SS Supply Chain Solutions (3SC) Implements 4S eLog WMS For Warehousing & 3PL Logistics Business

~Four Soft WMS solution will enable SS Supply Chain (3SC) to collaborate and provide real-time Inventory visibility to its customers~

06th May'13, Hyderabad: Four Soft® (4S®) (NSE: "FOURSOFT", BSE: 532521), a global leader offering software solutions for the logistics, transportation and supply-chain industries is pleased to announce that Gurgaon (India) based SS Supply Chain Solutions Pvt Ltd (3SC) has selected its flagship product 4SeLog® for Warehouse management and distribution operations.

SS Supply Chain Solutions Pvt Ltd (3SC) is a supply-chain management organization focusing on Indian market needs with a value characterized by 3S i.e. sustainability, scalability and system. It has a network across 15 plus locations PAN India, over 40,000 orders catering to 20 customers in various segments.

Lalit Das, CEO & Managing Director, SS Supply Chain Solutions Pvt Ltd (3SC), said, "With the implementation of Four Soft's, 4SeLog®, we are confident that it will enable us in seamlessly integrating entire processes while providing "real-time visibility" and "accuracy" into the inventory orders, order demand and fulfillment status thereby managing all the exceptions proactively. **He further added,** "In order to attain competitive edge, the solution should help users in informing uncertainties in advance, offer enhanced flexibility while maintaining superior customer service levels."

Rakesh Kumar Munigala, SVP- Product Management & Marketing, Four Soft Limited, said, "This is an exciting development for Four Soft to associate with SS Supply Chain Solutions Pvt Ltd (3SC). Our robust warehouse management solution eliminates time-consuming manual processes while offering users with completely integrated and easily traceable business process from contract to order, fulfillment and receivables. The added benefits are its quick configurability, maintenance and set-up across multiple facilities." **He further added,** "The solution has the capability to help their partners, vendors and customers improve collaboration throughout the entire supply-chain execution."

4S eLog® is Four Soft's web-centric warehouse management system (WMS) capable of handling inventory operations across multiple warehouses. Built on J2EE platform with a native browser interface, 4S eLog® is designed to support core operational requirements of modern day global companies. 4S eLog® extends well beyond the capacity of a traditional warehouse management system by integrating supply, fulfillment and partner collaboration into one enterprise service platform.
