Detailed Rationale

Infomerics Ratings has downgraded its rating assigned to the bank facilities of ELGI Rubber Company Limited due to lack of adequate information available, non-payment of annual surveillance fees and uncertainty around its credit risk. Infomerics assesses whether the information available about the entity is commensurate with its ratings and reviews the same as per its policy.

The lenders, investors and other market participants are thus advised to exercise appropriate caution while using these ratings as the ratings may not adequately reflect the credit risk profile of the company.

Press Release

Non-cooperation by Issuer

Infomerics has been regularly following up with the company to provide the required data & NDS to monitor its assigned rating to the bank facilities, vide mail communications July 03, 2024, August 05, 2024 and August 12, 2024 and concurrently over several phone calls. However, despite repeated requests by Infomerics, the company's management has not submitted surveillance fees and all the essential details required for detailed review of the assigned ratings.

Availability of information is very critical in rating exercise. In the absence of the requisite information, in consonance with SEBI guidelines, Infomerics has to assign the rating based on the best available information. Accordingly, the Long/Short term ratings for the bank loan facilities of ELGI Rubber Company Limited aggregating to Rs. 276.77 crore shall be moved in the 'ISSUER NOT COOPERATING' category by Infomerics and the rating be noted as IVR BB+/Issuer Not Co-operating/ Negative Outlook & A4+/ Issuer Not Co-operating; Based on best available information.
