S. No.	Particulars	Information of such event
11.	Rationale for the transaction	The transaction is being undertaken as part of the Company's asset rationalisation strategy to optimise its asset portfolio and enable greater focus on its core businesses. The Sivagangai unit, being a standalone distillery primarily dependent on molasses as feedstock, has faced challenges due to reduced availability of sugarcane and molasses in Tamil Nadu and the economics associated with sourcing molasses from other States. The transaction is expected to facilitate value unlocking from the asset and enable more efficient deployment of the Company's resources towards its core and strategic businesses.
12.	In case of cash consideration – amount or otherwise share exchange ratio	Please refer to the response in S. No. 4 above.
13.	Brief details of change in shareholding pattern (if any) of listed entity	There will be no change in the shareholding pattern of the Company pursuant to the transaction, as the transaction involves the slump sale of the Sivagangai Unit entirely for cash consideration and does not involve the issuance of any shares.
