Notes :

1. The above information has been extracted from the detailed format of Quarter/ year Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing and other Disclosure Requirements) Regulations, 2015 . The full format of the Quarter/ year end financial Results are available on the websites of Stock Exchanges at www.bseindia.com and www.nseindia.com and also on Company's website at www.supremeinfra.com.
2. The above financial results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company at their respective meeting held on 1 June, 2019.
3. Trade receivables as at 31 December 2018 include Rs.42,273.14 lakhs (30 September 2018: Rs.31,202.19 lakhs, 31 December 2017: Rs.49,076.84 lakhs, 31 March 2018: Rs.55,396.37 lakhs), in respect of projects which were closed/substantially closed and which are overdue for a substantial period of time. Based on the contract terms and the on-going recovery / arbitration procedures (which are at various stages), Management is reasonably confident of recovering these amounts in full. Accordingly, these amounts have been considered as good and recoverable.
4. Non-current borrowings, short-term borrowings and other current financial liabilities as at 31 December 2018 include balances aggregating Rs. 13,878.82 lakhs (30 September 2018: Rs.35.18 lakhs, 31 March 2018: Rs.9,324.24 lakhs), Rs.1,946.98 lakhs (30 September 2018: Rs.294.21 lakhs, 31 March 2018: Rs.294.21 lakhs) and Rs.24,804.57 lakhs (30 September 2018: Rs.10,815.72 lakhs, 31 March 2018: Rs.11,510.27 lakhs), respectively in respect of which confirmations/statements from the respective lenders have not been received. In the absence of confirmations/statements from the lenders, the Company has provided for interest and other penal charges on these borrowings based on the latest communication available from the respective lenders at the interest rate specified in the agreement. The Company's management believes that amount payable on settlement will not exceed the liability provided in books in respect of these borrowings. Accordingly, classification of these borrowings into current and non-current as at 31 December 2018 is based on the original maturity terms stated in the agreements with the lenders.
5. On 29 March 2019, framework agreement has been signed between the Company and the majority of the lenders pursuant to the sanction of the Resolution Plan by the lenders under the aegis of the Reserve Bank of India (RBI) circular dated 12 February 2018 and confirmation by the promoters to infuse additional funds, (wherein out of the total estimated debt Rs.304,520 lakhs existing as at reference date i.e. 31 August 2018 Rs.100,000 lakhs is to be classified as sustainable debt to be serviced as per the existing terms and conditions and the remainder is to be converted into fully paid up equity shares and cumulative redeemable preference shares). While rest of the lenders were in the process of sanctioning the Resolution Plan, on 2 April 2019, the aforesaid circular has been held ultra vires to existing banking regulations, by the Honourable Supreme Court of India. Revised guidelines/ clarifications from RBI is presently awaited in respect of this matter. Further, the Company has incurred a net loss after tax of Rs.85,287.86 lakhs and Rs.50,012.21 lakhs during the nine months period ended 31 December 2018 and year ended 31 March 2018, respectively, and, has also suffered losses from operations during the preceding financial years and as at 31 December 2018, its current liabilities exceeded its current assets by Rs.205,858.03 lakhs. The Company also has external borrowings from banks and financial institutions, principal and interest repayment of which has been delayed during the current period. Pending implementation of the revised resolution plan as discussed above, the aforesaid conditions, indicate existence of material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern due to which the Company may not be able to realise its assets and discharge its liabilities in the normal course of business.
   However, as the petition of the lenders filed with National Company Law Tribunal (NCLT) has been dismissed on 11 April 2019, above executed framework agreement, expectation of implementation of the aforesaid resolution plan once revised guidelines are issued by the RBI, further fund infusion by the promoters and business growth prospects, Management has prepared the financial results on a "Going Concern" basis.
6. The Company, as at 31 December 2018, has non-current investments amounting to Rs.142,555.82 lakhs (30 September 2018: Rs.142,555.82 lakhs) in its subsidiary, Supreme Infrastructure BOT Private Limited ('SIBPL') and has non-current investments amounting to Rs.11,096.00 lakhs (30 September 2018: Rs.11,096.00 lakhs) and non-current loans amounting to Rs.2,291.87 lakhs (30 September 2018: Rs.2,799.92 lakhs) in its joint venture, Supreme Infrastructure BOT Holdings Private Limited ('SIBHPL'). SIBPL and SIBHPL are having various Build, Operate and Transfer (BOT) SPVs under their fold. While both these entities have incurred losses during its initial years and have accumulated losses, causing the net worth of these entities to be either fully or significantly eroded, the underlying projects are expected to achieve adequate profitability on substantial completion of the underlying projects. Further, in case of Supreme Manorwarda Bhiwandi Infrastructure Private Limited ('SMBIPL'), a subsidiary of SIBPL, lenders have referred SMBIPL to NCLT under RBI circular dated 12 February 2018, for which response is awaited from NCLT. Further, commercial operation date (COD) in respect of few subsidiaries of SIBPL and SIBHPL has been delayed due to various reasons attributable to the clients primarily due to non-availability of right of way, environmental clearances etc. Management is in discussion with the respective lenders, client for the availability of right of way and other required clearances and is confident of resolving the matter without any loss to the respective SPVs. Therefore, based on certain estimates like future business plans, growth prospects, ongoing discussions with the clients and consortium lenders and other factors, Management believes that the net-worth of these entities does not represent its true market value and the realizable amount of these entities is higher than the carrying value of the non-current investments and non-current loans as at 31 December 2018 and due to which these are considered as good and recoverable.
7. Exceptional items represent the following: (Rs. in lakhs)

"It's not a cheap market, and the market is trading at the higher end of the valuation range. From now on, the onus will be on earnings. If it comes quickly, the market will be fine. If earnings revival does not happen, markets will be disappointed," said Jyotivardhan Jaipuria, founder, Valentis Advisors.
