FTA monitoring panel to review utilisation of 16 pacts in August

TRADE ASSESSMENT. Committee will discuss the impediments faced by industry

Amiti Sen
New Delhi

The Commerce Department's FTA monitoring committee is scheduled to meet in August to undertake a comprehensive review of the implementation of the country's 16 operational trade agreements, including the recently implemented pacts with the UK and Oman, and identify the challenges faced by exporters in using the concessions they offer.

"The government is seeking detailed feedback from industry on the impediments in utilising the different FTAs. Sector-wise inputs are being collected so that the issues can be addressed," a source told *businessline*.

Of the 16 trade pacts implemented so far by the country, 10 were implemented before the BJP government came to power in 2014.

TAKING STOCK. The FTA monitoring committee's review assumes significance as India pursues a strategy of signing comprehensive trade agreements with advanced economies

These include the India-Sri Lanka FTA, the Agreement on Safta, the India Nepal Treaty of Trade, the India-Bhutan Agreement on Trade Commerce and Transit, the India-Thailand FTA - Early Harvest Scheme, the India-Singapore CECA, the India-Asean CECA, the India-Malaysia CECA, the India-South Korea CEPA, and the India-Japan CEPA.

The ones signed by the present government are the India-Mauritius CECPA, the India-UAE CEPA, the India–Oman CEPA, the India-AustraliaECTA, the India–EFTA (Switzerland, Iceland, Liechtenstein, Norway) TEPA and the India–UK CETA.

FTA UTILISATION

A range of factors was flagged by industry that limit FTA utilisation. "The problems include the complex and stringent rules of origin that determine eligibility for preferential tariffs, especially the product specific rules, the cumbersome documentation and certification requirements, limited awareness among exporters, particularly MSMEs, and increasingly demanding technical regulations, sanitary and phytosanitary measures and quality standards in partner countries," an industry source said.

India's overall FTA utilisation has been historically very low. "Only an estimated 20-30 per cent of India's eligible exports take advantage of FTA preferences. Many small firms prefer to avoid the compliance burden for modest tariff savings," according to a 2026 report on FTA challenges byGTRI.

The FTA monitoring committee's review assumes significance as India pursues an ambitious strategy of signing comprehensive trade pacts with advanced economies.

'India-EU free trade pact has work plan built in to address CBAM concerns'

Amiti Sen
New Delhi

A comprehensive work plan built into the India-European Union free trade agreement (FTA) could help address concerns of Indian exporters, particularly small and medium enterprises (SMEs), over complying with the bloc's Carbon Border Adjustment Mechanism (CBAM), asenior Commerce Department official said.

"CBAM compliances are a concern among SMEs in terms of verification, in terms of finding out what is the value of embedded carbon, in terms of ensuring that the verifiers are recognised by the EU authorities. So there is a comprehensive work plan under the annexure on CBAM, and we are working on it. I am very hopeful that SMEs will not face any problem," Commerce Department Additional Secretary Darpan Jain said at the Indo-German Chamber of Commerce industry dialogue 2026 on Thursday. The EU's CBAM, which is being phased in, will require exporters of identified carbon-intensive products, including steel, aluminium and cement, to pay for the embedded carbon emissions in the form of a levy, which would kick in from January 2027.

The pact provides for cooperation on verification of embedded carbon emissions and recognition of verifiers

Indian exporters, especiallythose in the MSME sector, have expressed concern over the compliance burden and the additional costs associated with the mechanism. Jain said CBAM consumed a significant part of the negotiations, with India pushing for provisions that would mitigate the impact of the EU's new carbon levy on domestic exporters.

MULTIPLE PILLARS

The pact contains a dedicated annexure on CBAM with multiple pillars, he said. One of the provisions requires that if the EU grants any future flexibility under the CBAM regime, the same would be extended to India.

The pact also provides for cooperation on compliance-related issues, including verification of embedded carbon emissions, recognition of verifiers by EU authorities and capacity building for exporters, particularly SMEs, that may lack the technical expertise to comply with the new reporting requirements.

Another important element of the annexure relates to India's evolving domestic carbon pricing framework. "And we also have a provision in which we can engage with EU authorities on taking into account the carbon price which is paid in India. As you would know, India also is developing its own carbon pricing mechanism. So, how to offset what is paid in India from what is paid in Europe?" he said.

FTA IMPLEMENTATION

On the implementation of the India-EU FTA, Jain said the Commerce Ministry had begun preparations to ensure that businesses across the country are able to fully utilise the agreement once it comes into force.

The Ministry has planned an extensive outreach programme covering more than 700 districts, working with State governments to educate businesses on the opportunities available under the FTA. It is also developing digital tools to help companies, particularly small businesses, understand the agreement and access its benefits more easily, he said.

Govt empanels 16 third-party testing agencies for Coal Exchange

Rishi Ranjan Kala
New Delhi

The Coal Ministry has empanelled 16 entities as third-partyagencies (TPAs) for the collection, preparation, analysis and documentation of coal and lignite samples that will be traded through the Coal Exchange.

In November last, the Ministry floated a request for qualification (RFQ) inviting online applications from eligible agencies.

Coal Exchange is an online platform, where buyers and sellers of coal and its processed forms, transact, trade and enter into contracts.

"The empanelment process has been completed. In response to the RFQ, 16 agencies have been found technically qualified and are hereby empanelled as TPAs for collection, preparation, analysis and documentation of samples of coal and lignite or its processed form that will be transacted through the exchange," the Ministry said.

TIMELINE

The estimated timeline for operationalisation of the regulated coal exchange is 12 months from the date of receipt of an application, for its registration, on the dedicated online application platform opened on July 15.

The empanelled TPAs will perform the assigned activities in accordance with the rules, regulations, guidelines and directions issued by the Coal Controller Organisation (CCO), in its capacity as the regulator of the Coal Exchange.

These norms will also be in accordance with the contract executed between the concerned market participants and the TPA under the framework of the Coal Exchange in accordance with the Coal Exchange Rules, 2026, it added.

◉ CRUCIAL ROLE
TPAs will collect, test and certify coal samples as the Centre prepares to operationalise the regulated Coal Exchange within 12 months

The TPAs will collect coal samples at the designated sampling points and then prepare laboratory samples from the collected raw samples. These will then be tested and analysed in NABL-accredited laboratories. The agency will prepare test reports and all associated documentation relating to the sampling and testing process.

"Any other activity as may be provided in the contract executed between the concerned market participant (s) and the TPA in the Coal Exchange, in accordance with the guidelines issued by the Coal Controller Organisation (CCO) from time to time," the Ministry said, detailing the responsibilities of the empanelled TPAs.

CCONORMS

The TPAs will perform the assigned activities in accordance with the rules, regulations, guidelines and directions issued by the CCO, in its capacity as the regulator for the Coal Exchange, from time to time.

"The empanelment shall further be subject to the condition that the empanelled TPAs shall establish and maintain laboratories equipped with a Laboratory Information Management System (LIMS), a tracking system for providing real-time status updates of samples, and mechanized sampling systems, wherever required by the user agency. They shall upload coal sample results on the designated web portal, in accordance with the terms and conditions of the contract executed under the Coal Exchange and with the approval of the Coal Controller," it said.

The period of empanelment shall be five years from the date of operationalisation of the first Coal Exchange in India under the Coal Exchange Rules, 2026.

'Petrol would have cost ₹125/litre during March-April without ethanol blending'

Rishi Ranjan Kala
New Delhi

Emphasising that ethanol blending helped save almost 32 million tonnes of crude oil, Road & Highways Minister Nitin Gadkari told Parliament on Thursday that petrol would have cost ₹125 per litre during the peak of the West Asia conflict had ethanol blending not been carried out.

The government has been reiterating that the objective behind the ethanol-blended petrol (EBP) programme is to reduce India's almost 88 per cent import dependence on crude oil.

Responding to a starred question in the Lok Sabha, Gadkari said: "During the recent West Asian crisis, despite sharp increases in global crude prices, India was able to shield consumers through calibrated government interventions, diversified sourcing and the increasing contribution of domestically produced biofuels."

Nitin Gadkari, Minister for Road Transport & Highways

Since February 2026, even though global crude prices rose by around 70–80 per cent, domestic fuel prices increased only by about 7–8 per cent, he emphasised.

"During the peak of West Asia crisis, the market price of petrol could have been around ₹125 per litre, however Indian consumers continued to pay only ₹94.77 per litre (ex-Delhi) also because OMCs could procure ethanol at around ₹70 per litre," he noted.

By replacing a part of imported petrol with domestically produced ethanol, India reduced its exposure to international crude oil price volatility and exchange-rate fluctuations, he pointed out.

"This demonstrates that ethanol blending is a strategic investment in energy security, price stability, farmer welfare and foreign exchange savings, rather than a revenue-generating exercise for the oil marketing companies," Gadkari stressed.

E20 PETROL PRICE

The retail selling price of E20 petrol is market-determined, and public sector OMCs determine petrol prices after considering international crude oil prices, exchange rates, freight, taxes, ethanol procurement costs and other operational expenses.

For instance, he said during February-March 2026, the retail selling price of petrol remained below the market determined level, resulting in an under-recovery of around ₹21,300 crore for public sector OMCs on account of petrol.

"The EBP has resulted in forex savings of ₹1.98 lakh crore, substitution of nearly 317 lakh tonnes of crude oil, reduction of around 952 lakh tonnes of CO_2 emissions and additional income of over ₹1.66 lakh crore for farmers," Gadkari noted.

Meanwhile, Minister of State for Petroleum & Natural Gas Suresh Gopi emphasised that the government's assessment is based not only on laboratory research but also on large-scale experience after nationwide implementation. Roughly 8 crore vehicles visit fuel retail outlets every day (of this around 80 per cent are petrol vehicles).

NOTICE OF THE 28TH ANNUAL GENERAL MEETING, E-VOTING INFORMATION AND BOOK CLOSURE

Notice is hereby given that:

1. The 28th Annual General Meeting (28th AGM) of the members of the Company will be held on Wednesday, August 26, 2026 at 3.30 P.M. IST, through Video Conferencing ("VC") / Other Audio Visual Means ("OAVM") to transact the business contained in the notice dated July 28, 2026, in compliance with Circular No. 03/2025 dated September 22, 2025 issued by Ministry of Corporate Affairs (MCA) (referred to as "MCA Circular") and the applicable provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

2. As permitted under Rule 11 of the Companies (Accounts) Rules, 2014, the electronic copies of the Notice convening 28th AGM together with the Annual Report for the financial year 2025-26 has been sent to all the members of the Company on July 30, 2026, whose email IDs are registered with the Company / Depository Participant(s). The Notice of the 28th AGM and the Annual Report are also available on the Company's website https://investors.expleo.com/financial/ on the website of the Stock Exchanges, viz., BSE Limited (www.bseindia.com) and National Stock Exchange of India Limited (www.nseindia.com) and on the website of Central Depository Services (India) Limited ("CDSL") (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com. Please note that no hard copies of the AGM documents would be sent or provided. Detailed instructions to Members for registration of their email addresses, manner of participating in the 28th AGM through VC / OAVM including manner of e-voting is set out in the Notice of the AGM. The documents referred to in the Notice of the AGM are available electronically for inspection without any fee by the members from the date of circulation of this Notice and up to the date of AGM. Members seeking to inspect such documents can send an email to investor.expleosol@expleogroup.com.

3. Members holding shares in dematerialized form as on the cut-off date (August 19, 2026) may cast their votes on all resolutions set forth in the Notice of the AGM using an electronic voting system / remote e-voting'. The Company has engaged the services of CDSL as the Agency to provide e-voting facility. The details of instructions for e-voting are given in 28th AGM notice sent through prescribed mode.

The Members are informed that:-

(a) the business as set out in the Notice of AGM, may be transacted through remote e-voting or e-voting system at the AGM;
(b) the remote e-voting shall commence on Saturday, August 22, 2026 (9.00 a.m. IST) and ends on Tuesday, August 25, 2026 (5.00 p.m. IST);
(c) the remote e-voting shall not be allowed beyond 5.00 p.m. on August 25, 2026;
(d) A person whose name appears in the register of Members/Beneficial Owners as on the cut-off date i.e. August 19, 2026, only shall be entitled to avail the facility of remote e-voting as well as e-voting system at the 28th AGM;
(e) Any person who becomes member of the Company after dispatch of the Notice of meeting and holding shares as on the cut-off date i.e. August 19, 2026, may obtain the User ID and password by sending a request at helpdesk.evoting@cdslindia.com;
(f) The remote e-voting module will be disabled after the date and time aforementioned. Once the vote on a resolution is cast by the member, he shall not be allowed to change it subsequently; and
(g) In case of any queries, you may refer Help & FAQ section of https://www.evotingindia.com/ (CDSL Website) or write an e-mail to helpdesk.evoting@cdslindia.com. In case of any grievances connected with facility for voting by electronic means, please contact Mr. Rakesh Dalvi, Senior Manager, (CDSL), Central Depository Services (India) Limited, A Wing, 25th Floor, Marathon Futurex, Mafatlal Mill Compound, N M Joshi Marg, Lower Parel (E), Mumbai 400 012, Toll Free No. 1800 225533, E-mail: helpdesk.evoting@cdslindia.com.

4. Members holding shares in demat form can update their email address with respective depository participant(s).

5. Mr. V. Suresh, Practicing Company Secretary, Chennai, has been appointed as Scrutiniser for Remote E-voting process and e-voting at the meeting.

6. The facility for e-voting shall also be made available during the 28th AGM and Members who have not already cast their vote by remote e-voting shall be able to vote through e-voting system at the 28th AGM. The Members who have cast their vote by remote e-voting prior to the AGM may also attend the 28th AGM but shall not be entitled to cast their vote again.

7. Pursuant to SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and Section 91 of the Companies Act, 2013, and the applicable Rules thereunder, as amended, the Register of Members and Share Transfer Books for equity shares of the Company will remain closed from Wednesday, August 19, 2026, to Wednesday, August 26, 2026, (both days inclusive), for taking record of the Members of the Company for the purpose of 28th AGM for the financial year ended March 31, 2026.

8. Corporate members intending to attend the meeting through their Authorized Representatives are requested to send a duly certified copy of the Board Resolution / Power of Attorney to the Company through e-mail to investor.expleosol@expleogroup.com authorizing their representatives to attend and vote at the meeting.
