Fortis Healthcare Expands NCR Presence; Takes Over 200-Bed Greater Noida Hospital on long term lease

With this addition, Fortis' Delhi-NCR network grows to approx.2,000 beds, enabling expanded reach and stronger synergies

Greater Noida, September 1st, 2025: Fortis Healthcare Limited today announced that its wholly owned subsidiary, **International Hospital Limited (IHL)**, has entered into a 15-year lease agreement with RR Lifesciences Limited for a ~200-bed fully operational multi-specialty hospital in Greater Noida. Fortis had been previously managing the facility under an Operations & Management (O&M) arrangement since its launch in October 2022 and will continue to operate the facility as **Fortis Hospital Greater Noida** under the new lease arrangement.

With the above, Fortis will assume complete operational and financial control, allowing it to consolidate the hospital's performance within its network. The hospital is built on a 1.35-acre UPSIDA-leased land parcel with 2.7 lakh sq. ft. of built-up area. The facility has the potential to expand capacity by an additional 50 beds within the existing set-up; taking the total to ~250 beds. Strategically located, it is well connected by the Greater Noida Expressway, Metro (Aqua line), Yamuna Expressway, and Eastern Peripheral Expressway, and is 34 km from the upcoming Jewar International Airport.

Greater Noida has seen rapid population growth, corporate expansion, and residential development in recent years. However, healthcare infrastructure has lagged behind demand. The presence of this tertiary care facility under the Fortis network will play a critical role in meeting the medical needs of communities in and around Greater Noida and adjoining areas, while positioning the city as an emerging healthcare hub in Delhi-NCR.

Commenting on the development, **Dr. Ashutosh Raghuvanshi, MD & CEO, Fortis Healthcare Limited**, said: *"The addition of Fortis Hospital Greater Noida underlines our commitment to strengthening healthcare delivery across NCR. Greater Noida is emerging as an important hub, driven by urbanisation, industrial growth, and rising patient demand. With this expansion, we are not only enhancing access to advanced tertiary care but also reinforcing Fortis' leadership in the region. Our focus will remain on delivering high-quality, ethical, and patient-centric care while exploring opportunities for further growth."*

About Fortis Healthcare Limited

Fortis Healthcare Limited is a leading integrated healthcare delivery service provider in India. The healthcare verticals of the company primarily comprise hospitals, diagnostics, and day care specialty facilities. Currently, the company operates 33 healthcare facilities (including JVs and O&M facilities) across 11 states.
