Commenting on the H1 FY26 results, **Mr. Ramesh Siva, Founder & Managing Director, Grand Continental Limited** said

“The first half of FY26 has been a period of growth and investments to manage growth.

Grand Continent Hotels delivered a revenue of ₹57.19cr, an increase of 79% over the similar period of FY25.

As of 15th November 2025, we have a portfolio of 25 hotels (~1300 keys) across India – our 25th property at Udaipur went live in early November’25 and was our first property in the luxury collection.

We have invested in people, tools and governance needs in this period to aid the growth engine of the company - senior leadership in the department of Operations, HR, Procurement; internal audit programs, HR and SDD tools are a few of the highlights of such investments.

The foundational and mature business units continue to perform and deliver revenues and margins as planned.

However, the new units are in the process of stabilization and leisure units have just entered the peak season.

The enterprise profit margins are subdued and reflect the investments and growth.

The hospitality industry has witnessed remarkable momentum, and we are optimistic about leveraging this growth trend.

Grand Continent Hotels has a robust and strong pipeline for growth. A strong leadership, business discipline, efficient tools and investor support, we are confident and look forward to an exciting 3000 key mark over the next 3 years.”
