From its British roots, a manufacturing plant was established in Madras in 1955, a foothold from which Royal Enfield spearheaded the growth of India's mid-sized two-wheeler segment. Royal Enfields are engaging, uncomplicated, accessible and fun to ride; a vehicle for exploration and self-expression. It's an approach the brand calls 'Pure Motorcycling'. Royal Enfield's premium line-up includes Bear 650, Classic 650, Bullet 650 and the Guerrilla 450 modern roadster, Hunter 350, Meteor 350, Super Meteor 650, Interceptor 650 and Continental GT 650 twins, the Shotgun 650, the Himalayan 450, the Himalayan 440, the Scram 440 ADV Crossover, the iconic Bullet 350, Classic 350 and Goan Classic 350. The company has recently unveiled its dedicated electric mobility brand – the Flying Flea – a fresh take on electric two-wheelers, blending authentic design with advanced technology. The Flying Flea C6, its first product, has been launched in India, Europe and the UK.

Riders and a passionate community are fostered with a rich profusion of events at a local, regional and international level. Most notable are Motoverse (previously Rider Mania), the greatest celebration of motorcycling culture attended each year by thousands of riders from across the globe in Goa, and Himalayan Odyssey; a yearly pilgrimage over some of the toughest terrain and highest mountain passes.
