What **We Do**

GenXAI's business model combines consulting, implementation, and managed services to support clients across the full lifecycle of enterprise planning, analytics, and digital solution deployment. The company's consulting and implementation engagements deliver strategic design and execution, while its managed services arrangements provide ongoing optimization and support. This blend of one-time project revenue and recurring service revenue gives GenXAI a diversified and resilient earnings base.

The Company's business model comprises six complementary service areas:

Implementation Services
The company executes end-to-end deployment of enterprise planning and analytics solutions for clients; revenue is recorded as project milestones are achieved or in proportion to work completed.

Resourcing Services
The company deploys skilled technical personnel to client engagements on a staff-augmentation basis; revenue is billed on a time-and-material basis, tied directly to hours delivered.

Sales Commission
The company earns commission income by facilitating third-party software or platform sales (e.g., Anaplan, SAP); this is booked once the underlying sale closes and the commission amount becomes fixed and determinable.

Support Services
The company provides post-implementation maintenance and technical support to clients under ongoing contracts; income accrues ratably across the support period as services are rendered.

IT Infrastructure Services
The Company provides turnkey software and business automation solutions, with a focus on digital transformation projects across the energy, agritech, manufacturing and public infrastructure sectors.

Website Development
The company designs and builds client websites and digital platforms; income is recorded against milestones or percentage-of-completion as the build progresses.

Enterprise Transformation Platform

GenXAI's solutions are built around four interconnected capabilities that together enable organizations to transform their business operations end-to-end.

Enterprise Planning
GenXAI helps organizations strengthen financial planning, budgeting, forecasting, sales and operations planning, workforce planning, and scenario modelling, enabling more accurate and agile decision-making.

Enterprise Operations
The company delivers ERP implementation, process integration, and digital operations solutions that streamline workflows and improve enterprise-wide collaboration.

Enterprise Intelligence
GenXAI converts enterprise data into actionable insights through business intelligence, predictive analytics, reporting, and visualization, giving leaders a clearer view of performance.

Enterprise AI
The company applies generative AI, intelligent automation, and AI agents to automate workflows, boost productivity, and accelerate decision-making across the organization.

Together these four capabilities move enterprises along a continuous value chain from planning and execution to intelligence and ultimately, intelligent automation.

Our Services Portfolio

Our Technology **Advantage**

Proprietary Technology Portfolio

To complement its services business, GenXAI has invested in developing proprietary enterprise software products designed to automate workflows and improve enterprise productivity.

The Company's product portfolio includes:

- Smart Invoice Processing (SIM)
- Sales Incentive Compensation Management (SICM)
- GenAI Engine (FLM / OLM / SLM)
- AI Cloud Engine
- Enterprise AI Copilot Platform

These products are designed to integrate with enterprise technology environments and support automation across finance, operations, sales and decision-support functions.

The continued expansion of proprietary products is expected to strengthen the Company's recurring revenue profile while enhancing customer value creation.

Technology Ecosystem

Alongside its services business, GenXAI has built a portfolio of proprietary enterprise software products aimed at automating workflows and improving productivity:

Smart Invoice Processing (SIM)
Automates invoice capture and processing for finance teams.

Sales Incentive Compensation Management (SICM)
Manages and automates sales commission calculations..

GenAI Engine (FLM/OLM/SLM)
A foundation for deploying large, open, and small language models within enterprise environments.

AI Cloud Engine
Infrastructure supporting scalable AI deployment.

Enterprise AI Copilot Platform
An AI assistant layer supporting decision-making across business functions.

These products integrate directly into clients' technology environments, supporting automation across finance, operations, sales, and decision-support functions. As the product portfolio expands, GenXAI expects it to strengthen the company's recurring revenue base and deepen customer value.

Right to Win & Growth Strategy

GenXAI's growth strategy is anchored in its ability to combine deep domain expertise with an expanding technology portfolio and proprietary AI capabilities. The Company aims to strengthen its position by building an AI-first, IP-led business, broadening its end-to-end digital transformation offerings, expanding across high-growth industries and international markets, and strengthening its talent base and strategic technology partnerships. Together, these capabilities are intended to support larger transformation mandates, create new revenue opportunities and reinforce GenXAI's position as a trusted enterprise technology partner.

Deepen Enterprise Relationships and Expand Wallet Share

Long-term customer relationships remain the foundation of our business. Over the years, we have evolved from executing individual technology engagements to becoming a strategic transformation partner for our clients. Our focus is to deepen these relationships by expanding the breadth of services delivered across enterprise planning, analytics, AI, cloud, ERP and digital transformation.

By increasing cross-selling and recurring managed service engagements, we aim to strengthen revenue visibility while improving customer lifetime value.

Build an AI-First, IP-Led Business

AI is reshaping enterprise technology, and we are investing aggressively to stay at the forefront. Alongside expanding our AI consulting capabilities, we are developing proprietary AI-enabled platforms and industry-focused solutions to address complex enterprise challenges. Our growing portfolio across analytics, automation, incentive management, enterprise knowledge management and decision support are expected to complement our services business, increase recurring revenues and strengthen operating leverage over time.

Expand Service Capabilities Across the Digital Transformation Value Chain

Customer requirements are increasingly shifting toward integrated technology partners capable of delivering end-to-end transformation. We continue to expand beyond enterprise performance management into ERP implementation, application development, cloud, IoT, cybersecurity, data engineering and Generative AI consulting. This integrated model enables us to participate in larger transformation mandates and create multiple engagement opportunities across the client lifecycle.

Scale Across High-Growth Industries and Global Markets

Our diversified presence across BFSI, manufacturing, consumer goods, healthcare, technology and the public sector provides resilience and reduces dependence on any single market. We aim to strengthen our presence in high-growth sectors while selectively expanding into international markets with attractive long-term demand. Our approach remains focused on disciplined geographic expansion, supported by strong local execution and long-term client partnerships.

Strengthen Delivery Excellence Through Talent and Innovation

As a knowledge-led organization, our people remain a key competitive advantage. We continue to invest in specialized talent across AI, cloud, enterprise applications and advanced analytics, while fostering continuous learning, leadership development and innovation. Our focus on technical certifications, domain expertise and delivery excellence enables us to execute complex transformation programs while building lasting client trust.

Strengthen Strategic Partnerships and Technology Ecosystem

Our long-standing partnership with leading enterprise technology platforms, particularly Anaplan, has helped us build deep implementation expertise and market credibility. We intend to strengthen these partnerships while expanding our technology ecosystem to address emerging enterprise needs.These collaborations improve our ability to deliver best-in-class solutions, access new opportunities and strengthen our position as a trusted digital transformation partner.

Leadership Driving Sustainable Growth

Our growth has been built on the strength of an experienced leadership team that combines deep industry expertise, technology understanding and execution excellence. Over the years, the management team has successfully guided the Company through evolving technology cycles while consistently expanding its capabilities, client relationships and market presence.

GENXAI™ GENERATIVE XCELLENCE

LEADERSHIP PERSPECTIVE

Managing Director's Message

Building an Enduring Enterprise for the Age of Intelligent Decision-Making
Dear Shareholders,

FY2025-26 marks a defining milestone in the journey of GenXAI. Our successful listing is more than an important capital market achievement it reflects our commitment to a broader community of stakeholders and reinforces our responsibility to build an institution that creates sustainable value over the long term.

When we embarked on this journey, our vision extended beyond implementing enterprise technology. We believed that organisations make better decisions when technology, data and business insight come together seamlessly. That belief has remained at the heart of our strategy and continues to guide every decision we make.

Today, the enterprise technology landscape is undergoing one of the most profound transformations in decades. Artificial Intelligence is rapidly moving from experimentation to enterprise-wide adoption, while organisations are navigating increasingly complex operating environments shaped by fragmented data, evolving customer expectations, dynamic supply chains and the need for faster, more informed decisionmaking.

Yet, amidst this technological transformation, one principle remains constant: technology creates value only when it enables better business outcomes. Enterprises do not benefit from technology for its own sake; they benefit from its ability to simplify complexity, improve productivity and empower better decisions.

This is where we believe GenXAI is uniquely positioned.

Our foundation in Enterprise Performance Management has given us a deep understanding of how organisations plan, allocate resources and drive performance. Over the years, we have deliberately expanded our capabilities across enterprise applications, data engineering, analytics, digital solutions and Generative AI. This evolution has been guided by a clear objective to become a trusted transformation partner capable of solving complex enterprise challenges through integrated technology solutions rather than isolated service offerings.

MR. RAKESH AGARWAL

Today, we help organisations modernise planning processes, unify enterprise data, automate critical work -flows and leverage Artificial Intelligence to improve decision-making across finance, sales and operations. At the same time, we continue to invest in proprietary AI-led platforms and intellectual property that build on our domain expertise and position us for long-term value creation.

Our ambition extends beyond participating in the AI revolution. We aspire to help enterprises navigate one of the most significant shifts in business technology by combining deep domain knowledge with emerging intelligence. As organisations increasingly seek partners capable of bridging business understanding with advanced technologies, we believe GenXAI is well positioned to play a meaningful role in their transformation journeys.

As we continue to scale, we remain guided by principles designed to endure beyond market cycles. We will pursue sustainable growth with financial discipline, invest consistently in strengthening our technology capabilities, deepen our strategic partnerships and continue building differentiated intellectual property. Equally important, we will nurture a culture founded on ownership, integrity, curiosity and continuous learning. In a knowledge-driven business such as ours, technology may evolve rapidly, but it is ultimately our people who determine the quality of innovation and the value we create for our clients.

Our transition into the public markets has brought greater visibility and new opportunities, while reinforcing our accountability to our shareholders. Every investment we make, every capability we strengthen and every client relationship we build is guided by a single objective to create sustainable long-term value through disciplined execution and responsible growth.

Looking ahead, we remain confident in the opportunities before us. Global investments in digital transfor -mation, cloud technologies, enterprise data platforms and Artificial Intelligence continue to accelerate, creating a favourable environment for specialised technology partners. While innovation will continue to reshape our industry, we believe organisations that combine technological excellence with deep business understanding will be best positioned to succeed.

At GenXAI, we are committed to building such an organisation one that continuously evolves with technology while remaining firmly anchored in customer success, operational excellence, responsible governance and long-term value creation.

On behalf of the Board, I extend my sincere gratitude to our clients for their continued trust, our technology partners for their collaboration, our employees for their unwavering commitment, and our shareholders for the confidence they have placed in our vision.

As we begin our journey as a listed company, we do so with ambition, humility and a long-term perspective. The opportunities ahead are significant, and we remain committed to building an institution that not only adapts to change but helps shape the future of enterprise technology while creating enduring value for all our stakeholders.

CEO's Message

Delivering Growth Through Innovation, Execution and Customer Success
Dear Shareholders,

FY2025-26 has been a defining year in GenXAI's growth journey. Alongside our successful listing, we continued to strengthen our capabilities, deepen customer relationships and build a stronger foundation for sustainable long-term growth. While our listing represents an important milestone, we view it not as a destination, but as the beginning of a new phase of responsibility, execution and value creation.

Across industries, enterprises are fundamentally rethinking the way they operate. Artificial Intelligence, cloud technologies and data-driven decision-making have moved beyond emerging trends to become strategic business imperatives. Organisations today are seeking trusted technology partners capable of helping them modernise operations, unlock greater value from enterprise data and improve business agility while delivering measurable outcomes.

This evolving landscape presents significant opportunities for GenXAI.

Our strategy has always been centred on solving business problems rather than deploying technology for its own sake. Whether through Enterprise Performance Management, enterprise applications, analytics, cloud solutions or AI-driven platforms, our objective remains consistent to enable organisations to make faster, smarter and more informed decisions while improving operational efficiency.

During the year, we continued to strengthen relationships with existing customers while expanding our presence across new industries and engagements. Our ability to combine domain expertise, consulting capabilities and technology implementation has enabled us to become a trusted transformation partner for our clients. The confidence placed in us through long-standing relationships and repeat engagements reflects the quality of our delivery model and our unwavering focus on customer success.

Innovation continues to be a key pillar of our growth strategy.

The rapid evolution of Generative AI represents one of the most significant opportunities for enterprise technology in recent decades.

Rather than treating AI as a standalone capability, we are integrating intelligent technologies across our solutions to improve automation, productivity and decision-making. At the same time, we continue to invest in developing proprietary AI-led platforms and intellectual property that leverage our domain expertise and create scalable opportunities for long-term growth.

Equally important is our focus on execution.

As we continue to scale, our priorities remain clear strengthening delivery excellence, enhancing our solution portfolio, expanding strategic technology partnerships and investing in our people. We believe sustainable growth is achieved through disciplined execution, operational excellence and an unwavering commitment to delivering measurable value for our customers.

Our people remain the foundation of our success.

In a rapidly evolving technology environment, continuous learning and capability development are essential. We remain committed to fostering a culture that encourages curiosity, collaboration and innovation while empowering our teams to build expertise across emerging technologies. Their passion, professionalism and customer-centric approach continue to differentiate GenXAI in an increasingly competitive marketplace.

Looking ahead, we remain encouraged by the structural growth drivers shaping our industry. Enterprises are expected to continue investing in digital transformation, cloud modernisation, enterprise planning, analytics and Artificial Intelligence to enhance competitiveness and resilience. As these technologies s, expanding our technology capabilities, investing in innovation and building a scalable organisation capable of delivering sustainable long-term growth.

As we embark on our journey as a listed company, our commitment remains unchanged to create meaningful outcomes for our customers, provide opportunities for our people and deliver sustainable long-term value for our shareholders.

I extend my sincere gratitude to our clients for their continued trust, our technology partners for their collaboration, our employees for their dedication and commitment, and our shareholders for the confidence they have placed in GenXAI. Together, we will continue building an organisation that innovates with purpose, executes with excellence and creates lasting value for all its stakeholders.

CFO's Message

Scaling with Financial Discipline
Dear Shareholders,

FY2025-26 marked a significant step forward in GenXAI's financial journey. On a consolidated basis, Revenue from Operations grew to ₹88.3 crore from ₹28.5 crore in FY2024-25, reflecting the increasing scale of our business. Importantly, this growth translated into stronger earnings, with Profit After Tax from continuing operations increasing to ₹17.3 crore from ₹6.5 crore during the year.

For us, the quality of growth is as important as its pace. During FY2025-26, Profit Before Tax stood at ₹22.1 crore, translating into a PBT margin of approximately 25.0% on Revenue from Operations. Profit attributable to the owners of the Parent stood at ₹13.6 crore, compared with ₹6.6 crore in the previous year. The improvement in profitability alongside the expansion of our operations reinforces our focus on scaling the business without losing sight of financial discipline.

The year also saw a significant expansion of our balance sheet as we invested behind the growing scale of the Group. Total assets increased to ₹80.9 crore as at March 31, 2026 from ₹23.6 crore a year earlier. This expansion was accompanied by higher deployment towards working capital and business capabilities, including investments in intangible assets and assets under development.

As the business scaled rapidly, working-capital intensity also increased. Trade receivables stood at ₹25.8 crore and inventory at ₹9.9 crore as at March 31, 2026. Consequently, operating cash flow was negative during the year. Improving cash conversion as we scale is therefore an important financial priority for us. Our focus is not merely on delivering accounting growth, but on progressively strengthening the conversion of earnings into sustainable cash flows.

Our successful Initial Public Offering after the close of FY2025-26 further strengthens our financial foundation for the next phase of growth. The IPO comprised 47.3 lakh equity shares at ₹116 per share, aggregating to ₹54.7 crore. Beyond being an important milestone in our corporate journey, the enhanced capital base provides us with greater flexibility to invest behind the opportunities we see across enterprise technology and AI-led solutions.

Capital allocation will remain central to our financial strategy. As a technology-led business, we intend to direct capital towards areas that can strengthen our long-term competitive position, specialised talent, proprietary technology and intellectual property, scalable delivery capabilities and strategic growth opportunities. At the same time, every investment will continue to be evaluated through the lens of financial discipline, returns and its ability to create sustainable shareholder value.

As we begin our journey as a listed company, our financial priorities are clear: sustain profitable growth, improve cash conversion, maintain balance-sheet discipline and allocate capital towards opportunities capable of compounding value over the long term.I would like to thank our shareholders for their confidence, our customers and partners for their continued trust, and our employees for their contribution to the progress we made during the year.

Item No 5 and 6. Approval of Employee Stock Option Policy (ESOP) 2026 in Accordance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.

AND

To approve grant of Employee Stock Options to Employees/Directors of the Subsidiary Company (ies) and/ or Associate Company(ies), Group Company(ies) [Present and Future] of the Company under the "GenXAI Analytics Limited Employee Stock Option Policy 2026 ("ESOP 2026")".

Stock Options represent a reward system based on performance. This help companies to attract, retain and motivate the best available talent. Options also provide a company with an opportunity to optimise its personnel costs. This also provides an opportunity to the employees to participate in the growth of the company, besides creating long term wealth in their hands. Further, as the business environment is becoming increasingly competitive, it is important to attract and retain qualified, talented and competent personnel in the company. Your Company believes in rewarding its Employees including Employees of its Subsidiary Company (ies) and/ or Associate Company(ies), Group Company(ies) [present or future] for their continuous hard work, dedication and support, which has led and will lead the Company on the growth path.

The philosophy of Employee Stock Option Plans (ESOPs) within the GenXAI Analytics Limited, as well as in the broader market, has evolved to incorporate performance-based criteria that align management incentives with long-term shareholder value creation. The Company is currently at a stage of growth where attracting, retaining, and incentivizing key talent is critical to achieving its long-term business objectives and enhancing shareholder value.

In view of the above, the Members may kindly note that the Company proposes to introduce an Employee Stock Option Plan for its employees, to be known as the **GenXAI Analytics Limited** Employee Stock Option Policy 2026 ("ESOP 2026"), can serve as an effective non-cash incentive, help reduce attrition, and foster a sense of ownership among employees, particularly those in leadership, strategic, and technical roles.

The Nomination Remuneration Committee and the Board at their respective meetings held on 03rd September, 2026 considered, approved and recommend the same for the shareholders' approval.

The salient features and other details of the "Proposed Scheme" as per Rule 12 of the Companies (Share Capital and Debenture) Rules, 2014, of Chapter IV of Companies Act, 2013, are as under:

Particulars	Description
1. Brief Description of the Scheme	The GenXAI Analytics Limited Employee Stock Option Plan 2026 ("ESOP 2026") is intended to reward, attract, incentivise and retain eligible employees and align their interests with the long-term growth and value creation of the Company. Under the Scheme, eligible employees may be granted stock options which confer a right, but not an obligation, to acquire equity shares of the Company upon vesting and payment of the applicable Exercise Price. The Scheme shall be administered by the Nomination and Remuneration Committee/Compensation Committee in accordance with the terms of the Scheme and Applicable Laws.

Particulars	Description
2. Total number of Stock Options to be granted	The maximum number of Options proposed to be granted under ESOP 2026 shall not exceed 18,00,000 Options, exercisable into not exceeding 18,00,000 Equity Shares of the Company. Each Option shall confer a right to apply for one Equity Share of the Company. The maximum number shall be appropriately adjusted in case of bonus issue, consolidation, subdivision, split or reorganisation of the capital structure, in accordance with the Scheme and Applicable Laws.
3. Identification of classes of Employees entitled to participate in ESOP 2026	The Scheme is applicable to eligible employees of the Company, Subsidiary Company(ies), Associate Company(ies) and other Group Company(ies), whether in India or outside India. Eligible Employees include employees designated by the Company, directors other than independent directors, promoters/promoter group and persons otherwise excluded under the Scheme, subject to Applicable Laws. The Scheme specifically provides that the Eligible Employees shall include employees holding managerial positions and positions above managerial level. The identification and selection of employees for grant of Options shall be at the discretion of the Board/Compensation Committee.
4. Requirements of vesting and period of vesting	The vesting of Options shall be subject to the Grantee's continued employment with the Company and the Grantee not being under notice of resignation or termination on the relevant Vesting Date. The Compensation Committee may prescribe performance criteria and other vesting conditions. The specific vesting criteria and schedule applicable to each grant shall be specified in the respective Grant Letter.
5. Maximum period within which the Options shall be vested	The Options shall vest over a period commencing not earlier than one year and not later than five years from the Date of Grant, as determined by the Compensation Committee.
6. Exercise Price or formula for arriving at Exercise Price	The Exercise Price for any Grant shall be INR 60/- per Option or 70% of the closing market price of the Equity Shares as on the Grant Date, whichever is lower, subject to the condition that the Exercise Price shall not be less than the face value of the Equity Shares. The Exercise Price may be adjusted for corporate actions such as rights issue, merger, stock split, bonus issue or consolidation, in accordance with the Scheme and Applicable Laws.
7. Exercise period and process of Exercise	Vested Options may generally be exercised within three years from the respective Vesting Date, or such other period as may be determined and communicated by the Compensation Committee. Exercise may be permitted in one or more tranches. The Grantee shall submit a duly completed Exercise Application/notice in the prescribed form together with payment of the applicable Exercise Price and such other documents as may be prescribed. Payment may be made through cheque, demand draft, RTGS, NEFT or such other permitted mode.

Particulars	Description
8. Appraisal process for determining eligibility of Employees	The Compensation Committee shall determine the eligibility of Employees based on such criteria as it may decide from time to time, including employee pay-band, loyalty, work performance, work experience, role and functions, Company performance, potential for future contribution, merit, conduct and business performance, together with such other parameters as may be considered appropriate.
9. Lock-in period	The Equity Shares allotted pursuant to exercise of Options shall be subject to a lock-in period of six months, or such other period as may be determined by the Compensation Committee in accordance with the Scheme and Applicable Laws. This contractual lock-in shall be in addition to any lock-in or transfer restrictions applicable under law.
10. Maximum number of Options to be granted per Employee and in aggregate	The aggregate maximum number of Options that may be granted under ESOP 2026 shall be 18,00,000 Options, convertible into a maximum of 18,00,000 Equity Shares. The ESOP Policy does not prescribe a specific maximum number of Options that may be granted to an individual Employee. The number of Options to be granted to each Eligible Employee shall be determined by the Compensation Committee having regard to the applicable eligibility criteria and other relevant factors.
11. Method which the Company shall use to value its Options	The Company shall comply with the requirements of AS and shall use Fair value method and the fair value of Options would be calculated as per the prescribed method under the applicable regulations.
12. Conditions under which Options vested in Employees may lapse	Options may lapse in case of non-fulfilment of applicable vesting conditions, failure to exercise Vested Options within the prescribed Exercise Period, voluntary surrender/declining of Options, or termination of employment for Cause. In case of termination for Cause, both vested and unvested Options lapse immediately. In case of resignation or termination without Cause, vested Options may be exercised within the applicable Exercise Period, while unvested Options lapse. In case of death or Permanent Disability, unvested Options vest immediately in full and may thereafter be exercised within the applicable Exercise Period. In case of retirement, vested Options may be exercised within 12 months and unvested Options vest on a pro-rata basis based on the period of service, with the balance lapsing.
13. Statement regarding compliance with applicable accounting standards	The Company shall comply with the disclosures requirements and the accounting policies specified in the SEBI (SBEB & SE) Regulations 2021.
14. Other Key Components of the Scheme	The Committee has the powers to determine the procedure for buy-back of Options granted under the Scheme, if to be undertaken at any time by the Company, and the applicable terms and conditions, in accordance with the applicable laws.

None of the Directors, Key Managerial Personnel of the Company, or any relatives of such Director, Key Managerial Personnel is in any way concerned or interested, financially or otherwise, in these resolutions except to the extent of Equity Shares held by them in the Company or the Options those may be granted under the said Scheme.

The Board of Directors of the Company recommends the Resolutions to be passed as Special Resolutions as set out at Item No. 5 and 6 for the approval of the Members.

GenXAI Analytics Limited Employee Stock Option Policy 2026 ("ESOP 2026"), and other documents referred to in the aforesaid resolutions are available for inspection at the registered office of the Company.

Item No 7 and 8: To approve the material related party transaction(s) proposed to be entered into by the Company during the financial year 2026-27 with GenXAI INC. And Veear Analytics INC.

Pursuant to Regulation 23(4) of the Listing Regulations, all the material related party transactions and subsequent material modifications requires the prior approval of members by means of a resolution, even if such transactions are in the ordinary course of business of the concerned company and at an arm's length basis. As per Listing Regulations, a transaction with a related party shall be considered as material if the transaction(s) to be entered into, either individually or taken together with previous transactions during a financial year, whether directly and/or through its subsidiary(ies), exceed(s) the threshold prescribed under Schedule XII of SEBI Listing Regulations. It shall be noted that pursuant to the Regulation 2(zc) of the Listing Regulations, the related party transactions entered into by the Subsidiary of the Listed entity where the subsidiary is a party but the listed entity is not a party shall be considered as a related party transaction which requires the approval of the Audit Committee and the Shareholders of the listed entity.

Therefore, material Related Party Transactions require the prior approval of the Members of the Company by way of an Ordinary Resolution. The transactions are to be entered into and/or continued in the ordinary course of business and on an arm's length basis. However, as the aggregate value of the proposed transactions with the Related Parties may exceed the materiality threshold prescribed under Regulation 23 of the SEBI Listing Regulations, hence, approval of the Members is being sought by way of this Resolution.

The Audit Committee, at its meeting held on 27th May 2026, reviewed the proposed Related Party Transactions, the criteria for granting omnibus approval and the maximum limits for each Related Party and recommended the same to the Board of Directors for its approval.

The Board of Directors, at its meeting held on 27th May 2026, after considering the recommendations of the Audit Committee, approved the proposed omnibus framework and recommended the proposed Related Party Transactions, as set out below, for the approval of the Members.

The proposed Related Party Transactions are commercially beneficial and are necessary for the efficient conduct of the Company's business operations and for optimum utilisation of resources. The Board is of the opinion that the proposed transactions will be undertaken on terms comparable to those prevailing for similar transactions with unrelated parties and are in the best interests of the Company.

Further, the listed entity shall provide the Minimum information to the Shareholders for the approval of Material Related Party Transactions. The information as required under the RPT Industry Standards read with the Act and Rules made thereunder and SEBI Listing Regulations are as below:

Management Discussion & Analysis

Macroeconomic Analysis

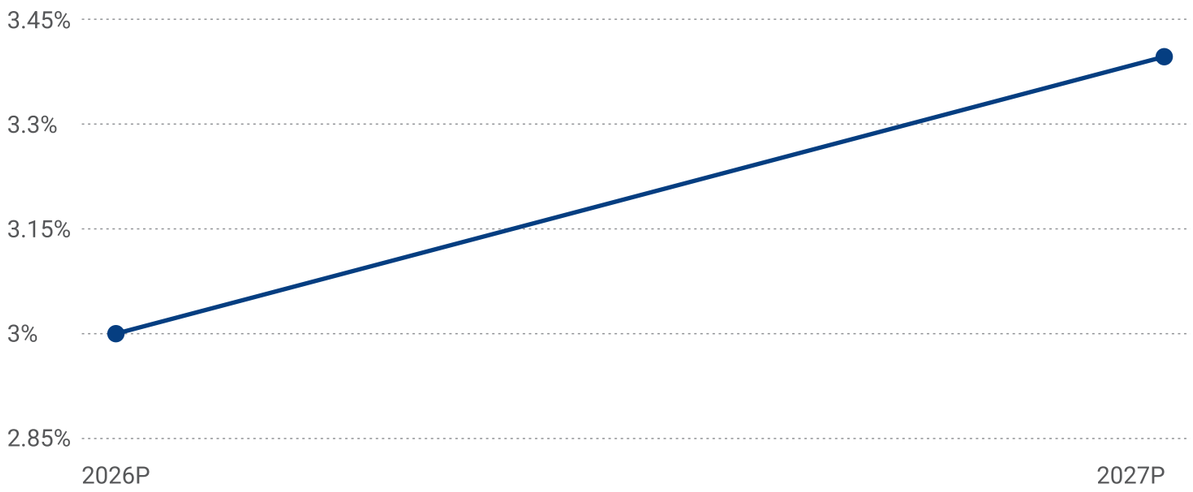

Global Economic Overview

The global economy continues to demonstrate resilience despite an uncertain environment shaped by geopolitical tensions, energy-market volatility and evolving financial conditions. According to the IMF World Economic Outlook Update, July 2026, global economic growth is projected at 3.0% in 2026, followed by an improvement to 3.4% in 2027. The outlook, however, remains uneven, with geopolitical developments weighing on energy-importing economies while technology-led investment continues to support activity across economies integrated into the global technology value chain.

Inflation also remains an important consideration, with the IMF projecting global headline inflation at 4.7% in 2026. Against this backdrop, enterprises continue to prioritise productivity, cost optimisation, operational agility and data -led decision-making, reinforcing the strategic relevance of cloud, analytics, automation and Artificial Intelligence investments.

Indian Economic Overview

India continues to remain one of the fastest-growing major economies, supported by resilient domestic economic activity. According to the IMF's July 2026 update, India's real GDP growth is projected at 6.4% in 2026, with growth expected to strengthen in 2027 as the impact of the prevailing energy shock dissipates. The IMF has indicated that recent economic activity has remained resilient, although higher energy prices present a near-term headwind.

India's structural growth drivers including domestic consumption, digitalisation, an expanding services ecosystem and a large technology talent base continue to provide a supportive environment for the technology sector. Increasing adoption of cloud platforms, enterprise applications, data analytics, automation and AI, alongside the continued evolution of India's Global Capability Centre ecosystem, further strengthens the country's position as an important global technology and business services hub.

Global Industry Overview

The global enterprise technology landscape is undergoing a significant transformation, driven by accelerating digitalisation, cloud adoption, data-led decision-making and the growing integration of Artificial Intelligence (AI) and Machine Learning (ML) into business processes. Enterprises are increasingly modernising legacy technology environments and adopting integrated platforms to improve scalability, operational efficiency and real-time decision -making.

EPM – From Financial Planning to Enterprise Intelligence

Enterprise Performance Management (EPM) is evolving beyond its traditional role in budgeting, consolidation and reporting towards a broader enterprise decision-support framework. Modern EPM platforms increasingly support planning, forecasting, scenario modelling, predictive analytics and performance monitoring, extending their application beyond finance into sales, supply chain, workforce planning and operations.

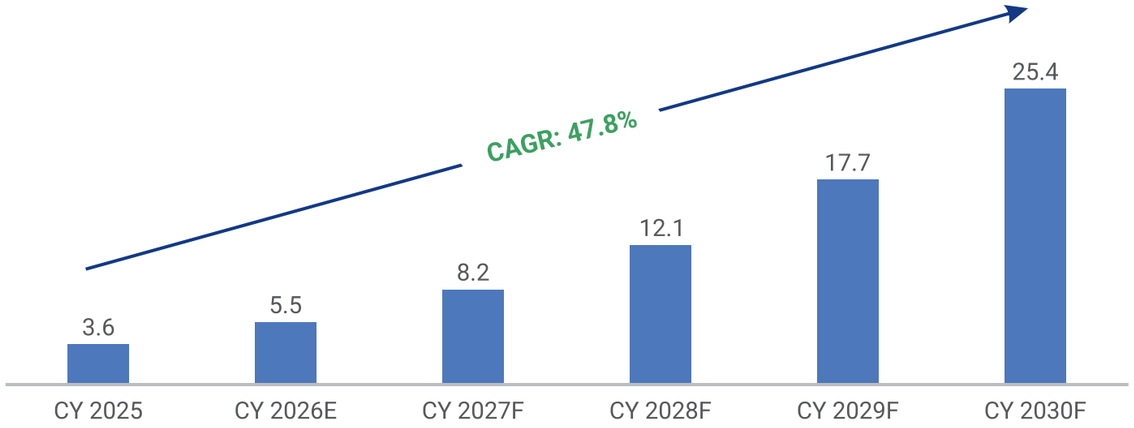

This evolution is being accelerated by the transition towards cloud-based EPM platforms, which provide greater scalability, accessibility and integration with broader enterprise systems. At the same time, AI and ML are enabling more predictive and adaptive capabilities across forecasting, scenario planning, analytics and workflow automation.

Generative and Agentic AI – The Next Phase

The emergence of Generative AI and Agentic AI is further expanding the role of intelligence within enterprise systems. As AI becomes increasingly integrated with enterprise applications and data environments, its application is progressing from individual productivity tools towards intelligent workflows and increasingly sophisticated automated decision processes.

According to D&B Primary Research, the global Enterprise Agentic AI market is estimated at USD 3.6 billion in CY2025 and is projected to reach USD 25.4 billion by CY2030, representing a CAGR of 47.8%.

Indian Industry Overview

India has established itself as a major global technology and business services hub, supported by its large technology talent pool, increasing digital adoption and sustained global demand for technology services. The Indian IT-BPM industry has progressively expanded beyond traditional software development and outsourcing towards higher-value capabilities encompassing consulting, cloud computing, analytics, automation and Artificial Intelligence.

The industry's revenue increased from approximately **USD 167 billion in FY2018 to USD 283 billion in Fy2025**, representing a CAGR of approximately **7.8%**. It is projected to reach approximately **USD 300 billion in Fy2026 and USD 350 billion by FY2030**, supported by continued digital transformation, cloud and AI investments, SaaS adoption and the expansion of Global Capability Centres (GCCs).

Enterprise Technology and AI Adoption

Within India's enterprise technology ecosystem, adoption of cloud-based EPM, enterprise applications, data analytics and AI is increasing as organisations modernise legacy systems and seek greater scalability and operational efficiency. India's EPM ecosystem is supported by global technology platforms alongside Indian system integrators and technology service providers providing implementation, customisation, integration and managed services.

India's expanding GCC ecosystem provides an additional structural growth driver. The number of GCCs increased from approximately 1,430 in FY2019 to more than 1,700 in FY2024, employing nearly 1.9 million professionals. As GCCs increasingly undertake higher-value activities across product engineering, data analytics, cloud technologies and AI, their technology requirements are becoming increasingly sophisticated.

Artificial Intelligence is also becoming increasingly integrated into enterprise modernisation, with applications across process automation, predictive analytics, forecasting and data-driven decision-making. The convergence of AI with ERP, EPM, analytics and enterprise data platforms is expected to further expand enterprise use cases and support the transition towards more intelligent and automated workflows.

Business Performance And Outlook

Company Overview

GenXAI Analytics Limited is an enterprise technology and analytics company with capabilities spanning Enterprise Performance Management (EPM), Enterprise Resource Planning (ERP), Data Engineering and Analytics, Application and Web Development, and Generative AI-led solutions.

The Company's enterprise technology journey expanded meaningfully in 2019 with its partnership for the implementation of the Anaplan connected planning platform, through which it strengthened its presence in Enterprise Performance Management, encompassing planning, budgeting, forecasting and modelling across business functions. Over time, GenXAI expanded beyond EPM into data engineering, application development, automation and digital workflow services. This evolution has been supported through a combination of organic capability development, strategic acquisitions and the establishment of subsidiaries and step-down subsidiaries in India and overseas.

The Company's broader ecosystem brings together specialised capabilities across AI-based automation and analytics, enterprise performance transformation, cloud migration, custom software and application development, digital transformation, IoT and industrial automation, and technology resource support. Its overseas entities also support EPM implementation and technology consulting requirements across international markets.

Alongside its services portfolio, GenXAI has developed proprietary AI-led platforms and enterprise solutions. These include domain-focused Finance, Operations and Sales Language Models, along with solutions such as Smart Invoice Processing. The Company's positioning reflects its focus on bringing together AI capabilities, enterprise expertise, analytics and scalable technology delivery to address evolving enterprise requirements.

Business Performance

FY2025-26 marked a significant expansion in the scale of GenXAI's operations. On a consolidated basis, Revenue from Operations increased to ₹88.3 crore in FY26 from ₹28.5 crore in FY25, reflecting the continued expansion of the Group's business and capabilities. Total Income stood at ₹89.0 crore, compared with ₹28.9 crore in the previous year.

The growth in scale was accompanied by a strong improvement in profitability. Profit Before Tax increased to ₹22.1 crore in FY26 from ₹8.9 crore in FY25, while Profit After Tax from continuing operations increased to ₹17.3 crore from ₹6.5 crore. Profit attributable to the owners of the Parent stood at ₹13.6 crore in FY26, compared with ₹6.6 crore in FY25.

The Group's balance sheet also expanded in line with the growth in operations, with total assets increasing to ₹80.9 crore as at March 31, 2026 from ₹23.6 crore as at March 31, 2025. The increase reflects the investments and working-capital requirements associated with the growing scale of the business.

During the year, the Group continued to strengthen its capabilities across Enterprise Performance Management, Data Engineering & Analytics, Application Development and AI-led enterprise solutions, broadening its ability to address evolving technology requirements across its customer base.

Overall, FY26 represented a year of significant scale-up for GenXAI, characterised by strong revenue growth, improved profitability and continued expansion of the Group's enterprise technology capabilities, providing a stronger operating foundation for its next phase of growth.

Outlook

The outlook for GenXAI remains positive, supported by continued enterprise investments in digital transformation, cloud adoption, data analytics and Artificial Intelligence. As organisations increasingly modernise legacy technology environments and seek greater automation, agility and data-driven decision-making, demand for specialised enterprise technology solutions is expected to remain favourable.

The continued evolution of Enterprise Performance Management (EPM), alongside increasing adoption of cloud -based platforms and AI-enabled planning and forecasting, presents opportunities aligned with GenXAI's established capabilities. At the same time, growing enterprise adoption of Generative AI and Agentic AI is creating new use cases across intelligent automation, analytics and enterprise decision-making.

GenXAI is positioned to address these opportunities through its capabilities across EPM, ERP, Data Engineering & Analytics, Application Development and Generative AI solutions. The Company remains focused on deepening customer relationships, strengthening its technology partnerships and expanding its capabilities across emerging areas of enterprise technology.

A key strategic priority will be the continued development of proprietary AI-led products and intellectual property, enabling the Company to complement its technology services capabilities with scalable and differentiated solutions. GenXAI also intends to continue investing in specialised talent and technology capabilities required to remain relevant in a rapidly evolving enterprise technology environment.

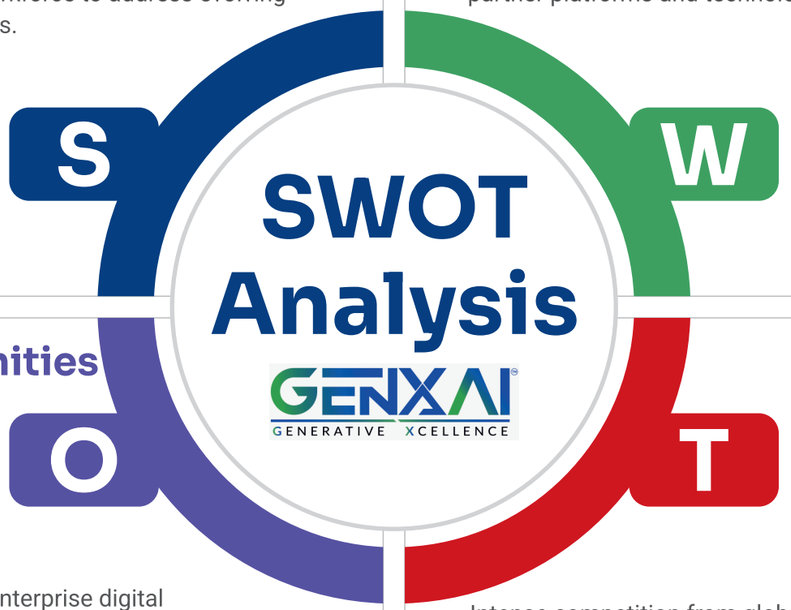

Looking ahead, the Company remains focused on sustainable and profitable growth, supported by disciplined execution, continued innovation and prudent capital allocation. With an expanding technology portfolio and increasing focus on AI-led enterprise solutions, GenXAI aims to strengthen its position as an enterprise technology partner and participate in the next phase of intelligent enterprise transformation.

Strengths

- Integrated enterprise technology portfolio across EPM, ERP, Data Engineering & Analytics, Application Development and Generative AI solutions.
- Strong foundation in EPM with domain expertise and relationships with leading enterprise technology platforms.
- Diversified industry exposure enabling understanding of varied enterprise requirements.
- Expanding AI-led capabilities and specialised technology workforce to address evolving business needs.

Weaknesses

- Relatively smaller scale of operations compared with large domestic and global technology service providers.
- As a knowledge-intensive business, scalability depends on attracting, developing and retaining specialised technology talent.
- Operates within third-party technology ecosystems, making continuous capability development and certifications critical.
- Need to continuously adapt to evolving partner platforms and technology advancements.

Opportunities

- Accelerating enterprise digital transformation across EPM, ERP, cloud, data engineering, analytics, application development and AI-led solutions.
- Increasing adoption of cloud-based EPM and integration of AI into enterprise applications.
- Emergence of Generative and Agentic AI expanding the scope of enterprise technology requirements.
- Growth of India's IT-BPM and GCC ecosystem creating significant market opportunities. Opportunity to deepen existing customer relationships and develop proprietary AI-led solutions for long-term growth.

Threats

- Intense competition from global technology companies, Indian IT service providers and specialised technology firms.
- Rapid technological obsolescence and competition for skilled talent.
- Cybersecurity and data privacy requirements and increasing compliance expectations.
- Changes in third-party technology platforms and ecosystem dependencies.
- Fluctuations in enterprise technology spending and economic uncertainties.

INDEPENDENT AUDITOR'S REPORT

To the Members of GENXAI ANALYTICS LIMITED,
Report on the Audit of Financial Statements Opinion

OPINION

We have audited the Financial Statements of **GENXAI ANALYTICS LIMITED** ('the Company'), which comprise the Balance Sheet as at March 31, 2026, the statement of Profit and Loss and statement of cash flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and profit and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules there-under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

GENXAI™ GENERATIVE XCELLENCE

KEY AUDIT MATTER DESCRIPTION	HOW THE SCOPE OF OUR AUDIT RESPONDED TO THE KEY AUDIT MATTER
1. Capitalisation of development costs	**How the Key Audit matter was addressed**
The Company incurs significant expenditure towards the development and enhancement of software applications and platforms for internal use in its business operations. Determining the appropriate accounting treatment for such expenditure involves judgement, particularly in distinguishing between expenditure that is required to be recognised as an expense and expenditure that qualifies for capitalisation as an intangible asset.There is a risk that expenditure incurred on internally developed software may be inappropriately capitalised or expensed, resulting in an incorrect carrying amount of intangible assets and corresponding impact on the profit for the year. Further, the determination of the useful lives and amortisation of capitalised software involves management judgement.Considering the magnitude of expenditure incurred on internally developed software and the judgement involved in determining its appropriate accounting treatment, we considered this matter to be a Key Audit Matter.	Our audit procedures included, among others, evaluating the Company's accounting policy for internally developed software with reference to the applicable requirements of AS 26 – Intangible Assets. We tested, on a sample basis, the costs capitalised to supporting documents and assessed whether the nature of the expenditure met the applicable criteria for capitalisation. We also evaluated the basis for determining the useful lives and amortisation of the capitalised software and assessed the adequacy of the related disclosures in the financial statements.
2. Unbilled Revenue	**How the Key Audit matter was addressed**
The Company provides various IT and consultancy services, including contractual and consultancy services. Revenue is recognised as services are rendered in accordance with the Company's accounting policies. Unbilled revenue represents services rendered for which invoices have not been raised as at the reporting date.The determination of unbilled revenue involves judgement in assessing the services rendered, the extent of services completed, contractual terms and the amounts recoverable from customers. Given the significance of unbilled revenue and the judgement involved in determining the services rendered and corresponding revenue recognised, we identified the recognition and measurement of unbilled revenue as a Key Audit Matter.	Our audit procedures included, among others, testing the effectiveness of relevant controls over revenue recognition and unbilled revenue. On a sample basis, we examined customer contracts, work orders and other supporting documents and evaluated whether revenue recognised was consistent with the underlying terms of the arrangements. We tested the services rendered and amounts recognised as unbilled revenue and compared such amounts with subsequent invoices raised and collections, where applicable. We also assessed the adequacy of the related disclosures in the financial statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and the Board of Directors.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the year ended March 31, 2026 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

The Financial Statement of the company for the year ended March 31, 2025 were audited by another firm of Chartered Accountant, who issued an unmodified opinion vide their report dated September 02, 2025.
Our opinion is not modified with regard to this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c) The Balance Sheet and the Statement of Profit and Loss and the Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts;

GENXAI™
GENERATIVE XCELLENCE

d). In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f.)With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: we report that section 197 is not applicable to a private company.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at March 31, 2026.

iii. There were no amounts required to be transferred, to the Investor Education and Protection Fund by the Company.

iv. (A) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(B) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(C) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (A) and (B) above contain any material misstatement.

v. The company has not proposed or declared any dividend during the year.

vi. Based on our examination which includes test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording of audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention for the previous financial year.

(d) According to the information and explanations given to us and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) The Company has not raised any loans during the year on the pledge of securities held by its subsidiaries, joint ventures or associate companies and hence reporting on clause 3(ix)(f) of the Order is not applicable.

x. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) During the year, the Company has made a preferential allotment of equity shares. In our opinion, the requirements of Sections 42 and 62 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purposes for which they were raised.

xi. (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) No report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) According to the information and explanations given to us, the Company has not received any whistle blower complaints during the year.

xii. The Company is not a Nidhi Company as per the provisions of the Act. Accordingly, the requirement to report on clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. (a) The Company is not required to appoint an internal auditor under Section 138 of the Companies Act, 2013, as it does not meet the specified thresholds. However, the company has in place management review and monitoring procedures that constitute an internal audit system commensurate with the size and nature of its business

(b) Since the company does not meet the mandatory criteria for internal audit and has not voluntarily appointed a formal Internal Auditor, there were no formal Internal Audit Reports for the period under audit.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause 3 (xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

xvii. The Company has not incurred cash losses in the current year and preceding financial year.

xviii. There has been resignation of the statutory auditor during the year and we have taken into consideration the issues, objections or concerns raised by the outgoing auditors.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

ANNEXURE ‘B’ TO INDEPENDENT AUDITORS’ REPORT

Referred to in paragraph 2(f) of “Report on Other Legal and Regulatory Requirements of the Independent Auditors’ Report of even date to the members of GenXAI Analytics Limited on the financial statements for the year ended March 31, 2026

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT.

We have audited the internal financial controls over financial reporting of GenXAI Analytics Limited as of March 31, 2026 in conjunction with our audit of the financial statements of the company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to the financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS’ RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting with reference to the financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THE FINANCIAL STATEMENTS

A company's internal financial control over financial reporting with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls over financial reporting with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to the financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to the financial statements and such internal financial controls over financial reporting with reference to the financial statements were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Actual results could differ from these estimates, and any differences are recognized in the period in which they materialize.

(2.4) Cash and Cash Equivalents (AS 3)

Cash and cash equivalents include cash at bank, cash in hand, and short-term deposits with an original maturity of twelve months or less, which are subject to insignificant risk of changes in value.

(2.5) Cash Flow Statement (AS 3)

Cash flows are reported using the indirect method, classifying cash flows into operating, investing, and financing activities.

(2.6) Prior Period and Extraordinary Items (AS 5)

Prior Period Items: Income or expenses that arise in the current period as a result of errors or omissions in the preparation of the financial statements of one or more prior periods are separately disclosed in the Statement of Profit and Loss.
Extraordinary Items: Material items that arise from events or transactions that are clearly distinct from the ordinary activities of the company are disclosed separately.

(2.7) Revenue Recognition (AS 9)

Revenue is recognized when it is measurable and it is probable that the economic benefits will flow to the company.
-Consultancy/Project Revenue: Recognized on the proportionate completion method based on milestones achieved as per contract terms.
- Interest Income: Recognized on a time-proportion basis using the applicable interest rate.
-Dividend Income: Recognized when the right to receive is established.
-Other Services: Income from services is recognized as and when the services are rendered, and related costs are incurred.
Any foreseeable losses on contracts are recognized as an expense in the period in which they are identified.

(2.8) Property, Plant and Equipment and Depreciation (AS 10)

(i) Recognition and Measurement:
Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost includes purchase price, duties, taxes, and directly attributable expenses for bringing the asset to its working condition for intended use.

(ii) Subsequent Expenditure:
Subsequent costs are capitalized if they increase the future economic benefits from the existing asset beyond its previously assessed performance. All other repairs and maintenance are expensed as incurred.

(iii) Assets Not Ready for Use:
Capital work-in-progress includes expenditure related to property, plant and equipment not yet ready for their intended use.

(iv) Depreciation:
Depreciation is provided on the Straight Line Method over the useful life of assets prescribed in Schedule II of the Companies Act, 2013, or based on management's estimate of useful life, whichever is lower.

•Tangible assets are Depreciated over their estimated useful lives, such as:

S.No.	Asset Type	Useful Life
1	Data Processing Equipment's - End User Devices	3 years
2	Office Equipment	5 years
3	Car used by Employees	8 years
4	Assets Provided to Employees (except given in 3 above)	5 years
5	Furniture & Fixtures	10 years
6	Mobile Phones	5 years

•Intangible assets are amortized over their estimated useful lives, such as:

S.No.	Asset Type	Amortization Year
1	Intellectual Property Rights	Over the period of economic life and 5 years whichever is shorter
2	Software	Over a period of 5 years or the useful life of the software, whichever is shorter
3	Licensed Software	Over the licensed period
4	Goodwill Acquired	As per Manangement Estimate

(v) Assets costing ₹ 5,000 or less are fully depreciated in the year of purchase.

(vi) Residual Value:
Residual value is generally retained at ₹ 1.

(2.9) Foreign Currency Transactions (AS 11)

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction.
- Monetary items are translated at the exchange rate prevailing at the balance sheet date.
- Non-monetary items are carried at historical cost using the rate on the date of transaction.
- Exchange differences are recognized in the Statement of Profit and Loss.

(2.10) Investments (AS 13)

Long-term Investments: Stated at cost. Provision for diminution is made to recognize a decline, other than temporary, in value.
Current Investments: Carried at lower of cost and fair value, determined either individually or by category of Investment Income from investments is recognized on accrual basis.

(2.11) Employee Benefits (AS 15 Revised)

(a) Short-term Benefits: Wages, salaries, bonuses, and short-term compensated absences are recognized as expenses as the related service is rendered.
(b) Defined Contribution Plans: Contributions to provident fund and other recognized funds are charged to the Statement of Profit and Loss on accrual basis.
(c) Defined Benefit Plans: Liability for gratuity is determined using the projected unit credit method, with actuarial valuations carried out at the year-end. Actuarial gains and losses are recognized in the Statement of Profit and Loss.
(d) Other Long-term Benefits: Liabilities for long-term compensated absences are determined by actuarial valuation.

(2.12) Borrowing Costs (AS 16)

Borrowing costs including ancillary costs that are directly attributable to the acquisition, construction or production of a qualifying asset which necessarily takes substantial period of time to get ready for its intended use or sale, is capitalised as the part of the cost of that asset.
The amount of borrowing costs eligible for capitalisation is determined in accordance with the Accounting Standard-16 "Borrowing Cost" as notified under the Companies (Accounting Standards) Rules, 2006 and Companies (Accounts) Rules, 2014. Any income on the temporary investment of those borrowings is deducted from the cost of borrowing eligible for capitalisation.

Other borrowing costs are recognised as expense in the period in which they are incurred.

(2.13) Related Party Disclosures (AS 18)

Related parties are defined as per AS 18 and include:
-Entities where control exists.
-Key managerial personnel and their relatives.
- Enterprises over which key managerial personnel exercise significant influence

The nature, volume, and elements of related party transactions are disclosed in the notes to accounts, along with outstanding balances at year-end.

(2.14) Taxes on Income (AS 22)

Provision for current taxation and deferred tax liability/ deferred tax assets is done as per applicable law as per Accounting Standard-22 "Accounting for Taxes on Income" as notified under the Companies (Accounting Standards) Rules, 2006 and Companies (Accounts) Rules, 2014. Deferred Tax Assets and Liabilities are recognised for the future tax consequences of timing differences between the book profit and tax profit. Deferred Tax Assets and Liabilities other than carry forward losses and unabsorbed depreciation under tax laws are recognised when it is reasonably certain that there will be future taxable income. Deferred Tax Asset on carry forward losses and unabsorbed depreciation, if any, are recognised when it has virtual certainty of or timing differences the reversal of which will result in, sufficient future taxable income. Deferred tax assets and liabilities are measured using substantively enacted tax rates. The effect on deferred tax assets and liabilities of a change in tax rates is recognised in the Profit & Loss Account in the period of substantive enactment of the change.

(2.15) Intangible Assets (AS 26)

Intangible assets are recognized if it is probable that future economic benefits will flow to the company and the cost can be measured reliably. They are stated at cost less accumulated amortization and impairment losses.

(2.16) Impairment of Assets (AS 28)

Impairment loss is provided, if any, to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

(2.17) Provisions, Contingent Liabilities, and Contingent Assets (AS 29)

A provision is recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised but are disclosed in the notes to the financial statements. A contingent asset is neither recognised nor disclosed.

NOTE '35' : CONTINGENT LIABILITIES AND COMMITMENTS

During the financial year 2021-22, the Company declared an interim dividend. In terms of Section 123(4) of the Companies Act, 2013, the dividend amount should have been transferred to a separate bank account within five days of its declaration. However, the Company did not open a separate account and instead disbursed the interim dividend directly from its existing bank account within the prescribed 30-day period. The non-compliance of not opening a separate account may attract a penalty of up to ₹10,000 under Section 450 of the Companies Act, 2013.

Particulars	As at Mar 31, 2026	As at March 31, 2025
Registrar of Companies *	3.00	-
Corporate Guarantees given to Bank **	200.00	120.00

Explanation on the above Contingencies and Commitments:

* The Company failed to pay dividends through the specific bank account, instead using a personal bank account, violating compliance requirements. The Registrar of Companies (ROC) raised an approx. Rs. 3,00,000 demand for this breach. The Company has filed the adjudication form. This matter highlights penalties for non-compliance under the Companies Act.

** The Company's counter guarantees of Rs. 200 Lakhs (March 31, 2025 : Rs. 120 Lakhs) to the Scheduled Bank against the guarantees for satisfactory fulfillment of the terms and conditions of the contracts by the Company.

Except for the matter disclosed above, the Company does not have any contingent liabilities or commitments which are required to be disclosed under the Companies Act, 2013.

NOTE '36' : SEGMENT REPORTING

The Company is engaged in a single business segment, therefore no disclosures are required under the Accounting Standard "Segment Reporting" (AS-17) notified under the Companies (Accounting Standards) Rules, 2006 and Companies (Accounts) Rules, 2014.

NOTE '37' : IMPAIRMENT LOSS

The Company could not find any indication for execution of impairment test as on the balance sheet date, therefore no impairment loss has been recognized during the year.

INDEPENDENT AUDITOR'S REPORT

To the Members of GENXAI ANALYTICS LIMITED,
Report on the Audit of Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **GENXAI ANALYTICS LIMITED** (hereinafter referred to as "the Holding Company") , its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance sheet as at March 31, 2026, the Consolidated statement of Profit and Loss and statement of cash flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report (hereinafter referred to as 'the consolidated financial statements').

In our opinion and to the best of our information and according to the explanations given to us, and based on the considerations of the reports of the other auditors on separate audited financial statements and on the other financial information of the subsidiaries and jointly controlled entities referred to in the Other Matters section below, the aforesaid consolidated financial statement give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs Group and jointly controlled entities as at March 31, 2026 and their consolidated profit, their consolidated cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditors' Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the "ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined, taking into consideration audit report issued by us on the standalone financial statements of the holding company and audit reports issued by other auditors of the subsidiaries not audited by us, the matters described below to be the key audit matters to be communicated in our report:

KEY AUDIT MATTER DESCRIPTION	HOW THE SCOPE OF OUR AUDIT RESPONDED TO THE KEY AUDIT MATTER
1. Capitalisation of development costs	**How the Key Audit matter was addressed**
The Company incurs significant expenditure towards the development and enhancement of software applications and platforms for internal use in its business operations. Determining the appropriate accounting treatment for such expenditure involves judgement, particularly in distinguishing between expenditure that is required to be recognised as an expense and expenditure that qualifies for capitalisation as an intangible asset.There is a risk that expenditure incurred on internally developed software may be inappropriately capitalised or expensed, resulting in an incorrect carrying amount of intangible assets and corresponding impact on the profit for the year. Further, the determination of the useful lives and amortisation of capitalised software involves management judgement.Considering the magnitude of expenditure incurred on internally developed software and the judgement involved in determining its appropriate accounting treatment, we considered this matter to be a Key Audit Matter.	Our audit procedures included, among others, evaluating the Company's accounting policy for internally developed software with reference to the applicable requirements of AS 26 – Intangible Assets. We tested, on a sample basis, the costs capitalised to supporting documents and assessed whether the nature of the expenditure met the applicable criteria for capitalisation. We also evaluated the basis for determining the useful lives and amortisation of the capitalised software and assessed the adequacy of the related disclosures in the financial statements.
2. Unbilled Revenue	**How the Key Audit matter was addressed**
The Company provides various IT and consultancy services, including contractual and consultancy services. Revenue is recognised as services are rendered in accordance with the Company's accounting policies. Unbilled revenue represents services rendered for which invoices have not been raised as at the reporting date.The determination of unbilled revenue involves judgement in assessing the services rendered, the extent of services completed, contractual terms and the amounts recoverable from customers. Given the significance of unbilled revenue and the judgement involved in determining the services rendered and corresponding revenue recognised, we identified the recognition and measurement of unbilled revenue as a Key Audit Matter.	Our audit procedures included, among others, testing the effectiveness of relevant controls over revenue recognition and unbilled revenue. On a sample basis, we examined customer contracts, work orders and other supporting documents and evaluated whether revenue recognised was consistent with the underlying terms of the arrangements. We tested the services rendered and amounts recognised as unbilled revenue and compared such amounts with subsequent invoices raised and collections, where applicable. We also assessed the adequacy of the related disclosures in the financial statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Management and the Board of Directors are responsible for preparation of the other information. The other information comprises the information included in the Directors' Report including Annexures to the Directors' Report, Corporate Governance Report, Management Discussion and Analysis Report and Business Responsibility and Sustainability Report but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If based on our work we have performed, if we conclude that there is a material misstatement therein, we are required to report that fact to those charged with governance. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's management and the Board of Directors is responsible for preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India specified under section 133 of the Act read with the companies rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or have no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and the Board of Directors.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the year ended March 31, 2026 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

1. We did not audit the financial statements of eight subsidiaries located both inside and outside India, for the year ended March 31, 2026, included in the Statement, whose financial statements / financial information / financial results reflect total assets of 4,230.96 lakhs as at March 31, 2026, total revenue of 6,075.90 lakhs, net profit after tax of 811.40 lakhs, for the year ended March 31, 2026 respectively and net cash inflows of 87.92 lakhs for the year ended March 31, 2026, whose financial statements / financial information have been audited by another independent auditor.

The independent auditors' reports on financial results / information of this entity have been furnished to us and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of this entity, is based solely on the report of such auditor and the procedures performed by us are as stated in paragraph above.

2. The consolidated financial statements for the year ended March 31, 2025, were audited by the previous auditor, one of which is predecessor audit firm and have expressed an unmodified opinion on such consolidated financial statements vide their report dated September 2, 2025.

Our opinion is not modified with regard to this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

a.We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e. On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" which is based on the auditors' reports of the Holding Company and auditors' reports of its subsidiaries.

g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate Financial Statements as also the other financial information of the subsidiaries, as noted in the 'Other matters' paragraph:

GENXAI™
GENERATIVE XCELLENCE

i. The consolidated financial statement does not have any impact of pending litigations on the consolidated financial position of the Group;

We have audited the internal financial controls with reference to consolidated financial statements of **GenXAI Analytics Limited** (hereinafter referred to as "Holding Company") and its subsidiary companies incorporated in India, as at March 31, 2026 in conjunction with our audit of the consolidated financial statements of the Holding Company as at and for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company and its subsidiary companies incorporated in India are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on criteria established by the respective Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies incorporated in India based on audit conducted by us in respect of Holding Company and based on the audit conducted by other auditors in respect of subsidiary companies respectively. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements, both issued by the ICAI.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors in terms of their reports referred to in the Other Matter paragraph below is sufficient and appropriate to provide a basis for our opinion on the internal financial controls with reference to consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and; (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.
Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, the Holding Company, its subsidiaries which are companies incorporated in India, have, in all material respects, adequate internal financial controls with reference to the Consolidated Financial Statements and such internal financial controls with reference to the Consolidated Financial Statements were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Holding Company, its subsidiaries considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

(2.1) Financial Statement of Compliance

The Financial Information of the Company comprise of Statement of Assets and Liabilities for the year ended March 31, 2026 and March 31, 2025 the statement of Profit and Loss and the Statement of Cash Flows for the year ended March 31, 2026 and March 31, 2025 the summary of material accounting policies and explanatory notes (collectively, the Financial Information').

These financial statements of the Company have been prepared in accordance with Generally Accepted Accounting Principles in India ("Indian GAAP"). Indian GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with the Rule 7 of the Companies (Accounts) Rules, 2014.

a) Section 26 of Part I of Chapter III of the Companies Act, 2013 ("the Act");
b) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note");

(2.2) Basis of Preparation and Presentation of Financial Statements

The financial statements have been prepared in accordance with the Accounting Standards prescribed under section 133 of the Companies Act, 2013, read with the Companies (Accounting Standards) Rules, 2021, and the relevant provisions of the Companies Act, 2013.
The statements are prepared under the historical cost convention and on an accrual basis, except where otherwise stated. The presentation complies with the requirements of Schedule III to the Companies Act, 2013. This Financial Information have been prepared on a going concern basis.

(2.3) Use of Estimates (AS 5)

The preparation of financial statements in conformity with Generally Accepted Accounting Principles in India requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues, and expenses and disclosure of contingent liabilities.
Examples include:

- Useful lives and residual values of fixed assets.
- Provision for doubtful debts.
- Employee benefit obligations.
-Stage of completion for service contracts

Actual results could differ from these estimates, and any differences are recognized in the period in which they materialize.

(2.4) Cash and Cash Equivalents (AS 3)

Cash and cash equivalents include cash at bank, cash in hand, and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

(2.5) Cash Flow Statement (AS 3)

Cash flows are reported using the indirect method, classifying cash flows into operating, investing, and financing activities.

(2.6) Prior Period and Extraordinary Items (AS 5)

Prior Period Items: Income or expenses that arise in the current period as a result of errors or omissions in the preparation of the financial statements of one or more prior periods are separately disclosed in the Statement of Profit and Loss.
Extraordinary Items: Material items that arise from events or transactions that are clearly distinct from the ordinary activities of the company are disclosed separately.

(2.7) Revenue Recognition (AS 9)

Revenue is recognized when it is measurable and it is probable that the economic benefits will flow to the company.
-Consultancy/Project Revenue: Recognized on the proportionate completion method based on milestones achieved as per contract terms.
- Interest Income: Recognized on a time-proportion basis using the applicable interest rate.
- Dividend Income: Recognized when the right to receive is established.
-Other Services: Income from services is recognized as and when the services are rendered, and related costs are incurred.
Any foreseeable losses on contracts are recognized as an expense in the period in which they are identified.

(2.8) Property. Plant and Equipment and Depreciation (AS 10)

(i) Recognition and Measurement:
Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost includes purchase price, duties, taxes, and directly attributable expenses for bringing the asset to its working condition for intended use.
(ii) Subsequent Expenditure:
Subsequent costs are capitalized if they increase the future economic benefits from the existing asset beyond its previously assessed performance. All other repairs and maintenance are expensed as incurred.
(iii) Assets Not Ready for Use:
Capital work-in-progress includes expenditure related to property, plant and equipment not yet ready for their intended use.
(iv) Depreciation:
The Group follows different methods of depreciation for its entities. The Holding Company depreciates its assets using the Straight-Line Method (SLM), allocating a consistent amount of depreciation expense annually over the useful lives of assets. In contrast, the Few Subsidiary Company applies the Written Down Value (WDV) method, resulting in a higher depreciation charge in the initial years of an asset's life and decreasing amounts in subsequent years. These methods have been adopted based on the estimated pattern of economic benefits derived from the respective assets, and they are considered appropriate to the specific circumstances of each entity within the Group.

•**Tangible assets are Depreciated over their estimated useful lives, such as:**

S.No.	Asset Type	Useful Life
1	Data Processing Equipment's - End User Devices	3 years
2	Office Equipment	5 years
3	Car used by Employees	8 years
4	Assets Provided to Employees (except given in 3 above)	5 years
5	|Furniture & Fixtures	10 years
6	Mobile Phones	5 years

•**Tangible assets are Depreciated over their estimated useful lives, such as:**

S.No.	Asset Type	Amortization Year
1	Intellectual Property Rights	Over the period of economic life and 5 years whichever is shorter
2	Software	Over a period of 5 years or the useful life of the software, whichever is shorter
3	Licensed Software	Over the licensed period
4	Goodwill Acquired	As per Manangement Estimate

(v) Assets costing ₹ 5,000 or less are fully depreciated in the year of purchase.

(vi) <u>Residual Value:</u>

The residual value of an item of Property, Plant and Equipment represents the estimated amount that the Company would currently obtain from disposal of the asset, after deducting the estimated costs of disposal, if the asset were already of the age and in the condition expected at the end of its useful life. The Company has assessed that the residual value of most items of Property, Plant and Equipment is insignificant at the end of their estimated useful lives. Accordingly, a nominal residual value of ₹1 has been considered for such assets for depreciation purposes. The residual value and useful life of each asset are reviewed at least at each financial year-end and revised prospectively if expectations differ from previous estimates.

(2.9) Foreign Currency Transactions (AS 11)

The Company is exposed to foreign currency transactions including foreign currency revenues and receivables. Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction.

- Monetary items in the form of Loans, Current Assets and Current Liabilities in foreign currencies outstanding at the close of the year are translated at the exchange rate prevailing at the balance sheet date.
- Non-monetary items are carried at historical cost using the rate on the date of transaction.
- Exchange differences are recognized in the Foreign currency translation reserve and disclosed in note for Reserves and Surplus.

(2.10) Investments (AS 13)

<u>Long-term Investments:</u> Stated at cost. Provision for diminution is made to recognize a decline, other than temporary, in value.

Current Investments: Carried at lower of cost and fair value, determined either individually or by category of investment. Income from investments is recognized on accrual basis.

(2.11) Employee Benefits (AS 15 Revised)

(a) Short-term Benefits: Wages, salaries, bonuses, and short-term compensated absences are recognized as expenses as the related service is rendered.
(b) Defined Contribution Plans: Contributions to provident fund and other recognized funds are charged to the Statement of Profit and Loss on accrual basis.
(c) Defined Benefit Plans: Liability for gratuity is determined using the projected unit credit method, with actuarial valuations carried out at the year-end. Actuarial gains and losses are recognized in the Statement of Profit and Loss.
(d) Other Long-term Benefits: Liabilities for long-term compensated absences are determined by actuarial valuation.

(2.12) Borrowing Costs (AS 16)

Borrowing costs directly attributable to the acquisition, construction, or production of qualifying assets are capitalized as part of the cost of that asset. Other borrowing costs are recognized as expense in the period in which they are incurred.

(2.13) Related Party Disclosures (AS 18)

Related parties are defined as per AS 18 and include:
-Entities where control exists.
-Key managerial personnel and their relatives.
-Enterprises over which key managerial personnel exercise significant influence
The nature, volume, and elements of related party transactions are disclosed in the notes to accounts, along with outstanding balances at year-end.

(2.14) Taxes on Income (AS 22)

Current tax of indian entity complies with the provisions of the Income Tax Act, 1961, while its subsidiaries in the United States and Singapore follow the respective tax laws applicable in their jurisdictions. Deferred tax is r ecognized on timing differences between taxable income and accounting income, subject to prudence in recognizing deferred tax assets.

(2.15) Intangible Assets (AS 26)

Intangible assets are recognized if it is probable that future economic benefits will flow to the company and the cost can be measured reliably. They are stated at cost less accumulated amortization and impairment losses (if any).

(2.16) Impairment of Assets (AS 28)

At each balance sheet date, the company reviews the carrying amount of tangible and intangible assets to determine whether there is any indication of impairment. If such indication exists, the recoverable amount is estimated, and impairment loss is recognized when carrying values exceed recoverable amounts.

(2.17) Provisions, Contingent Liabilities, and Contingent Assets (AS 29)

Provisions are recognized when the company has a present obligation as a result of a past event, settlement is probable, and a reliable estimate can be made.
Contingent liabilities are disclosed but not recognized.
Contingent assets are disclosed but not recognized in the accounts.

(2.18) Group Information

GenxAI Analytics Limited ("the Company") is a Public Company incorporated in India under the provisions of the Companies Act, 2013. The Company, together with its subsidiaries (collectively referred to as "the Group"), is primarily engaged in providing diversified consultancy, financial, and information technology-enabled services. The Group's activities include software development, digital transformation, and other related technical, management, and training solutions.

The Consolidated Financial Statements comprise the financial statements of the parent company and its subsidiaries, prepared to present the financial position, performance, and cash flows of the Group as a single economic entity, in accordance with the Accounting Standards prescribed under section 133 of the Companies Act, 2013, read with the Companies (Accounting Standards) Rules, 2021, and the relevant provisions of the Companies Act, 2013

(2.19) Principles of Consolidation

The Consolidated Financial Statements have been prepared on the following basis:
a) The financial statements of the parent company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra- group balances, intra group transactions resulting in unrealized profits or losses in accordance with Accounting Standard (AS) - 21 “Consolidated Financial Statements”

b) The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate financial statements except as otherwise stated.

c) The excess of the cost to the parent of its investments in a subsidiary over the parent's portion of equity at the date on which investment in the subsidiary is made, is recognised as 'Goodwill (on consolidation)".
When the cost to the parent of its investment in a subsidiary is less than the parent's portion of equity of the subsidiary at the date on which investment in the subsidiary is made, the difference is treated as 'Capital Reserve (on consolidation)' in the consolidated financial statements.

d) Minority interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments in the subsidiary companies are made and further movements in their share in the equity, subsequent to the dates of investments.

e) Exchange differences resulting from difference due to transactions of foreign currency assets and liabilities in foreign subsidiaries is disclosed as 'Foreign Currency Translation Reserve.

(2.20) Valuation of Inventories

Inventories are valued at lower of cost or net realisable value on FIFO basis, in accordance with Accounting Standard (AS) - 2 "Valuation of Inventories".

NOTE

1. Date of put to use is the date as certified by the management, as the same cannot be verified by us.

2. Property, Plant and Equipment are stated at cost net of recoverable taxes based on intended outward supplies and furtherance of business, trade discounts and rebate.

3.The cost of Additions & Deductions in the Property, Plant & Equipment; and Intangible Assets made during the year has been taken as given by the Management, in order to calculate Depreciation on the same.

4.The Salvage Value for the Additions in the Property, Plant & Equipment and Intangible Assets have been considered, wherever applicable & on the Balance Amount, Depreciation has been charged accordingly.

5.Depreciation has only been claimed on Assets which are put to use during the Year.

6.No capitalisation of borrowing cost in respect of fixed assets purchased as there was no substantial timing gap between purchase and put to use the asset.

7.The depreciation is charged on o翻ce premises as and when we receive the possession of the property.

8.The consolidated financial statements have been prepared in accordance with Accounting Standard (AS) 21 "Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India.

9.The accounting policies followed by the holding company and its subsidiary have been aligned to ensure consistency in the financial statements. However, there exists a difference in accounting policies regarding depreciation as the holding company provides depreciation on fixed assets using the Straight Line Method (SLM) at rates prescribed by its accounting policy however the subsidiary provides depreciation on fixed assets based on the Written Down Value (WDV) at rates in accordance with its local accounting framework.

Here the subsidiary which follows WDV approach are:
