THE STORY OF EUROBOND INDIA'S PIONEER OF ACP MANUFACTURING

For over 22 years now, we have not only introduced the ACP to the Indian Market, but also have been instrumental in fostering the growth of a previously nascent ecosystem. From innovating to developing products that suit the fraternity's design needs, we strived hard to introduce high quality long lasting panels to our customers. We see ourselves as more than just panel manufacturers. Our Employees – Over the years have been Champions in assisting our customers in every step of their journey and have been delivering a one-stop integrated experience. We also take pride of our esteemed network of – Distributors, Dealers and Global Clientele who have been with us over these years committed to our vision. Your idea is our essence and we are truly passionate about bringing it alive. We worked hard to create a trusted Indian brand and we're now working hard to create a trusted brand globally. Over the years, we stay committed to our promise of – Quality, Authenticity & Service and will continue to do so in the years to come. Because After all, we believe in building BONDS THAT LAST.

CHAIRMAN MESSAGE

Mr, RAJESH SHAH
Chairman and Managing Director

Dear Shareholders,

I am delighted to connect with you as we reflect on a year marked by significant achievements and forward momentum. Our performance during the fiscal year 2023-2024 has been exemplary, demonstrating growth across all facets of our operations.

Performance and Achievements

The financial year 2023-2024 has been a period of notable success for our company. Our revenue from operations surged from ₹330 Crores in FY 2022-23 to ₹395 Crores, reflecting a strong and consistent growth trajectory.

We are particularly proud of the comprehensive and well-rounded growth we achieved this year—encompassing revenue, production capacity, product innovations, strategic collaborations, profitability, and market presence. Among our key accomplishments, we are excited about our exclusive collaboration with RHEINZINK, which has enhanced our product offerings with Zinc Composite Panels. Additionally, we have expanded our production capabilities with the installation of a new ACP Production line, increasing our capacity by 5,000 Sq Mtr, making it 25,000 sq.mt. per day. Our Backward Integration project for the Colour Coating Line is progressing as planned, ensuring we remain on track with our growth and development goals.

We have also made significant strides in our distribution network, increasing our presence with the addition of 2 new depots, bringing our total to 14 depots, and 10 new distributors, raising our total to 90 distributors. This expansion has played a crucial role in our revenue growth, allowing us to reach more customers and enhance our market presence.

CHAIRMAN MESSAGE

International Expansion

Our international business, though impacted by macroeconomic challenges, has seen substantial progress. We successfully expanded our export footprint from 12 countries last year to 14 countries this fiscal year. Despite an inflationary environment and foreign exchange constraints, we maintained adherence to global standards and met strong international demand. We take pride in our contribution to the "Make in India, Make for the World" initiative, showcasing our commitment to global excellence.

Addressing Challenges

The past fiscal year was not without its challenges. Geopolitical instability, including the ongoing conflict in Ukraine and renewed tensions in the Middle East, along with persistent inflation, have contributed to market volatility. These factors, coupled with constraints in foreign exchange availability, posed significant obstacles. However, India's economic resilience, driven by strategic investments in infrastructure and rapid digital transformation, has emerged as a beacon of growth. The country's stability and commitment to its economic agenda have bolstered its position as a key player in the future of the digital economy, prompting many economists to revise their growth forecasts positively.

Commitment to Social Responsibility

Our dedication to social responsibility remains steadfast. Our CSR initiatives focus on enhancing the quality of life in the communities we serve, encompassing animal welfare, social development, and educational activities. These efforts are integral to our corporate ethos and reflect our commitment to making a meaningful impact.

Looking Ahead

As we enter FY 2024-25, we are poised for continued innovation and growth. The evolving competitive landscape will require us to intensify our efforts to maintain our status as a preferred brand. We remain dedicated to advancing the use of ACP technology, driving industry innovations, and ensuring affordability for our consumers. Our focus will continue to be on enhancing consumer satisfaction and expanding our market leadership.

Acknowledgments and Appreciation

EUROBOND's success is a testament to the unwavering support of our stakeholders, customers, investors, bankers, and employees. Your collaboration and dedication have been crucial in our journey. Our robust supply chain and ongoing achievements are a direct result of these valuable partnerships. I extend my deepest gratitude to each of you for your continued support, which empowers us to explore new opportunities and achieve greater heights.

FIRE RETARDANT (FR PANELS)

Fire safety is a great concern in India. The need of the hour is to use building materials that are designed to fight the fire and avert major casualties. This makes Eurobond Fire Retardant ACPs, the ideal choice for interior and exterior applications. FR grade ACP sheets are produced from new technology-equipped manufacturing ACP lines. Fire-retardant (FR) materials have become an important ingredient in modern construction. With more and more skyscrapers towering toward the skies in bustling cities, fire proof materials are opening new avenues for the Aluminium Composite Panel segment.

WOMEN EMPOWERMENT

We take great pride in our commitment to creating a more inclusive work environment and empowering women. Reflecting these values, we have established a dedicated, women-led sampling department at our factory in Umbergaon, Gujarat. This pioneering initiative not only supports local communities but also provides meaningful employment opportunities to talented women from neighboring villages.

Our women-led sampling department is integral to every stage of our product sampling process, from precision cutting to meticulous assembly for catalogues, boards, displays, and more. By promoting women's leadership and representation within our workforce, we are cultivating a diverse talent pool and contributing to a more equitable future. This initiative underscores our unwavering dedication to making a positive social impact and building a brighter, more inclusive tomorrow for all.

CORPORATE SOCIAL RESPONSIBILITY

Building a Better Future Together

At Eurobond, we deeply value the communities around us and consider it a privilege to contribute to their growth and well-being. As we move forward, we are dedicated to amplifying our efforts to make a meaningful impact across four key sectors.

Education

We firmly believe in the transformative power of education, and to support this conviction, we have initiated funding for school construction projects. Our goal is to provide children with safe, inspiring learning environments that empower them to reach their full potential and shape a brighter future.

Social Welfare

We are deeply committed to enhancing the well-being of our communities. Through our dedicated social welfare programs, we aim to deliver essential support and resources, empowering those in need and paving the way for a brighter, more promising future for everyone.

Animal Welfare

At Eurobond, our commitment to care extends to all living beings, not just humans. We proudly support animal welfare organizations, actively contributing to the well-being and protection of our fellow creatures.

While these are just the initial steps, we are determined to expand our focus on these sectors and explore additional avenues for making a meaningful and lasting difference in the lives of the communities we serve. Together, we can build a better future and create a positive legacy for generations to come.

SUSTAINABILITY

10.6% Increase in solar power generation from FY 23 at our production facility in umbergaon.

Increasing Share of Renewable Energy

We are dedicated to expanding our renewable energy capacity and minimizing our carbon footprint. Our commitment to clean, sustainable energy paves the way for a greener future for generations ahead.

Management Approach

We recognize the urgent need to address environmental issues and integrate sustainability into our operations. With a comprehensive approach to environmental stewardship, we lead by example, aiming for a greener, more sustainable future.

Our leadership team advocates for responsible resource management, energy efficiency, waste reduction, and pollution prevention. We prioritize the use of renewable and clean energy sources, adopt eco-friendly practices, and invest in green technologies. Through meticulous monitoring and reporting, we continually evaluate and enhance our environmental performance.

Progress in FY24 (Key Measures)

- Replaced 100% conventional Lighting with LED lighting.
- Installation of Variable Frequency Drive (VFD) in compressors and pumps, resulting in 20% energy saving.
- Increase of 10.6% in Solar Power Generation from FY23

WASTE MANAGEMENT

Advancing Sustainability with Responsible Waste Management

At Euro Panel Products Limited, we place a high priority on environmental responsibility throughout our operations. Our waste management practices reflect this commitment by aiming to reduce our impact while optimizing resource utilization. In line with our core values of sustainability and innovation, we have implemented effective waste management strategies.

LDPE Waste Management:

Acknowledging the significance of managing plastic waste, particularly Low-Density Polyethylene (LDPE), we ensure that most of our LDPE waste is thoroughly recycled. The material is crushed and reprocessed, seamlessly reintegrating into our production process. This approach highlights our commitment to a circular economy, minimizing landfill-bound plastic and conserving resources.

Aluminium Waste Recycling:

The recyclability of aluminium is crucial; recycling it consumes up to 95% less energy compared to primary production. We systematically collect, sort, and sell the majority of our aluminium waste to certified vendors for recycling. This proactive strategy diverts waste from landfills, repurposes valuable materials, and contributes to significant energy savings and reduced emissions.

Sewage Treatment Plant:

Our state-of-the-art Sewage Treatment Plant (STP) is essential for managing on-site wastewater. The meticulous treatment process effectively removes contaminants, producing effluent that meets rigorous quality standards. This treated water is recycled and reused on-site, reducing our dependence on external water sources and preventing potential water pollution.

Environmental Stewardship and Future Outlook:

Our waste management practices reflect our strong environmental commitment. We continuously refine our methods, aligning with global best practices and emerging sustainability trends. By embracing responsible waste management, we aim to set a high industry standard for environmental consciousness and contribute positively to the well-being of our planet and communities.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION and RESULTS OF OPERATION

This chapter on Management's Discussion and Analysis ("MD&A") is to provide the stakeholders with a greater understanding of the Company's business, the Company's business strategy and performance, as well as how it manages risk and capital.

OVERVIEW:

The global economy is projected to grow by 3.2% in both CY 2024 and CY 2025. This growth is expected to be supported by accelerated disinflation and a stable outlook for world trade. Moreover, diminishing inflationary pressures may lead to lower borrowing costs and increased consumer confidence. However, high geopolitical tensions pose a significant near-term risk to economic activity and inflation. This risk is particularly pronounced if geopolitical conflicts in the Middle East and along the Red Sea route escalate, potentially increasing logistics costs and energy and commodity prices, thereby raising the possibility of supply disruptions. Additionally, ongoing service price pressures could result in unexpected inflation spikes and prompt financial markets to reassess expectations of monetary policy easing.

The Company's wide-ranging and adaptable product range, coupled with an assurance of superior quality and affordability, has solidified the presence in the market and helped us flourish, even amidst challenging circumstances. From the outset, company has focused on enhancing customer satisfaction, which drives us to continually innovate. This year, the Company has widened the range of products and explored new categories, prioritizing the customers. Supporting our operations are our in-house manufacturing capabilities, which also improve our quality control and cost efficiency, enabling us to offer high-quality products at competitive prices. This has allowed us to develop products that resonate with our customers, underpinning our enduring success.

The financial year 2023-24 proved to be a diverse operating environment.

The Company continues to enjoy favourable terms with its vendors / customers for effectively managing its working capital requirements at optimum cost. The Company continue to focus on timely collections & also planning procurement optimally to mitigate fluctuations in raw materials prices and for minimising the logistic costs.

The Company has its well-defined policy to protect the infrastructure and secure its information. The policy clearly stands to safeguard all information in the interest of the Company. The Company has a robust security mechanism designed to defend and protect its infrastructure from external threats or vulnerabilities.

Through the Corporate Social Responsibility (CSR) initiatives, Company strives to uplift the less privileged sections in education. The Company's efforts are guided by a mission-like dedication to making a tangible difference in the lives of those in need. Also, it believes it is essential to prioritize education and provide opportunities to those who may not have access to it otherwise. Through the educational initiatives, Company empowers individuals to lead a brighter future.

In the short to medium term the Company expects strong revenue growth, better operating margins, increasing contribution of value-added products & continued focus on efficient working capital management.

This year company has opened three new depots i.e., Jaipur, Bhubaneswar and Guwahati and has plans to open new depot at Hubli and Ranchi to penetrate the Brand 'EUROBOND' all over India.

COMPANY PERFORMANCE:

Financial year 2023 – 2024 again saw a robust demand due to development in infrastructure and construction Sector, The Company earned operational income of ₹ 39,522.54/- (in Lakhs) compared to ₹ 32,953.93/- (in Lakhs) in the previous year. This shows significant increase in turnover during the year under review.

Profit after tax for the year under review is ₹ 1,461.12/- (in Lakhs) as compared to previous year figure of ₹ 1,007.85/- (in Lakhs). The increase in profit is mainly due to the increase in Turnover of the Company.

The company's financial performance during the Financial Year 2023-2024 has been considerably good. Further, the Management is hopeful for the future growth as well.

PRODUCT WISE PERFORMANCE:

While the demand for ACP is rising due to emergence of new applications as well as increased market penetration in existing applications, the most positive aspect is the growth in fire retardant segment. FR products are now dominating in the market and the company anticipates this to grow each year with the due importance being given to fire safety. The Company has also started the manufacturing of Zinc Composite Panels as well.

BRAND WISE PERFORMANCE:

Your Company is engaged in Manufacturing ACPs under two brands – "Archer / Eurobond". Eurobond is the brand that is well known in the premium segment due to its quality. Archer is the brand that caters to the economy segment, being partitions, signage, interiors, and more. Through this strategy the company is increasing market share in each segment of the market.

RISK MANAGEMENT:

Numerous macroeconomic factors can significantly influence business operations including economic downturns that affect discretionary spending and require adjustments in pricing and promotional strategies to maintain market resilience. Our Business also faces raw material price risk, necessitating vigilant inventory management and strategic pricing adjustments to mitigate financial impacts. Furthermore, company diversify and enhance distribution network to safeguard market presence and customer reach, reducing dependence on single channels. Moreover, company prioritize prudent financial management to ensure liquidity and meet obligations, supported by cash reserves for contingency planning. Though risks are inherent to any business, our commitment to quality and innovation, distinguish us in the marketplace.

ENVIRONMENT, HEALTH & SAFETY:

The Company is committed to promote a safe and healthy environment for its employees and community. Through education, auditing and monitoring, technical consultation, and the provision of direct services, the Company mitigates the organizational risks and meets its responsibilities for health, safety and environmental requirements. To improve the consistency of the organization's approach towards environment safety controls, the Company implemented ISO 9001 and introduced a series of global standards, principles and practices that each operation should adopt. ISO 9001 focuses on managing organization's impact on the external environment, to reduce pollution and comply with regulations. Improving safety performance continues to be a priority for the Company. Improvements have been made in the methods of internal communication, knowledge sharing and reporting on safety matters.

OUTLOOK:

Further, the Management is hopeful that Company will register a considerable growth rate in future as the Corporate. The Company is working rapidly and looking forward for opportunities to grab more and more business and develop its business activities in such a way by minimizing its risk of losing business through others, the positive results of which will be seen in the years to come.

The usage of Aluminium Composite Panels (ACPs) for building facades and interiors is catching up internationally. ACP Panels have made tremendous strides in India in the last ten years, one of the most significant growing markets in the Asia Pacific area after China. The Company has now started focusing on Zinc Composite Panels as well in India.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The company has adequate, proper and well placed Internal Financial Control System, which ensures that all the assets are safeguarded, and all the transactions are authorized, recorded and reported correctly in a timely manner.

Internal Auditors comprising of professional firms of Chartered Accountants have been entrusted to conduct regular internal audits and report to the Management, the lapses, if any. Both Internal Auditors and Statutory Auditors independently evaluate the adequacy of Internal Control System. Based on the Audit observations and suggestions, follow-up, remedial measures are being taken including review and increase in the scope of coverage, if necessary.

Independence of the Audit and Compliances is ensured by direct reporting of Internal Auditors to the Audit Committee of the Board. The Audit Committee of Directors in its periodical meetings, review the adequacy of Internal Financial Control System and procedures and suggest areas of improvement.

HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT:

The Company firmly believes that our employees are our key competitive advantage. The Company's employees contribute a wealth of multi-sectoral experience, technological expertise and domain knowledge. The HR culture is characterized by its commitment to redefining traditional standards to improve competitiveness. The company regularly makes decisions that align with employees' professional and personal goals, striving to achieve an ideal work-life balance. As on March 31, 2024, the company had 439 permanent employees at its manufacturing plant, administrative office and Sales Force.

The Company's industrial relations continued to be harmonious during the year under review.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Euro Panel Products Limited** ("the Company"), which comprise the balance sheet as at March 31, 2024, the statement of profit and loss (including Other Comprehensive Income), the statement of changes in equity and the statement of cash flows and statement of changes in Equity for the year then ended, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the financial statements and auditors' report thereon

The Company's Management and Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Standalone Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Company's Management and Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the standalone statement of changes in equity and standalone statement of Cash flows dealt with by this report are in agreement with the books of accounts.
- d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting
- g) With respect to the other matters to be included in the Auditor's report in accordance with the requirements of Sec 197(16) of the Act as amended, we report that

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations as at March 31, 2024 which would impact its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv.
 - a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) Whether the management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations made under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
- i) The Company has not declared any dividend during the year.
- j) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Annexure A - To The Independent Auditor's Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Euro Panel Products Limited of even date)

1) Details of tangible and intangible assets

- The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment;
- The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- Whether the title deeds pertaining to the immovable properties (except properties which are leased by the company with duly executed lease agreements in the company's favour) disclosed in the financial statements are held in the name of the company.
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including right of use assets) or intangible assets or both during the year
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

2) Details of inventory and working capital

- According to information and explanation given to us, the inventories have been physically verified by the management at reasonable intervals & no material discrepancies were noticed on such verification between the physical stocks and the books records that were more than 10% in the aggregate of each class of inventory.
- According to information and explanation given to us, the company has sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets.
- In our opinion and according to the information and explanations given to us, the monthly returns or statements comprising stock statements filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective monthly.

3) Details of investments, any guarantee or security or advances or loans given

- According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The Company has granted loans to below parties during the year in respect of which the requisite information is as below. The Company has not granted any loan, secured or unsecured, to companies, firms or limited liability partnership during the year.

- According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
- In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, as defined in the Act. The Company does not hold any investment in any associate or joint venture (as defined in the Act) during the year ended March 31, 2024.
- According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries (as defined under the Act)

10) Funds raised and utilisation

The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

11) Fraud and whistle-blower complaints

- According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.

12) Compliance by a Nidhi

In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3 (xii)(a), 3 (xii)(b) and 3 (xii)(c) of the Order is not applicable.

13) Compliance on transactions with related parties

According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with related parties are in compliance with sections 177 and section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

14) Internal audit system

- a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has adequate internal audit system in accordance with its size and business activities.
- b) We have relied upon the internal audit reports issued by the internal auditor during the year in determining the nature, timing and extent of our audit procedures.

15) Non-cash transactions

In our opinion and accordingly to the information and explanations given to us, the Company has not undertaken any non-cash transactions with their directors or other persons connected with him and hence provision of Section 192 of Companies Act, 2013 are not applicable to the company.

Annexure "B" To The Independent Auditor's Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Euro Panel Products Limited

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Euro Panel Products Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management and Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Euro Panel Products Limited

(Formerly Known as Euro Panel Products Pvt Ltd)

Significant Accounting Policies

A. Corporate Information

Euro Panel Products Limited ("the Company") (Formerly known as Euro Panel Products Private Limited) is a listed entity incorporated in India under Companies Act, 2013 vide CIN L28931MH2013PLC251176 and its equity shares are listed on the National Stock Exchange, NSE Emerge Platform in India. The registered office of the company is located at 702, 7th Floor Aravalli Business Centre, Borivali (West), Mumbai – 400 092.

The Company has one (1) manufacturing units and Fourteen (14) trading depot(s) spread across PAN India. The Company is primarily engaged in manufacturing & supplying of Aluminium Composite Panels in India and globally.

B. Significant Accounting Policies

B.1 Basis of Preparation and Presentation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the relevant amendment rules issued thereafter. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Rounding Off

The Company's Financial Statements are presented in Indian Rupees (₹), which is also its functional currency, and all values are rounded to the nearest Lakhs ('00,000), except when otherwise indicated.

B.2 Summary of Significant Accounting Policies

a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/Non-Current classification.

An Asset is treated as Current When it is –

- Expected to be realized or intended to be sold or consumed in normal operating cycle.
- Assets are intended for sales or consumption.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All Other assets are classified as non-current.

A Liability is current when it is –

- It is expected to be settled in a normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The company classifies all other liabilities as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

Deferred tax Assets and Liabilities are classified as non-current assets and liabilities.

b) Property, Plant and Equipment**b.i) Tangible Assets: - Measurement at recognition:**

- i). An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.
- ii). The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable to the cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted on arriving at the purchase price. Cost includes the cost of replacing a part of a plant and equipment if the recognition criteria are met. Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met.
- iii). Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.
- iv). The Company had elected to consider the carrying value of all its property, plant and equipment appearing in the Financial Statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in the opening Ind AS Balance Sheet prepared on 1st April 2021.

Capital Work-In-Progress and Capital advances:

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as under Other Current Assets.

Depreciation and Amortization:

Depreciation on each part of an item of property, plant and equipment is provided using the Straight-Line Method based on the useful life of the asset as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets has been assessed based on technical advice which considers the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. The estimated useful life of items of property, plant and equipment is mentioned below:

PARTICULARS	DEPRECIATION
Factory Building	Over the period of 30 years
Plant & Machinery	Over the period of 8 years
Motor Car	Over the period of 8 years
Air Conditioner	Over the period of 5 years
Computer	Over the period of 3 years
Electrical Equipment's	Over the period of 10 years
Furniture & Fixtures	Over the period of 10 years
Laboratory Equipment's	Over the period of 10 years
Office Equipment's	Over the period of 5 years
Right of Use Assets	Over the period of lease

Freehold land is not depreciated. Leasehold improvements are amortized over the period of lease.

The Company, based on technical assessment made by technical expert and management estimate, depreciates certain items of property, plant and equipment (as mentioned below) over estimated useful lives which are different from the useful lives prescribed under Schedule II to the Companies Act, 2013.

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used:

- The useful lives of plant and equipment are estimated in the range of 8 years. These lives are different from those indicated in Schedule II (15 Years).
- The useful lives of laboratory equipment are estimated in the range of 10 years. These lives are different from those indicated in Schedule II (15 Years).

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such a change is accounted for as a change in an accounting estimate.

Derecognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

b.ii) Intangible Assets: -Measurement at recognition:

- i). Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.
- ii). The Company had elected to consider the carrying value of all its intangible assets appearing in the Financial Statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in the opening Ind AS Balance Sheet prepared on 1st April 2021.

Amortization

Intangible Assets with finite lives are amortized on a Straight-Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets is mentioned below:

PARTICULARS	DEPRECIATION
Brand / Trademarks	Over the period of 5 years
Computer Software	Over the period of 6 years

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such a change is accounted for as a change in an accounting estimate.

Derecognition

The Carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

b.iii) Impairment

- Assets that are subject to depreciation and amortization are reviewed for impairment at each reporting date, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.
- An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use.

- Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses, on assets other than goodwill are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

c) Revenue Recognition

The Company derives revenues from sale of manufactured goods and traded goods and related services.

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sales as disclosed are exclusive of Goods and Service Tax.

Sale of products

Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognized based on the cost (i.e., FOB value). Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc.

Other Income

- **Interest Income:**

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

- **Dividend Income:**

Dividend Income is recognized when the Company's right to receive the amount has been established.

- **Duty Drawback Received:**

Income from export incentives and duty drawbacks is recognised on accrual basis when no significant uncertainties as to the amount of consideration that would be derived and as to its ultimate collection exist.

d) Inventories

Inventories such as Raw Materials, Stock in Trade, Packing Materials, Stores and Spares, Components, consumables, Traded Goods and Finished Goods are valued at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost.

Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition. Cost is determined on a first in, first out basis.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

e) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i). Financial Assets

• **Initial Recognition and Measurement**

All financial assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value through Profit or Loss, are adjusted to the fair value on initial recognition. Purchases and sales of Financial Assets are recognized using trade date accounting.

Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Statement of Profit and Loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial asset.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

• **Subsequent Measurement**

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria.

- i. The Company's business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i. Financial Assets measured at amortized cost.
- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii. Financial assets measured at fair value through profit or loss (FVTPL)

1) Financial Assets measured at Amortized Cost (AC)

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the assets in order to collect contractual cash flows and the contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans, and other financial assets of the company (refer note 30 for further details). Such financial assets are subsequently measured at amortized using the effective interest method.

Under the effective interest method, the future cash receipts are discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method effective interest method is recognized as interest.

2) Financial Assets measured at Fair Value Through Other Comprehensive Income (FVOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payment of principal and interest on the principal amount outstanding.

3) Financial Assets measured at Fair Value Through Profit or Loss (FVTPL):

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company

changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments

- **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e., removed from the Company's Balance Sheet) when any of the following occurs: -

- i) The contractual rights to cash flows from the financial asset expires.
- ii) The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of financial asset.
- iii) The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset).
- iv) The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability. The financial assets and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset, (except as mentioned in (ii) above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the Statement of Profit and Loss.

- **Impairment of Financial Assets**

In accordance with Ind -As 109, The Company applies "**Expected Credit Losses (ECL)**" model, for measurement and recognition of loss allowance on the following:

- i. Trade receivables and lease receivables
- ii. Financial assets measured at amortized cost (other than trade receivables and lease receivables)
- iii. Financial assets measured at fair value through other comprehensive income (FVTOCI)

In the case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In the case of other assets (listed as (ii) and (iii) above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition.

If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL are measured in a manner that they reflect unbiased, and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other Expense'.

ii). **Financial Liabilities**

• **Initial Recognition and Measurement**

The Company recognizes financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument.

All Financial Liabilities are recognized initially at fair value and in case of borrowings, net of directly attributable cost (except when the attributable cost is not material, in such case the same is directly recognized in statement of profit and loss). Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

• **Subsequent Measurement**

All financial liabilities of the Company are subsequently measured at amortized cost using the effective interest method (Refer note 30 for further details).

Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Statement of Profit and Loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

• **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

• **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

iii) **Fair Valuation of Financial Instruments**

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability the principal or the most advantageous market must be accessible by the company.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows:

Level 1 — Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 — Other techniques for which all inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly.

Level 3 — Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between the levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

f) Foreign Currencies Transactions and Translation

Initial Recognition:

On Initial recognition transactions in foreign currencies entered into by the Company are recorded in the functional currency i.e., Indian Rupees), by applying to the foreign currency amount, the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Measurement of Foreign Currency items at reporting date:

Foreign Currency monetary items of the Company are translated at the closing exchange rates. Nonmonetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured using the exchange rate at the date of the transaction. Non-monetary items that are measured date when the fair value is measured.

Exchange differences arising out of these transactions are recognised in the statement of Profit and Loss.

g) Income Taxes

Tax Expenses is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

- **Current Tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit and loss is recognized outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

- **Deferred Tax**

Deferred tax is recognized as temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit under Income Tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in the case of temporary differences that arise from initial recognition of assets or liabilities in a transaction affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In the case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

h) Provisions for Warranty and other provisions, Contingent Liabilities, Contingent Assets and Commitments

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimate.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

A contingent asset is disclosed, where an inflow of economic benefits is probable.

i) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments net of bank overdrafts which are repayable on demand as this form an integral part of the Company's cash management.

j) Cash Flow Statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

k) Employee Benefits Expenses

i) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

ii) Post Employment Benefits

• **Defined Contribution Plans**

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees.

Recognition and measurement of defined contribution plans:

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

- **Defined Benefit Plans**

Recognition and measurement of defined benefit plans:

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date.

iii) Other Employee Benefits Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid because of the unused entitlement as at the year end.

i) Lease

Assets taken on lease:

The Company mainly has lease arrangements for land and buildings for offices, warehouse spaces and retail stores.

The Company assesses whether a contract is or contains a lease, at inception of a contract. The assessment involves the exercise of judgement about whether

- (i) the contract involves the use of an identified asset,
- (ii) the Company has substantially all the economic benefits from the use of the asset through the period of the lease, and
- (iii) the Company has the right to direct the use of the asset.

The Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability at the lease commencement date. The ROU asset is initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The ROU asset is depreciated using the straight-line method from the commencement date to the earlier of, the end of the useful life of the ROU asset or the end of the lease term. If a lease transfers ownership of the underlying asset or the cost of the ROU asset reflects that the Company expects to exercise a purchase option, the related ROU asset is depreciated over the useful life of the underlying asset. The estimated useful lives of ROU assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company uses an incremental borrowing rate specific to the Company, term and currency of the contract. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability include fixed payments, variable lease payments that depend on an index or a rate known at the commencement date; and extension option payments or purchase options payment which the Company is reasonably certain to exercise.

Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and the ROU asset. The related payments are recognized as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line "Other Expenses" in the Statement of Profit or Loss.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made and remeasured (with a corresponding adjustment to the related ROU asset) when there is a change in future lease payments in case of renegotiation, changes of an index or rate or in case of reassessment of options.

The company has applied the exemptions under IND AS 101 for First Time Adoption of Ind AS. Accordingly the company, has used a single discount rate for lease with similar characteristics and measured a lease liability at the date of transition at present value of remaining lease payments using the incremental borrowing rate (discount rate) as at the date of transition. Right of use assets is measured at an amount equal to lease liability at transition date.

Short term leases and leases of low-value assets

The Company has elected not to recognize ROU assets and lease liabilities for short term leases as well as low value assets and recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Further under the exemption under IND AS 101, the company has elected not to apply Ind AS 116 to leases for which the lease term ends within 12 months of the transition date i.e., 1st April 2022.

The lease payments are expensed out as per lease term in the statement of Profit and Loss.

m) Borrowing Cost

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are incurred in the period in which they occur.

n) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing the performance of the operating segments of the Company.

o) Earnings Per Share

Basic Earnings Per Share

Basic earnings per share are calculated by dividing the net profit attributable to the equity shareholders of the Company with the weighted average number of Equity shares outstanding during the financial year.

Diluted Earnings Per Share

Diluted Earnings per share is calculated by dividing net profit attributable to the equity shareholders of the Company with the weighted average number of shares outstanding during the financial year.

C) Key accounting estimates and judgements

The preparation of the Company's Financial Statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities effected in future periods.

Critical Accounting judgements and Key Sources of Estimation Uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a) Income Taxes

Judgment of the Management is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from the actual outcome which could lead to significant adjustment to the amounts reported in the financial statements (Refer note 32).

b) Property, Plant and Equipment

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment/Intangible Assets are depreciated/amortized over their estimated useful life, after considering estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation/ amortization to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and consider anticipated technological changes. The depreciation/amortization for future periods is revised if there are significant changes from previous estimates.

c) Defined Benefit Obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 37, 'Employee benefits'.

d) Fair Value Measurement of Financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

e) Right-of-Use Assets and Lease Liability

The Company has exercised judgement in determining the lease term as the non - cancellable term of the lease, together with the impact of options to extend or terminate the lease if it is reasonably certain to be exercised.

Where the rate implicit in the lease is not readily available, an incremental borrowing rate is applied. This incremental borrowing rate reflects the rate of interest that the lessee would have to pay to borrow over a similar term, with a similar security, the funds necessary to obtain an asset of a similar nature and value to the right - of - use asset in a similar economic environment. Determination of the incremental borrowing rate requires estimation.

f) Recoverability of Trade Receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required or not. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

g) Provisions

The timing of recognition and quantification of the liability (including litigations) requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Notes : Financial assets and liabilities include cash and cash equivalents, trade receivables, eligible current and non-current assets, trade payables, borrowings, lease and eligible current liabilities and non-current liabilities. The fair value of cash and cash equivalents, trade receivables, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments.

Note : 31 - Fair value hierarchy for assets and liabilities

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

i) Level 1

Quoted (unadjusted) prices in active markets for identical assets or liabilities.

ii) Level 2

Other techniques for which all inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly.

iii) Level 3

Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

(I) The carrying amount and fair value measurement hierarchy for financial assets as at March 31, 2024 is as follow

(₹ in Lakhs)

Particulars	Carrying value	Fair Value	Fair value hierarchy			Total
			Quoted prices	Significant observable inputs	Significant unobservable inputs	
			Level 1	Level 2	Level 3	
Financial assets measured at fair value through profit and loss (FVTPL)						
Investment in unquoted equity instruments	14.35	14.35	-	-	14.35	14.35
Total			-	-	14.35	14.35

(I) The carrying amount and fair value measurement hierarchy for financial assets as at March 31, 2023 is as follow

(₹ in Lakhs)

Particulars	Carrying value	Fair Value	Fair value hierarchy			Total
			Quoted prices	Significant observable inputs	Significant unobservable inputs	
			Level 1	Level 2	Level 3	
Financial assets measured at fair value through profit and loss (FVTPL)						
Investment in unquoted equity instruments	14.20	14.20	-	-	14.20	14.20
Total			-	-	14.20	14.20

(II) Financial instruments measure at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the Financial Statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled

Note : 33 - Financial Risk Management

The Company's activities expose it to a variety of financial risks. The Company's primary focus is to foresee the unpredictability and seek to minimize potential adverse effect on its financial performance.

The Company's Board of Directors which is responsible for monitoring the Company's risk management policies which are established to identify and analyse the risks faced by the Company. The Board of Directors periodically review the changes in the market condition and reflect the changes in the policies accordingly.

a) Credit Risk :

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the Company. The Company is exposed to its credit risk through its operating activities (primarily trade receivables).

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of the customers, to whom the Company grants credit in accordance with the terms and conditions and in ordinary course of its business. The Company further individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Company makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

The Company monitors each loan and advance given and makes any specific provision, as and when required.

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables and loans and advances.

The Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute

b) Liquidity Risk :

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

e) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonable possible changes of assumptions occurring at the end of reporting period, while holding all other assumptions constant. These plans typically expose the Company to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk. Investment risk The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Interest risk A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan debt investments. Longevity risk The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability. Salary risk The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. The result of sensitivity is given below:

Particulars	2023-24	2022-23
Changes in Discount rate +100 basis points	128.96	89.17
Changes in Discount rate -100 basis points	166.92	116.29
