About EFFWA Infra & Research Ltd

Effwa Infra & Research Limited (NSE-SME: EFFWA) is a leading environmental engineering and project management company specializing in end-to-end effluent and sewage treatment solutions, with a strong focus on Zero Liquid Discharge (ZLD) systems. The Company offers integrated services across engineering, consultancy, procurement, construction, commissioning and O&M, supported by ISO 9001:2015 certified processes.

Effwa caters to diverse sectors, including power, mining, steel, and oil & gas, with proven execution capabilities across project scales ranging from 3 MLD to 135 MLD. Backed by more than three decades of promoter experience and a skilled team of engineers, the Company has successfully delivered multiple projects in India and overseas.

Effwa remains committed to advancing water recycling and sustainable wastewater management solutions, enabling industries to minimize environmental impact and achieve long-term resource efficiency.

Safe Harbour Statement

Any forward-looking statements about expected future events, financial and operating results of the Company, are based on certain assumptions that the Company does not guarantee the fulfilment of. These statements are subject to risks and uncertainties. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in the industry, global or domestic or both, significant changes in the political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, technological changes, investment and business income, cash flow projections, interest, and other costs. The Company does not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date thereof.
