Sub.:-FCS Software Solutions Ltd, leading provider of IT services, formally inaugurated its International Development Center in India today.

Hon'ble Union Minister for Tribal Affairs, Govt. of India, Shri Kantilal Bhuria, inaugurated the state-of-the-art center, which is spread over 25,000 sq feet in the Noida Special Economic Zone to cater to growing global demand.

FCS Managing Director Dalip Kumar explained the importance of this IDC . He said "by migrating our client's expensive licensed software applications to high quality, highly secure Open Source solutions and technology we reduce their IT spending drastically. Not only this we also end up moving our clients from low availability applications environment to cloud computing linked hosted high availability SaaS application environment. What it also does is that it brings down our client's IT infrastructure budgets because our services are migrating them to fully hosted solutions from our global data center partner network.

World is in a transition phase as the computing power of hand held devices sharply increase more and more corporate users will move from a desktop associated environment to anywhere anytime work culture. We firmly believe that the next wave of productivity enhancement will come from mobile application. The center will house the company's first Center of Excellence in Mobile Technologies.

The facility will initially have 200 people and will grow to 400 people when fully functional. This facility has secure connectivity to company's global network and data center partner network with a host of advanced service offerings. Currently, FCS already has delivery centers in Noida , Gurgaon, Chandigarh and Dehra Dun that are built on company owned properties.
