Commenting on Financial Technologies' FY 2011-12 performance, Dewang Neralla, Whole Time Director, said:

"We are pleased to announce audited financial results for the quarter and year ended March 31, 2012. On the Standalone basis, Income from operations was at Rs.4,126.5 million up by 23%. This growth is fuelled by scale up in operations on the technology front backed up by strong fundamentals supporting our business model. Net profit booked was Rs. 4,780.3 million; up by 420%.

During the quarter ended March 31, 2012, MCX successfully completed IPO and became the first listed exchange in India. It received overwhelming response from domestic, international as well as retail investors. The issue was oversubscribed 53 times. FTIL along with other shareholders participated in IPO which was pure offer for sale. Post the IPO, FTIL's shareholding in MCX stands at 26%.

During the year, SMX and GBOT completed one year of operations. SMX recorded 2045% growth in average daily volumes as compared with the previous year and GBOT witnessed 63% growth in average daily volumes for the same period.

On the domestic exchanges front, group exchanges have maintained the dominant position. MCX became world's 3rd largest commodity derivatives exchange and lead the commodity markets in India with over 86% of the market share. The average daily turnover grew 57% over last year. IEX lead the electricity markets with dominant share of 93% in day ahead trading and 95% in Renewable Energy certificates trading. NSEL recorded average daily turnover of Rs. 991 crore; up by 277% as compared to last year.

On ecosystem front, NBHC tied up with two more banks to offer collateral management funding thus having total 37 banks on this platform. NBHC facilitated cumulative collateral management funding of over Rs. 24,700 crore."

About Financial Technologies (India) Ltd (www.ftindia.com)

(NSE: FINANTECH, BSE: FINTECH, Bloomberg: FTECH:IN)
