Abidali Z. Neemuchwala, Chief Executive Officer and Executive Director, Wipro Limited said, "It is an honor to be recognized as a 2018 World's Most Ethical Company by the Ethisphere Institute for the 7th successive year. About Ethisphere

Since 2007, Ethisphere has honored those companies who recognize their critical role to influence and drive positive change in the business community and societies around the world and work to maximize their impact wherever possible. Values-based leadership, diversity and inclusion, investment and long-term commitment, and constructive use of a company's voice are now the hallmarks of what stakeholders are expecting and investors are rewarding.

Methodology

The World's Most Ethical Companies assessment is based upon the Ethisphere Institute's Ethics Quotient® (EQ) framework, which offers a quantitative way to assess a company's performance in an objective, consistent and standardized manner. The information collected provides a comprehensive sampling of definitive criteria of core competencies rather than all aspects of corporate governance, risk, sustainability, compliance and ethics.

Scores are generated in five key categories: ethics and compliance program (35 percent), corporate citizenship and responsibility (20 percent), culture of ethics (20 percent), governance (15 percent), and leadership, innovation and reputation (10 percent).
