**Sub: Disclosure under Regulation 30 of SEBI (LODR) Regulations, 2015 – Launch of AI-Driven WhatsApp Chatbot for Automated Vehicle Placement**

Dear Sir/Madam,

Pursuant to Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform the Exchange that **Globe International Carriers Limited** has initiated the First phase of its proprietary AI-Driven Smart Procurement & Vehicle Placement Interface.

1. Nature of the Initiative:

The Company, operating a PAN-India logistics network focused on Full Truck Load (FTL) aggregation, is transitioning its vehicle procurement process from a manual, call-based model to an automated AI-enabled chatbot ecosystem.

This solution integrates with the Company's transporter database through a WhatsApp-based API, enabling simultaneous communication with multiple verified transporters per load requirement, thereby improving response time and availability.

2. The Company's AI-driven approach aims to:

Reduce dependency on manual calling cycles  
Improve transporter response  
Enable faster and data-driven vehicle allocation

3. Expected Operational & Financial Impact: The Company is observing moderate but measurable improvements, as outlined below:

- a) Operational Efficiency: Initial pilot results indicate 10 to 15% improvement in vehicle placement time, particularly for repeat routes and existing transporter networks.

**GLOBE INTERNATIONAL CARRIERS LTD.**

**Formerly known as Globe International Carriers Pvt. Ltd.**

**Regd. Office:** 301-306, Prakash Deep Complex, Near  
Mayank Trade Centre, Station Road, Jaipur- 302006

CIN: L60232RJ2010PLC031380

- b) Cost Optimization: Early trends suggest a 2-3 % improvement in freight rate optimization, due to competitive real-time quotation comparisons.
- c) Revenue Impact: Based on current pilot performance, the Company anticipates a 10 to 15% improvement in monthly revenue in upcoming time, subject to successful scaling across key routes and hubs.

The above estimates are based on initial observations and may vary upon full-scale implementation. The Company plans to gradually expand this system across its PAN-India operations.

The initiative aligns with the Company's long-term strategy of adopting a technology-driven logistics platform to enhance operational efficiency, improve margins, and create sustainable shareholder value.

This is for your information and records.

Yours Faithfully,

**Thanking You**

**For Globe International Carriers Limited**

**Annu Khandelwal**  
**Company Secretary**
