CIL ties up with 17 power plants to substitute imports

FE BUREAU
Kolkata, March 2

COALINDIA (CIL) has tied up with 17 power plants to drive import substitution, besides other measures that have helped it to push 71 million tonne of additional coal to consumers ending February this fiscal. This would help ease pressure on the government's current account with dropping coal imports. All the 17 power plants have linkage existing with the miner.

India's coal imports dropped 29.7% to 48.84 MT in April-June this fiscal and as of February 28, CIL could push additional 71 MT with e-auction booking increasing by 43.5 MT during April-February this fiscal.

Besides inking pact with 17 power plants for taking indigenous coal replacing imported coal, the company offered additional coal to the non-regulated sectors against fuel supply agreements of up to 100% of annual contracted quantity (ACQ). Trigger level for power sector was increased from 75-80% and ACQ for power plants was enhanced to 100% of normative requirement from 90%. Additional coal was allocated to state and central generating companies under flexi utilisation policy, enabling them to reduce coal imports.

The firm waived performance incentive to the consumers of power sector, for supply of coal beyond the trigger level since the beginning of the fiscal. This helped the consumers opt additional quantities of coal at lower cost from CIL.

"These coordinated efforts besides 43.5 MT of increased bookings in e-auction, helped arrest the imports by further 28 MT," a senior executive said, adding if CIL had not taken such measures, the consumers would have imported the same amount of coal.

RHFL resolution likely to hit barrier due to SP Group's HC stay in 2019

EVEN AS RELIANCE Housing Finance has got attractive bids under the corporate resolution plan that is in final stages, there could be barrier on a speedy resolution as the Shapoorji Pallonji Group had in 2019 got an stay from the Delhi HC against the company to sell its assets, according to sources.

Anil Ambani-controlled Reliance Home Finance (RHFL) is at the final stages of the debt resolution process. However, according to the sources, lenders cannot proceed with the resolution process due to a coercive stay obtained by the Shapoorji Pallonji (SP) Group from Delhi High Court against RHFL in November 2019. As per the stay obtained by SP Group, RHFL is prohibited from disposing, alienating, encumbering either directly or indirectly or otherwise part with the possession of any of its assets, thus directly impacting the ongoing debt resolution.

According to a senior banker involved in the resolution process, it is imperative for the lenders of RHFL to settle the issue with SP Group for the successful closure of the ongoing resolution plan.

CIL ties up with 17 power plants to substitute imports

FE BUREAU
Kolkata, March 2

COAL INDIA (CIL) has tied up with 17 power plants to drive import substitution, besides other measures that have helped it to push 71 million tonne of additional coal to consumers ending February this fiscal. This would help ease pressure on the government's current account with dropping coal imports.All the 17 power plants have linkage existing with the miner.

India's coal imports dropped 29.7% to 48.84 MT in April-June this fiscal and as of February 28, CIL could push additional 71 MT with e-auction booking increasing by 43.5 MT during April-February this fiscal.

Besides inking pact with 17 power plants for taking indigenous coal replacing imported coal, the company offered additional coal to the non-regulated sectors against fuel supply agreements of up to 100% of annual contracted quantity (ACQ). Trigger level for power sector was increased from 75-80% and ACQ for powerplants was enhanced to 100% of normative requirement from 90%. Additional coal was allocated to state and central generating companies under flexi utilisation policy, enabling them to reduce coal imports.

The firm waived performance incentive to the consumers of power sector, for supply of coal beyond the trigger level since the beginning of the fiscal. This helped the consumers opting additional quantities of coal at lower cost from CIL.

"These coordinated efforts besides 43.5 MT of increased bookings in e-auction, helped arrest the imports by further 28 MT," a senior executive said, adding if CIL had not taken such measures, the consumers would have imported the same amount of coal.

RHFL resolution likely to hit barrier due to SP Group's HC stay in 2019

EVEN AS RELIANCE Housing Finance has got attractive bids under the corporate resolution plan that is in final stages, there could be barrier on a speedy resolution as the Shapoori Pallonji Group had in 20-19 got an stay from the Delhi HC against the company to sell its assets, according to sources.

Anil Ambani-controlled Reliance Home Finance (RHFL) is at the final stages of the debt resolution process. However, according to the sources, lenders cannot proceed with the resolution process due to a coercive stay obtained by the Shapoorji Pallonji (SP) Group from Delhi High Court against RHFL in November 2019. As per the stay obtained by SP Group, RHFL is prohibited from disposing, alienating, encumbering either directly or indirectly or otherwise part with the possession of any its assets, thus directly impacting the ongoing debt resolution.

According to a senior banker involved in the resolution process, it is imperative for the lenders of RHFL to settle the issue with SP Group for the successful closure of the ongoing resolution plan.

CIL ties up with 17 power plants to substitute imports

FE BUREAU
Kolkata, March 2

COAL INDIA (CIL) has tied up with 17 power plants to drive import substitution, besides other measures that have helped it to push 71 million tonne of additional coal to consumers ending February this fiscal. This would help ease pressure on the government's current account with dropping coal imports. All the 17 power plants have linkage existing with the miner.

India's coal imports dropped 29.7% to 48.84 MT in April-June this fiscal and as of February 28, CIL could push additional 71 MT with e-auction booking increasing by 43.5 MT during April-February this fiscal.

Besides inking pact with 17 power plants for taking indigenous coal replacing imported coal, the company offered additional coal to the non-regulated sectors against fuel supply agreements of up to 100% of annual contracted quantity (ACQ). Trigger level for power sector was increased from 75-80% and ACQ for power plants was enhanced to 100% of normative requirement from 90%. Additional coal was allocated to state and central generating companies under flexi utilisation policy enabling them to reduce coal imports.

The firm waived performance incentive to the consumers of power sector for supply of coal beyond the trigger level since the beginning of the fiscal. This helped the consumers opt for additional quantities of coal at lower cost from CIL.

"These coordinated efforts besides 43.5 MT of increased bookings in e-auction, helped arrest the imports by further 28 MT," a senior executive said, adding if CIL had not taken such measures, the consumers would have imported the same amount of coal.

RHFL resolution likely to hit barrier due to SP Group's HC stay in 2019

EVEN AS RELIANCE Housing Finance has got attractive bids under the corporate resolution plan that is in final stages, there could be barrier on a speedy resolution as the Shapoori Pallonji Group had in 2019 got an stay from the Delhi HC against the company to sell its assets, according to sources.

Anil Ambani-controlled Reliance Home Finance (RHFL) is at the final stages of the debt resolution process.

However, according to the sources, lenders cannot proceed with the resolution process due to a coercive stay obtained by the Shapoorji Pallonji (SP) Group from Delhi High Court against RHFL in November 2019. As per the stay obtained by SP Group, RHFL is prohibited from disposing, alienating, encumbering either directly or indirectly or otherwise part with the possession of any of its assets, thus directly impacting the ongoing debt resolution.

According to a senior banker involved in the resolution process, it is imperative for the lenders of RHFL to settle the issue with SP Group for the successful closure of the ongoing resolution plan. —PT

CIL ties up with 17 power plants to substitute imports

FE BUREAU
Kolkata, March 2

COAL INDIA (CIL) has tied up with 17 power plants to drive import substitution, besides other measures that have helped it to push 71 million tonne of additional coal to consumers ending February this fiscal. This would help ease pressure on the government's current account with dropping coal imports. All the 17 power plants have linkage existing with the miner.

India's coal imports dropped 29.7% to 48.84 MT in April-June this fiscal and as of February 28, CIL could push additional 71 MT with e-auction booking increasing by 43.5 MT during April-February this fiscal.

Besides inking pact with 17 power plants for taking indigenous coal replacing imported coal, the company offered additional coal to the non-regulated sectors against fuel supply agreements of up to 100% of annual contracted quantity (ACQ). Trigger level for power sector was increased from 75-80% and ACQ for power plants was enhanced to 100% of normative requirement from 90%. Additional coal was allocated to state and central generating companies under flexi utilisation policy, enabling them to reduce coal imports.

The firm waived performance incentive to the consumers of power sector, for supply of coal beyond the trigger level since the beginning of the fiscal. This helped the consumers opt for additional quantities of coal at lower cost from CIL.

"These coordinated efforts besides 43.5 MT of increased bookings in e-auction, helped arrest the imports by further 28 MT," a senior executive said, adding if CIL had not taken such measures, the consumers would have imported the same amount of coal.

RHFL resolution likely to hit barrier due to SP Group's HC stay in 2019

EVEN AS RELIANCE Housing Finance has got attractive bids under the corporate resolution plan that is in final stages, there could be barrier on a speedy resolution as the Shapoorji Pallonji Group had in 20-19 got an stay from the Delhi HC against the company to sell its assets, according to sources. Anil Ambani-controlled Reliance Home Finance (RHFL) is at the final stages of the debt resolution process.

However, according to the sources, lenders cannot proceed with the resolution process due to a coercive stay obtained by the Shapoorji Pallonji (SP) Group from Delhi High Court against RHFL in November 2019. As per the stay obtained by SP Group, RHFL is prohibited from disposing, alienating, encumbering either directly or indirectly or otherwise part with the possession of any of its assets, thus directly impacting the ongoing debt resolution.

According to a senior banker involved in the resolution process, it is imperative for the lenders of RHFL to settle the issue with SP Group for the successful closure of the ongoing resolution plan.

CIL ties up with 17 power plants to substitute imports

FE BUREAU
Kolkata, March 2

COAL INDIA (CIL) has tied up with 17 power plants to drive import substitution, besides other measures that have helped it to push 71 million tonne of additional coal to consumers ending Februar this fiscal. This would help ease pressure on the government's current account with dropping coal imports.All the 17 power plants have linkage existing with the miner.

India's coal imports dropped 29.7% to 48.84 MT in April-June this fiscal and as of February 28, CIL could push additional 71 MT with e-auction booking increasing by 43.5 MT during April-February this fiscal.

Besides inking pact with 17 power plants for taking indigenous coal replacing imported coal, the company offered additional coal to the non-regulated sectors against fuel supply agreements of up to 100% of annual contracted quantity (ACQ). Trigger level for power sector was increased from 75-80% and ACQ for powerplants was enhanced to 100% of normative requirement from 90%. Additional coal was allocated to state and central generating companies under flexi utilisation policy, enabling them to reduce coal imports.

The firm waived performance incentive to the consumers of power sector, for supply of coal beyond the trigger level since the beginning of the fiscal. This helped the consumers opting additional quantities of coal at lower cost from CIL.

"These coordinated efforts besides 43.5 MT of increased bookings in e-auction, helped arrest the imports by further 28 MT," a senior executive said, adding if CIL had not taken such measures, the consumers would have imported the same amount of coal.

RHFL resolution likely to hit barrier due to SP Group's HC stay in 2019

EVEN AS RELIANCE Housing Finance has got attractive bids under the corporate resolution plan that is in final stages, there could be barrier on a speedy resolution as the Shapoori Pallonji Group had in 20-19 got an stay from the Delhi HC against the company to sell its assets, according to sources. Anil Ambani-controlled Reliance Home Finance (RHFL) is at the final stages of the debt resolution process.

However, according to the sources, lenders cannot proceed due to a coercive stay obtained by the Shapoorji Pallonji (SP) Group from Delhi High Court against RHFL in November 2019. As per the stay obtained by SP Group, RHFL is prohibited from disposing, alienating, encumbering either directly or indirectly or otherwise part with the possession of any its assets, thus directly impacting the ongoing debt resolution.

According to a senior banker involved in the resolution process, it is imperative for the lenders of RHFL to settle the issue with SP Group for the successful closure of the ongoing resolution plan.
