**EPC OF TERTIARY TREATMENT PLANTS OF CAPACITY 90 MLD and 75 MLD
VALUED AT ₹ 85.22 CRORES**

**TOTAL NEW ORDERS WORTH ₹ 1,178.30 CRORES IN WATER AND WASTE WATER
TREATMENT SEGMENT IN F.Y. 26 TILL DATE**

New Delhi, August 6, 2025 – Enviro Infra Engineers Limited, a leading infrastructure Company specializing in water and waste-water treatment solutions, is proud to announce that it has from 01.04.2025 to till date, secured cumulative orders worth ₹ 1,178.30 crores from various Government authorities in its core areas of Water Treatment Plants (WTPs), Sewage Treatment Plants (STPs) and Common Effluent Treatment Plant (CETPs).

The most recent addition to this growing order book is two (2) significant projects worth ₹ 85.22 Crores, awarded this week by the Gurugram Metropolitan Development Authority (GMDA) for the design, construction, and commissioning of two (2) Tertiary Treatment Plants (TTPs) with capacities of 90 MLD and 75 MLD. This project marks a significant step in advanced wastewater recycling and reuse, aligning with the country's goals for sustainable urban water management.

This order further reaffirms the Company's position as a trusted partner in the Government's mission for sustainable water infrastructure & environmental management and at the same time supports the Company's expected growth of 35–40% in F.Y. 26 and beyond.

Mr. Sanjay Jain, Chairman & Whole-Time Director of the Company, expressed confidence in the Company's strategic direction, stating: *“We are pleased to witness continued trust from Government bodies across states in our technical and execution capabilities. The cumulative order inflow of over ₹1,178 crores till date, is a reflection to our commitment towards delivering quality water and sewage treatment infrastructure that supports environmental sustainability. The recent GMDA project further strengthens our presence in the reuse segment and we remain committed to executing all projects with excellence and on-time delivery. With this robust order pipeline, Enviro Infra Engineers Limited is well-positioned to continue its growth trajectory and contribute meaningfully to India's water infrastructure development.”*

About Enviro Infra Engineers Limited (EIEL):

EIEL is one of the leading EPC Companies in the business of Water and Wastewater Treatment Plants (WWTPs) and Water Supply Scheme Projects (WSSPs) for government authorities/bodies with over 15 years of experience. WWTPs include Sewage Treatment Plants (STPs), Sewerage Schemes (SS) and Common Effluent Treatment Plants (CETPs).

The Company has an in-house team for designing, engineering and construction which makes us self-reliant on all aspects of our business. We have a team of engineers who are supported by third-party consultants and industry experts to ensure compliance and quality standards laid down by the industry and government agencies & departments. We also have our own team for civil construction works thereby reducing dependence on third parties. The scope of our services typically includes design and engineering of the projects, procurement of raw materials, execution at site with overall project management up to the commissioning of projects. Post commissioning, operations and maintenance of these plants for a certain period of time is generally a part of the award. We have a team of dedicated engineers and personnel focused on operations and maintenance of completed projects.
