Company Announcement

Escorts Construction Equipment sales grew by 15.8 percent in October 2021

MoM Volume up by 15.5 percent

Faridabad, November 1st, 2021: Escorts Ltd. Construction Equipment Segment (ECE) in October 2021 sold 462 machines against 399 machines sold in October 2020 registering a growth of 15.8 percent year-on-year and growth of 15.5 percent on month-on-month basis.

Liquidity improved further during October leading to month-on-month retail growth. Going forward, we expect demand momentum to continue and get a further boost from Government push on infrastructure projects and due to long tail of projects under execution & substantial increase in new projects being awarded, our optimism for recovery in this segment remains intact. Inflation in various commodity prices continues to be an area of concern.
