Earnings Release

Enviro Infra Reports 60.0% YoY Revenue Growth in Q2 FY27

H1 FY27 Revenue grows 54.4% YoY to ₹7,230 Mn; EBITDA increases 16.6% YoY to ₹1,505 Mn

Core Water & Wastewater Business contributes approximately 71% of H1 FY27 Revenue, supported by established treatment and execution capabilities

Diversified Order Book of ₹67,782 Mn across Water & Wastewater and Renewable Energy provides strong execution visibility

Delhi, 05th November 2026: Enviro Infra Engineers Limited, a leading infrastructure company specializing in the design, construction, operation, and maintenance of Water and Wastewater Treatment Plants (WWTPs) and Water Supply Scheme Projects (WSSPs) for government authorities across India and rapidly scaling its presence across renewable energy and battery storage infrastructure, today announced its unaudited consolidated financial results for the quarter ended September 30, 2026.

With an established presence in water and wastewater infrastructure, the Company provides integrated engineering solutions across sewage treatment, sewerage networks, industrial effluent treatment, water supply and treated-water reuse. Supported by its in-house engineering capabilities, advanced treatment technologies and long-term operations and maintenance expertise, Enviro Infra continues to strengthen its core water infrastructure business while expanding its presence across renewable energy and battery storage infrastructure.

Consolidated Key Financial Highlights:

Particulars (₹ Mn)	Q2 FY27	Q2 FY26	YoY	Q1 FY27	H1 FY27	H1 FY26	YoY
Revenue from Operations	3,638	2,273	60.01%	3,592	7,230	4,683	54.39%
EBIDTA*	749	649	15.27%	757	1,505	1,292	16.56%
EBITDA Margin (%)	20.58%	28.56%	(798) Bps	21.07%	20.82%	27.58%	(676) bps
PAT	395	495	(20.22) %	452	847	920	(7.91) %
PAT Margin (%)	10.62%	20.51%	(989) bps	12.38%	11.49%	18.75%	(792) bps

**Excluding other income*

For the Half Year Ended September 30, 2026 (H1 FY27):

- Revenue from Operations stood at **₹7,230 million**, registering a 54.39% YoY growth, supported by execution across the Company's core water and wastewater infrastructure business and increasing contribution from renewable energy operations.
- EBITDA stood at **₹1,505 million**, registering a 16.56% YoY growth, with an EBITDA margin of 20.82%.
- PAT stood at **₹847 million**, with a PAT margin of 11.49%.
- The core water and wastewater infrastructure business, including O&M and annuity revenue, accounted for approximately **71% of consolidated revenue**, reflecting the continued significance of the Company's established operations.

- Renewable Energy contributed approximately **29% of consolidated revenue**, demonstrating the increasing scale of the Company's diversified business portfolio.
- The Company's consolidated order book stood at **₹67,782 million**, providing healthy execution visibility across its infrastructure businesses.

For the Quarter Ended September 30, 2026 (Q2 FY27):

- Revenue from Operations stood at **₹3,638 million**, registering a 60.01% YoY growth, supported by continued execution across the Company's diversified infrastructure portfolio.
- EBITDA stood at **₹749 million**, registering a 15.27% YoY growth, with an EBITDA margin of 20.58%.
- PAT stood at **₹395 million**, with a PAT margin of 10.62%.

Key Business Developments

- **Water & Wastewater Infrastructure:** The Company continues to strengthen its core water and wastewater business through the execution of EPC, HAM and long-term O&M projects. During H1 FY27, it secured two HAM projects in Varanasi under the Namami Gange Programme, with a combined value of approximately ₹257 crore (excluding GST), including 15 years of O&M.
- **Wind EPC Order – Tata Power Renewable Energy:** The Company's step-down subsidiary, Suyog Urja Limited, received an LOI worth ₹224.19 crore (including GST) for EPC works relating to the 180 MW NTPC Wind Power Project in Maharashtra.
- **Wind EPC Order – ARIE Energy:** In October 2026, Suyog Urja received an LOI worth ₹228 crore (excluding GST) for the 100 MW Ajani Wind Power Project in Maharashtra, further strengthening the Company's wind EPC portfolio.
- **Renewable Energy Diversification:** Renewable Energy contributed approximately 29% of H1 FY27 revenue, compared with 11% in FY26, reflecting the growing contribution from solar, wind and Battery Energy Storage Systems (BESS).

Order Book

As of September 30, 2026, the Company's diversified order book stood at **₹67,782 million (₹6,778.2 crore)**, providing healthy execution visibility across its businesses.

- **Water & Wastewater:** ₹34,387 million, comprising EPC orders of ₹21,056 million, HAM projects of ₹3,463 million and long-term O&M contracts of ₹9,867 million.
- **Renewable Energy:** ₹33,395 million across Solar EPC, Wind EPC, BESS EPC, IPP and O&M projects.

Commenting on the overall performance of the Company, Mr. Sanjay Jain, Chairman, Enviro Infra Engineers Limited, said

"Q2 FY27 reflects strong growth in our operations, supported by continued execution across our core water and wastewater infrastructure business and the increasing contribution from our renewable energy portfolio. During the quarter, revenue grew by 60% year-on-year, while EBITDA increased by 15.3%, reflecting the growing scale and diversification of our business.

The core Water and Wastewater segment contributes around 71% of consolidated revenue, underscoring its significance to the overall business. Continuing on the back of our strong execution capabilities, the company is in advanced stages of completion of 3 STP projects, namely 60 MLD STP at Mathura, 77 MLD STP at Yamuna Nagar and 50 MLD STP at Amritsar, being delivered well ahead of time.

Our renewable energy vertical continues to gain momentum across solar, wind and Battery Energy Storage Systems (BESS), contributing approximately 29% of our revenues during H1 FY27. A key development during the quarter was the ₹224.19 crore wind EPC order secured through our step-down subsidiary, Suyog Urja, from Tata Power Renewable Energy Limited, further strengthening our capabilities and presence in the renewable energy sector.

Our diversified order book of approximately ₹6,778 crore across water infrastructure and renewable energy provides healthy revenue visibility. While profitability has been impacted by changes in project mix and elevated costs, we remain focused on disciplined execution, operational efficiencies and maintaining sustainable margins as our businesses scale.

Looking ahead, with increasing investments in water infrastructure, renewable energy and energy storage, we remain confident in our long-term growth opportunities. Our focus continues to be on strengthening execution capabilities, expanding our presence across sustainable infrastructure segments and creating long-term value for our stakeholders."

About Enviro Infra Engineers Limited:

Enviro Infra Engineers Limited, incorporated in 2009 and headquartered in New Delhi, is an infrastructure company specializing in the design, construction, operation and maintenance of Water and Wastewater Treatment Plants (WWTPs) and Water Supply Scheme Projects (WSSPs) for government authorities across India. The Company's expertise spans Sewage Treatment Plants (STPs), Sewerage Schemes (SS), Common Effluent Treatment Plants (CETPs), Water Treatment Plants (WTPs), pumping stations and water supply pipelines, supported by advanced treatment technologies, including Zero Liquid Discharge (ZLD) solutions.

Building on its strong foundation in water and wastewater infrastructure, the Company has diversified into renewable energy through its subsidiary, EIE Renewables, with capabilities across solar, wind and Battery Energy Storage Systems (BESS), further strengthening its presence in sustainable infrastructure.

Backed by an experienced in-house engineering team and strategic joint venture partnerships, Enviro Infra Engineers delivers complex infrastructure projects while adhering to the highest quality, environmental and regulatory standards. The Company's projects are supported by key government initiatives, including the Atal Mission for Rejuvenation and Urban Transformation (AMRUT), the National Mission for Clean Ganga (NMCG) and the Jal Jeevan Mission (JJM), reinforcing its commitment to strengthening India's water and environmental infrastructure.
