the safety team.
- Ongoing Contractor Engagement:**
Contractors receive regular EHS training to build capability and awareness in managing health and safety risks effectively.
- Violation Handling Mechanism:**
Any deviation from safety protocols is documented and managed through a defined corrective action procedure.
- Incentivization and Recognition:**
Contractor employees demonstrating consistent compliance with safety norms are recognized and rewarded to encourage sustained adherence.

• **Safety Governance:**

Regular Safety Committee Meetings are conducted involving contractor representatives to address safety issues, share feedback, and drive collective accountability.

Through these structured efforts, UFlex ensures that its value chain partners are not only compliant but are also empowered to adopt sustainable and safe operational practices, thereby contributing to a resilient and responsible supply chain ecosystem.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity.

At UFlex, we recognize the importance of the stakeholders are affected or have an impact on the operations, output, services, and performance of our company. By assessing their influence over our organization and the effects of our operations on them, we give the most importance to recognizing and organizing key stakeholders. To formalize and strengthen our engagement with stakeholders, we have implemented a comprehensive “Stakeholder Engagement” policy. This policy serves as a guiding framework for our interactions and ensures that we engage with our stakeholders in a meaningful and transparent manner. Key elements of our Stakeholder Engagement policy include:

- 1. Identification and Prioritization:** We undertake a thorough process of identifying and prioritizing stakeholders based on their relevance, influence, and potential impact on our organization and business.
- 2. Engagement Mechanisms:** We have established various mechanisms for engaging with stakeholders, such as regular meetings, surveys, consultations, and feedback mechanisms. These enable us to gather valuable insights, address concerns, and incorporate stakeholder perspectives into our decision-making processes.
- 3. Transparency and Communication:** We prioritize transparency in our communication with stakeholders, providing them with accurate and timely information about our activities, performance, and impacts. We actively seek to foster open and honest dialogue to build trust and mutual understanding.
- 4. Continuous Improvement:** We are committed to continuously improving our stakeholder engagement practices. We regularly evaluate and review our approaches, taking into account stakeholder feedback and evolving best practices.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Local Communities	No	Gatherings, involvement facilitated by the corporate social responsibility implementation division.	Ongoing	Dialogue on community development aspects, raising awareness, ensuring safety and security, addressing grievances.

NOTE: Although we have indicated ‘no’ above, acknowledging that these stakeholders are not entirely vulnerable or marginalized, we are actively committed to uplifting the segments of these groups through various CSR programs such as school workshops, rejuvenation of ponds, etc.

LEADERSHIP INDICATORS

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topic or if consultation is delegated, how is feedback from such consultations provided to the Board.

UFlex is firmly dedicated to embedding sustainable practices throughout its value chain, underpinned by a governance framework that prioritizes ethics, integrity, and transparency. Our sustainability strategy and action plan integrate economic, environmental, and social factors to drive responsible growth.

Central to our approach is an inclusive stakeholder engagement process, where we actively seek feedback through regular interactions to ensure alignment with stakeholder interests and proactively address emerging concerns.

Stakeholders are broadly defined as those affected by or influencing our operations. External stakeholders focus on the company's products, services, and impact, while internal stakeholders emphasize health, well-being, and a positive work culture.

The Board of Directors plays an integral role in overseeing ESG initiatives, with performance assessments conducted through committees, notably the Stakeholder Engagement and Risk Management Committees. These committees work collaboratively to ensure a continuous feedback loop, keeping senior leadership and the Board well-informed and accountable in decision-making on economic, environmental, and social matters.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, Stakeholder consultation is a pivotal aspect of how we address environmental and social issues within the company. Our comprehensive stakeholder engagement process actively seeks input from a wide range of stakeholders, ensuring that their insights directly inform our policies and actions. These valuable perspectives are thoroughly considered, enabling us to align our decisions with sustainable practices and ethical business conduct.

To further refine our approach, we conduct regular materiality exercises to identify and prioritize stakeholder concerns. These are translated into concrete targets, supported by actionable initiatives. Our governance structure, which integrates oversight from the Board to the corporate and unit levels, ensures the effective execution of these initiatives.

We ensure transparency by communicating the results of stakeholder consultations and the actions taken in response through our Annual Integrated Report, reinforcing our commitment to sustainability, integrity, and responsible business practices.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

Through consistent implementation of the Company's CSR initiatives across various districts in India, UFlex continually engages with vulnerable and marginalized stakeholder groups. Through these initiatives, UFlex directly works towards the upliftment of such stakeholder groups.

Certain beneficiaries within local communities may include vulnerable or marginalized groups. While the broader stakeholder category is not classified entirely as vulnerable, UFlex addresses specific vulnerable segments through CSR initiatives in education, health, environment and community development

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, Human rights issues are systematically addressed at every organizational level within our company. Our dedicated team of trained professionals is equipped to handle these concerns, ensuring a thorough and effective redressal process. If a resolution is not achieved by the Plant HR, the matter is promptly escalated to the corporate HR for further investigation and resolution. We are committed to upholding human rights standards and fostering a culture of accountability throughout our organization. We also uphold a policy encouraging respect and promotion of human rights.

UFlex is also committed to fostering a work environment free from sexual harassment. As mandated by the POSH Act (Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013), we have established an Internal Complaints Committee (ICC) to address any such concerns raised by our employees.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

UFlex is committed to protecting and promoting human rights across its value chain. We maintain clear and confidential channels through which employees, suppliers, contractors, and community members can report any grievances related to human rights violations. Every concern is handled with urgency, transparency, and fairness, ensuring timely investigations and appropriate corrective measures.

Each facility is supported by a designated HR representative responsible for addressing such matters, while our company-wide Whistle Blower Policy empowers individuals to report ethical breaches or misconduct without fear of retaliation. Additionally, we conduct ongoing human rights awareness through dedicated training modules, helping embed respect, dignity, and accountability into our workplace culture.

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

UFlex is committed to ensuring the confidentiality of individuals who report concerns in good faith and strictly prohibits any form of retaliation against them.

We maintain a zero-tolerance policy towards sexual harassment and have established a centralized Internal Complaints Committee (ICC) under the Prevention of Sexual Harassment (POSH) Act to handle complaints raised by employees. Each complaint is promptly forwarded to this committee for thorough and impartial investigation. The ICC, which includes an external legal member to ensure fairness, takes appropriate action, such as disciplinary measures or resolutions. This committee plays a critical role in fostering a respectful workplace, empowering employees to speak out against sexual harassment and discouraging such behavior. The clear internal mechanism provided by the ICC ensures the timely resolution of complaints and minimizes distress for the complainant.

In line with our Whistle Blower policy, retaliation is not tolerated at UFlex. No individual may face adverse actions for reporting, complaining about, or assisting in the investigation of a potential violation of laws or the Company's Code of Conduct and Ethics. We take any instances of retaliation seriously and will take appropriate disciplinary actions, including possible termination of employment, against those responsible. Individuals engaging in retaliation may also face civil, criminal, or administrative penalties.

As part of our commitment to maintaining an ethical work environment, all new employees receive a session on the Company's Code of Conduct and Whistle Blower policy during their induction. Additionally, the HR department regularly conducts awareness sessions on the Prevention of Sexual Harassment and Human Rights to sensitize the workforce across the Company.

9. Dohumanrightsrequirementsformpartofyourbusinessagreementsandcontracts? (Yes/No)

At UFlex, the commitment to upholding human rights is ingrained within our code of conduct for internal employees. Additionally, for our value chain partners, adherence to human rights standards is an important component of the contractual agreements.

LEADERSHIP INDICATORS

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

Though there have been no complaints with regard to human rights violation, UFlex undertakes to:

- Comply with applicable legislation in force, promote diversity, inclusion and equal opportunities, protect against sexual and gender-based harassment.

- Ensure safety in the workplace and prevent occupational risks, foster professional development and training to promote equal opportunities.
- Promote respect for and compliance with human rights by participating in initiatives and projects promoted by public and/ or private bodies, Contribute, directly and indirectly, to social development and the Sustainable Development Goals

2. Details of the scope and coverage of any Human rights due diligence conducted.

UFlex takes its commitment to human rights seriously and conducts comprehensive due diligence across various aspects of its operations. Here's an outline of the scope and coverage of this commitment:

1. Labor Standards and Practices:

Compliance with Labor Laws: We regularly review and ensure adherence to all applicable labour laws across our locations. This includes minimum wage, working hours, overtime regulations, and leave entitlements as per ILO (International Labour Organizations) standards.

Non-discrimination in Hiring: UFlex prohibits any bias based on gender, physical disability, or any other protected characteristic during the recruitment process. We strive to create a diverse and inclusive workforce.

Elimination of Child Labor: UFlex has a zero-tolerance policy towards child labour. We verify employee ages through proper documentation and actively participate in initiatives to combat child labour practices.

2. Workplace Environment:

Prevention of Sexual Harassment: UFlex has a robust Internal Complaints Committee (ICC) established under the POSH Act, providing a safe space for employees to report sexual harassment. We offer training programs to raise awareness and foster a culture of respect.

Grievance Redressal Mechanism: We have a well-defined grievance redressal process to address employee concerns effectively. This ensures all voices are heard, and issues are resolved promptly and fairly.

Health & Safety at Work: UFlex prioritizes employee well-being with a comprehensive health and safety program. We conduct risk assessments, implement safety protocols, and provide training to minimize workplace hazards and injuries.

Whistleblower Protection: UFlex has a clear whistleblower policy that encourages employees to report any suspected wrongdoing or unethical behaviour without fear of retaliation. We provide anonymous reporting channels to protect whistleblowers.

3. Supply Chain Management:

Supplier Screening: UFlex integrates human rights considerations into supplier selection. We conduct screening procedures to assess potential suppliers' adherence to labour standards and human rights principles. This helps ensure ethical practices throughout our supply chain.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, our premises/offices are accessible to differently abled visitors.

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual harassment	69.81%
Discrimination at workplace	
Child labour	
Forced/involuntary labour	
Wages	

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

While no significant risks or concerns were found in our assessments, we are actively enhancing our methods for evaluating the value chain.

PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, In Our manufacturing facilities are equipped with advanced wastewater treatment systems, including Effluent Treatment Plants (ETP) and Sewage Treatment Plants (STP). The treated water is utilized for non-potable purposes such as toilet flushing and gardening, contributing to efficient resource usage. In addition to ETP and STP, eight out of twelve facilities feature Zero Liquid Discharge (ZLD) systems, ensuring that no wastewater is released into the environment.

We have also integrated Membrane Bioreactor (MBR) and Reverse Osmosis (RO) plants to enhance water treatment. MBRs produce cleaner water with a smaller footprint and higher efficiency, enabling greater water reuse and reducing dependence on freshwater sources. The RO permeate is used to generate demineralized (DM) water required for our processes. The RO reject water undergoes evaporation in a Multiple Effect Evaporator (MEE), followed by further treatment in an Agitated Thin Film Dryer (ATFD), which recovers solids. These solids are disposed of as hazardous waste through authorized vendors, ensuring safe and compliant waste management.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

At UFlex, energy efficiency and greenhouse gas (GHG) reduction remain integral to our operational approach. During FY 2025–26, the Dharwad plant recorded a 56% increase in renewable energy consumption compared to the previous year, while the share of renewable energy in overall electricity consumption across India operations increased from 6% to 11%. Further, by the end of FY 2025–26, the Dharwad plant achieved more than 95% renewable energy share in its total electricity consumption. Additionally, the Panipat plant achieved a 17% increase in biomass consumption during the reporting year, reinforcing the Company's focus on cleaner fuel adoption and lower-carbon operations. Various energy efficiency initiatives, including the installation of Variable Frequency Drives (VFDs), also continued across operations to further enhance energy performance and reduce GHG emissions.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

At UFlex, waste management is a core component of our sustainability strategy. We follow a comprehensive SOP, aligned with ISO 14001:2015, covering hazardous waste (HW), e-waste, plastic, solid waste, and battery waste. Our approach emphasizes reduction, reuse, recycling, resource recovery, and scientific disposal, strictly in compliance with the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.

Key waste reduction initiatives include:

- In-house recycling units for plastic waste, supporting our Zero Waste to Landfill goal
- Waste-to-Energy disposal for hologram production waste (multi-layer plastic) via UPPCB-approved facilities
- Recycling policy for Roto gravure cylinders
- Employee training programs to ensure SOP adherence and continual improvement

These practices underscore UFlex's commitment to sustainable operations, reduced environmental impact, and full regulatory compliance.

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format.

Product Innovation

In line with its commitment to sustainable product innovation and circular economy principles, UFlex continues to develop advanced packaging solutions with improved recyclability, recycled content integration, and reduced environmental footprint. During FY 2025–26, the Company introduced innovative solutions such as FSSAI-compliant single-pellet rPET resin for food-grade packaging, sustainable PCR-based packaging films, patented waterborne heat seal coatings, and advanced recycling technologies for post-consumer plastic and aseptic packaging waste. These initiatives support resource efficiency, reduction in virgin material consumption, enhanced recyclability, and compliance with evolving sustainability and regulatory requirements.

Eco-Friendly Product Portfolio

In FY 2025–26, UFlex Limited, through its Chemicals Business, produced and sold 12,015 MT of eco-friendly products. These sustainable product offerings reflect the Company's commitment to developing environmentally responsible alternatives and reducing the overall environmental footprint across its product portfolio.

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes. UFlex Limited has established a comprehensive Business Continuity and Disaster Management framework to ensure operational resilience and effective response to emergencies and business disruptions. The framework is aligned with internationally recognized standards, including ISO 31000:2018 and ISO 22301, and covers identification, assessment, and mitigation of key business, operational, financial, legal, climate-related, and market risks through a structured risk management approach.

The Company's emergency preparedness plans address various potential scenarios such as fire, floods, earthquakes, explosions, toxic gas leakage, pandemics, and other unforeseen events. UFlex has deployed emergency response infrastructure across its facilities, including trained emergency response teams, fire-fighting systems, first-aid facilities, PPE, rescue equipment, occupational health centers, and ambulance support. The Company also maintains IT backup systems and data recovery protocols to strengthen digital resilience and business continuity.

Periodic mock drills, fire drills, training programs, and reviews are conducted to evaluate preparedness and improve response effectiveness. The framework is overseen by senior management and reviewed periodically to ensure continual improvement and alignment with the Company's governance and risk management practices.

The policy can be accessed at https://www.uflexltd.com/pdf/Policies/BRSP/2023/UFlex_BCDM.pdf.

Yes.

At UFlex, we have established a comprehensive framework and policy on cyber security and data privacy risks. This framework serves as a guiding principle for our organization's approach to protecting sensitive information, ensuring data privacy, and mitigating cyber threats.

Our cyber security framework addresses various aspects of information security, including data collection, data sharing, access controls, network security, and incident response. It encompasses industry best practices and compliance requirements to create a secure digital environment for our stakeholders.

The policy associated with our cyber security framework outlines our commitment to safeguarding information assets and protecting the privacy of our stakeholders. It establishes clear guidelines and responsibilities for employees, contractors, and partners in handling sensitive information. To ensure the effectiveness of our cyber security measures, we regularly assess and update our systems, processes, and technologies. We invest in robust infrastructure, implement strong access controls, and employ advanced threat detection and prevention mechanisms.

Employee training and awareness play a crucial role in our cyber security efforts. We provide comprehensive training programs to educate our workforce about their roles and responsibilities in maintaining a secure digital environment. This includes training on best practices for data privacy, safe use of technology, and recognizing and reporting potential cyber threats.

By implementing this comprehensive framework and policy, we demonstrate our commitment to proactively addressing cyber security risks and safeguarding the integrity, confidentiality, and availability of information assets. We continually monitor and enhance our cyber security measures to adapt to evolving threats and protect the interests of our stakeholders.

UFlex remains dedicated to maintaining a secure digital environment, protecting sensitive information, and upholding the highest standards of cyber security and data privacy. We understand the critical importance of safeguarding information assets and remain vigilant in the face of emerging cyber threats.
