## Key Developments – FY2026

- **Mundra Greenfield Facility Operationalised**

Operations commenced at the new Mundra (Gujarat) plant, strengthening capacity to serve growing domestic demand

- **Egypt Facility Nearing Commissioning**

Progressing steadily and expected to commence operations soon, enhancing global manufacturing footprint and regional market access

- **Announces Annual Dividend**

Board recommended an annual dividend of ₹0.70 per share on face value of ₹2, subject to shareholder approval

*“We are pleased to report a strong FY2026 performance, marked by improved profitability, margin expansion, and steady progress on our strategic initiatives. Our India operations continued to witness healthy demand across CNG and industrial gas applications, while the US business maintained momentum supported by a strong order pipeline. We are also seeing improving traction in higher value-added segments such as semiconductors and defence, creating new opportunities for specialised high-pressure gas cylinder solutions. With enhanced manufacturing capabilities and a continued focus on operational excellence, innovation, and customer engagement, EKC is well positioned to capture long-term opportunities across mobility, industrial, and clean energy applications globally.”*
