Dear Sir,

Sub : Clarification regarding Mambattu reclaim project – reg.

As communicated earlier, the Board has formally decided to expand and re-align its existing rubber reclaim division. For this objective, the company has purchased 14 acres of land from APIIC Limited, located at Mambattu Phase II, Sullurpet, Nellore district. The total cost of the project is estimated at Rs.50 crores. This cost will be partially financed by self generated resources, and partially by debt. The company will be increasing its reclaim rubber installed capacity of 500 M.T. To 1500 M.T. over a period of three years.

In this regard, we wish to inform that:

1. The rationale of this proposed project: additional demand is abandoned.
2. The existing capacity utilisation is 100%

This is for your information and record please. Kindly acknowledge the receipt.

Thanking you,

Sincerely,
For Elgi Rubber Company Limited
