Sub: Information regarding Listing of Religare Health Trust

Dear Sirs,

This is in continuation to the intimations made by us on May 28, 2012, July 13, 2012, September 28, 2012 and October 15, 2012. Religare Health Trust ("**RHT**") has today (i.e. October 19, 2012) listed on the Main Board of Singapore Exchange Securities Trading Limited, upon successful completion of the initial public offering of its units ("**IPO**"). RHT raised approximately S$510.7 million through the IPO, which would be utilized by RHT for, amongst others, repayment of debt and other liabilities incurred for the acquisition of the Hospital Services Companies and the initial portfolio.

Pursuant to the IPO Escorts Hospital and Research Centre Limited, Escorts Heart and Super Speciality Hospital Limited, Escorts Heart and Super Speciality Institute Limited, Fortis Health Management Limited, Hospitalia Eastern Private Limited, International Hospital Limited, Kanishka Healthcare Limited and Fortis Hospotel Limited would cease to be wholly owned subsidiaries of our Company. The Company would, through its wholly owned overseas subsidiary, continue to hold approximately 28% units of RHT and consequently in all above entities.

The aforesaid listing shall enable the Company and its subsidiaries providing medical services ("**Fortis Group**") to maximize the benefits of the internal corporate restructuring and transcend to an asset light model, which shall help in expanding the reach of the Fortis Group and elevate the medical programme, while at the same time, allowing the Fortis Group to focus on its fast growing medical services business. This will also result in reduction of the overall debt of the Fortis Group.

Please find attached herewith, a copy of Press Release, being issued by the Company in this regard.

Thanking you,

Yours faithfully,
For Fortis Healthcare Limited

Rahul Ranjan
Company Secretary
