PRESS RELEASE

EMCO Ltd. commissions - 5 MW Photovoltaic Solar Power Plant in Gujarat

Mumbai, April 23, 2012: EMCO Ltd. has commissioned its 5 MW Photovoltaic Solar Power Plant at Village Fatepur in Surendranagar district of Gujarat state. This project is based on the crystalline-silicon photovoltaic technology.

The plant will generate sufficient green energy, so as to avoid 7,500 MT of Carbon emission per annum.

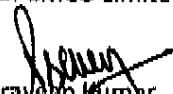

The project is commissioned under Solar Power Policy -2009 of the Government of Gujarat and power generated from the Project will be supplied to Gujarat Urja Vikas Nigam Limited (GUVNL) through a long term power purchase agreement of 25 years.

With the commissioning of this 5 MW Solar Power Project, EMCO has now a total installed capacity of 15.50 MW from the renewable energy sources.

Background

Founded in 1964, EMCO LIMITED is one of India's leading products and solutions provider up to 765 KV for power generation, transmission, distribution utilities and industry. With more than 15 offices and 6 state-of-the-art manufacturing plants across India which are accredited by Bureau Veritas for ISO 9001:2008, ISO 14001:2004 & OHSAS 18001:2007 and as per IEC, ANSI, BS and other international standards, EMCO has been supplying its products and solutions to its customers consisting of electric utilities and industries in India and in more than 45 countries internationally. Based on a strong foundation of technology and with an in-house R&D that works on cutting-edge technology, EMCO system adapts to the continually evolving needs of the modern world in a customer-centric, environmentally sensitive and sustainable manner.
