Escorts Kubota Limited Tractor Volume grew by 19.1% in June 2026

Faridabad, July 1st, 2026: Escorts Kubota Limited Agri Machinery Business in June 2026 sold 13,695 tractors registering a growth of 19.1% as against 11,498 tractors sold in June 2025.

Domestic tractor sales in June 2026 were at 13,172 tractors, registering a growth of 19.8% as against 10,997 tractors in June 2025. Growth momentum remained positive in June 2026, supported by improved performance across both wholesale and retail segments. Kharif sowing activities have commenced across several regions, although progress has been adversely impacted by the delayed onset of the monsoon. So far water reservoirs have been able to support agricultural activity and rural sentiment, but the deficient monsoon and emerging impact of El Niño conditions remain key monitorables. Overall, rural fundamentals remain stable, though growth momentum is expected to moderate in the coming quarters, depending on monsoon progression, the pace of Kharif sowing and rising input costs.

Export tractor sales in June 2026 were at 523 tractors registering a growth of 4.4% as against 501 tractors sold in June 2025.

Escorts Kubota Limited Construction Equipment volume grew by 49.1% in June 2026

Faridabad, July 1st, 2026: Escorts Kubota Limited Construction Equipment Business Division in June 2026 sold 498 machines registering a growth of 49.1% as against 334 machines sold in June 2025.

The construction equipment industry maintained steady growth, supported by strong infrastructure execution and continued government capex. Equipment utilization remained healthy, aided by favorable construction conditions due to a weaker monsoon outlook. With geopolitical concerns easing and project activity remaining robust, demand stayed resilient. The near-term outlook remains positive, backed by a strong project pipeline and sustained infrastructure investments.
