To,  
Listing Department,  
National Stock Exchange of India Limited,  
Exchange Plaza, Bandra Kurla Complex,  
Bandra East, Mumbai - 400 051

Dear Sirs,

**Sub : Intimation regarding revision (downgrade) in credit rating under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”)**

**Symbol : ELGIRUBCO**

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) (“Listing Regulations”), we would like to inform that the Company has received the following revision in credit rating (Rating Downgraded) by way of Press Release dated June 08, 2026 from Infomerics Valuation and Rating Limited (Infomerics) (formerly “Infomerics Valuation and Rating Private Limited”) on June 12, 2026, as per the rationale attached:

Type of Instrument / Facility	Amount (Rs. in crore)	New Rating Assigned	Previous Rating	Reason for downward revision in rating
Long term Bank Facilities	171.82	IVR BB-/Negative (IVR Double B Negative Outlook) (Rating Downgraded)	IVR BB+/Stable (IVR Double B Plus with Stable Outlook)	The Rating Agency has stated in their Rationale that downward revision reflects the sharp deterioration in the consolidated financial risk profile during FY26, especially in Q4FY26, driven primarily by large impairment losses (~ Rs. 170 crore) recognised on account of liquidation of the step-down subsidiary Rubber Resources BV, Netherlands, coupled with ERCL's weak profitability and elevated leverage levels, as attached herewith.  However, the Company would like to state that the Company's operations are normal and the Company is continuing its focus on strengthening its financial position
Fixed Deposit	12.00	IVR BB-/Negative (IVR Double B Negative Outlook) (Rating Downgraded)	IVR BB+/Stable (IVR Double B Plus With Stable Outlook)	
Short Term Bank Facilities	142.54	IVR A4 (IVR Single A Four) (Rating Downgraded)	IVR A4+ (IVR Single A Four Plus)	
<b>Total</b>	<b>326.36</b>	<b>Rupees Three Hundred and Twenty Six Crore and Thirty Six Lakhs only</b>

We wish to inform further that in the press release dated June 08, 2026 issued by the Infomerics Valuation and Rating Limited (“Infomerics”) (formerly “Infomerics Valuation and Rating Private Limited”) on June 08, 2026, the details of amounts outstanding pertaining to Fixed deposit and Short term Non-fund based Bank Facilities given under the column heading “Current Ratings (Year 2026-27)” were incorrect. Upon identification of the said error, the Company had immediately requested Infomerics to rectify the discrepancy and furnish the revised press release for disclosure under Regulation 30. Accordingly, the revised press release dated June 08, 2026 has been received by the Company today i.e. 12<sup>th</sup> June, 2026 and accordingly, the same is being submitted herewith in accordance with Regulation 30.

Kindly take the above information on record.

Thank you,

Yours faithfully,

**For Elgi Rubber Company Limited**

**Encl:** As above

## ELGI Rubber Company Limited

### June 08, 2026

#### Rating Action

<b>Total Bank Loan Facilities Rated</b>	<b>Rs. 326.36 Crore</b>	<b>Regulator<sup>^</sup></b>
<b>Long Term Rating</b>	<b>IVR BB-/Negative (Rating Downgraded; Outlook revised to 'Negative' from 'Stable')</b>	<b>RBI</b>
<b>Short Term Rating</b>	<b>IVR A4 (Rating Downgraded)</b>	<b>RBI</b>
<sup>^</sup> Kindly note that for activities or instruments falling under the purview of FSRs other than SEBI, the grievance/dispute redressal mechanisms and investor protection mechanisms provided by SEBI shall not be available.		

Refer Annexures for details of facilities/instruments, facility wise lender details, and detailed explanation of covenants.

**Note:** None of the Directors on Infomerics Board are members of rating committee and thus do not participate in discussion or assignment of any ratings. The Board of Directors also does not discuss any ratings at its meetings.

#### Rationale

Infomerics has downgraded the ratings assigned to the bank facilities of ELGI Rubber Company Limited (ERCL). The downgrade reflects the sharp deterioration in the consolidated financial risk profile during FY26, especially in Q4FY26, driven primarily by large impairment losses (~Rs, 170 crore) recognised on account of liquidation of the step-down subsidiary Rubber Resources BV, Netherlands, coupled with ERCL's weak profitability and elevated leverage levels. The consolidated EBITDA declined to negative Rs.36.21 crore in FY26 from Rs.4.49 crore in FY25, while PAT deteriorated sharply to negative Rs.240.02 crore compared to a loss of Rs.4.36 crore in FY25. Gross cash accruals turned negative as well at Rs.69.29 crore in FY26. Further, the agency notes that nearly 24% of the consolidated revenue was contributed by the Netherland subsidiary. Going forward, ability to regain and sustain its operating performance at current levels shall remain a key monitorable. The rating continues to account ERCL's working capital intensive business profile as reflected in an elongated operating cycle of 124 days in FY26, and exposure of its profitability to intense competition and raw material price volatility.

The ratings, however, continues to draw strength from ERCL's established operating track record in the Rubber Industry with a diversified product portfolio catering to the rubber and tyre industry, and the extensive experience of the promoters to support the business growth. Infomerics also notes the management's stated focus on curtailing overseas exposure, discontinuing cash support to loss-making subsidiaries, and prioritising debt reduction through asset sales and internal accruals, which shall remain a key sensitivity.

### Outlook: Negative

The Negative outlook reflects the risk of further pressure on the business and financial profile owing to partial loss of revenue following the liquidation of the overseas subsidiary, execution risks associated with the planned asset monetisation programme, and the need for timely recovery in operating profitability to sustain improvements in liquidity and leverage.

### Analytical Approach

Approach	Comments
Consolidation/ Standalone	Consolidated
Parent/ Group Support	Not Applicable

List of companies considered for consolidation analysis is given at Annexure 4

### Key Rating Drivers with Detailed Description

#### Strengths

- **Experienced Promoters and Long Track Record of the Company**

ELGI Rubber Company Limited benefits from an experienced promoter group with extensive expertise in the rubber, engineering, and manufacturing sectors. The company is led by Mr. Sudarsan Varadaraj, who has over 44 years of industry experience, and is supported by Mr. Harsha Varadaraj and Jairam Varadaraj, who bring strong financial, operational, and leadership capabilities. Backed by a competent board and sound governance practices, the group has established a strong market presence and reported revenue of Rs. 391.94 crore in FY2026.

- **Comprehensive Product Portfolio and Diverse Customer Base:**

The company benefits from a comprehensive product portfolio catering to the tyre retreading ecosystem, including retreading machinery, tools, curing systems, consumables such as pre-cured tread rubber, and rubber recycling solutions. Its diversified customer base comprises leading tyre manufacturers such as CEAT Limited and MRF Limited, along with specialist retreaders and franchise partners. The company's integrated offerings, longstanding customer relationships, and technical support capabilities support its strong market position in the tyre retreading and rubber recycling industry.

- **Established market presence and customer support network**

ELGI Rubber benefits from an established presence across domestic and select international markets, supported by its technical expertise, distribution network, and customer support capabilities. While the company is rationalising its overseas exposure to improve operational efficiency, its longstanding customer relationships and partner network continue to support business stability and market reach.

### Weaknesses

- **Decline in Profitability Margins:**

The company reported a decline in profitability during FY26 due to operational disruptions, elevated manufacturing costs, and losses arising from the liquidation of step-down subsidiary Rubber Resources BV. Consequently, the consolidated EBITDA margin moderated to (-)9.24% in FY26 from 1.17% in FY25, while the company reported a net loss during the year. However, improvement in profitability supported by operational stabilisation and better capacity utilisation at the new facility shall remain a key monitorable.

- **Moderate Capital Structure and Weak Debt Coverage Indicators:**

The group's capital structure remains moderate, with the adjusted tangible net worth declining to Rs. (-)2.80 crore as of March 31, 2026, primarily due to losses incurred due to liquidation of step-down subsidiary. While leverage deteriorated, with TOL/ATNW at 60.49x as on March 31, 2026 (FY25: 3.68x) and overall gearing at 53.45x as on March 31, 2026 (FY25: 2.91x), the debt coverage indicators weakened considerably. The debt protection metrics remained weak during FY26, with negative EBITDA resulting in the Interest Service Coverage Ratio (ISCR) and Debt Service Coverage Ratio (DSCR) being not meaningful. However, Infomerics notes the MOA signed by ELGI Rubber Company Limited for sale of an asset for Rs 43.5 crore set to be completed by end of June 2026.

- **Susceptibility of Profitability to Raw Material Price Volatility:**

The company's profitability remains vulnerable to fluctuations in raw material prices, which can significantly impact operating margins. Key inputs used in tyre retreading and rubber processing are subject to high price volatility, influenced by global crude oil trends and supply-demand dynamics. Although this risk is partially mitigated through long standing customer relationships, price escalation clauses, and the ability to pass on cost

variations in both directions, sudden spikes in input costs can still pressure margins. Furthermore, while shorter-duration contracts allow some flexibility in adjusting prices, sustained volatility poses a continued risk to profitability stability.

### Liquidity – Stretched

Liquidity weakness is evidenced by negative cash accruals in FY26, high reliance on working-capital borrowings of Rs.220.63 crore, and a current ratio of 0.88x as on March 31, 2026. The company is reliant on monetisation of non-core assets to meet near-term obligations. Management has entered into agreements to sell assets. Timely receipt and prudent utilisation of these proceeds towards debt reduction will be critical for liquidity improvement.

### Rating Sensitivities

#### Upward Factors

- Sustained recovery in operating performance, leading to positive EBITDA and cash accruals, along with meaningful reduction in leverage resulting in TD/EBITDA improving below 4.0x
- Improvement in DSCR to above 1.5x on a forward looking and sustainable basis, supported by restoration of operating margins and stable scale. Further, Successful and timely execution of the asset monetisation plan, resulting in tangible deleveraging and improvement in liquidity shall remain amongst the key monitorable

#### Downward Factors

- Moderation in total operating income and/or moderation in profitability resulting in lower cash accruals or delay/failure in asset sales leading to continued pressure on liquidity.
- Weakening of the capital structure further on sustained basis leading to deteriorating in leverage and coverage indicators.

### About the Company

ELGI Rubber Company Limited, listed on the NSE, is a global provider of tyre retreading and rubber recycling solutions. Established in 2006, the company offers end-to-end products and services including materials, machinery, consumables, and technical support, along with reclaim rubber for sustainable tyre recycling. Headquartered in India, it operates six manufacturing units in Tamil Nadu and Kerala and manages subsidiaries across the USA, Kenya, Bangladesh, Brazil, the Netherlands, Australia and Sri Lanka. With integrated capabilities spanning raw materials to

technical services and a broad franchise network, ELGI Rubber holds a strong competitive position in both domestic and international markets.

#### About Infomerics

Infomerics Valuation and Rating Ltd. (“Infomerics”) [Formerly known as Infomerics Valuation and Rating Private Limited], a SEBI-registered and RBI-accredited credit rating agency, is dedicated to delivering independent, transparent, and research-driven ratings. Licensed for credit rating operations since 2015, Infomerics has empowered investors with reliable insights to make informed credit decisions. Driven by robust frameworks and methodologies, enriched by sectoral depth, and defined by analytical precision, Infomerics evaluates a wide spectrum of borrowers including MSMEs, large corporates, banks, NBFCs, state governments, municipal bodies, infrastructure projects, REITs, and InvITs— covering the entire range of debt instruments. With a strong pan-India presence anchored by its Head Office in Delhi and Corporate Office in Mumbai, alongside branches in major cities, Infomerics has rapidly expanded its footprint. Its joint venture in Nepal further underscores its growing influence across South Asia. Over the past decade, Infomerics has emerged as a rapidly expanding force in the credit rating space, achieving broad market recognition and building enduring trust among investors, institutions, and issuers.

For more information and definitions of ratings, please visit [www.infomerics.com](http://www.infomerics.com).

**Disclaimer:** Infomerics ratings are independent opinions on the credit risk of the issue/issuer as of the date they are assigned and do not constitute statements of fact or recommendations to buy, hold or sell securities. The rating reflects Infomerics' opinion on the relative credit risk of the rated instrument or entity at the time it is assigned. Infomerics reserves the right to change or withdraw the credit ratings at any point in time. Infomerics ratings are based on information and data provided by the issuer or obtained from sources believed by Infomerics to be accurate and reliable. Infomerics does not conduct any audit, due diligence or independent verification of the rated issuer or of the information provided to it unless specifically required under applicable regulatory guidelines. The credit ratings are not recommendations to sanction, renew, disburse, or recall the concerned bank facilities. While reasonable care has been taken to ensure the accuracy of the information herein, it is provided on an 'as is' basis and to the maximum extent permitted by law without warranty of any kind. Infomerics makes no representation or warranty, express or implied, regarding the accuracy, adequacy, timeliness, or completeness of any information contained in this report. All entities whose bank facilities/instruments are rated by us have paid a credit rating fee, based on the amount and type of bank facilities/instruments. Infomerics, or any of its group companies, may have provided other permissible services other than credit ratings to the rated issuer in the ordinary course of business. To the maximum extent permitted by applicable law, in no event shall Infomerics, its affiliates, or their respective directors, officers, shareholders, employees, or agents be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special, or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income, lost profits, or opportunity costs) arising from any use of this report. Any person accessing or using this report shall do so at their own risk. Infomerics shall have no obligation to update, revise or supplement this report after its publication except as required under applicable regulatory guidelines. The ratings and reports issued by Infomerics are intended for use in accordance with applicable laws and regulatory requirements governing credit rating agencies in India.
