Press Release

Flywings Simulator Training Centre Ltd. Secures DGCA Approval for SEP Training; Strengthens Position as a Leading Aviation Training Institution

Gurgaon, India | April 7, 2026 - Flywings Simulator Training Centre Ltd. (FWSTC), a leader in high-fidelity aviation training, has received official approval from the (DGCA) to conduct comprehensive Safety & Emergency Procedure (SEP) training for both flight and cabin crew.

This milestone marks a significant advancement in FWSTC's journey, positioning the company among India's most credible independent aviation training organizations authorized to deliver critical safety programs. The approval reflects a decade-long commitment to strengthening aviation safety standards and aligns with the company's vision of ensuring safer skies across India.

Driving Excellence in Aviation Safety Training

FWSTC has consistently focused on building a robust training ecosystem that emphasizes preparedness, precision, and real-world simulation. The DGCA approval reinforces its capability to deliver structured, high-impact training programs designed to equip aviation professionals with the skills required to manage both routine operations and emergency scenarios effectively.

Strategic Expansion to Support Industry Growth

In line with the rapid expansion of India's aviation sector, FWSTC has outlined a multi-city growth strategy aimed at enhancing training accessibility and capacity:

- **Gurugram Hub:** Development of a state-of-the-art training facility to serve as a strategic hub for airline partners across Northern India.
- **Mumbai ATO:** Establishment of an Approved Training Organisation focused on advanced cockpit simulators, offering Type Rating and pilot proficiency programs in India's key aviation hub.

Strengthening India's Aviation Ecosystem

India's aviation industry is on track to become one of the largest globally, driving the need for high-quality, localized training infrastructure. FWSTC's recent approval and expansion initiatives reinforce its role in supporting this growth by delivering world-class training solutions that meet international standards.

By leveraging advanced simulation technology and structured instructional design, FWSTC continues to contribute to building a safer, more resilient aviation ecosystem, enhancing operational readiness across the industry.

About Flywings Simulator Training Centre Ltd.

Flywings Simulator Training Centre Limited (FWSTC) is a DGCA-approved aviation training company specializing in simulation-based Safety and Emergency Procedures (SEP) training for cabin and cockpit crew. Established in 2011, it operates advanced training infrastructure including aircraft simulators, fire and evacuation systems, and water survival facilities. The company serves both airlines (B2B) and aviation aspirants (B2C), offering structured training programs and certification courses. With long-term airline partnerships and recurring revenue models, FWSTC is positioned as an integrated aviation training platform supporting India's growing aviation ecosystem.
