Encl: As stated above

Euro Pratik Sales Limited to Acquire 51% Stake in Drashti Surfaces Private Limited for an Investment of up to ₹31.12 Crore

Building a Broader Product Platform backed by In-house Manufacturing Expertise

Mumbai, 5th November 2026: Euro Pratik Sales Limited, a leading player in the organised decorative wall panels and interior solutions industry, has announced the **acquisition of a 51% controlling stake in Drashti Surfaces Private Limited**, a manufacturer of premium veneers and decorative laminates with manufacturing facilities in Bhilad and Silvassa. The transaction, valued at **₹31.12 crore, along with a loan commitment of up to ₹20 crore**, is expected to be completed within **90 days** of the execution of the Share Purchase and Subscription Agreement and will be funded in phases through internal accruals, reflecting the Company's strong financial position. The acquisition is expected to strengthen Euro Pratik's product offerings and manufacturing capabilities.

Drashti Surfaces Private Limited, promoted by Mr. Jitendra Nandu, is a manufacturer of premium decorative laminates and veneers. The Promoters are in the business of Decorative Veneer and Laminate Industry since 1998 with manufacturing expertise. The company offers a diverse portfolio of laminates, veneer solutions, and value-added surface products catering to residential, commercial, and architectural applications. Backed by manufacturing facilities in Silvassa and Bhilad, advanced processing capabilities, and a strong focus on product innovation, Drashti serves architects, interior designers, furniture manufacturers, contractors, builders, and other industry stakeholders. The company is recognized for its design-led product offerings, pioneering introduction of synchronised laminates and release paper-based laminates in India, and its growing presence in international markets.

The acquisition strengthens Euro Pratik's integrated decorative surfaces platform by adding an owned manufacturing base for premium veneers and laminates, providing greater control over quality, costs, and speed-to-market. Through the combination of Drashti's manufacturing expertise, institutional relationships with leading hospitality and real estate players, and export presence across international markets, with Euro Pratik's established brand, design capabilities, and pan-India distribution network, the Company aims to enhance market penetration and drive sustainable long-term growth.

The transaction is also expected to create meaningful two-way synergies. Drashti will benefit from Euro Pratik's extensive distributor and dealer network, while Euro Pratik gains access to Drashti's manufacturing backbone, institutional customer relationships, and specialised product innovations. Together, the combined platform strengthens the Company's vision of becoming a comprehensive interior decorative and surface solutions provider across retail, institutional, and international markets.

Commenting on this strategic direction, Mr. Pratik Singhvi, Chairman and Managing Director, Euro Pratik Sales Limited, said, "*The acquisition of Drashti Surfaces marks another milestone in Euro Pratik's strategy of building a more integrated and diversified decorative surfaces platform. Following the acquisitions of URO Veneer World and Chawla Brothers, which strengthened the Company's retail footprint and*

distribution presence across key markets, Drashti adds in-house manufacturing capabilities in premium veneers and decorative laminates, and will enhance Euro Pratik's presence across institutional, retail, and export channels.

In addition, the transaction is expected to create meaningful synergies across manufacturing, distribution, design innovation, and customer relationships. Drashti's established relationships with leading hospitality brands, developers, and international customers complement Euro Pratik's extensive distribution network, strong brand recall, and design-led business model. Backed by a strong balance sheet and a capital-efficient acquisition structure, Euro Pratik remains well positioned to strengthen its integrated surface décor platform and pursue opportunities that enhance product capabilities, deepen customer engagement, and support long-term value creation. This acquisition perfectly mirrors Euro Pratik's DNA as an innovator, uniting with Drashti Surfaces—a pioneer among the first to launch specialized products like Zero Series synchronized laminates, release paper laminates, dyed and metallic veneers, and marquetry."

The acquisition builds on the strategic additions of URO Veneer World and Chawla Brothers, further strengthening Euro Pratik's capabilities across the decorative surfaces value chain. With the addition of Drashti Surfaces' manufacturing expertise, product specialisation, and customer relationships, the Company continues to broaden its presence across key markets and customer segments while reinforcing its position in the premium interior surfaces industry.

About Euro Pratik Sales Limited

Euro Pratik is one of India's leading and largest organized brands in the Decorative Wall Panel and Laminates industry, holding a market share of over 16% in the organized wall panel segment. Known for its design-driven approach, the company has launched over 113+ product catalogues, offering 30+ product categories and 3,300+ designs that are sustainable, antibacterial, antifungal, and water-resistant. Operating through fixed asset-light business model with 45+ contract manufacturers across India and abroad, Euro Pratik has built a strong distribution network spanning 195+ cities, 208 distributors, and 2,69,716.50+ sq. ft. of warehouse space in Bhiwandi, ensuring wide market reach and operational efficiency. Driven by innovation and strategic growth, Euro Pratik has expanded its global presence through subsidiaries in the U.S., and UAE supported by strong financial fundamentals. With a proven track record, comprehensive product portfolio, collaborations with architects, interior designers, and furniture manufacturers, and a focus on sustainable design, Euro Pratik continues to strengthen its position as a pioneer in decorative wall solutions across domestic and international markets.
