NOTES:

The Ministry of Corporate Affairs (MCA) has pursuant to Circular No. 9/2023 dated September 25, 2023, read with Circulars dated April 8, 2020, April 13, 2020, May 5, 2020, January 13, 2021, December 8, 2021, May 5, 2022 and December 28, 2022 (MCA Circulars), permitted holding of the Annual General Meeting (AGM) through Video Conferencing (VC) or Other Audio Visual Means (OAVM) without the physical presence of the Members at a common venue in accordance with the requirements as provided. The Securities and Exchange Board of India (SEBI) has also, vide its Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2023/167 dated October 7, 2023, read with Circulars dated May 12, 2020, January 15, 2021, and January 5, 2023 (SEBI Circulars), granted relaxation in respect of sending physical copies of annual report to shareholders and requirement of proxy for general meetings held through electronic mode.

Accordingly, in compliance with the applicable provisions of the Companies Act, 2013 (the Act), the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations), read with the MCA Circulars and the SEBI Circulars, this Annual General Meeting (AGM/Meeting) has been convened through VC/OAVM and Members can attend and participate in this AGM through VC/OAVM only, as arranged by the Company with National Securities Depository Ltd. (NSDL). The venue of the AGM shall be deemed to be the registered office of the Company.

ALTHOUGH, A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND ON A POLL TO VOTE INSTEAD OF HIMSELF/ HERSELF, but since this AGM is being held through VC/OAVM, the physical attendance of Members is dispensed with. Accordingly, the facility for appointment of proxy to attend and cast vote for the Members is not available for this AGM and hence the proxy form, attendance slip and route map are not annexed to this Notice of this AGM, in terms of the MCA Circulars and the SEBI Circulars.

However, the Body Corporates/Institutional Investors who are Members of the Company are entitled to appoint authorized representatives pursuant to Section 113 of the Act to attend the AGM through VC/OAVM and participate thereat and cast their votes through e-Voting.

The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.

In line with the MCA Circulars and the SEBI Circulars, dispensing of/with the requirement of printing and sending physical copies of the Annual Report, the Notice of this AGM and the Annual Report for the financial year 2023-24 have been sent via electronic mode **only**, to those Members whose email addresses are registered with the Company/the Registrar and Share Transfer Agent (RTA), M/s. Maheshwari Datamatics Private Limited/the Depositories/ Depository Participants.

The Notice and the Annual Report have been uploaded on the website of the Company at www.evereadyindia.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e., BSE Limited, The National Stock Exchange of India Limited and The Calcutta Stock Exchange Limited at www.nseindia.com and www.nseindia.com and www.cse-india.com, respectively and the AGM Notice is also available on the website of NSDL i.e., www.evoting.nseindia.com.

Members who have already registered their email addresses are requested to get their email addresses updated/validated with their Depository Participants /the Company's RTA to enable servicing of notices / documents / Annual Reports electronically to their email address. Members who have not registered their email addresses or Members holding shares in physical form are requested to register their email addresses with the Company or the RTA of the Company by quoting their folio number and name to investorrelation@eveready.co.in or by visiting the link at www.mdpl.in or with the Depositories, as the case may be, for receiving all communication, including Annual Report, Notices and Documents through E-mail.

The Explanatory Statement pursuant to Section 102 of the Act, Secretarial Standards on General Meetings-2 and Regulation 17(11) of the Listing Regulations, relating to the Special Business, considered to be urgent in nature, to be transacted at the AGM, is annexed and forms a part of this Notice.

All documents referred to, in the accompanying Notice and the Explanatory Statement have been uploaded on the website of the Company at www.evereadyindia.com. Members may access the same electronically from the date of circulation of this Notice up to the date of the AGM.

The requisite Registers and relevant documents referred to in the accompanying Notice and the Explanatory Statement shall be open for inspection electronically, during the AGM upon logging in to the NSDL e-Voting system at https://www.evoting.nsdl.com.

The Register of Members of the Company will remain closed from Monday, July 29, 2024 to Saturday, August 3, 2024, (both days inclusive) for the purpose of the AGM.

The Company has fixed Saturday, July 27, 2024 as the 'Record Date' for determining entitlement of Members to the dividend for the financial year ended March 31, 2024, if approved by the Members at the AGM.

The dividend of ₹ 1/- (20%) per fully paid up equity share of face value of ₹ 5/- each, if declared at the AGM, will be paid subject to deduction of tax at source ('TDS') on or before September 2, 2024.

As mandated by SEBI, Members holding shares in electronic form are requested to submit their Permanent Account Number (PAN) to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to get their shares dematerialized, since as mandated by SEBI, requests for transfer of shares in physical form (except in case of transmission or transposition of shares) shall not be processed.

SEBI has also mandated that shareholders holding securities in physical form, whose folio(s) do not have PAN, Choice of Nomination, Contact Details, Mobile Number, Bank Account Details and Specimen Signature updated, shall be eligible for payment of dividend, only through electronic mode, effective April 01, 2024.

To receive the dividend on time, directly in their bank accounts through electronic mode only, Members holding shares in physical form and who have not updated their details as above, are requested to update their PAN and other requirements inclusive of the bank details, as abovementioned, with the Company's RTA M/s. Maheshwari Datamatics Pvt. Ltd., 23 R.N. Mukherjee Road, 5th Floor, Kolkata-700001 and send them the duly completed ISR 1, ISR 2, ISR 3 and SH 13 at RTA's office or at mdpldc@yahoo.com or upload the documents at https://mdpl.in with signature of the holders attested by their banker along with a cancelled cheque leaf with their name, account no. and IFSC Code printed thereon. In case their name is not printed on the cheque leaf, Members are requested to send additionally, bank attested copy of their pass book / bank statement showing their Name, Account No. and IFSC Code.

In terms of the Income Tax Act, 1961 (the IT Act), as amended vide the Finance Act, 2020, effective from April 1, 2020, dividend income is taxable in the hands of shareholders. Accordingly, in the event you remain as a shareholder on the Record Date (i.e., July 27, 2024) and the dividend receivable by you exceeds the prescribed amount, the Company would be required to deduct tax at source at the prescribed rates, in terms of the IT Act.

Members who will be exempted from tax or taxed at prescribed rate, are requested to forward the forms and documents i.e., PAN/15G/15H/10F/Self Declaration Form and other annexures and relevant prescribed documents to the Company's RTA at their address mentioned above or at mdpldc@yahoo. com or click on the link at https://mdpl.in till 11.59 p.m. IST on July 27, 2024, to enable the Company to determine the appropriate TDS/withholding tax rate applicable.

Members are requested to refer to the communication available at the website of the Company at https://www.evereadyindia.com/investors/shareholder-information/investor-communication and the letters as well as emails sent to the shareholders in this regard on May 07, 2024.

Members holding shares in electronic form may please note that their bank details as furnished by the respective Depositories to the Company will be considered for remittance of dividends as per the applicable regulations of the Depositories and the Company will not entertain any direct request from such Members for change/addition/deletion in such bank details. Accordingly, the Members holding shares in Demat form are requested to update their Electronic Bank Mandate with their respective DPs. Further, please note that instructions, if any, already given by Members in respect of shares held in physical form, will not be automatically applied to the dividend paid on shares held in electronic form.

Members are requested to encash their Dividend Warrants for the financial year ended 2018 as Dividend remaining unclaimed for seven years are required to be transferred to the Investor Education & Protection Fund (IEPF) established by the Central Government. The last dates of claim for the Dividend for the said year is as follows:

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT. 2013

Item No. 5

At the 84th Annual General Meeting (AGM) held on September 26, 2019, the Members of the Company had approved the appointment of M/s. Singhi & Co., Chartered Accountants (ICAI Firm Registration Number 302049E) as the Auditors of the Company, to hold office from the conclusion of the 84th Annual General Meeting until the conclusion of this 89th Annual General Meeting of the Company.

In terms of Section 139 of the Companies Act, 2013 (the Act) read with the Companies (Audit and Auditors) Rules, 2014, the Company can appoint or reappoint an audit firm as Statutory Auditors for not more than two terms of five consecutive years.

M/s. Singhi & Co., Chartered Accountants, is a leading audit firm that has been involved with several large listed companies over their 85 years of experience in this profession. With a pan India presence in 8 cities, the firm has a strong team of 30 partners and over 500 people and provides varied services which include assurance, risk advisory, taxation, corporate finance, etc.

On the recommendation of the Audit Committee, the Board of Directors (the Board) resolved to recommend the re-appointment of M/s. Singhi & Co., Chartered Accountants, (ICAI Firm Registration No. 302049E), as Auditors of the Company, to hold office for a second term of five consecutive years, from the conclusion of this 89th AGM, till the conclusion of the 94th AGM of the Company.

M/s. Singhi & Co., Chartered Accountants, being eligible for their re-appointment, have provided their consent to act as Auditors of the Company along with a confirmation that, their re-appointment, if made, would be within the limits prescribed under the Act.

The Resolution set out in Item No. 5 is accordingly proposed to be passed by way of an Ordinary Resolution and the Board recommends the same for approval of the Members.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 5.

Item No. 6

At the 88th Annual General Meeting held on August 2, 2023, the Members of the Company had, by way of a Special Resolution, resolved that Mr. Arjun Lamba, Non-Executive Director, having professional expertise and experience, who has been devoting considerable time and efforts for the business of the Company, be paid a gross commission of Rs. 2,10,00,000 per annum payable @ ₹ 17,50,000 per month, for a period of 3 years effective the date of the Annual General Meeting of the Company, i.e., August 2, 2023, notwithstanding the limits/slabs specified under Section 197 read with Schedule V of the Companies Act, 2013, in addition to the fees payable to Mr. Lamba for attending the Meetings of the Board or Committee thereof or for any purpose whatsoever as may be decided by the Board and reimbursement of expenses for participation in the Board and other meetings.

In terms of Regulation 17(6)(ca) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations), approval of shareholders by way of a Special Resolution is to be obtained every year, in which the annual remuneration payable to a single non-executive director exceeds fifty per cent of the total annual remuneration payable to all Non-Executive Directors.

The remuneration as commission, as set out above, together with sitting fees payable to Mr. Lamba, would exceed 50% of the total annual remuneration payable to all Non-Executive Directors for the financial year 2024-25 and accordingly it is necessary for the Company to procure the approval of the Members by way of a Special Resolution for the continuation of the payment of the commission to Mr. Lamba, as set out above, for the said financial year.

The payment of the remuneration as commission to Mr. Lamba, as set out above, exceeding the specified limits of the Act and the Listing Regulations, has been approved by the Nomination & Remuneration Committee of the Board.

The Resolution set out in Item No. 6 is accordingly proposed to be passed by way of a Special Resolution. The Board considers this item of business to be urgent in nature and recommends the same for approval of the Members.

Except Mr. Arjun Lamba, and his relatives, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the Resolution set out at Item No.6.

Item No. 7

Letter from the Managing Director

Creating possibilities for sustainable progress

Dear Shareholders,

I am delighted to present this annual report to you and would like to take this opportunity to share with you insights into our journey over the past year and my thoughts on the road ahead.

On the macroeconomic landscape, India remains firm as the world's fastest-growing major economy, unleashing possibilities so far thought impossible for millions of Indians. The rich diversity, and extensive regional and cultural variations make our nation standout as a vibrant potpourri of opportunities. Moreover, the vast, aspirational young population, complemented by a surging disposable income and deepening global integration through its digital-first economy, positions India as an intriguing landscape for growth.

This combination of robust economic expansion, a consumption-based ecosystem, enhanced connectivity, and socio-economic reforms, offers opportunities which inspire us to strive for success. As we navigate this exciting phase, delivering value and contributing to India's growth story form the crux of our future endeavours.

AMPLIFYING OUR BRAND PROMINENCE

Today, the brand Eveready holds a formidable presence and strong recall across its product categories, which includes batteries, flashlights, and lighting solutions. Our robust brand prominence continues to positively impact our businesses, amplifying their performance and visibility within the markets.

We undertook a brand refresh during the year to make ourselves more contemporary and appealing to our younger consumers, in the process of which we unveiled our new brand logo. We hope to build a greater connect with the next generation and their vision of infinite possibilities. Our new brand identity will complement the introduction of new products catering to diverse and evolving consumer needs. Leveraging our association with power and energy, our identity signifies limitless potential and a commitment to vibrancy, modernity and trust, as we re-emphasize with our iconic and timeless 'Give Me Red' ethos.

Corporate Overview

We undertook a brand refresh during the year to make ourselves more contemporary and appealing to our younger consumers, in the process of which we unveiled our new brand logo. We hope to build a greater connect with the next generation and their vision of infinite possibilities.

The launch of our new range of alkaline batteries with 'Ultima Pro' and 'Ultima' branding is perfectly in sync with these objectives. Furthermore, we unveiled the 'Khelenge Toh Sikhenge' campaign in collaboration with Neeraj Chopra, the Olympic and World champion, who is our new ambassador, reflecting our values of continuous learning through every day living.

TRANSFORMING DISTRIBUTION

Another key strength of your Company is in the area of distribution. Traditionally, your Company gets counted as one of the top consumer companies in terms of reach - which goes into the deepest interiors of our country. A numeric count of presence in outlets exceeding 4 million is a living proof of that. Yet in order to make the systems more modern and to enhance market reach efficiency, we intensified our focus on reinforcing our distribution channels. We initiated a major transformation with a revised route to market. While this will stand your Company in good stead in the long run, we did face some immediate challenges, which we have resolved gradually. Additionally, we widened our channels and went beyond traditional trade to encompass modern retail, e-commerce, quick commerce. and institutional sales. These diversified avenues are poised to drive significant growth for us in the years to come.

OUR PEOPLE

Our employees are our driving force. Thereby, investing in human resources remains a top priority, with a strong emphasis on talent development, aligned with our organisational growth objectives. We bolster our talent pool through a combination of internal development initiatives and external recruitment, ensuring that we have a top-notch team, inspired to propel growth and capable of delivering exceptional results.

PROMISING PERFORMANCE FOR THE FISCAL

Looking at our financial performance, the fiscal year served as a year of consolidation, during which we focused on enhancing efficiencies and laying a robust foundation for future growth. As we navigated through a transformation journey in our route to market, and notwithstanding major challenges, including weak rural demand affecting batteries and flashlights, as well as industry-wide price deflation impacting the lighting segment, our total income from operations remained steady. We, however, recorded significant gains in the operating margins, as well as both in the profit before and after tax. These achievements further strengthen our resolve to drive premiumisation, foster continuous innovation, and enhance operational efficiency.

In the battery segment, we continued to sustain our commanding market share of over 53%, reinforcing our brand's synonymous association with the category. As briefly mentioned earlier, we introduced our new range of Ultima alkaline batteries to cater to the evolving market needs and this met with enthusiastic consumer response. The year saw demand being adversely affected due to slow offtakes from the rural segment, albeit this being a temporary phenomenon. Overall, the business is driven by an extensive range of batteries, positioned to benefit from premiumisation trends and volume growth, stemming from enhanced household consumption, especially with the device penetration increasing in our country with growing affluence.

In the flashlights segment, we continued to lead as the largest organised and branded name. Recognising the growth in rechargeable flashlights, we have revamped our range with

new feature-rich products. Despite the decline in sales of traditional battery-operated flashlights, the growth in the rechargeable segment positions us for overall handsome growth in the future.

In the lighting segment, we pursue a dual distribution strategy. Our comprehensive product line is accessible through general trade channels, allowing us to reach every corner of the country. Simultaneously, we are enhancing our presence in the exclusive lighting network. This is facilitated by a sophisticated product portfolio that connects with consumers as well as influencers, such as electricians and architects. Despite the industry-wide price deflation seen during the year, we remain committed to this business as a significant growth driver for your Company.

ROBUST ROAD AHEAD

Looking ahead, we anticipate substantial revenue growth driven by our focus on high-value products and our robust market share. With our refined route-to-market strategy expected to yield stronger results and enhanced efficiency, we expect a significant upswing in business outcomes. We firmly believe that our growth trajectory should align with healthy profitability, marking a positive trend in our performance.

In ending, I express my heartfelt gratitude to our shareholders, the Board of Directors, the entire leadership team, and our employees for their belief in our organisation and its ability to create lasting value. With your continued collaboration and support, I am confident that your Company will shape a future defined by sustained prosperity and shared success.

Warm regards,

Suvamoy Saha

Our collaboration with Neeraj, a symbol of youthful vigour, epitomises our mutual commitment to relentless progress, powerful performance, and a pursuit of excellence. His inspiring ascent reflects our brand's growth. His sustained focus on performance excellence, while scaling new heights, mirrors our mission to uplift lives through innovative, portable energy and lighting solutions. With a shared vision, we aspire to fortify today's world and invigorate the future, crafting a brighter, enduring legacy for the coming generations.

With our commitment to product innovation, we are enhancing the customer experience with the power of Eveready Ultima, just like our very own 'Javelin Man', Neeraj Chopra. With unbeatable energy, performance, endurance, and reliability, Ultima embodies the spirit of a true champion. Featuring 'Power Aisa, Apne Champion Jaisa', this alkaline battery delivers 400% longer-lasting runtime, taking experience to new heights.

Khelenge Toh Sikhenge campaign

We introduced our new and improved Ultima Alkaline batteries through the 'Khelenge Toh Sikhenge' campaign.

The multi-media campaign spotlighted how children learn important values and lessons through non-stop play with battery-powered toys. It demonstrates 400% more power* of Ultima range that empowers non-stop play with battery powered toys. With Anti-Leak Turbolock Technology, these eco-friendly batteries are devoid of Mercury, Lead, and Cadmium, and are aligned with Eveready's commitment to environmental responsibility.

Flashlights

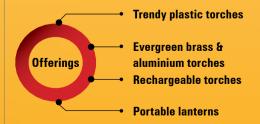

Leading the way with flashlights

We continued to illuminate the path of innovation and technology for over a century, establishing our Company as a torch-bearer in the portable lighting industry. Our LED flashlights, renowned for their practicality and style, cater to a wide array of indoor and outdoor lighting needs. With meticulous design, adaptability, and a relentless focus on customer satisfaction, we consistently deliver lighting solutions that meet the evolving demands of our consumers.

Eveready has been the frontrunner in the field of portable lighting solution, with its name being almost synonymous with torches and flashlights for over 100 years. We continue to maintain our leadership position of being the no. 1 Torch brand. Eveready has been designing and developing some of the most practical, stylish and innovative range of LED flashlights and have focused on the rechargeable flashlight portfolio.

We were among the first to manufacture the widely popular brass and aluminium torches and introduce our customers to advanced digiLED technology.

Corporate Social Responsibility

Promoting societal welfare through concerted efforts

We understand the immense importance of fostering a strong community and have taken bold steps to expand our commitment to promote inclusive growth. In accordance with this objective, we continued with a comprehensive Corporate Social Responsibility (CSR) programme that focuses on four main themes. Within these themes, we effectively collaborated with multiple schools, hospitals, health centres and NGOs, revitalising and reconstructing numerous deprived areas as well as maintaining an ecological balance with our green initiatives.

PROJECT DURGA

Promoting gender equality, empowerment of women, setting-up homes and hostels for women and welfare of senior citizens.

Empowering girls and women by building resilience among the most vulnerable communities and enabling them to access skill building opportunities.

PROJECT SUSHASTHYA

Promoting healthcare including preventive healthcare.

Promotion of healthcare with upgradation of a Primary Health Centre and providing support for TB patients.

PROJECT SAKSHAM

Promoting education and sports, enhancing vocation skills and thereby augmenting livelihood generation.

Promotion of education including special education with vocational training for the differently abled, upgradation of school and building state-of-the-art classrooms, educational support and promotion of sports.

PROJECT GO GREEN

Ensuring environmental sustainability, ecological balance, protection of flora and fauna, and conservation of natural resources.

Collaborated with an NGO dedicated to environmental conservation, to create an ecosystem with planting and rescue of tree saplings and maintenance of the planted saplings.

Environment

Reshaping energy landscape for a sustainable future

We are committed to environmental stewardship, ensuring that all our efforts aim to minimise our environmental footprint through responsible practices. We achieve this by reducing waste, enhancing the use of recycled content, optimising water efficiency, cutting back on plastic usage, and promoting biodiversity. Our dedication to a cleaner and healthier planet drives all our actions as we propel towards a sustainable future.

ENERGY MANAGEMENT

We are actively working to reduce our carbon footprint and optimise energy consumption to fulfil our commitment towards environmental stewardship. Through strategic initiatives, we aim to conserve electrical energy and solid fuels, fostering a greener and more efficient future.

We are taking a comprehensive approach at our manufacturing facilities to accelerate energy conservation. By continuously innovating processes, implementing energy-saving activities, and initiating energy-efficient projects, we are achieving tangible reductions in energy usage. With sustainable practices and energy-efficient building designs, we are reshaping our energy landscape for the better.

A significant milestone in this direction is the installation of approximately 1.7 MWp of on-grid solar photovoltaic modules across various locations, allowing us to diversify our energy mix towards sustainability. These efforts have already resulted in a commendable 4% reduction in electricity units compared to the previous year.

We are deeply committed to energy efficiency, and this commitment is evident in several initiatives we undertake. For instance, we implemented ISO 50001 in additional manufacturing units, re-engineered operations for higher efficiency, and deployed IoT systems for critical equipment. Moreover, we continue to prioritise the adoption of energy-efficient LED fittings, replacing old equipment with newer, more efficient models, and utilising cleaner fuels like piped natural gas.

Through these concerted efforts and the implementation of an energy management system at key locations, we are advancing towards our goal of sustainable growth, while safeguarding the planet for future generations.

WASTE MANAGEMENT

We carefully manage waste generation. inherent to manufacturing operations, to minimise our environmental impact. From packaging materials to process scraps, every waste stream is segregated, stored, and disposed of responsibly. We continuously explore avenues for material reduction and waste optimisation through our R&D efforts. Furthermore, scrap batteries, zinc dross, ETP sludge, and hazardous waste are handled by authorised recyclers and vendors, adhering to stringent safety protocols. Additionally, we systematically channel plastic, paper, wood, ferrous scrap, and e-waste to approved recycling facilities, ensuring proper disposal and resource recovery.

REDUCING CARBON FOOTPRINTS

The reduction of our carbon intensity is a focal point in our sustainability endeavours, with Scope 1, 2, and 3 emissions being of prime considerations. Among these, Scope 2 emissions, particularly prominent during manufacturing, are under close scrutiny. To address this, we are actively assessing the viability of a renewable energy project from both technological and economic perspectives. Furthermore, we conduct a comprehensive GHG Emissions study to pinpoint carbon emission hotspots, enabling the implementation of targeted strategies aimed at propelling our organisation closer to carbon neutrality. Each year, we mark our journey with various energy-saving initiatives, strengthening our commitment to energy conservation and fostering the development of an efficient lighting infrastructure.

As part of our future-focussed approach, we adopted Electric Vehicles (EVs) across our factories. Additionally, we approved the implementation of solar energy for two major plants: Matia, Assam, and Maddur, Karnataka.

WATER MANAGEMENT

We stay dedicated to water management, a commitment that is evident across our manufacturing units, many of which boast zero liquid discharge capabilities. Through the establishment of combined Sewage Treatment Plant (STP) and Effluent Treatment Plant (ETP) units, we effectively eliminate water contaminants and meet stringent treatment standards. Treated water finds purpose in various applications, including toilet flushing, irrigation, and industrial processes. We ensure compliance with regulatory standards by regularly testing treated water at NABL accredited labs. Additionally, we undertake a range of water-focussed activities. including rainwater harvesting initiatives, aquifer recharging systems, and groundwater monitoring mechanisms, further highlighting our commitment to sustainable water practices.

BIODIVERSITY PRESERVATION

We actively contribute to preserving biodiversity through afforestation initiatives, aligning our endeavours with environmental stewardship. Every year on World Environment Day, we organise tree planting drives, adding green synergies to our surroundings with indigenous flora. Over the years, our efforts have culminated into the planting of thousands of trees, fostering a green cover across our manufacturing sites. One major example is the Eveready Green Park, a CSR endeavour at SIDCUL, Bhadrabad, Haridwar, where thousands of tree saplings thrive across its expansive landscape, standing tall as a testament to our commitment.

Human Resource

Powered by empowered people

We derive our strength from our meritocratic organisational framework, which empowers our employees to make informed decisions in a workspace that is open, safe, and inspiring. We are dedicated to nurturing a culture that fosters continuous learning and development. It is this culture that enables us to cultivate a forward-thinking workforce, driving innovation, delivering tangible business outcomes, and leading in thought leadership.

HR AUTOMATION JOURNEY

We seamlessly integrate the complete employee life cycle into a digital platform, resulting in enhanced efficiency, faster operations, and a reduction in mundane administrative tasks. Our fully automated HR processes now encompass everything from employee core details and recruitment to payroll, onboarding, leave requests, travel & expense, and perquisites claim. This comprehensive automation led to significant enhancement in efficiency and accuracy. Furthermore, our automated systems manage employee data and performance, enabling HR professionals to focus on strategic initiatives and foster employee engagement.

BUILDING AN EMPOWERED TEAM

We embrace a holistic strategy for recruiting, retaining, and developing talent, enlisting over 400 professionals from esteemed academic institutions for mid-level roles. Our recent additions include management, sales development, executive, and graduate engineer trainees, with females comprising 39% of the 28 trainees selected. Highlighting our commitment to gender diversity, our Head Office now consists of 23% female workforce, while our plants boast an 18% representation. With a team of 3,585 employees, including direct and indirect, we successfully managed to reduce attrition, demonstrating our dedication to nurturing our workforce.

PERFORMANCE MANAGEMENT

We leverage a strong Performance Management System (PMS) that emphasises driving performance through teamwork, thus offering our employees ample opportunities for growth and development.

LEARNING AND DEVELOPMENT

We prioritise employee development and continuous learning as fundamental to our organisational growth and transformation. Moreover, we focus on enhancing capabilities through Management Development Programmes (MDPs) to foster time-relevant skill set. As part of our ongoing thrust on learning and development, we organised several training programmes in FY 2023-24, which collectively saw a total participation of 1,337 individuals.

Creating a learning management system

We are in the process of developing a Learning Management System (LMS). Our aim is to provide learners with easy access to online content anytime, anywhere, offering both self-paced and instructor-led training modules. The platform is set to enable progress tracking, host a wide range of domain-specific e-learning courses, and engage learners through gamification. Additionally, it will offer e-certifications to assess and improve learner performance.

FOSTERING EMPLOYEE ENGAGEMENT

We rolled out various initiatives to enhance employee engagement throughout our organisation. For instance, we host quarterly Town Halls - a platform for our Apex Committee members or Leadership team to share company-related updates and future plans with all employees. Furthermore, we enhance employee engagement through monthly events like birthday bash, fun Fridays, along with annual family picnics, and festival celebrations across all locations.

Owing to these above-mentioned initiatives, the employee satisfaction survey index reflected 86% of our employees being happy and engaged at work.

During FY 2023-24 Received the 'Change Management Award' from the HR Association of India.

DIVIDEND DISTRIBUTION POLICY

In terms of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, (Listing Regulations) as amended, the Dividend Distribution Policy of your Company is available on the website of the Company at www.evereadyindia.com/wp-content/themes/eveready/pdf/dividend-distribution-policy.pdf.

TRANSFER TO RESERVES

Your Directors do not propose to transfer any amount to the General Reserves during the year under review.

OPERATIONAL REVIEW & STATE OF THE COMPANY'S AFFAIRS

Batteries & Flashlights

The dry cell battery market remained by and large flat in the current year although the overall market remains poised for continued expansion in the coming years, driven by the need for reliable and sustainable sources of energy. Per capita consumption of batteries in India continues to remain quite low as compared to other developed countries and hence provide an opportunity for the market to grow.

The saliency and penetration of alkaline batteries continue to increase. The segment continues to grow as proliferation of smart devices and penetration of internet services is expected to drive the demand for alkaline battery market in India. Your Company has managed to gain share in the alkaline space on the back of revamped alkaline range of Eveready Ultima and this trend is expected to gain further momentum. Communication on alkaline batteries has also been ramped up with Neeraj Chopra, the Olympic gold medallist, having been inducted as the brand ambassador of your Company.

The market share position of the major players remained largely unaltered during the year under review, with your Company registering a 10 basis points improvement in overall battery share. The overall battery market share stood at 53.2% at the end of the year.

While the flashlight market in India has experienced growth, driven by the increasing demand for portable lighting solutions, the battery-operated segment has seen a faster than anticipated degrowth. However, your Company remains hopeful that gains in the rechargeable segment will compensate for the loss and provide growth at an overall category level. The Company's design and development team continued to expand the range of new products with features and functionality as per market feedback. Your Company's share of the battery operated flashlight market was estimated at upwards of 50%.

The overall revenue growth in the battery and flashlight segment remained flat on the back of slower demand in rural markets. Furthermore, the Company was trying to come out of the initial challenges posed out of the revamped route-to-market initiative, but benefits have started to accrue now. The batteries and flashlight segments had EBIDTA of ₹ 134.77 Crores and ₹ 14.48 Crores respectively. The EBIDTA margins in battery improved to 15.6% against 11.1% last year aided by lower raw material prices and a relatively stable exchange rate. Your Company continued to invest behind the iconic Eveready brand to accelerate its position in the industry. The flashlight segment also remained profitable despite flat revenue.

Statutory Reports

The manufacturing operations in these product categories continued to focus on total quality management, safety, energy conservation and cost control. This helped your Company in achieving efficiency in the manufacturing function.

Lighting & Electrical Products

Your Company has been present in lighting \uptheta electrical products business for quite some time now. These products offer a natural extension of its brands — Eveready and PowerCell, which are synonymous with portable energy and lighting. There are ready synergies within the existing distribution network of your Company for the range of products that this business segment offers. The Company is in the process of developing the entire portfolio of lighting solutions that goes into consumer homes.

Your Company's business in lighting enjoys the advantage of a dual distribution set up via the general trade and the electrical channel. Your Company has also gained presence in emerging alternate channels. Although there are entrenched players in the vast market, your Company is confident of making a mark. The emphasis now is to shift business salience from basic products to premium ones. Your Company is also focusing on high potential institutional and professional lighting segments to elevate the performance momentum.

Net revenue from this business segment for the current year stood at ₹ 310.79 Crores and your Company is yet to break even at an EBIDTA level. It is expected that this category will be a growth lever for your Company as it aspires to move towards a higher value chain.

Prospects

Historically, battery category has seen very modest growth. In the medium term, the category is expected to grow low to mid single digit, both in volume and value terms. With an above-normal monsoon expected along with moderate inflation in the forthcoming season, your Company is hopeful to drive a consumption led growth. Strong domestic demand and revival in rural economy will further aid the revenue momentum. Your Company is in the process of rejuvenating its brand with the right approach and investment while optimizing the distribution network, with a focus on new growth areas. In the flashlights category, your Company is confident that its quality product offering, backed by a strong brand and easy availability will help deliver significant growth in the rechargeable flashlight segment and drive overall flashlight turnover. Your Company's commitment to enhance the brand visibility and engage with consumers remain unwavering. Your Company will continue to build a strong consumer franchise offering quality products. Benefits from several initiatives including a revamped route-to-market will help sustain growth trajectory resulting in continued profitable growth.

The overall lighting market in India is poised for sustained growth, propelled by various growth drivers and the evolving needs of consumers and industry alike. Your Company has introduced a range of products in this category to expand its market presence. It aims to further strengthen its distribution network across general trade, modern trade and electrical channels. Your Company expects to augment its turnover through a range of new products and value premiumization to be able to achieve growth aspirations.

FINANCE

Tight control was kept over the finances of your Company through judicious working capital management and operational efficiencies. Your Company remains focused to reduce its borrowings and during the year under review, your Company has repaid ₹ 69.65 Crores of debt and the debt at the end of the year stood at ₹ 285.23 Crores. Your Company met its financial commitments in

servicing debt and repayment thereof in a timely manner. Capital expenditure program was fully met.

MATERIAL CHANGES AND COMMITMENTS

There has been no material change and commitment, affecting the financial performance of the Company which occurred between the end of the financial year of the Company to which the financial statements relate and the date of this Report.

SUBSIDIARIES, ASSOCIATES & CONSOLIDATED FINANCIAL STATEMENTS

Your Company's subsidiary at Hong Kong, Everspark Hong Kong Private Limited registered a turnover of ₹ 2.54 Crores during the current year (₹ 5.49 Crores during FY 2022-23). It registered a net profit of ₹ 0.02 Crores, during the year.

Another subsidiary, Greendale India Limited did not register any revenue from turnover during the current year (Nil during FY 2022-23). It did not register any profit during the year.

A Statement in Form AOC -1 containing the salient features of the said Companies is attached to the Financial Statements in a separate section and forms part of this Report. The separate audited accounts of the said Companies are available on the website of the Company. The Annual Report includes the audited Consolidated Financial Statements, prepared in compliance with the Companies Act, 2013 and the applicable Accounting Standards, of the subsidiaries. The Consolidated Financial Statements shall be laid before the ensuing 89th Annual General Meeting of the Company along with the laying of the Standalone Financial Statements of the Company.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information on Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo, as stipulated under Section 134(3) (m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, forms a part of this Report as Annexure 1.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The CSR Policy formulated by your Company is available on the website of the Company at https://www.evereadyindia.com/wp-content/uploads/2022/03/csr-policy-14.pdf. The Annual Report on CSR Activities to be included in the Report, containing a brief outline of the CSR Policy, the composition of the CSR Committee and requisite particulars, inclusive of the initiatives taken, as well as the expenditure on CSR activities, forms a part of this Report as Annexure 2.

ANNUAL RETURN

The Annual Return in the prescribed format, in accordance with the Companies Act, 2013, forms a part of this Report and is available on the website of the Company at http://www.evereadyindia.com/investor-relations/pdf/annual return.pdf.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS

The Competition Commission of India ("CCI") issued an Order dated April 19, 2019, imposing penalty on certain zinc carbon dry cell battery manufacturers, concerning contravention of the Competition Act, 2002 (The Act). The penalty imposed on your Company was ₹ 171.55 Crores. Your Company filed an appeal and stay application before the National Company Law Appellate Tribunal, New Delhi, (NCLAT) against the CCI's said Order. The NCLAT vide its order dated May 09, 2019, has stayed the penalty with the direction of depositing 10% of the penalty amount within 15 days with the Registrar of the NCLAT which has been duly deposited by your Company. Based on legal advice received by your Company, it is believed that, given the factual background

and the judicial precedents, there are reasonable grounds on the basis of which the NCLAT will allow the appeal and accordingly, the Company is hopeful on adjudication upon the quantum of penalty imposed or remand to the CCI for de novo consideration. However, at this stage it is not possible for your Company to quantify or make a reliable estimate of the quantum of penalty that may be finally imposed on your Company. It may be noted that a certain amount of penalty will be levied on the Company as it had also earlier filed an application under the Lesser Penalty Regulations under the Act. In terms of the aforesaid legal advice, your Company has been advised that the matter should be recognized as a contingent liability as defined under Ind-AS 37 and there should be no adjustment required in the financial statements of the Company in accordance with Ind-AS 10. Accordingly, pending the final disposal of the appeal, the amount has been disclosed as contingent liability in the accounts for the year under review.

Other than the aforesaid, there have been no significant and material orders passed by the Regulators, Courts or Tribunals which impact the going concern status and Company's operations in future.

OTHER DISCLOSURES

During the year under review:

- a. There were nil cases filed pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The Internal Complaints Committee constituted in terms of the said Act, continues to be in place.
- b. Your Company has not accepted any deposit from the public falling within the ambit of Section 73 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014.

- There was no change in the share capital or the nature of business of the Company.
- d. There was no change in the Key Managerial Personnel of the Company.
- An application under Section 9 of the Insolvency & Bankruptcy Code, 2016 has been filed before the Hon'ble National Company Law Tribunal (NCLT) at Kolkata, for a claim of an alleged operational debt of ₹ 9.88 Crores, against your Company. It appears that the said application has been filed as an afterthought and is a counter claim to a similar application filed earlier by your Company, before the NCLT at Hyderabad, for a claim of an operational debt of ₹ 10.61 Crores against the same party and is ex facie barred by law. The Company has been advised that the allegations in the application are devoid of any merit and is unlikely to succeed. Both the applications are yet to be admitted before the respective benches of the NCLT.
- f. The Company is in compliance with the applicable Secretarial Standards issued by the Institute of Company Secretaries of India.

ANNEXURE 4

SECRETARIAL AUDIT REPORT

FORM NO. MR-3

For the Financial Year ended March 31, 2024

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members.

Eveready Industries India Limited

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by EVEREADY INDUSTRIES INDIA LIMITED (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct/statutory compliances and expressing our opinion thereon.

The Company's Management is responsible for preparation and maintenance of secretarial and other records and for devising proper systems to ensure compliance with the provisions of applicable laws and regulations.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of the secretarial audit and considering the continuing relaxations granted by Ministry of Corporate Affairs and Securities and Exchange Board of India, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2024, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2024, to the extent applicable, according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- The Securities Contracts (Regulation) Act, 1956 and Rules made thereunder:
- iii) The Depositories Act, 1996 and Regulations and Bye-laws framed thereunder;
- iv) The Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct investment and External Commercial Borrowings;
- v) The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act") or by Securities and Exchange Board of India Act ("SEBI"), to the extent applicable:

Management Discussion and Analysis

INDIAN ECONOMIC OVERVIEW

India's economy has shown remarkable resilience and strong growth prospects in FY 2023-24, with a projected growth rate of over 7%, according to estimates of the Ministry of Statistics and Programme Implementation. This positive outlook has been acknowledged and reinforced by global agencies, highlighting the country's ability to sustain growth despite ongoing geopolitical challenges. The measures outlined in the Interim Union Budget FY 2024-25 are expected to further bolster India's growth trajectory.

India has adeptly manoeuvred through external pressures, showcasing resilience and achieving commendable performance in FY 2023-24. Major factors shaping the momentum for the year, encompassed the Russia-Ukraine conflict, disruptions in global supply chains, economic deceleration in specific regions, geopolitical strains and fluctuations in commodity prices, among other notable events. India's economy has shown signs of strength and stability, with sectors like manufacturing, services and agriculture, demonstrating healthy growth momentum.

Notably, higher Government capital expenditure has played a crucial role in stimulating the economic growth, creating employment opportunities and improving the productive capacity of the economy. Inclusive approach to economic growth is evident in various initiatives targeting the welfare of marginalized communities. Moreover, the Government's commitment to fiscal consolidation demonstrates the need for fiscal discipline with the objectives of economic growth, social welfare and stability. Strong macroeconomic fundamentals and a stable business environment have also attracted Foreign Portfolio Inflows (FPIs) into the country.

Inflationary pressures have moderated, supported by Government measures to control food prices and favorable weather forecasts. Employment indicators show positive trends, with declining urban unemployment rates and robust growth in formal sector employment. The overall economic outlook for India remains bright, with RBI forecasting a 7% real GDP growth for FY 2024-25. Healthy agricultural harvests, sustained manufacturing profitability and improved business sentiments are expected to drive economic activity. While challenges such as geopolitical tensions and financial market volatility persists, the outlook for global trade and rising integration in supply chains are poised to support India's economic growth.

CONSUMER GOODS INDUSTRY IN INDIA

The consumer goods industry in India encompasses a wide range of products catering to daily needs and lifestyle choices of consumers. The industry is characterized by its vast consumer base, diverse product offerings and evolving consumer preferences.

The sector has reported modest growth in the year gone by, mainly attributable to soft rural demand. Lower growth is mainly on account of decline in rural spending, burdened by high inflation, poor monsoon season and subdued growth in wages. However, demand is anticipated to recover in FY 2024-25 as the effects of El Nino diminish. In addition, the prospect of an above-normal monsoon instils a sense of optimism. The expected favorable rainfall isn't just beneficial for agricultural production, it also holds the potential to strengthen rural demand, a critical factor in the industry's growth path. While FY 2023-24 saw largely benign commodity costs, FY 2024-25 is expected to witness some volatility on account of geopolitical tensions and elevated crude oil prices.

Given the evolving nature of the Indian consumer goods industry, diverse strategies are being implemented to support future growth endeavors. This

include strengthening the rural network, focus on D2C channels, continuous product innovation, emphasis on ecommerce, category expansion among others. This will serve as the foundation for seamless growth moving forward.

THE BUSINESS

Eveready Industries India Limited (EIIL) is one of India's leading consumer goods companies, with dominant presence in dry cell batteries as well as flashlights and has emerging presence in lighting, with its products and brands being household names over the past century and more. Over the decades, it has been the leader in the dry cell batteries and flashlights markets in India. The Company's contemporary product portfolio in the domestic market comprises of dry cell and rechargeable batteries under the brand names 'Eveready', 'PowerCell', 'Shakti' and 'Uniross', Flashlights and lanterns under the brand names 'Eveready' and 'PowerCell' and LED bulbs and luminaires under the brand names 'Eveready' and 'PowerCell'.

The battery business constitutes the majority share of 65% of the total revenue, followed by lighting at 23% and flashlights at 12%. The 'Eveready' brand caters to the diverse portable energy needs of modern India which has been enhancing people's quality of life, thus earning enduring trust from consumers. With a wide range of products, EIIL offers a comprehensive selection to meet every requirement.

The Company has a market share of more than 50% in India for dry cell batteries. This has been increasing over the years, based on persistent efforts undertaken by EIIL to further strengthen its distribution presence while introducing new and innovative products to the existing portfolio. In the current year, EIIL has unveiled a new logo and tagline aimed to align with the new generation of consumers. The new tagline for the brand 'Give me Power, Give me Red' was launched during the year in keeping with the imperative need for the brand to develop a relevant and contemporary identity. The new look 'Eveready Ultima' range of alkaline batteries were also launched during the year.

EIIL has a robust and well-diversified manufacturing set-up with facilities spread across 6 locations, namely Matia, Lucknow, Noida, Haridwar, Maddur and Kolkata. All these plants adhere to the globally followed best-in-class operating standards and protocols. In addition, the Company has a Research and Development (R&D) facility which is approved by the Department of Scientific and Industrial Research (DSIR), Ministry of Science and Technology, Government of India.

BATTERIES

Industry overview

The Indian market for dry cell batteries, comprising of carbon zinc and alkaline segments, has been estimated at $\ref{thm:prop:eq:thm:pro$

The industry is dominated by carbon zinc batteries, which forms around 90% of the market by value, while alkaline is around 10%. The carbon zinc segment of the market has compounded at a low single digit while the alkaline segment is clocking a decent growth. Alkaline has a higher potential for growth due to rising disposable income and low levels of market penetration.

The dry cell battery category is divided into high and low drain devices. Lower drain devices use less power given their lower discharge rate. These devices

Statutory Reports

include flashlights, TV/AC remotes, clocks etc. Alkaline batteries find usage in high drain devices like digital cameras, high end toys, fire stick remotes, wireless mouse and key boards etc. The saliency of alkaline batteries in India is very low compared to countries like US, Brazil and China and hence provide a higher growth opportunity.

Performance review

As per Retail Measurement Service Report of A.C. Nielsen, EIIL gained market share for the financial year 2023-24 by 10 bps over the previous year across its brand portfolio. The carbon zinc category gained share of 110 bps over last year in FY 2023-24. The revamped alkaline range of 'Eveready Ultima' has helped gain market share in the alkaline segment month after month for the Company since its launch in August 2023.

In the FY 2023-24, the segment reported revenues of ₹ 865.2 Crores, 1.5% lower than ₹ 878.4 Crores in FY 2022-23. This year has witnessed a softening in overall FMCG demand, particularly in the rural side. The Company also had to address some of the issues arising out of a Route to market (RTM) exercise which was undertaken during the fourth quarter of FY 2022-23. Consequently, it took EIIL a longer time to deal with the disruptions relating to the channel and partners. Most of the gaps have been addressed and the Company is poised to get back to a growth trajectory.

EIIL has long enjoyed name and ownership of the category. While it has stood strong in the large carbon zinc segment, the Company has only recently begun to create a positive impact in the emerging alkaline space. The Company's revamped alkaline range of 'Eveready Ultima' has met with decent success and it expects this trend to gain further momentum. The Company continues to ramp up its communication in this space. EIIL's EBITDA for batteries stood at ₹ 134.8 Crores vs ₹ 97.1 Crores in the last year. The EBITDA margins were at 15.6% in FY 2023-24 against 11.1% in FY 2022-23.

Marketing and distribution

EIIL continues to reign over the consumer battery category with a market share of 53.2%. This success can be attributed to the combination of the Company's iconic brand and an exceptional distribution network. The Company enjoys a very high brand awareness and recall in the battery segment. This indicates a strong and enduring connection between the consumers and the brand. EIIL continues to invest behind the brand and in FY 2023-24, the Company has overhauled its brand logo with a transformed tagline of "Give Me Power, Give Me Red". Consumer research formed the core of this revised architecture and the results are encouraging.

In the latter part of FY 2023-24, EIIL collaborated with Neeraj Chopra, the Olympic gold medalist as its new brand ambassador. This collaboration marks a significant milestone for the Company as it seeks to strengthen its commitment towards excellence and innovation via the launch of the new 'Ultima Pro' and 'Ultima' branding. EIIL launched 'Khelenge to Sikhenge' campaign in collaboration with Neeraj Chopra. Eveready is available across around 4 Mn touch points. This is one of the best set-ups across brands and categories in the fast-moving consumer goods space overall. After RTM, EIIL is reaching these 4 Mn outlets through a lower number of distributors.

Opportunities and threats

India has much headroom to grow the consumption of batteries. The per capita consumption of batteries in India is low, around 2 per person, when compared to developed countries like USA, Japan and China. Battery consumption is through devices and the device penetration in our country is of a very low order. The battery consumption pattern in the country is skewed towards a handful of devices only, as compared to developed countries which have a higher penetration of a range of battery consumption devices. Similarly, the

penetration of toys in India is much lesser, vis-a-vis many other countries. Hence the low penetration of devices in the Indian household offers an opportunity for growth. Both carbon zinc and alkaline batteries provide accessibility to power at a lower cost and shall continue to do so for years to come.

Given the current level of device penetration usage, the battery category is expected to deliver low to mid single digit growth. EIIL is focusing on premiumization and it has revamped its premium segment and started communicating a lot around that. This offers, EIIL, higher growth opportunities with incremental device proliferation or extensions in new usage space like locks, sensors and so on.

Imports from China are less of an impediment given that importers have to adhere to the standards mandated by the Bureau of Indian Standards (BIS) for dry cell batteries.

Risks and concerns

Being a category for which there is significant dependency on imports, any heightened adverse volatility in forex rates will result in higher costs. Furthermore, any upward volatility of commodity prices will adversely impact gross margin.

The ability of the Company to pass on elevated costs will be duly constrained by market dynamics. EIIL, through its strong brand and distribution connect, will continue to absorb as much as it can while prudently passing on what the market can take up in terms of higher cost.

FLASHLIGHTS

Industry overview

The total flashlight market is estimated to be close to ₹1,200 Crores at retail level, out of which around one third is battery operated and two third is rechargeable. Your Company's share of the battery-operated flashlight market is estimated at upwards of 50%. The flashlights market in India has experienced significant growth over the years, driven by the increasing demand for portable lighting solutions in various sectors including home, outdoor, industrial and emergency use. Furthermore, rechargeable flashlights are increasingly preferred for their cost effectiveness and eco friendliness compared to disposable battery-operated models. Rechargeable flashlights offer convenience of recharging batteries multiple times, reducing the need for disposable batteries and minimizing environmental impact.

In the rechargeable category the Company has started building its presence steadily from the later part of FY 2023-24. The market is rife with innumerable offerings from unorganized players at very low-price points with poor rate of regulatory compliances.

Performance review

In flashlights, EIIL is making quick inroads into the rechargeable category. Leveraging its design expertise and stringent QC, EIIL has introduced products that stand out prominently from what is currently available in the market.

In the FY 2023-24 the business reported revenues of ₹ 163.4 Crores, 2.1% lower than last year, the moderation in demand in battery-powered category getting somewhat neutralized by the traction in the rechargeable battery powered category. Deficient monsoons in some of the key geographies leading to the sluggishness of demand affected the Company's plan in the current year. The business segment saw EBITDA of ₹ 14.5 Crores in FY 2023-24 vis-à-vis ₹ 22.2 Crores in the previous year, with EBITDA margins of 8.9% in FY 2023-24 against 13.3% in FY 2022-23.

Opportunities and threats

Per capita utilization of flashlights has perennially been low in the country and represents a ready base of potential users. Whereas in urban centers, flashlights hitherto have not had a specific application owing to prevalence of continuous electric supply, there are new use case scenarios that are emerging, including recreational outdoors activities. Towns and cities that see frequent power issues require a suitable solution to mitigate frequent blackouts. Rural centers continue to have primary utility for flashlights for outdoor activities post sunlight hours. In the rural side where most of the flashlight usage is, there is no replacement for flashlight and EIIL is hopeful to see growth in demand.

The unorganized nature of the industry remains a threat, with lower quality, locally or imported assembled products. The rechargeable category is also seeing low value products getting offered into the market, taking advantage of laxity in regulation. The Company's focus remains on design, quality and value for this market and offering a consistent pipeline of exciting products suited to the requirement of the market. Concurrently EIIL is pursuing avenues to bring in standardization via the BIS route in order to facilitate an even playing field for the industry.

Risks and concerns

The flashlight industry in India faces significant challenges related to quality control, transparency and trust. These challenges not only affect consumer satisfaction but also hinder the industry's growth potential, both domestically and internationally.

To address the challenges, a comprehensive approach is needed in terms of establishing standardized certifications, promoting supply chain transparency, creating a regulatory framework, educating consumers, encouraging industry collaboration and encouraging innovation through research and development. The flashlight industry can overcome its hurdles and ensure long-term growth and sustainability by implementing these initiatives.

The Company is confident of leveraging its strong brand promise to signal best value and quality. Communication initiatives are being rolled out to comprehensively engage with the audience to forge a closer connect with the brand and expound on the virtues and benefits of the product range, relative to the lower-cost options in the unorganized space.

LIGHTING AND ELECTRICAL PRODUCTS

Industry overview

The lighting market in India has seen a surge in the adoption of LED lighting. The trend is driven by increased electricity consumption rates and cost-effective lighting solutions. LED's consume up to 60% less electricity and can last three times longer and also reduce CO2 emissions.

LED lighting presents a natural extension for brand 'Eveready'. EIIL has an extensive SKU range, available across the general trade, modern trade and electrical channels. The Company has the unique benefit of an extensive rural and semi urban reach and EIIL is leveraging that for its LED bulbs and luminaires. EIIL is also working towards creating salience of its products in the electrical channel in larger population towns. In order to cater to consumers across all range of requirements, EIIL has created a versatile portfolio with innovative and well-crafted products. In particular, EIIL's offering in the range of emergency bulbs has been particularly well liked by the market.

Performance review

In FY 2023-24, the Company has seen a sharp value degrowth in the market. The market degrowth is estimated at upwards of 10%. However, the Company has managed to end the year with a growth of 4.3% (₹ 310.8 Crores against ₹ 298.1 Crores in FY 2022-23), riding on volume growth and product premiumization. Historically, lighting market has seen healthy growth and it is expected that the present value degrowth on account of pricing initiatives is temporary. The business is yet to break even at an EBIDTA level.

Opportunities and threats

The Indian LED market offers an infinite number of development prospects over the next several decades. The sector benefits from a sustainable eco-system of skilled workforce and demographic advantages. As demand for smart connected lifestyles and energy efficient goods is growing, the Indian LED lighting market is seeing rapid development. The government's aggressive energy saving goals provides the impetus for the transformation.

Industrial lighting has not yet been transformed in the same manner that LED lighting has been transformed in other sectors and hence there is significant potential in industrial applications. The LED sector can increase its profitability by offering wireless smart lighting in comparison to regular items such as bulbs and downlights. Businesses in a variety of industries such as workplaces, hotels, educational institutions and the healthcare industry are on the rise and EIIL will strive to augment its presence to these spaces.

Low-quality products continue to be supplied to consumers at low rates, but these items degrade the market and have long-term negative impacts on consumer well-being.

Risks and concerns

The business relies on continuous innovation and quality of offering. The risk therefore is in failing to keep up with the evolution of the needs of the market with suitable products. A dedicated process has been brought in place by EIIL to develop and introduce high-utility products every season in order to create category excitement. The initiative to broad base the SKU range with higher presence in luminaries and augmented distribution will also help.

Management
Discussion and Analysis

INFORMATION TECHNOLOGY

EIIL has focused on investing in information technology (IT) as a means of delivering efficient business solutions that enable well-informed decision-making. In FY 2023-24, the Company embarked on a journey of technology transformation with best in class SAP HANA replacing the legacy Oracle system. The Company also forayed into Bizom, a retail intelligence platform to strengthen its sales force and distribution management systems thus targeting a digital growth aided by outcomes, which are directly tied to business and operational goals.

INTERNAL CONTROL AND SYSTEMS

The Company has implemented internal control procedures that are appropriate for its size and scope of business operations. These procedures aim to promote the efficient utilization and safeguarding of the Company's resources, accuracy in financial reporting and adherence to applicable statutes and regulations.

The current system incorporates organized work guidelines and unambiguous procedures for obtaining authorization and approval for buying and selling commodities and services. Additionally, it designates particular individuals with custodial responsibilities and uses computerized systems to maintain controls right from the source.

Effective April 1, 2022, Ernst & Young LLP has been engaged to conduct the internal audit for the Company. The Audit Committee of the Board regularly reviewed Internal Audit reports, progress made in implementing recommendations and the adequacy of internal control systems.

The Company has a well-documented Risk Management System, which is reviewed by an active Steering Committee appointed by the Board of Directors, overseeing by the Risk Management Committee of the Board. The risk registrar helps identify few risks, of routine nature. None of the risks thus identified have created any material impact. There is a mitigation system in place to remediate for such contingencies and risks as part of the ongoing management process.

HUMAN RESOURCES

EIIL recognizes that its people power is fundamental to its success. With nearly 1,971 individuals employed across various plants and branch locations, the Company values a shared passion for excellence. The human capital at EIIL is characterized by a wealth of knowledge, expertise and experience. Investment behind human resources continues to be a key item of focus as EIIL prioritize talent development along with organizational growth plans.

Throughout FY 2023-24, employee-management relations remained amicable. The human resource management system at EIIL prioritizes recognizing

merit-based performance and enhancing employee skill levels through development programs.

OUTLOOK

Batteries being a core contributor to the performance remain the mainstay of the sales initiative. Dry cell batteries have headroom for growth in the urban context as the number of devices per households aligns with developed nations. Alkaline category is witnessing express growth, in line with revamped distribution structure and processes and enhanced communication. Whereas carbon zinc batteries are expected to deliver moderate volume growth, the alkaline category is expected to deliver continued strong growth in-line with our premiumization initiative. The sales effort is distinctly multi-channel and EIIL's product range is better available across modern retail, e-commerce and quick commerce.

As EIIL re-orients its portfolio in flashlights towards rechargeable offerings, it is attempting to supercharge growth. With quality as its hallmark and distinct functionality-value proposition, the Company intends to introduce multiple new products and variants. Once the BIS-backed standardization is ushered in, the organized industry led by EIIL is expected to witness an accelerated participation in the high-growth rechargeable category. With the expectation of an above-normal rains this monsoon, the prospects of rural consumption picking up are brighter, further feeding the demand for both batteries and flashlights.

EIIL's LED lighting range has products for every conceivable application. Straddling both the consumer retail and B2B segments, this segment is set for healthy growth in the coming year. Present across both the general trade and electrical outlet channels, the business is expected to record consistent growth in the year. Quality and feature-functionality being the strong suits of the portfolio, EIIL remains committed to drive higher growth.

The Company will continue to invest in brand and product communication in a sustained manner which, coupled with strengthening of the distribution network will add fillip to category growths.

CAUTIONARY STATEMENT

The Management Discussion and Analysis Report has included projections, estimates and expectations, all of which were made in good faith. However, it is important to acknowledge that unforeseen factors may arise, which could potentially impact the actual results. Therefore, the future performance and outlook may differ from what the Directors had initially envisioned. Additionally, the market data and product information presented in this Report were obtained from various published and unpublished sources. While every effort was made to ensure accuracy, reliability and completeness, it cannot be guaranteed.

Wastewater is treated in the Company's own Effluent Treatment & Sewage Treatment plants before being discharged to sewerage and in line with consent requirements of the Pollution Control Board.

5. Has the entity implemented a mechanism for zero liquid discharge? If yes, provide details of its coverage and implementation –

Most of the manufacturing locations of the Company are zero liquid discharge plants. Combined STP and ETP units at all manufacturing locations have been set up to fulfill the treatment requirements of the respective locations. The treated water is utilized for flushing in toilets and WCs, sprinkling on plants & trees in the lawns and gardens, cleaning of process jigs etc. Treated water is tested at NABL accredited labs to ensure compliance with relevant statutory requirements.

In majority of the manufacturing locations, there are facilities for rainwater harvesting for aquifer recharging.

| Total Scope 1 and Scope 2 emission intensity in terms of physical output | tCO2e / Mn. No. | 11.58 | 11.80 |

The computation for GHG intensity (Scope 1 & 2) relates to the operations of six factories and other locations of the Company only.

8. Does the entity have any project related to reducing greenhouse gas emission? If Yes, then provide details –

The Company has taken various initiatives to reduce the emission of GHG gases from its operations, including procurement of renewable energy, switching to cleaner use of fuels, replacing conventional lights with LED, replacing Diesel Fueled vehicles with Electric Vehicles etc. Our absolute carbon footprint across Scope 1 and Scope 2 emissions reduced by 7.30% over last financial year due to focused initiatives around energy efficiency and transition to renewable energy. The foremost GHG Emission reduction initiatives include:

- 1. Installation of 1.7 MWp of On-Grid Solar Photo Voltaic modules for partial substitution of electricity.
- 2. Fuel Changeover from Diesel to PNG in Generators at one of the locations.
- 3. Replacement of Diesel Forklift with Electric Forklift for material handling.
- 4. Fuel changeover from HSD to LPG in Furnace operations.
- 5. Furnace emissions control by capacity adjustments.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce the usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Generation of waste is primarily from the manufacturing and auxiliary operations. Majority of these wastes are from the packaging of the incoming raw materials and scraps generated during process and packaging operations. Scrap is stored in identified scrap bins in demarcated areas.

- Pre-weighed Scrap batteries generated after rework/recycle are collected from manufacturing area and stored at a designated place before final disposal to PCB authorized recycler.
- Zinc dross generated from furnace are screened in screener machine towards an attempt to reuse the zinc. Fine ash particles generated are collected and stored at a designated place before final disposal to PCB authorized recycler.
- ETP sludge collected from ETP tanks are stored in designated place after drying in dry bed and disposed to PCB authorized vendor.
- The DSIR recognized R&D department with a NABL accredited laboratory is engaged in elimination and reduction of hazardous chemicals.
- All hazardous waste is kept under lock and key under a covered roof.
- Hazardous chemicals are stored in FRP tanks housed on a RCC Dyke with Acid proof tiling and connected to Effluent Treatment Plants.
- EPR compliance with respect to E-Waste (Management) Rules, 2022, Battery Waste Management Rules, 2022 and Plastic Waste Management Rules, 2016.
- 11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones, etc.) where environmental approvals/clearances are required, please specify details in the following format —

Not Applicable.

12. Details of Environmental Impact Assessments of projects undertaken by the entity based on applicable laws, in the current financial vear —

No such EIA was required to be carried out as per applicable regulations during the current financial year FY 2023-24.

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment Protection Act and Rules thereunder (Y/N). Independent Auditor's Report

To the Members of Eveready Industries India Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of **Eveready Industries India Limited** ("the Company"), which comprise the balance sheet as at March 31, 2024, the statement of profit and loss, (including the statement of other comprehensive income), the statement of changes in equity and the cash flow statement for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (The "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit and total comprehensive income, changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements'

Descriptions of Key Audit Matter

A. Valuation of inventories

(Refer to note 10 to the standalone financial statements).

The Company is having Inventory of ₹ 25,044.82 lakhs as on March 31, 2024. Inventories are to be valued as per Ind AS 2. As described in the accounting policies in note 10 to the standalone financial statements, inventories are carried at the lower of cost and net realisable value. Further the management applies judgment in determining the appropriate provisions against inventory of Stores, Raw Material, Finished goods and Work in progress based upon a detailed analysis of old inventory, net realisable value below cost based upon future plans for sale of inventory.

section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 30.1 to the standalone financial statements which relates to the penalty of ₹ 17,155.00 Lakhs levied by the Competition Commission of India for non-compliance with provisions of the Competition Act 2002, against which an appeal has been filed by the Company with the National Company Law Appellate Tribunal, New Delhi. As per legal advice obtained by the Company, the amount of penalty cannot be reliably estimated at this stage owing to the uncertainty of the future outcome of the litigation. Accordingly, no provision has been made and the same has been disclosed as contingent liability. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

How we addressed the matter in our audit

We obtained assurance over the appropriateness of the management's assumptions applied in calculating the value of the inventories and related provisions by:

- Completing a walkthrough of the inventory valuation process and assessing the design and implementation of the key controls addressing the risk.
- Verifying the effectiveness of key inventory controls operating over inventories; including sample based physical verification.
- Reviewing the document and other record related to physical verification of inventories done by the management during the year.
- Verifying for a sample of individual products that costs have been correctly recorded.
- Comparing the net realisable value to the cost price of inventories to check for completeness of the associated provision.
- Reviewing the historical accuracy of inventory provisioning and the level of inventory write-offs during the year. Also reviewing the estimate and basis of provision made on specific inventories.
- Recomputing provisions recorded to verify that they are in line with the Company policy.

Our Conclusion:

Based on the audit procedures performed, we did not identify any material exceptions in the Inventory valuation.

Descriptions of Key Audit Matter

B. Revenue Recognition

(Refer to note 22 to the standalone financial statements).

Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion in so far as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year. Revenue is recognized when the control of the underlying products has been transferred to customer along with the satisfaction of the Company's performance obligation under a contract with customer. Terms of sales arrangements, including the timing of transfer of control, delivery specifications including Incoterms in case of exports, timing of recognition of sales require significant judgment in determining revenues. The risk is, therefore, that revenue may not get recognised in the correct period.

Due to the Company's presence across different marketing regions within the country and the competitive business environment, the estimation of the various types of discounts and incentive schemes to be recognised based on sales made during the year is material and considered to be complex and judgmental.

The provision for warranty is computed based on sales volume and historical information about product failures (and consequential repairs and returns), adjusted for the key developments occurring during the year which may affect the liability.

Due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers' and the judgments and estimates involved in making the estimation of discounts and incentive and provision for warranty, we determined the recognition of revenue, estimation of discounts and incentive and provision against warranty as a key audit matter.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have

How we addressed the matter in our audit

As part of our audit, we understood the Company's policies and processes, control mechanisms and methods in relation to the revenue recognition, estimation of discounts and incentive and provision for warranty and evaluated the design and operative effectiveness of the financial controls for the above through our test of control procedures.

- Our audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches/deliveries, inventory reconciliations and circularization of receivable balances, substantive testing for cut-offs and analytical review procedures.
- Performing procedures to ensure that the revenue recognition criteria adopted by Company for all major revenue streams is appropriate and in line with the Company's accounting policies.
- Obtaining and inspecting, on a sample basis, supporting documentation for discounts, incentives and rebates recorded and disbursed during the year as well as credit notes issued after the year end to determine whether these were recorded appropriately.
- Our audit procedures included, among other things, the evaluation
 of the process to calculate the provision for product warranties and
 the evaluation of the relevant assumptions and their derivation for the
 measurement of the provisions.
- Based on historical data used by the Company to estimate its provisions for product warranties, we assessed the permanence of methods used, the relevance and reliability of underlying data, and calculations applied.
- We also compared costs incurred to the previously recognized provisions
 to assess the quality of the management estimates. Based on the
 evidence obtained, we concluded that management's process for
 identifying and quantifying warranty provisions was appropriate and
 that the resulting provision was reasonable.
- Performed procedures to identify any unusual trends of revenue recognition.
- Traced disclosure information to accounting records and other supporting documentation.

Our Conclusion:

Based on the audit procedures performed, we did not identify any material exceptions in the revenue recognition, estimation of discounts and incentive and provision against warranty.

performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Managements' Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company

Financial Statements

and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order
 to design audit procedures that are appropriate in the circumstances.
 Under section 143(3)(i) of the Act, we are also responsible for expressing
 our opinion on whether the company has adequate internal financial
 controls with reference to standalone financial system in place and the
 operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However,

- future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The standalone balance sheet, the standalone statement of profit and loss including the statement of other comprehensive income, the standalone statement of changes in equity and the standalone cash flow statement dealt with by this report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act., read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
 - (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of

- Directors, none of the directors are disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
 - In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements

 Note 30.1 to the standalone financial statements;
 - II. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as on March 31, 2024;
 - III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - IV. (a) The management has represented to us that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The management has represented to us that, to the best of its knowledge and belief, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on our audit procedures that are considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under paragraph 2(h) (iv)(a) &(b) above, contain any material mis-statement.
- V. The Company has not declared any dividend in previous financial year. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- VI. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Annexure B to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditor's Report of even date to the Members of Eveready Industries India Limited on the Standalone Financial Statements as of and for the year ended March 31, 2024)

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of **Eveready Industries India Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to these standalone financial statements and such internal financial controls with reference to theses standalone financial statements were operating effectively as at March 31, 2024, based on the internal financial control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note Particulars

1 CORPORATE INFORMATION

Eveready Industries India Limited ("the Company") is in the business of manufacture and marketing of batteries and flashlights under the brand name of "Eveready". The Company also distributes a wide range of lighting and electrical products. The Company is a Public Limited Company incorporated and domiciled in India with its registered office at 2, Rainey Park, Kolkata 700019. Eveready has its manufacturing facilities at Lucknow, Noida, Haridwar, Maddur, Kolkata and Goalpara (Assam) and is supported by a sales and distribution network across the country.

2 BASIS OF PREPARATION AND ACCOUNTING POLICY INFORMATION

The basis of preparation and the material accounting policies have been applied consistently to all the periods presented in the standalone financial statements, except where newly issued accounting standard are initially adopted or a revision to an existing accounting standard requires change in accounting policy hitherto in use.

2.1 Statement of compliance

These Financial Statements comply with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standard) Rules, 2015 as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013. (Ind AS compliant Schedule III), as applicable to the Standalone Financial Statement.

2.2 Amended Ind AS

Effective 01 April 2023 the Company has applied the following amendments to existing standards which has been notified by the Ministry of Corporate Affairs ("MCA") -

Ind AS1, Presentation of Financial Statements

Effective for annual periods starting on or after 1 April 2023, Ind AS 1 has been amended to replace the requirement for entities to disclose their 'significant accounting policies' with a requirement to disclose 'material accounting policy information'. The explicit requirement to disclose measurement bases has also been removed. The standalone financial statements has been prepared considering the above amendments.

Ind AS 8, Accounting policies, Change in Accounting Estimates and Errors

The company has adopted the amendments to Ind AS 8 for the first time in current year. The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty".

Ind AS 12, Income Taxes

The company has adopted the amendments to Ind AS 12 for the first time in current year. The amendment has narrowed the scope of the Initial Recognition Exemption (IRE) (with regard to leases and decommissioning obligations). Now IRE does not apply to transactions that give rise to equal and offsetting temporary differences. Accordingly, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on transactions such as initial recognition of a lease and a decommissioning provision.

The amendments listed above did not have any impact on the amounts recognized in current periods.

2.3 Basis of Preparation

The financial statements have been prepared and presented on the going concern basis using accrual basis of accounting and under the historical cost basis except for the following:

- (i) certain financial instruments that are measured at fair value.
- (ii) defined benefit plans- plan assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Note Particulars

The Company determines materiality depending on the nature or magnitude of information, or both. Information is material if omitting, misstating or obscuring it could reasonably influence decisions made by the primary users, on the basis of those financial statements.

The financial statements have been presented in Indian Rupees (INR), which is the Company's Functional Currency. Transactions in foreign currencies are recorded at their respective functional currency at the exchange rates prevailing at the date, the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at the exchange rates prevailing at the reporting date.

All Financial information presented in INR has been rounded off to nearest two decimals of lakhs, unless otherwise indicated.

2.4 Material Accounting Policy Information

The material accounting policies adopted in preparation of the standalone financial statements has been disclosed in the pertinent note along with other information. All accounting policies have been consistently applied to all the period presented in the standalone financial statements unless otherwise stated.

2.5 Use of estimates and judgement

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the standalone financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise. The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its standalone financial statements:

a. Employee retirement plans

The Company provides both defined benefit employee retirement plans and defined contribution plans. Measurement of pension and other superannuation costs and obligations under such plans require numerous assumptions and estimates that can have a significant impact on the recognized costs and obligations, such as future salary level, discount rate, attrition rate and mortality. Government bond yield is considered as discount rate. Assumptions for salary increase in the remaining service period for active plan participants are based on expected salary increase. Changes in these assumptions can influence the net asset or liability for the plan as well as the pension cost. These assumptions have been explained under note no. 25.b.

b. Provision for income tax and deferred tax assets

The Company uses judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances, and disallowances which is exercised while determining the provision for income tax. Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax basis that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned tax optimizing measures. Economic conditions may change and lead to a different conclusion regarding recoverability. Refer note no. 8 and 29.

c. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics. Refer note no. 16.

Note Particulars

d. Useful lives of property, plant and equipment and intangible assets

Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of IT equipment, software and other plant and equipment. This reassessment may result in change in depreciation expense in future periods. Refer note no. 3 and 4.

e. Fair Value Measurement

The Company applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with the market participants to price the instrument. The Company's assumptions are based on observable data as far as possible, otherwise on the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

f. Contingent assets and liabilities, uncertain assets and liabilities

Liabilities that are uncertain in timing or amount are recognized when a liability arises from a past event and an outflow of cash or other resources is probable and can be reasonably estimated. Contingent liabilities are possible obligations where a future event will determine whether the Company will be required to make a payment to settle the liability, or where the size of the payment cannot be determined reliably. Material contingent liabilities are disclosed unless a future payment is considered remote. Evaluation of uncertain liabilities and contingent liabilities and assets requires judgement and assumptions regarding the probability of realisation and the timing and amount, or range of amounts, that may ultimately be incurred. Such estimates may vary from the ultimate outcome as a result of differing interpretations of laws and facts. Contingent assets are not recognised.

g. Application of Ind AS 115

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc. The provision for warranty is computed based on sales volume and historical information about product failures (and consequential repairs and returns), adjusted for the key developments occurring during the year which may affect the liability. Refer note no. 22.

2.6 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3 PROPERTY, PLANT AND EQUIPMENT (INCLUDING RIGHT OF USE ASSETS) AND CAPITAL WORK-IN-PROGRESS

Accounting Policy

Property, plant and equipment are carried at cost less subsequent accumulated depreciation and subsequent impairment losses, if any. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use.

In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of overheads, directly attributable borrowing costs.

Note Particulars

3 PROPERTY, PLANT AND EQUIPMENT (INCLUDING RIGHT OF USE ASSETS) AND CAPITAL WORK-IN-PROGRESS (CONTD.)

Capital work-in-progress

Capital work-in-progress assets in the course of construction for production or/and supply of goods or services or administrative purposes, or for purposes not yet determined, which are not ready for intended use as on the date of Balance Sheet are disclosed as Capital work-in-progress and are carried at cost, less any recognised impairment loss, if any.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

ROU assets are depreciated over the shorter period of the lease term and useful life of the underlying asset. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease. The estimated useful life and depreciation method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Depreciation

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support, etc.:

Factory building - 25 years

Plant and equipment (other than moulds-3 shifts) - 20 years Plant and equipment (other than moulds-2 shifts) - 26.67 years Plant and equipment (other than moulds-1 shift) - 40 years

Vehicles - 3 years

Freehold land is not depreciated, except for improvements to the land included therein.

The estimated useful life, depreciation method and residual values are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Each component of an item of property, plant and equipment with a cost that is significant in relation to the cost of that item is depreciated separately if its useful life differs from the others components of the asset.

The changes in the carrying value of property, plant and equipment for the year ended March 31, 2024 are as follows:

4 INTANGIBLE ASSETS AND INTANGIBLE ASSETS UNDER DEVELOPMENT

Accounting Policy

Intangible assets are carried at cost less accumulated subsequent amortisation and subsequent impairment losses, if any. The estimated useful life and amortization method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets under development

Expenditure on research and development eligible for capitalisation are carried as intangible assets under development where such assets are not yet ready for their intended use.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Computer software is amortised over the life of the software license ranging from one year to six years.

Note Particulars

(5-7) FINANCIAL ASSETS

Accounting Policy

All financial assets are recognised on trade date when the purchase of a financial asset is under a contract whose term requires delivery of the financial asset within the time frame established by the market concerned. Financial assets are initially measured at fair value, plus transaction costs, except for those financial assets which are classified at fair value through profit or loss (FVTPL) at inception. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Classification of financial assets

Financial assets are classified as 'equity instrument' if it is a non-derivative and meets the definition of 'equity' for the issuer (under Ind AS 32 Financial Instruments: Presentation). All other non-derivative financial assets are 'debt instruments'.

Initial Recognition and Subsequent Recognition

i) Amortised Cost

Financial assets are subsequently measured at amortised cost using the effective interest method, if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company may irrevocably elect at initial recognition to classify a debt instrument that meets the amortised cost criteria above as at FVTPL if that designation eliminates or significantly reduces an accounting mismatch had the financial asset been measured at amortised cost.

ii) Fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in other Equity. Where the asset is disposed of, the cumulative gain or loss previously accumulated in the other Equity is directly reclassified to retained earnings.

The Company has an irrevocable option to present changes in the fair value of equity investments not held for trading in OCI.

iii) Fair value through profit and loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Refer Note 30.8 for disclosure related to Fair value measurement of financial instruments.

iv) Investment in subsidiaries

The investments in subsidiaries and joint ventures are carried in the financial statements at historical cost except when the investment, or a portion thereof, is classified as held for sale, in which case measured at lower of carrying amount and fair value less costs to sell.

v) Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost. For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months' expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

8 INCOME TAXES

Accounting Policy

Current Tax

The tax currently payable is based on taxable profit for the year. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred Tax

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Minimum Alternative Tax (MAT) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

10 INVENTORIES

Accounting Policy

Inventories of raw materials and stores and spare parts are valued at the lower of weighted average cost and the net realisable value after providing for obsolescence and other losses, where considered necessary.

Work-in-progress and finished goods are valued at lower of cost and net realisable value where cost is worked out on weighted average basis. Cost includes all charges in bringing the goods to the point of sale, including other levies, transit insurance and receiving charges alongwith appropriate proportion of overheads.

However, materials and other supplies held for use in the production of inventories (finished goods, work-in-progress) are not written down below the cost if the finished products in which they will be used are expected to sell at or above the cost.

Net realizable value represents the estimated selling price for inventories less estimated costs of completion and costs necessary to make the sale.

(15-17) FINANCIAL LIABILITIES

Accounting Policy

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured atfairvalue. Transaction costs that are directly attributable to the acquisition of financial liabilities (other than financial liabilities at fair value through profit or loss) are deducted from the fair value measured on initial recognition of financial liability. They are measured at amortised cost using the effective interest method. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled, or have expired. Refer Note 30.8 for disclosure related to Fair value measurement of financial instruments.

16 LEASE LIABILITIES

Accounting Policy

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognized as expense in the periods in which they are incurred.

The lease payments that are not paid at the commencement date are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk and makes adjustments specific to the lease, e.g. term, security etc.

As a practical expedient, Ind AS 116 permits a lessee not to separate non-lease components when bifurcation of the payments is not available between the two components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has used this practical expedient.

18 PROVISIONS AND CONTINGENCIES

Accounting Policy

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

Note Particulars

Warranties

Provisions for service warranties and returns are recognised when the Company has a present or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably measured.

22 REVENUE FROM OPERATIONS

Accounting Policy

Revenue is measured at the fair value of the consideration received or receivable.

Sale of goods

Revenue from sale of goods is recognised when control of the products has transferred and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Revenue is recognised based on the price specified in the contract, net of the estimated discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A contract liability is recognised for expected discounts payable to customers in relation to sales made until the end of the reporting period. A receivable is recognised when the goods are despatched as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Revenue excludes Goods and Services Tax (GST).

Unfulfilled Performance Obligations

The Company provides certain benefits to customers for purchasing products from the Company. These provide a material right to customers that they would not receive without entering into a contract. Therefore the promise to provide such benefits to the customer is a separate performance obligation. The transaction price is allocated to the product and the benefit to be provided on a relative stand-alone selling price basis. The management estimates the stand-alone selling price per unit on the basis of providing cost of such benefit. These estimates are established using historical information on the nature, frequency and average cost of obligations and management estimates regarding possible future incidents. To the extent these benefits are not settled/ disbursed till the end of a reporting period these are recorded. Contract liability is recognised until the benefit is provided which is expected to be less than 12 months.

Government grants and subsidies

Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. Government grants and subsidies are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

25 EMPLOYEE BENEFITS EXPENSE

Accounting Policy

Post - Employment Benefits

Defined Benefit Plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually at year end by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss. Past service cost is recognised in the statement of profit and loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined Contribution Plans

Contributions under Defined Contribution Plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service entitling them to the contributions.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Note Particulars

25 EMPLOYEE BENEFITS EXPENSE (CONTD.)

Other long-term employee benefits

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually at year end by actuaries as the present value of expected future benefits in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields on government bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

These plans typically expose the Company to actuarial risks are as follows: Credit risk If the scheme is insured and fully funded on projected unit credit basis there is a credit risk to the extent the insurer(s) is / are unable to discharge their obligations including failure to discharge in timely mapper.

insurer(s) is/ are unable to discharge their obligations including failure to discharge in timely manner.

Pay-as-you-go risk

For unfunded schemes financial planning could be difficult as the benefits payable will directly affect the revenue and this could be widely fluctuating from year to year. Moreover there may be an opportunity cost of better investment returns affecting adversely the cost of the scheme.

Discount rate risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase in the

Liquidity risk

The company is exposed to the risk of fail in discount rate. A fail in discount rate will eventually increase in the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Liquidity risk

This risk arises from the short term asset and liability cash-flow mismatch thereby causing the Company being unable

to pay the benefits as they fall due in the short term. Such a situation could be the result of holding large illiquid assets disregarding the results of cash-flow projections and cash outflow inflow mismatch. (or it could be due to insufficient assets/cash.)

Demographic risk In the valuation of the liability certain demographic (mortality and attrition rates) assumptions are inherent. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to that assumed thereby causing an increase in the scheme cost.

Regulatory risk New Act/Regulations may come up in future which could increase the liability significantly.

Future salary increase risk*

The scheme cost is very sensitive to the assumed future salary escalation rates for all final salary defined benefit schemes. If actual future salary escalations are higher than that assumed in the valuation actual scheme cost and hence the value of the liability will be higher than that estimated.

Provident Fund

Contributions towards provident funds are recognised as an expense for the year. The Company has set up a Provident Fund Trust which is administered by Trustees. Both the employees and the employer make monthly contributions to the fund at specified percentage of the employee's salary and aggregate contributions along with interest thereon are paid to the employees/nominees at retirement, death or cessation of employment.

The Trust invests funds following a pattern of investments prescribed by the Government. The interest rate payable to the members of the Trust is not lower than the rate of interest declared annually by the Government under 'The Employees' Provident Funds and Miscellaneous Provisions Act, 1952' and shortfall, if any, on account of interest is to be made good by the Company.

The Actuary has carried out actuarial valuation of plan's liabilities and interest rate guarantee obligations as at the Balance Sheet date using Projected Unit Credit Method and Deterministic Approach as outlined in the Guidance Note 29 issued by the Institute of Actuaries of India. Based on such valuation, no amount is required to be provided towards future anticipated shortfall with regard to interest rate obligation of the Company as at the Balance Sheet date. Disclosures given hereunder are restricted to the information available as per the Actuary's Report.

Pursuant to the Taxation Laws (Amendment) Ordinance, 2019 issued on September 20, 2019, corporate assesses have been given the option to apply lower income tax rate with effect from April 01,2019, subject to certain conditions specified therein. The Company has carried out an evaluation and based on its forecasted profits, believes it will not be beneficial for the Company to choose the lower tax rate option in the near future. Accordingly, no effect in this regard has been considered in measurement of tax expense for the year ended March 31, 2024. The Company will, however, continue to review its profitability forecast at regular intervals and make necessary adjustments to tax expense when there is reasonable certainty to avail the beneficial (lower) rate of tax.

Note:

The Competition Commission of India ("CCI") issued an Order dated April 19, 2018, imposing penalty on certain zinc carbon dry cell battery manufacturers, concerning contravention of the Competition Act, 2002 (The Act). The penalty imposed on the Company was ₹ 17,155 lakhs. The Company filed an appeal and stay application before the National Company Law Appellate Tribunal, New Delhi, (NCLAT) against the CCI's said Order. Since then, the NCLAT vide its order dated May 09, 2018, has stayed the penalty with the direction of depositing 10% of the penalty amount within 15 days with the Registry of the NCLAT. The Company has complied with the said direction of the NCLAT. Meanwhile, the Company received legal advice to the effect that given the factual background and the judicial precedents, there are reasonable grounds on the basis of which the NCLAT will allow the appeal and will either adjudicate upon the quantum of penalty imposed or remand it to the CCI for de novo consideration. It may also be noted that a certain amount of penalty will be levied on the Company as it had also earlier filed an application under the Lesser Penalty Regulations under the Act. However, at this stage it is not possible to quantify or even make a reasonable estimate of the quantum of penalty that may be imposed on the Company. According to the aforesaid legal advice, the matter should be recognized as a contingent liability as defined under Ind-AS 37 and there should be no adjustment required in the financial statements of the Company in accordance with Ind-AS 10. Accordingly, pending the final disposal of the appeal, the amount has been disclosed as contingent liability in the financial statements. It may also be noted that penalty imposed in this connection on certain officers of the Company amounting ₹ 53.41 Lakhs has been included in the above.

The Company is having non-current financial assets amounting to ₹ 1,796.82 Lakhs (As at March 31, 2023: ₹ 1,854.67 Lakhs). The fair value of these non-current financial assets is not materially different from its carrying value.

The carrying amounts of trade receivables, cash and cash equivalents and bank balances other than cash and cash equivalents, trade payables, other current financial liabilities and short term borrowings are considered to be same as their fair values, due to their short term nature

30.8.3 Financial risk management objectives

The Company endeavours to manage the financial risks related to it's operations through specified policies, which deals with various market risks (foreign currency exchange risk, interest rate risks and commodity price risks), credit risks and liquidity risks. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments like foreign exchange forward contracts, commodity future and option contracts, maintaining proper mix between fixed and floating rate of borrowings are undertaken to hedge the various financial risks as per guidelines set in those policies. Credit risk management is done through managing credit limits and transactions through letters of credit. Liquidity risk is managed through availability of committed credit lines and borrowing facilities.

30.8.4 Market risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates, interest rates and commodity prices in international markets. The Company enters into foreign exchange forward contracts and commodity futures contracts to manage it's market risks.

30.8.5 Foreign currency risk management

Hedge Instruments Accounting Policy

The Company uses hedge instruments that are governed by the policies of the Company which are approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the risk management strategy of the Company.

The Company uses certain forward foreign exchange contracts as hedge instruments in respect of foreign exchange fluctuation risk. These hedge contracts do not generally extend beyond 6 months.

These hedges are accounted for and measured at fair value from the date the hedge contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The fair values for forward currency contracts are marked-to-market at the end of each reporting period.

The Company undertakes transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations arise. Exchange rate exposures are managed within the approved policy utilising forward foreign exchange contracts as and when required depending upon market volatility.

30.8.5.1 Foreign currency sensitivity analysis

The Company is mainly exposed to the currency US Dollar, Japanese Yen and Hong Kong Dollar. This sensitivity analysis mentioned in the below table has been based on the composition of the Company's financial assets and liabilities exposed to foreign currency as at year end. A positive number below indicates an increase in profit before tax where the INR(₹) strengthens 5% against the relevant currency. For a 5% weakening of the INR(₹) against the relevant currency, there would be a comparable impact on the profit and the balances below would be negative.

30.8.5.2 Foreign Exchange Forward Contracts

It is the policy of the Company to enter into foreign exchange forward contracts to cover foreign currency payments for known liabilities as and when required.

30.8.6 Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings contracts.

30.8.6.1 Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments (borrowings) at the end of the reporting period. For liabilities with floating rate, the analysis is prepared considering average amount outstanding at the end of each month. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's

30 ADDITIONAL INFORMATION TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

assessment of the reasonably possible change in interest rates. If interest rates had been 100 basis points higher/lower and all other variables were held constant, the Company's:

• profit before tax for the year ended March 31, 2024 would decrease/increase by ₹ 202.58 lakhs (for the year ended March 31, 2023: decrease/increase by ₹ 243.75 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

30.8.7 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure of its counterparties are continuously monitored.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable and, where appropriate, credit guarantee insurance cover is purchased.

Concentration of credit risk to any counterparty did not exceed 5% of gross monetary assets at any time during the year.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks. The Company's maximum exposure in this respect is the maximum amount the Company could have to pay if the guarantee is called on. As at March 31, 2024, an amount of NIL (as at March 31, 2023 an amount of NIL) and other bank guarantees amounts to ₹ 627.68 lakhs as at March 31, 2024 (as at March 31, 2023: ₹ 530.67 lakhs) has been considered as contingent liabilities (see note 32.1). These financial guarantees have been issued to banks under the supply agreements entered into with certain vendors.

30.8.7.1 Collateral held as security and other credit enhancements

The Company does not collect any collateral or other credit enhancements to cover its credit risks associated with its finacial assets.

30.8.8 Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

30.8.8.1 Liquidity risk tables

30.8.10 Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the financial statement is determined on such a basis, except for share-based payment transactions, leasing transactions and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Inventories or value in use in Impairment of Assets. The basis of fair valuation of these items are given as part of their respective accounting policies.

Financial instruments

The estimated fair value of the Company's financial instruments is based on market prices and valuation techniques. Valuations are made with the objective to include relevant factors that market participants would consider in setting a price, and to apply accepted economic and financial methodologies for the pricing of financial instruments. References for less active markets are carefully reviewed to establish relevant and comparable data.

This note provides information about how the Company determines fair values of various financial assets and financial liabilities.

30.8.10.1 Fair value of the Company's financial assets and liabilities that are measured at fair value on a recurring basis.

Some of the Company's financial assets and liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and liabilities are determined:

| | Fair val | Fair value as at | | Valuation techniques and | |
|-----------------------------------|----------------------|----------------------|-----------------------|---|--|

^{*} Below rounding off norms of the Company

Note Particulars

30 ADDITIONAL INFORMATION TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

Level 1:- Hierarchy includes financial instruments valued using quoted market prices. Listed equity instruments and traded debt instruments which are traded in the stock exchanges are valued using the closing price at the reporting date. Mutual funds are valued using the closing NAV.

Level 2:- Hierarchy includes financial instruments that are not traded in active market. This includes over the counter (OTC) derivatives, close ended mutual funds and debt instruments valued using observable market data such as yield etc. of similar instruments traded in active market. All derivatives are reported at discounted values hence are included in level 2. Borrowings have been fair valued using credit adjusted interest rate prevailing on the reporting date.

Level 3:- If one or more significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity instruments and certain debt instruments which are valued using assumptions from market participants.

30.8.10.2 Fair value of the financial assets and liabilities that are not measured at fair value (but fair value disclosures are required)

Except as detailed in the following table, the directors consider that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.

| | | | | | ₹ Lakhs |
|---|-----------------------|----------------------|------------|----------------------|------------|
| | Fair value | As at March 31, 2024 | | As at March 31, 2023 | |

REPORT ON THE AUDIT OF CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of **Eveready Industries India Limited** (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at March 31, 2024, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2024, their consolidated total comprehensive income (comprising consolidated profit and consolidated other comprehensive income), their consolidated changes in equity and consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further

Descriptions of Key Audit Matter

A. Valuation of inventories

(Refer to note 10 to the consolidated financial statements).

The Holding Company is having Inventory of ₹ 25,044.82 Lakhs as on March 31, 2024. Inventories are to be valued as per Ind AS 2. As described in the accounting policies in note 10 to the consolidated financial statements, inventories are carried at the lower of cost and net realisable value. Further the management applies judgment in determining the appropriate provisions against inventory of Stores, Raw Material, Finished Goods and Work in progress based upon a detailed analysis of old inventory, net realisable value below cost based upon future plans for sale of inventory.

described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) and (b) of the other matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 30.1 to the consolidated financial statements which relates to the penalty of ₹ 17,155.00 lakhs levied by the Competition Commission of India for non-compliance with provisions of the Competition Act 2002, against which an appeal has been filed by the Holding Company with the National Company Law Appellate Tribunal, New Delhi. As per legal advice obtained by the Holding Company, the amount of penalty cannot be reliably estimated at this stage owing to the uncertainty of the future outcome of the litigation. Accordingly, no provision has been made and the same has been disclosed as contingent liability. Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

How we addressed the matter in our audit

We obtained assurance over the appropriateness of the Holding Company's management's assumptions applied in calculating the value of the inventories and related provisions by:

- Completed a walkthrough of the inventory valuation process and assessed the design and implementation of the key controls addressing the risk.
- Verifying the effectiveness of key inventory controls operating over inventories; including sample based physical verification.
- Reviewing the document and other record related to physical verification of inventories done by the management during the year.
- Verifying for a sample of individual products that costs have been correctly recorded.

Descriptions of Key Audit Matter

B. Revenue Recognition

(Refer to note 22 to the consolidated financial statements).

Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion in so far as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year. Revenue is recognized when the control of the underlying products has been transferred to customer along with the satisfaction of the Company's performance obligation under a contract with customer. Terms of sales arrangements, including the timing of transfer of control, delivery specifications including Incoterms in case of exports, timing of recognition of sales require significant judgment in determining revenues. The risk is, therefore, that revenue may not get recognised in the correct period.

Due to the Holding Company's presence across different marketing regions within the country and the competitive business environment, the estimation of the various types of discounts and incentive schemes to be recognised based on sales made during the year is material and considered to be complex and judgmental.

The provision for warranty is computed based on sales volume and historical information about product failures (and consequential repairs and returns), adjusted for the key developments occurring during the year which may affect the liability.

Due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers 'and the judgments and estimates involved in making the estimation of discounts and incentive and provision for warranty, we determined the recognition of revenue, estimation of discounts and incentive and provision against warranty as a key audit matter.

How we addressed the matter in our audit

- Comparing the net realisable value to the cost price of inventories to check for completeness of the associated provision.
- Reviewing the historical accuracy of inventory provisioning and the level of inventory write-offs during the year. Also Reviewing the estimate and basis of provision made on specific inventories.
- Recomputing provisions recorded to verify that they are in line with the Company policy.

Our Conclusion: Based on the audit procedures performed, we did not identify any material exceptions in the Inventory valuation.

As part of our audit, we understood the Holding Company's policies and processes, control mechanisms and methods in relation to the revenue recognition, estimation of discounts and incentive and provision for warranty and evaluated the design and operative effectiveness of the financial controls from the above through our test of control procedures.

- Our audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches/deliveries, inventory reconciliations and circularization of receivable balances, substantive testing for cut-offs and analytical review procedures.
- Performing procedures to ensure that the revenue recognition criteria adopted by Holding Company for all major revenue streams is appropriate and in line with the Company's accounting policies.
- Obtaining and inspecting, on a sample basis, supporting documentation for discounts, incentives and rebates recorded and disbursed during the year as well as credit notes issued after the year end to determine whether these were recorded appropriately.
- Our audit procedures included, among other things, the evaluation
 of the process to calculate the provision for product warranties and
 the evaluation of the relevant assumptions and their derivation for the
 measurement of the provisions.
- Based on historical data used by the Holding Company to estimate its provisions for product warranties, we assessed the permanence of methods used, the relevance and reliability of underlying data, and calculations applied.
- We also compared costs incurred to the previously recognized provisions
 to assess the quality of the management estimates. Based on the
 evidence obtained, we concluded that management's process for
 identifying and quantifying warranty provisions was appropriate and
 that the resulting provision was reasonable.
- Performed procedures to identify any unusual trends of revenue recognition.
- Traced disclosure information to accounting records and other supporting documentation.

Our Conclusion: Based on the audit procedures performed, we did not identify any material exceptions in the revenue recognition, estimation of discounts and incentive and provision against warranty.

Information Other than the consolidated financial statements and auditor's report thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information in the annual reports, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Managements' Responsibility for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting fraud and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of the Group.

Auditors' Responsibility for the Audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system with reference to the financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated

financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- We did not audit the financial statements/financial informations of a subsidiary included in the consolidated financial statements, whose financial statements reflect total assets of ₹ 3.98 lakhs and net assets of ₹ 2.96 lakhs as at March 31, 2024, total revenue of ₹ 1.56 lakhs, net profit of ₹ 0.04 lakhs, total comprehensive income (comprising of profit and other comprehensive income) of ₹ 0.04 lakhs, for the year ended March 31, 2024 and net cash flows amounting to ₹ 0.06 lakhs for the year ended on that date, as considered in the consolidated financial statements. This financial statements/ financial information has been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of the subsidiary and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information in so far as it relates to the aforesaid subsidiary company, is based solely on the reports of the other auditors.
- b. ended, have been prepared in accordance with accounting principles generally accepted in its country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from the accounting principles generally accepted in its country to the accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. This financial statements/ financial information has been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of the subsidiary and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information in so far as it relates to the aforesaid subsidiary company, is based solely on the reports of the other auditor and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements-

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of subsection (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary company incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure A" a statement on the matters specified in paragraph 3(xxi) of the Order.
- 2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books:
 - c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated cash flow statement dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
 - e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2024 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Holding Company and its subsidiary company incorporated in India is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

Annexure B to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditor's Report of even date to the Members of Eveready Industries India Limited on the Consolidated Financial Statements as of and for the year ended March 31, 2024)

Report on the Internal Financial Controls with reference to Consolidated Financial Statement under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to these consolidated financial statements of **Eveready Industries India Limited** (hereinafter referred to as "the Holding Company") and its subsidiary, which are companies incorporated in India, as of that date.

Management's' responsibility for internal financial controls

The respective management of the Holding Company and its subsidiary to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of adequacy of the internal financial control with reference to financial statements is applicable, which are Companies incorporated in India, are responsible for establishing and maintaining internal financial control based on internal financial controls criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with respect to these consolidated financial statements included obtaining an understanding of internal financial controls with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditor of the subsidiary company, which are companies incorporated in India, in terms of their reports referred to in 'Other Matter' paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls over financial reporting with reference to consolidated financial statements.

Consolidated

Meaning of internal financial control with reference to consolidated financial statements

A company's internal financial control with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitation of internal financial control with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our and according to information provided to us and based on the considerations of the reports of the other auditors as referred in Other Matters paragraph below, the Holding Company and its subsidiary company, which is a company incorporated in India, have, in all material respects, an adequate internal financial controls over financial reporting system with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at 31st March 2024, based on the internal financial control over financial reporting criteria established by the Holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to a subsidiary company, which is a company incorporated in India, is based on the corresponding reports of the auditors of such company incorporated in India.

Our Opinion is not modified in respect of this matter.

Note Particulars

1 CORPORATE INFORMATION

Eveready Industries India Limited ("the Company") is in the business of manufacture and marketing of batteries and flashlights under the brand name of "Eveready". The Company also distributes a wide range of electrical products. The Company is a Public Limited Company incorporated and domiciled in India with its registered office at 2, Rainey Park, Kolkata 700019. Eveready has its manufacturing facilities at Lucknow, Noida, Haridwar, Maddur, Kolkata and Goalpara (Assam) and is supported by a sales and distribution network across the country.

2 BASIS OF PREPARATION AND ACCOUNTING POLICY INFORMATION

The basis of preparation and the material accounting policies have been applied consistently to all the periods presented in the consolidated financial statements, except where newly issued accounting standard are initially adopted or a revision to an existing accounting standard requires change in accounting policy hitherto in use.

2.1 Statement of compliance

These Financial Statements comply with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standard) Rules, as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Consolidated Financial Statement.

2.2 Amended Ind AS

Effective 01 April 2023 the Group Company has applied the following amendments to existing standards which has been notified by the Ministry of Corporate Affairs ("MCA") -

Ind AS1, Presentation of Financial Statements

Effective for annual periods starting on or after 1 April 2023, Ind AS 1 has been amended to replace the requirement for entities to disclose their 'significant accounting policies' with a requirement to disclose 'material accounting policy information'. The explicit requirement to disclose measurement bases has also been removed. The consolidated financial statements has been prepared considering the above amendments.

Ind AS 8, Accounting policies, Change in Accounting Estimates and Errors

The Group has adopted the amendments to Ind AS 8 for the first time in current year. The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty".

Ind AS 12, Income Taxes

The Group has adopted the amendments to Ind AS 12 for the first time in current year. The amendment has narrowed the scope of the Initial Recognition Exemption (IRE) (with regard to leases and decommissioning obligations). Now IRE does not apply to transactions that give rise to equal and offsetting temporary differences. Accordingly, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on transactions such as initial recognition of a lease and a decommissioning provision.

The amendments listed above did not have any impact on the amounts recognized in current periods.

2.3 Basis of Preparation

The financial statements have been prepared and presented on the going concern basis using accrual basis of accounting and under the historical cost basis except for the following:

- (i) certain financial instruments that are measured at fair value.
- (ii) defined benefit plans- plan assets measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Group has considered an operating cycle of 12 months.

Note Particulars

The Group determines materiality depending on the nature or magnitude of information, or both. Information is material if omitting, misstating or obscuring it could reasonably influence decisions made by the primary users, on the basis of those financial statements.

The financial statements have been presented in Indian Rupees (INR), which is the Company's Functional Currency. Transactions in foreign currencies are recorded at their respective functional currency at the exchange rates prevailing at the date, the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at the exchange rates prevailing at the reporting date.

All Financial information presented in INR has been rounded off to nearest two decimals of lakhs, unless otherwise indicated.

2.4 Material Accounting Policy Information

The material accounting policies adopted in preparation of consolidated financial statements has been disclosed in the pertinent note along with other information in italics. All accounting policies has been consistently applied to all the period presented in the consolidated financial statements unless otherwise stated.

2.5 Use of estimates and judgement

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise. The Group uses the following critical accounting judgements, estimates and assumptions in preparation of its consolidated financial statements:

a. Employee retirement plans

The Group provides both defined benefit employee retirement plans and defined contribution plans. Measurement of pension and other superannuation costs and obligations under such plans require numerous assumptions and estimates that can have a significant impact on the recognized costs and obligations, such as future salary level, discount rate, attrition rate and mortality. Government bond yield is considered as discount rate. Assumptions for salary increase in the remaining service period for active plan participants are based on expected salary increase. Changes in these assumptions can influence the net asset or liability for the plan as well as the pension cost. These assumptions have been explained under note no. 25.b.

b. Provision for income tax and deferred tax assets

The Group uses judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances, and disallowances which is exercised while determining the provision for income tax. Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax basis that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned tax optimizing measures. Economic conditions may change and lead to a different conclusion regarding recoverability. Refer note no. 8 and 29.

c. Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics. Refer note no. 16.

Note Particulars

d. Useful lives of property, plant and equipment and intangible assets

Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of IT equipment, software and other plant and equipment. This reassessment may result in change in depreciation expense in future periods. Refer note no. 3 and 4.

e. Fair Value Measurement

The Group applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with the market participants to price the instrument. The Group's assumptions are based on observable data as far as possible, otherwise on the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

f. Contingent assets and liabilities, uncertain assets and liabilities

Liabilities that are uncertain in timing or amount are recognized when a liability arises from a past event and an outflow of cash or other resources is probable and can be reasonably estimated. Contingent liabilities are possible obligations where a future event will determine whether the Group will be required to make a payment to settle the liability, or where the size of the payment cannot be determined reliably. Material contingent liabilities are disclosed unless a future payment is considered remote. Evaluation of uncertain liabilities and contingent liabilities and assets requires judgement and assumptions regarding the probability of realisation and the timing and amount, or range of amounts, that may ultimately be incurred. Such estimates may vary from the ultimate outcome as a result of differing interpretations of laws and facts. Contingent assets are not recognised.

g. Application of Ind AS 115

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. The Group exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc. The provision for warranty is computed based on sales volume and historical information about product failures (and consequential repairs and returns), adjusted for the key developments occurring during the year which may affect the liability. Refer note no. 22.

2.6 Principle of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries drawn upto the same reporting date as that of the Group i.e. March 31, 2024. Control is achieved when the Company has power over the investee, is exposed or has right to variable return from its investment with the investee and has the ability to use its power to affect its returns.

Consolidation of subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary.

Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Statement of Profit and Loss from the date the Company gains control until the date when the Company ceases to control the subsidiary. Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests.

Total comprehensive income of subsidiaries is attributed to the owners of the Group and to the non controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intra group assets and liabilities, equity, income, expense, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Note Particulars Following subsidiary companies have been considered in the preparation of the consolidated financial statements:

2.7 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

3 PROPERTY, PLANT AND EQUIPMENT (INCLUDING RIGHT OF USE ASSETS) AND CAPITAL WORK-IN-PROGRESS

Accounting Policy

Property, plant and equipment are carried at cost less subsequent accumulated depreciation and subsequent impairment losses, if any. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use.

In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of overheads, directly attributable borrowing costs.

Capital work-in-progress

Capital work-in-progress assets in the course of construction for production or/and supply of goods or services or administrative purposes, or for purposes not yet determined, which are not ready for intended use as on the date of Balance Sheet are disclosed as Capital work-in-progress and are carried at cost, less any recognised impairment loss, if any.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

ROU assets are depreciated over the shorter period of the lease term and useful life of the underlying asset. If the company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease. The estimated useful life and depreciation method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Note Particulars

3 PROPERTY, PLANT AND EQUIPMENT (INCLUDING RIGHT OF USE ASSETS) AND CAPITAL WORK-IN-PROGRESS (CONTD.)

Depreciation

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support, etc.:

Factory building - 25 years

Plant and equipment (other than moulds-3 shifts) - 20 years

Plant and equipment (other than moulds-2 shifts) - 26.67 years

Plant and equipment (other than moulds-1 shift) - 40 years

Vehicles - 3 years

Freehold land is not depreciated, except for improvements to the land included therein is amortised on a straight-line basis over the period of respective lease.

The estimated useful life, depreciation method and residual values are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Each component of an item of property, plant and equipment with a cost that is significant in relation to the cost of that item is depreciated separately if its useful life differs from the others components of the asset.

The changes in the carrying value of property, plant and equipment for the year ended March 31, 2024 are as follows:

4 INTANGIBLE ASSETS AND INTANGIBLE ASSETS UNDER DEVELOPMENT

Accounting Policy

Intangible assets are carried at cost less accumulated subsequent amortisation and subsequent impairment losses, if any. The estimated useful life and amortization method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets under development

Expenditure on research and development eligible for capitalisation are carried as intangible assets under development where such assets are not yet ready for their intended use.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Computer software is amortised over the life of the software license ranging from one year to six years.

Note Particulars

(5-7) FINANCIAL ASSETS

Accounting Policy

All financial assets are recognised on trade date when the purchase of a financial asset is under a contract whose term requires delivery of the financial asset within the time frame established by the market concerned. Financial assets are initially measured at fair value, plus transaction costs, except for those financial assets which are classified at fair value through profit or loss (FVTPL) at inception. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Classification of financial assets

Financial assets are classified as 'equity instrument' if it is a non-derivative and meets the definition of 'equity' for the issuer (under Ind AS 32 Financial Instruments: Presentation). All other non-derivative financial assets are 'debt instruments.

Initial Recognition and Subsequent Recognition

i) Amortised Cost

Financial assets are subsequently measured at amortised cost using the effective interest method, if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group may irrevocably elect at initial recognition to classify a debt instrument that meets the amortised cost criteria above as at FVTPL if that designation eliminates or significantly reduces an accounting mismatch had the financial asset been measured at amortised cost.

ii) Fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in other Equity. Where the asset is disposed of, the cumulative gain or loss previously accumulated in the other Equity is directly reclassified to retained earnings.

The Group has an irrevocable option to present changes in the fair value of equity investments not held for trading in OCI.

iii) Fair value through profit and loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Refer Note 30.8 for disclosure related to Fair value measurement of financial instruments.

iv) Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost. For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months' expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

8 INCOME TAXES

Accounting Policy

Current Tax

The tax currently payable is based on taxable profit for the year. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred Tax

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Minimum Alternative Tax (MAT) is recognized as an asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

10 INVENTORIES

Accounting Policy

Inventories of raw materials and stores and spare parts are valued at the lower of weighted average cost and the net realisable value after providing for obsolescence and other losses, where considered necessary.

Work-in-progress and finished goods are valued at lower of cost and net realisable value where cost is worked out on weighted average basis. Cost includes all charges in bringing the goods to the point of sale, including other levies, transit insurance and receiving charges alongwith appropriate proportion of overheads.

However, materials and other supplies held for use in the production of inventories (finished goods, work-in-progress) are not written down below the cost if the finished products in which they will be used are expected to sell at or above the cost.

Net realizable value represents the estimated selling price for inventories less estimated costs of completion and costs necessary to make the sale.

11 TRADE RECEIVABLES

Accounting Policy

Trade receivables are measured at their transaction price unless it contains a significant financing component in accordance with Ind AS 115. Trade receivables are held with the objective of collecting the contractual cash flows and therefore are subsequently measured at amortised cost less loss allowance, if any.

As per the consistent practice followed by the Group trade receivables due to be received for more than 120 days is fully provided for.

The average credit period on sale of goods is 29 days. No element of financing is deemed present and the sales are generally made with an average credit term of 29 days, which is consistent with market practice. The Group does not have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the cutomer exceeds 1 year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Customers seeking appointment to dealership are approved by the Regional Head of Sales for a channel after completing the Customer Business Data Form, alongwith all necessary documents. New customers are usually on advance payment terms for three months. Customers seeking supply on credit after the stipulated period are extended the facility after evaluation by the Regional Head of Sales for the channel alongwith the Regional Commercial Manager. Sufficient proof of solvency has to be provided by the customer seeking credit. The credit limits are reviewed once every year in April.

- (i) The Group's maximum exposure to credit risk with respect to customers as at March 31, 2024 ₹ 927.99 Lakhs (as at March 31, 2023: ₹1,108.80 Lakhs), which is the fair value of trade receivables less impairment loss as shown below. There is no concentration of credit risk with respect to any particular customer.
- (ii) Trade receivables amounting to ₹ 11,342.76 Lakhs (as at March 31,2023: ₹10,238.82 Lakhs) have been pledged to secure borrowings of the Holding Company (Refer Note 19). Details of charge has been given on the basis of records available with Registrar of Companies.

FINANCIAL LIABILITIES (15-17)

Accounting Policy

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial liabilities (other than financial liabilities at fair value through profit or loss) are deducted from the fair value measured on initial recognition of financial liability. They are measured at amortised cost using the effective interest method.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled, or have expired. Refer Note 30.8 for disclosure related to Fair value measurement of financial instruments.

16 LEASE LIABILITIES

Accounting Policy

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognized as expense in the periods in which they are incurred.

The lease payments that are not paid at the commencement date are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Group uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk and makes adjustments specific to the lease, e.g. term, security etc.

As a practical expedient, Ind AS 116 permits a lessee not to separate non-lease components when bifurcation of the payments is not available between the two components, and instead account for any lease and associated non-lease components as a single arrangement. The Group has used this practical expedient.

18 PROVISIONS AND CONTINGENCIES

Accounting Policy

A provision is recognised when the Group has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

Warranties

Provisions for service warranties and returns are recognised when the Group has a present or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably measured.

20 TRADE PAYABLES

Accounting Policy

Trade payables represent liabilities for goods and services provided to the Group and are unpaid at the reporting period. The amounts are unsecured and usually paid within time limits as contracted. Trade and other payables are presented as current liabilities unless the payment is not due within 12 months after the reporting period.

They are recognised initially at their transactional value which represents the fair value and subsequently measured at amortised cost using the effective interest method wherever applicable.

22 REVENUE FROM OPERATIONS

Accounting Policy

Revenue is measured at the fair value of the consideration received or receivable.

Sale of goods

Revenue from sale of goods is recognised when control of the products has transferred and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Revenue is recognised based on the price specified in the contract, net of the estimated discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A contract liability is recognised for expected discounts payable to customers in relation to sales made until the end of the reporting period. A receivable is recognised when the goods are despatched as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Revenue excludes Goods and Services Tax (GST).

Unfulfilled Performance Obligations

The Group provides certain benefits to customers for purchasing products from the Company. These provide a material right to customers that they would not receive without entering into a contract. Therefore the promise to provide such benefits to the customer is a separate performance obligation. The transaction price is allocated to the product and the benefit to be provided on a relative stand-alone selling price basis. The management estimates the stand-alone selling price per unit on the basis of providing cost of such benefit. These estimates are established using historical information on the nature, frequency and average cost of obligations and management estimates regarding possible future incidents. To the extent these benefits are not settled/ disbursed till the end of a reporting period these are recorded. Contract liability is recognised until the benefit is provided which is expected to be less than 12 months.

Government grants and subsidies

Government grants and subsidies are recognised when there is reasonable assurance that the Group will comply with the conditions attached to them and the grants / subsidy will be received. Government grants and subsidies are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

25 EMPLOYEE BENEFITS EXPENSE

Accounting Policy

Post - Employment benefits

Defined Benefit Plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually at year end by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss. Past service cost is recognised in the statement of profit and loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined Contribution Plans

Contributions under Defined Contribution Plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service entitling them to the contributions.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Other long-term employee benefits

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually at year end by actuaries as the present value of expected future benefits in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields on government bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

Particulars Note

25 **EMPLOYEE BENEFITS EXPENSE (CONTD.)**

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service

25 EMPLOYEE BENEFITS EXPENSE (CONTD.)

These plans typically expose the Group to actuarial risks are as follows:

| Credit risk | If the scheme is insured and fully funded on projected unit credit basis there is a credit risk to the extent the insurer(s) is/ are unable to discharge their obligations including failure to discharge in timely manner. |
|------------------------------|--|
| Pay-as-you-go risk | For unfunded schemes financial planning could be difficult as the benefits payable will directly affect the revenue and this could be widely fluctuating from year to year. Moreover there may be an opportunity cost of better investment returns affecting adversely the cost of the scheme. |
| Discount rate risk | The Group is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase in the ultimate cost of providing the above benefit thereby increasing the value of the liability. |
| Liquidity risk | This risk arises from the short term asset and liability cash-flow mismatch thereby causing the Group being unable to pay the benefits as they fall due in the short term. Such a situation could be the result of holding large illiquid assets disregarding the results of cash-flow projections and cash outflow inflow mismatch. (or it could be due to insufficient assets/cash.) |
| Demographic risk | In the valuation of the liability certain demographic (mortality and attrition rates) assumptions are inherent. The Group is exposed to this risk to the extent of actual experience eventually being worse compared to that assumed thereby causing an increase in the scheme cost. |
| Regulatory risk | New Act/Regulations may come up in future which could increase the liability significantly. |
| Future salary increase risk* | The scheme cost is very sensitive to the assumed future salary escalation rates for all final salary defined benefit schemes. If actual future salary escalations are higher than that assumed in the valuation actual scheme cost and hence the value of the liability will be higher than that estimated. |

Provident Fund

Contributions towards provident funds are recognised as an expense for the year. The Group has set up a Provident Fund Trust which is administered by Trustees. Both the employees and the employer make monthly contributions to the fund at specified percentage of the employee's salary and aggregate contributions along with interest thereon are paid to the employees/nominees at retirement, death or cessation of employment.

The Trust invests funds following a pattern of investments prescribed by the Government. The interest rate payable to the members of the Trust is not lower than the rate of interest declared annually by the Government under 'The Employees' Provident Funds and Miscellaneous Provisions Act, 1952' and shortfall, if any, on account of interest is to be made good by the Group.

The Actuary has carried out actuarial valuation of plan's liabilities and interest rate guarantee obligations as at the Balance Sheet date using Projected Unit Credit Method and Deterministic Approach as outlined in the Guidance Note 29 issued by the Institute of Actuaries of India. Based on such valuation, no amount is required to be provided towards future anticipated shortfall with regard to interest rate obligation of the Group as at the Balance Sheet date. Disclosures given hereunder are restricted to the information available as per the Actuary's Report.

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Group towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020 and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Group will assess the impact, once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

- Pursuant to the Taxation Laws (Amendment) Ordinance, 2019 issued on September 20, 2019, corporate assesses have been given the option to apply lower income tax rate with effect from April 01, 2019, subject to certain conditions specified therein. The Holding Company has carried out an evaluation and based on its forecasted profits, believes it will not be beneficial for the Holding Company to choose the lower tax rate option in the near future. Accordingly, no effect in this regard has been considered in measurement of tax expense for the year ended March 31, 2024. The Holding Company will, however, continue to review its profitability forecast at regular intervals and make necessary adjustments to tax expense when there is reasonable certainty to avail the beneficial (lower) rate of tax.

Note:

The Competition Commission of India ("CCI") issued an Order dated April 19, 2018, imposing penalty on certain zinc carbon dry cell battery manufacturers, concerning contravention of the Competition Act, 2002 (The Act). The penalty imposed on the Holding Company was ₹ 17,155 lakhs. The Holding Company filed an appeal and stay application before the National Company Law Appellate Tribunal, New Delhi, (NCLAT) against the CCI's said Order.Since then, the NCLAT vide its order dated May 09, 2018, has stayed the penalty with the direction of depositing 10% of the penalty amount within 15 days with the Registry of the NCLAT. The Holding Company has complied with the said direction of the NCLAT. Meanwhile, the

Note Particulars

30 ADDITIONAL INFORMATION TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

Holding Company received legal advice to the effect that given the factual background and the judicial precedents, there are reasonable grounds on the basis of which the NCLAT will allow the appeal and will either adjudicate upon the quantum of penalty imposed or remand it to the CCl for de novo consideration. It may also be noted that a certain amount of penalty will be levied on the Holding Company as it had also earlier filed an application under the Lesser Penalty Regulations under the Act. However, at this stage it is not possible to quantify or even make a reasonable estimate of the quantum of penalty that may be imposed on the Holding Company. According to the aforesaid legal advice, the matter should be recognized as a contingent liability as defined under Ind-AS 37 and there should be no adjustment required in the financial statements of the Holding Company in accordance with Ind-AS 10. Accordingly, pending the final disposal of the appeal, the amount has been disclosed as contingent liability in the financial statements. It may also be noted that penalty imposed in this connection on certain officers of the Holding Company amounting ₹ 53.41 Lakhs has been included in the above.

30.8 Financial instruments

30.8.1 Capital management

The Group's capital management objective is to maintain an optimal debt-equity structure so as to reduce the cost of capital, thereby enhancing returns to shareholders. The Group also has a policy of making judicious use of various available debt instruments within its overall working capital drawing limit. This interest arbitrage helps the Group to contain / reduce the cost of capital.

Gearing ratio

The gearing ratio at the end of the reporting period was as follows:

30.8.3 Financial risk management objectives

The Group endeavours to manage the financial risks related to it's operations through specified policies, which deals with various market risks (foreign currency exchange risk, interest rate risks and commodity price risks), credit risks and liquidity risks. In order to minimize any adverse effects on the financial performance of the Group, derivative financial instruments like foreign exchange forward contracts, commodity future and option contracts, maintaining proper mix between fixed and floating rate of borrowings are undertaken to hedge the various financial risks as per guidelines set in those policies. Credit risk management is done through managing credit limits and transactions through letters of credit. Liquidity risk is managed through availability of committed credit lines and borrowing facilities.

30.8.4 Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates, interest rates and commodity prices in international markets. The Group enters into foreign exchange forward contracts and commodity futures contracts to manage it's market risks.

30.8.5 Foreign currency risk management

Hedge Instruments Accounting Policy

The Group uses hedge instruments that are governed by the policies of the Group which are approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the risk management strategy of the Group.

The Group uses certain forward foreign exchange contracts as hedge instruments in respect of foreign exchange fluctuation risk. These hedge contracts do not generally extend beyond 6 months.

These hedges are accounted for and measured at fair value from the date the hedge contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The fair values for forward currency contracts are marked-to-market at the end of each reporting period.

The Group undertakes transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations arise. Exchange rate exposures are managed within the approved policy utilising forward foreign exchange contracts as and when required depending upon market volatility.

30.8.5.1 Foreign currency sensitivity analysis

The Group is mainly exposed to the currency US Dollar, Japanese Yen and Hong Kong Dollar. This sensitivity analysis mentioned in the below table has been based on the composition of the Group's financial assets and liabilities exposed to foreign currency as at year end. A positive number below indicates an increase in profit before tax where the INR(₹) strengthens 5% against the relevant currency. For a 5% weakening of the INR(₹) against the relevant currency, there would be a comparable impact on the profit and the balances below would be negative.

30 ADDITIONAL INFORMATION TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

30.8.5.2 Foreign Exchange Forward Contracts

It is the policy of the Group to enter into foreign exchange forward contracts to cover foreign currency payments for known liabilities as and when required.

30.8.6 Interest rate risk management

The Group is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings contracts.

30.8.6.1 Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments (borrowings) at the end of the reporting period. For liabilities with floating rate, the analysis is prepared considering average amount outstanding at the end of each month. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. If interest rates had been 100 basis points higher/lower and all other variables were held constant, the Group's:

profit before tax for the year ended March 31, 2024 would decrease/increase by ₹ 202.58 lakhs (for the year ended March 31, 2023: decrease/increase by ₹ 243.75 Lakhs). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

30.8.7 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Group's exposure of its counterparties are continuously monitored.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable and, where appropriate, credit guarantee insurance cover is purchased.

Concentration of credit risk to any counterparty did not exceed 5% of gross monetary assets at any time during the year.

In addition, the Group is exposed to credit risk in relation to financial guarantees given to banks. The Group's maximum exposure in this respect is the maximum amount the Group could have to pay if the guarantee is called on. As at March 31, 2024, an amount of NIL (as at March 31, 2023 an amount of NIL) and other bank gurantees amounts to ₹ 627.68 lakhs as at March 31, 2024 (as at March 31, 2023: ₹ 530.67 lakhs) has been considered as contingent liabilities (see note 30.1). These financial guarantees have been issued to banks under the supply agreements entered into with certain vendors.

30.8.7.1 Collateral held as security and other credit enhancements

The Group does not have any collateral or other credit enhancements to cover its credit risks associated with its financial assets.

30.8.8 Liquidity risk management

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

30.8.10 Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the financial statement is determined on such a basis, except for share-based payment transactions, leasing transactions and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Inventories or value in use in Impairment of Assets. The basis of fair valuation of these items are given as part of their respective accounting policies.

Financial instruments

The estimated fair value of the Group's financial instruments is based on market prices and valuation techniques. Valuations are made with the objective to include relevant factors that market participants would consider in setting a price, and to apply accepted economic and financial methodologies for the pricing of financial instruments. References for less active markets are carefully reviewed to establish relevant and comparable data.

30.8.10.1 Fair value of the financial assets and liabilities that are measured at fair value on a recurring basis

Some of the Group's financial assets and liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and liabilities are determined:

| | Fair val | ue as at | | ₹ Lakiis |
|-----------------------------------|----------------------|----------------------|--------------------------------|---|
| Financial assets / (liabilities) | As at March 31, 2024 | As at March 31, 2023 | Fair value hierarchy Levels | Valuation techniques and key inputs |
| Investments in equity instruments | * | * | Level 1 | Quoted bid prices in an active market |
| Investments in equity instruments | 750.00 | 750.00 | Level 2 | Inputs directly/indirectly observable for the asset |

Note There are no transfers from Level 1 and Level 2 during the year end March 31, 2024

30.8.10.2 Level 1:- Hierarchy includes financial instruments valued using quoted market prices. Listed equity instruments and traded debt instruments which are traded in the stock exchanges are valued using the closing price at the reporting date. Mutual funds are valued using the closing NAV.

Level 2:- Hierarchy includes financial instruments that are not traded in active market. This includes over the counter (OTC) derivatives, close ended mutual funds and debt instruments valued using observable market data such as yield etc. of similar instruments traded in active market. All derivatives are reported at discounted values hence are included in level 2. Borrowings have been fair valued using credit adjusted interest rate prevailing on the reporting date.

Level 3:- If one or more significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity instruments and certain debt instruments which are valued using assumptions from market participants.

Fair value of the financial assets and liabilities that are not measured at fair value (but fair value disclosures are required) Except as detailed in the following table, the directors consider that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.

| | | | | | ₹ Lakhs | |
