Fiberweb India Limited Reports Q1 FY27 Performance with ₹ 10.02 Cr Total Income Growth and 18.72% EBITDA Margin

Mumbai 14th August, 2026 - Fiberweb (India) Limited (NSE - FIBERWEB | BSE - 507910) engaged in the manufacturing of spunbond and melt-blown nonwoven fabrics for applications across hygiene, healthcare, filtration, agriculture and industrial segments, has announced its Unaudited Q1 FY27 Financial Results.

Q1 FY27 Key Financial Highlights

- **Total Income:** ₹10.02 Cr
- **EBITDA:** ₹1.87 Cr
- **EBITDA Margin:** 18.72%
- **Net Profit:** ₹0.27 Cr
- **Net Profit Margin:** 2.73%
- **Diluted EPS:** ₹0.09

Commenting on the Financial Performance, Mr. Bhavesh P Sheth, Director of Fiberweb (India) Ltd. said, "The operating environment continued to remain challenging, particularly for export-oriented manufacturers, amid volatility in raw material prices, elevated logistics costs and uncertainties across global trade and supply chains. These factors impacted demand visibility, order flows and overall business momentum during the period.

In this environment, our focus remains on strengthening customer engagement, improving capacity utilisation and maintaining disciplined control over costs and working capital. We are also working towards increasing the contribution from value-added products and deepening our presence across specialised nonwoven and technical textile applications.

We continue to see long-term opportunities across filtration, healthcare, hygiene, agriculture and industrial applications, while selectively evaluating new products and markets that complement our existing capabilities. Our established presence in international markets, manufacturing expertise and debt-free balance sheet provide us with a resilient foundation to navigate the current environment.

Looking ahead, we remain focused on strengthening the core business, improving operational efficiencies and rebuilding business momentum as demand conditions and the broader operating environment gradually stabilise."
