	Received during the quarter	8				
	Disposed of during the quarter	8				
	Remaining unresolved at the end of the quarter	Nil				

- These unaudited financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on January 28, 2013 and have been subjected to a limited review by the Statutory Auditors of the Company.
- The Board of Directors in their meeting held on January 28, 2013 have declared third interim dividend of ₹ 2/- per equity share of face value ₹ 2/- each (i.e. @ 100%) on equity share capital of the Company.
- The Company, as a part of its core business strategy, promotes and invests in new ventures that utilize its technological capabilities and domain expertise towards creating world class enterprises. The investment in each such venture is assessed for its risks and is limited to a pre-determined level and will generate returns after the ventures start ramping up operations in varied time frame depending upon the line of business. The Company, as part of its nonlinear business model, will endeavor to unlock value by broadening the investor base of its ventures.
- As at December 31, 2012, the Company's investments aggregating ₹ 48,645.31 lacs and debts and other recoverable aggregating ₹ 49,409.07 lacs in certain subsidiaries and a joint venture company, which presently have accumulated losses, but are expected to be recovered, and have their values unlocked in the near future, since these companies are already at various stages of executing their business plans and operations, with expected profitability. Accordingly, a provision for other than temporary diminution in the value of investments of ₹ 1,737.26 lacs is considered to be adequate.
- During the quarter ended December 31, 2012, the Company has made additional long term investments of ₹ 600 lacs in a subsidiary.
- Pursuant to the notification dated December 29, 2011, issued by the Ministry of Corporate Affairs, during the quarter ended December 31, 2011, the Company had written back the exchange loss on foreign currency denominated long term borrowings (other than relating to acquisition of depreciable capital assets) for the half year ended September 30, 2011 aggregating ₹ 4,592.76 lacs to be amortised over the balance period of such borrowings which was earlier charged to the statement of profit and loss in accordance with the accounting requirement existing at that point of time. Consequent to such write back, the profit before tax for the quarter ended December 31, 2011 was higher by ₹ 4,592.76 lacs and the profit after tax was higher by ₹ 3,974.73 lacs.

Notes:

- (i) Segments have been identified in accordance with the Accounting Standard (AS 17) "Segment Reporting" considering the organisation structure and the return/profit of the business.
- (ii) STP Technologies / Solutions segment represents Straight Through Processing Solutions and includes an integrated mix of various products, projects and activities incidental thereto. Others represent trading activities, process management services and shared business support and IT infrastructure sharing services.
- (iii) Due to diversified nature of business, significant assets are interchangeably used between segments and the management believes that it is currently not practicable to provide segment disclosure relating to capital employed since a meaningful segregation is not possible.

8 Previous year/period figures have been regrouped/reclassified, wherever necessary, to conform to current period's presentation.

**AUDITORS' REPORT
TO THE BOARD OF DIRECTORS OF
FINANCIAL TECHNOLOGIES (INDIA) LIMITED
ON LIMITED REVIEW OF UNAUDITED FINANCIAL RESULTS**

1. We have reviewed the accompanying statement of Standalone Unaudited Financial Results of **FINANCIAL TECHNOLOGIES (INDIA) LIMITED** ("the Company") for the quarter and nine months ended December 31, 2012 ("the Statement"). This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an opinion.
3. Without qualifying our review report, we continue to draw attention to: (a) Note 3b on the Statement regarding provision made for diminution, other than temporary, in the value of investments, which is considered to be adequate, for the reasons stated in the said Note; and (b) the Company's stand that no tax liability is expected as a consequence to a court approved reduction-cum arrangement scheme of MCX Stock Exchange Limited based on independent legal / tax counsel's opinion obtained by the Company.
4. Based on our review conducted as stated above, read with our comments referred in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the Accounting Standards referred to in Section 211 (3C) of the Companies Act, 1956 and other recognised accounting practices and policies, has not disclosed the information required to be disclosed in terms of Clause 41 of the Listing Agreements with the stock exchanges, including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. Further, we also report that we have traced the number of shares as well as the percentage of shareholding in respect of the aggregate amount of public shareholding and the number of shares as well as the percentage of shares pledged / encumbered and non-encumbered in respect of the aggregate amount of promoters and promoter group shareholding in terms of Clause 35 of the Listing Agreements and the particulars relating to undisputed investor complaints from the details furnished by the Management/Registrars.

Mumbai, January 28, 2013:

Financial Technologies (India) Limited (Financial Technologies), the global leader in offering technology solutions and domain expertise for creating and operating financial markets for multi-asset class, announced today its unaudited financial results for the quarter and nine month ended December 31, 2012.

Standalone performance of Financial Technologies for nine month ended December 31, 2012:

- Total Income for nine month ended December 31, 2012 is Rs. 469.32 crore an increase of 22% compared to nine month ended December 31, 2011
- EBIDTA, for nine month ended December 31, 2012 is Rs. 328.03 crore an increase of 27% compared to nine month ended December 31, 2011
- Net Profit for the nine month ended December 31, 2012 is Rs. 235.07 crore an increase of 20% compared to nine month ended December 31, 2011
- The board declared third interim dividend of Rs 2/- per share i.e. 100% on the face value of Rs. 2/- per share

Standalone performance of Financial Technologies for quarter ended December 31, 2012:

- Total Income for the quarter ended December 31, 2012 is Rs. 174.53 crore as compared to Rs. 167.74 crore for the quarter ended December 31, 2011
- EBITDA, for the quarter ended December 31, 2012 is Rs. 127.52 crore as compared to Rs. 121.44 crore for the quarter ended December 31, 2011
- Net Profit, for the quarter ended December 31, 2012 is Rs. 89.45 crore as compared to Rs. 86.87 crore for the quarter ended December 31, 2011

Commenting on Financial Technologies' Standalone third quarter and nine months FY 2012-13 performance, Dewang Neralla, Whole Time Director, said:

"We are pleased to announce the unaudited financial results for the quarter and nine months ended December 31, 2012. It is encouraging to note that for the nine months ended December 31, 2012, the Profit After Tax of FTIL for the nine month ended December 31, 2012 is Rs. 235.07 crore an increase of 20% compared to nine month ended December 31, 2011

FTIL has emerged as a unique organization that has combined technology, domain understanding and innovation with enterprise to create a powerful business model. FTIL continues its leadership in the brokerage solutions marketplace with market share in excess of 80%. Similarly, FTIL promoted entities are thought and market leaders in their respective ventures. MCX, the world's second largest commodity exchange (by contracts) had 87% market share. IEX lead the day-ahead electricity exchange market with 97% share and 80% in the REC trading. NSEL, the company's spot exchange leads with 99.78% stake for the nine months ended December 31, 2012.

The international exchanges set up by the Group are all scaling up with increased volumes every quarter with enhanced participation, liquidity and volumes. We continue to see positive traction in all our international exchanges namely, SMX, BFX, DGCX and GBOT."

About Financial Technologies (India) Ltd (www.ftindia.com)

(NSE: FINANTECH, BSE: FINTECH, Bloomberg: FTECH:IN)

Financial Technologies (India) Ltd is a Rs. 5206 crore (market capitalization as on December 31, 2012), Financial Technologies Group (FT Group) is among the global leaders in offering technology IP (Intellectual Property) and domain expertise to create and trade on next generation financial markets, that are transparent, efficient and liquid, across all asset classes including - equities, commodities, currencies and bonds among others.

The FT Group operates one of the world's largest networks of nine exchanges connecting fast-growing economies of Africa, Middle East, India and South East Asia. The Group also has five ecosystem ventures to address upstream and downstream opportunities around exchanges, including clearing, depository, information vending, payment gateway, among others.

The business of creating and operating new generation tech-centric financial markets allows us to build unprecedented shareholder value through a non-linear business model and also help democratize global trade, transform economies, and empower the common man, unlocking value from the middle and bottom of the socio-economic pyramid.
