RBI moots tighter governance rules

The RBI has proposed stricter governance and risk management norms for banks and non-banking financial companies as part of the draft consolidated instructions on control and assurance functions. The central bank has sought feedback on the draft consolidated directions by Jul. 9. "At present, the regulatory instructions with respect to control / assurance functions viz. risk management, compliance and internal audit are contained in various directions / circulars," the RBI said Wednesday. "With a view to strengthening the governance framework for these functions and to ensure greater clarity, consistency and harmonisation in the instructions pertaining to these functions, it has been decided to review and consolidate them under these Directions."

RBI: Bks to only lend to listed REITs, InvITs with 80% positive cashflow

Informist
NEW DELHI

The Reserve Bank of India on Wednesday mandated that banks can only lend to listed Real Estate Investment Trusts (REITs) and Infrastructure Investment Trusts (InvITs) that have at least 80% underlying assets generating positive cashflow from operations for a period of not less than one year.

The final directions for banks lending to REITs and InvITs said banks can only lend to entities that are registered with and regulated by the Securities and Exchange Board of India (SEBI). Lending to REITs undertaken by overseas branches of Indian banks is not required to be registered with SEBI if the funding contribution of a bank under a syndication arrangement for a particular deal, across all its overseas branches does not exceed

20% of total funding under the deal.

The RBI has also mandated banks willing to lend to REITs and InvITs to put in place a board-approved policy covering appraisal mechanism, sanctioning conditions, underwriting norms, metrics such as the debt service coverage ratio and their corresponding benchmark levels, internal limits for individual exposures as well as the aggregate portfolio, and monitoring mechanisms.

"A bank shall strictly monitor the end use of funds lent to REITs to ensure that this route is not being used to finance activities which are

not directly permitted to be financed under the extant regulations," the RBI said.

Banks should not extend credit facilities to a REIT and InvIT that involves bullet or ballooning repayment structures, so as to ensure that a disproportionate portion of principal repayment is not concentrated in the terminal phase of the loan tenure. However, this shall not preclude structuring the repayment schedule in line with projected cash flows, it added.

Without prejudice to generality, a bank will undertake assessment of all critical parameters, including sufficiency of cash flows at REIT and InvIT level, to ensure timely debt servicing, the RBI said, adding that the overall leverage of the borrowing REIT or InvIT should be within the prudential ceiling prescribed by SEBI, or such lower limit as may be decided by the bank's board.

Addverb looks to raise \$100 mn funding to boost growth

Robotics and warehouse company Addverb looks to raise more than \$100 million (around ₹952 crore) for investment in new technologies and boosting its market share, a top company official said on Wednesday.

Addverb, whose robots handle sorting, material movement and other tasks at logistics firms, warehouses and electronics companies, is scouting for more capital after expanding in markets including the US, the Netherlands and Australia, Chief Executive Officer Sangeet Kumar said.

The company is investing in new technologies as it eyes growth in areas such as humanoid robots and prepares for a

stock market debut in a few years, Kumar said.

The firm faces much bigger rivals from countries such as China, Japan, and the US, yet there is room for an Indian contender in the rapidly developing industry, Kumar added.

Addverb has built a growing customer base across industries and is now expanding its footprint globally as it sets its sights on becoming one of the world's leading robotics companies.

Eternal gets ₹9.63 cr GST demand notice

The demand order has been received with respect to short payment of output tax for the period April 2023 to March 2024. "This is to inform that the company has received an order on June 9, 2026, for the period Apr 2023 to Mar 2024, passed by Deputy Commissioner, State Special Circle-I, Andhra Pradesh, confirming demand of GST of ₹6,48,72,000 with interest of ₹2,49,53,504 and penalty of ₹64,87,200," it said. -PTI

Will cooperate fully with fresh forensic audit: Rajesh Exports

Bengaluru-based gold jewellery firm Rajesh Exports Ltd, which is under regulator Securities and Exchange Board of India (SEBI) scanner over suspected revenue inflation of up to ₹15.15 lakh crore for the 2020-21 to 2024-25 period, on Wednesday said it will fully cooperate with the fresh forensic audit ordered by the market watchdog and not challenge the interim order.

In an interview with PTI, company founder and Chairman Rajesh Mehta denied allegations that Rajesh Exports Ltd (REL) had impeded the audit process and

said the company had been forthcoming with investigators throughout.

"I would never agree to the fact that certain relevant documents have not been submitted by us. We have submitted everything we were asked for. Sebi has not found something; maybe we have missed out on something. All that will be reconciled now," Mehta said. Sebi, in an interim order, has held that gold refiner and jewellery manufacturer REL allegedly inflated its consolidated revenues by Rs 15.15 lakh crore over five years.

Gold prices slump as US inflation data fuels Fed rate hike fears

FPJ News Service
MUMBAI

Gold (XAU/USD) remains under pressure on Wednesday as the latest US inflation data broadly matched market expectations and did little to alter expectations that the Federal Reserve could raise interest rates later this year. At the time of writing, XAU/USD is trading around \$4,125 near 11-week lows, down over 3.0% on the day, FXStreet reported.

Headline Consumer Price Index (CPI) accelerated to 4.2% YoY in May, its highest level since April 2023. Core CPI rose to 2.9%. However, monthly core inflation eased to 0.2% from

0.4%.

The pickup in inflation comes after the US-Iran war triggered a sharp rise in energy prices, pouring cold water on the Fed's efforts to bring inflation back toward its 2% target. Before the war began, mar-

kets were pricing in at least two rate cuts this year. Those bets have now disappeared, with traders increasingly expecting a rate hike by year-end.

Markets are currently pricing in a 33% chance of a 25-basis-point (bps) rate hike in September, with the odds increasing to 38% for October and 42% for December, according to the CME FedWatch Tool. Higher interest rates are typically negative for Gold because the precious metal offers no yield. Meanwhile, hopes for a near-term peace deal between the United States and Iran appear slim after both sides launched renewed strikes on Tuesday.

PTI
NEW DELHI

Reliance Industries Limited and social media major Meta Platforms have partnered to develop a 168-megawatt artificial intelligence-enabled data centre in Jamnagar, Gujarat, within two years, a joint statement said on Wednesday.

centre with 168 MW capacity to be delivered within two years, with an option to scale. Meta will lease capacity from the facility," the statement said.

The data centre will be powered by renewable energy and cooled with desalinated seawater. Meta is also separately partnering with two leading clean energy providers in India, CleanMax and Fourth Partner Energy, to back nearly 1 gigawatt of renewable energy, the statement said.

The data centre will be powered by renewable energy and cooled with desalinated seawater.
