Universal Freight Management Optimizes its Supply Chain with Four Soft Solutions

January 18th, Hyderabad: Four Soft (4S) (NSE: "FOURSOFT", BSE: 532521), a global leader offering software solutions for Logistics and Transportation industry, today announced that it has entered into an agreement with Universal Freight Management (India) Pvt. Ltd for the implementation of its web centric freight management system (4S eTrans) and India customs compliance solution (4SeCustoms) to be implemented across its multiple locations.

Universal Freight Management (UFM) is one of the leading global logistics solutions providers. UFM's fully-owned subsidiaries have IATA / FIATA and CHA licenses since 1989. With partners located worldwide, UFM provides its customers with accessible processes and transparent systems, providing experiences that make time-to-market pressures a thing of the past. It offers range of services to its global customers like Air & Ocean Forwarding, Multi-Modal Transport, Customs Brokerage, Logistics/Distribution, Warehousing, and Consultancy.

Shesh Kulkarni, CEO, UFM Said, "We are pleased to announce our association with Four Soft, one of the leading providers of software solutions in the supply chain market space. We hope that with its successful implementation across multiple locations, it would help us expand our business reach, improve overall business productivity and offer efficient services to our global customers. Four Soft has proven expertise and we look forward to their association."

Rakesh Munigala, Vice President & Head- Asia, Four Soft, said, "Our web centric solutions have been successfully implemented across various geographies and it has continued to benefit our customers. With the decision of UFM to implement our freight management and customs compliance solution, we are confident that it will enable them to automate their processes , improve operational productivity, reduce overall costs and increase the service levels to their customers. We look forward to a strong working relationship with UFM."

4S eTrans® is Four Soft's web centric Freight Management System capable of handling Air, Sea, Road and multi modal transport management services. Built on J2EE platform with a native browser interface, 4S eTrans® is designed to provide the modern day logistics operators with operational and financial control over their day to day, order to cash process of the domestic and international freight movements. Equipped with an integrated freight accounting module and interface capabilities with external accounting systems, 4S eTrans provides a scalable and flexible Freight Management solution.

4S eCustoms is an anytime, anywhere global customs compliance solution, with plug and play modules for different countries, designed to work in a multicultural, multilingual environment, as one package with interface capabilities with all Four Soft enterprise products and other standard ERP applications. 4S

eCustoms exemplifies 4S's value chain integration proposition, with seamless integration possibilities across multiple ERP applications.

With native browser access and a generic third party interface, 4S solutions are highly interactive and cost effective for the International Freight Forwarding and Customs Brokerage community.
